THREE CHEERS FOR NEW YORK!—HUZZA FOR NEW JERSEY!!

By the steamer Cambridge of last evening, we have the glorious news contained in the articles below, extracted from the Balt. Sun, giving us assurance that N, Y. State, the Empire State, is "redeemed, regenerated and disenthralled" from the sway of Loco Focoism. The Whig Governor, Young, is elected by at least *ten thousand* majority. In the last Congress there were 21 Locos, 9 Whigs, and 4 Natives—already the Whigs have elected *twenty-one* members—the Locos seven, and six districts to be heard from. Of these, two are conceded to the Locos, two doubtful, and two are conceded to the Whigs—making twenty-three Whigs certain, nine Loco Foco members certain, and two doubtful.—Is not this glory enough for one day!—worse than General Taylor on the Mexicans.

In the Legislature, as far as heard from, *fifty-seven* Whig delegates are elected—*thirty-nine* Locos, and two Anti-Renters. In the Senate the Whigs elect five members, the Locos two, and one district to hear from.

New Jersey gives four Whig Congressmen out of five, and an increased majority in both branches of the Legislature. So we go!

BY MAGNETIC TELEGRAPH.
Correspondence of the Balt. Sun.

Philadelphia, Nov. 5, 8 P. M.

The weather to-day has been cool and cloudy throughout, with strong signs of an additional supply of rain.

There is nothing of local intelligence stirring, except of a political character.—Whig stock is rising rapidly, and some of the knowing ones are beginning to calculate on who will be the next President.—The returns from New York and New Jersey render it certain that the Democrats have been almost as thoroughly routed by the Whigs, as the Mexicans were by General Taylor at Monterey. They, however, console themselves with the belief that 1848 will bring all straight with them again.

We have no tidings of the Hibernia yet, further than that the Boston telegraph wires were cut, which is generally considered a premonitory warning that the news is near at hand. She has now been out seventeen days, which is a long time for a Boston steamer.

The stock market continues firm, and there is no change to note in the price of City or State Stocks.

Flour continues firm at last quotations.

10 O'CLOCK, P. M.

New York Election.—Returns have now been received from 46 counties, which show a gain for Young, the whig candidate for Governor, of near 20,000 votes, as compared with the last Governor's election. The remainder of the counties to hear from gave Fillmore, (Whig) in 1844, about 1,000 majority, so that Young's majority will be from 10,000 to 12,000

The steamer had not arrived at Boston this morning when the mail left. F.

NEW JERSEY ELECTION.

The election in New Jersey took place on Tuesday. The results, as far as heard from, are highly favorable to the whigs. It is nearly certain that they have elected four of the five members of Congress, viz

1st District—James G Hampton.
2d " William A Newell.
4th " John Vandyke.
5th " Dudley S. Gregory.

In the third district, it is probable that Wm. Edsall, democrat has been elected.

The following is a table of majorities compared with the vote cast two years since for Governor:
