cently been effected by this medicine in the town of Chatham, in this County, and which was related to us by Dr. Herrick, an eminent physician of that town, to whom we have permission to refer. A young lady, who had long labored under an affection of the lungs, and who had been under the care of several physicians without experiencing any relief, was considered by her friends as beyond the reach of medicine, and she was informed by her medical attendant that she must die. All her own premonitions, also, pointed to the grave. Fortunately, she was induced to send to the Kinderhook Bookstore for a bottle of Wistar's Balsam of Wild Cherry, as a last resort in her critical situation.—Before its contents were exhausted, the young lady experienced great relief, and two more bottles were successively procured and administered. She is now happy in restoration of health, and blesses the day when she first resorted to the use of this healing Balsam.

SELLERS LIVER PILLS have done her more good than any medicine she ever used.

Preble's Mills, Wood Co., Va. Oct. 5, '46

Mr. R E Sellers. I am so much gratified with the good effects following the use of your Liver Pills in the case of my wife that I think the afflicted would be induced to make more general use of them if their value was more generally known. Mrs. Roach has been complaining for the last two years; she has taken a great deal of medicine, recommended at different times by physicians and others, but derived but little benefit from them.—Last Spring I bought some of your Liver Pil's and prevailed on her to make use of them, and I am bold to say that they have done her more good than any medicine she has ever taken. This triumph of your Liver Pills has rendered them very popular in this section of the country, and they are in greater demand than any other kind of pill.

J. C. ROACH.

As a purgative and antibillious Pill they are far superior to the common pills of the day, and should be used in their place.
