SLANDER.—The following from one of our exchanges utters a plain truth in a plain way; and is of no limited application:

"It is a poor soul that cannot bear slander. No decent man can get along without it—at least none who are engaged in the business pursuits of life. Have you had a bad fellow in your employment and discharged him—he goes round and slanders you; let your conduct be such as to excite the envy of another, he goes round and slanders you. In fine, we would not give a cent for a person who is not slandered—he is either a milksop or a fool—No, no, earn a bad name by a bad fellow, (and you can easily do so by correct conduct,) it is the only way to prove you are entitled to a good one."

☞Take care of your meat houses!—On Tuesday night the smoke house of a respectable Citizen, of this town was broken open and robbed of its contents. Similar attempt have been made we understand in other quarters.

WHIG MEETING AT EASTON.

Pursuant to a call of the Whig Central Committee of the County, a large and highly respectable meeting of the Whigs of Talbot assembled at the Court House in Easton, on Tuesday last.

On motion, Joseph Bruff, Esq., was called to the chair, and John McD. Goldsborough appointed Secretary.

On motion Dr. S. M. Jenkins, it was resolved, that the Central Committee of the past year be continued, with the substitution of Charles H. Bowdle for W. A. D. Bayne, removed from the Trappe District.

On motion Gen. T. Tilghman, the following resolutions, offered by Col. Saml Hambleton, Jr., were unanimously adopted.

Resolved, That the Whigs of Talbot County clearly discern and perceive, in the fruits of the past three years of Whig supremacy in our State administration, the realization of their most sanguine anticipations and of their most cherished hopes.

Resolved, That at the commencement of the present Whig administration we found our State exchequer empty, our people weighed down by an accumulation of State debt, the interest on which for years had not been paid up; no means for the payment of which had been provided in the past, or suggested for the future—and a people honest at heart and ever steadily attached to the faith and honor of their State sinking insensibly into the vortex of repudiation and dishonor for want of energy, ability and rectitude in their State Councils.

Resolved, That under the present Whig administration the old and accustomed sources of revenue have been increased and improved—new ones opened up, devised and carried out; the collection of State revenue peaceably and efficiently secured, because our people had hope of ultimate extrication from debt and disgrace to cheer them in the payment of their taxes, instead of the former gloom and despair imparted from the inefficiency of their rulers, to obstruct and embarrass that collection.

Resolved, That in the system of taxation devised by the present Whig State administration great relief has been afforded to the agricultural interest of our community, one of the most important interests among us, whose prosperity is inseperably interwoven with the general welfare—and which had heretofore borne the largest share of taxation upon their lands and negro property.

Resolved, That we hail these new measures of taxation upon sources of wealth and property hitherto unreached, as just and proper, and as a salutary and seasonable relief to this patriotic class of our fellow men.

Resolved, That in the fruits of the present Whig State administration we have the strongest incentives to untiring exertions for the perpetuation and continuance of its sound legislation by the election of a fit and worthy Whig successor to the present able and enlightened Executive of the State; and that the undivided energies of the Whigs of Talbot are hereby pledged for the election of the nominee of the approaching Whig Gubernatorial Convention, of the 16th of June.

The meeting was then addressed by Col. Hambleton.

On motion, it was Resolved, That when this meeting adjourn it stand adjourned to Tuesday, 10th August, at 1-2 past 2 o'clock P. M., for the purpose of then bringing out three Whig Candadates for the General Assembly for Talbot County and a County Commissioner for the Chapel district.

On motion, Resolved, That the proceedings of this meeting be published in the Easton Gazette.

PROCEEDINGS OF TRAPPE DISTRICT MEETING.

In compliance with public notice, requesting the Whigs of Talbot County to assemble together in their respective districts, a large number met in the school room at Trappe, on Saturday, the 29th May inst. The meeting was organized by calling Col. N. Goldsborough to the chair and appointing Charles R. Mullikin, Secretary.

The Secretary read from the "Easton Gazette" the notice which made known the object of the meeting.

On motion of Mr. Craig, it was determined that a delegation be elected by ballot. An amendment was offered by Capt. Burchenal and accepted by Mr. Craig, that ten gentlemen be nominated—five the friends of Gen. T. Tilghman and five the friends of T. R. Loockerman, Esq. Accordingly the following gentlemen were nominated:

Messrs. Wm. Ozman, Wm. R. Hughlett, Josiah Chaplain, Saml. Chamberlaine, and Mathew T. Goldsborough, the friends of Mr. Loockerman.

Messrs. Charles H. Bowdle, Charles P. Craig, Barnett Parrott, Ed. M. Hardcastle, and James G. Thomas, the friends of Gen. Tilghman.

The meeting then proceeded to elect—seventy-seven ballots were cast, of which the friends of Gen. Tilghman received fifty and the friends of Mr. Loockerman twenty-seven, showing the election of

Messrs. Bowdle, Craig, Parrott, Hardcastle and Thomas, by a majority of twenty three.

Capt. Burchenal moved that a certificate be given by the Chairman and the Secretary, to the committee, certifying that they were duly elected delegates to the Convention to be held in Easton. An amendment to that motion was offered by Dr. Hardcastle, that said certificate should also state that said committee was elected by a majority of twenty-three as the friends of Gen. Tilghman. The motion, as amended, was adopted.

Dr. Hardcastle then offered the following resolutions—

Resolved, 1st, That the Whigs of Trappe District are in favor of the right of each district naming its own representation.

2d. That the five committee-men, elected by this meeting, be instructed to name the delegate to represent the Whigs of Trappe District in the Gubernatorial Convention, to assemble in Cambridge, on the 16th June.

3d. That the committee-man selected, be instructed to present the name of Gen. Tench Tilghman to the convention, as a gentleman eminently qualified to fill the Gubernatorial chair.

All of which, after considerable debate, were adopted.

It was then resolved that the proceedings of this meeting be published in the "Easton Gazette."

No further business appearing, the meeting adjourned *sine die*.

COUNTY CONVENTION.

EASTON, JUNE 1st, 1847.

Agreeably to notice the committees from the several election districts of Talbot county assembled at the Court-house, for the purpose of selecting four delegates to the Gubnatorial Convention, to be held at Cambridge, on the 15th inst. T. C. Nicols, was called to the chair and T. Hopkins jr. appointed Secretary.

Delegates present, District No. 1.—Wm. Goldsborough, Howes Goldborough, jr., T. C. Nicols, J. H. Harris, Wm. P. Leaverton.

District No. 2.—Jos. Bruff, Wm. C. Skinner, John Harrington, John Harper, Alex. H. Seth.

District No. 3.—Chas. H. Bowdle, Chas. P. Craig, Barnet Parrott, Edward M Hardcastle, Jas. G. Thomas.

District No. 4.—George Dudley, Thos. Hopkins Jr., Jas. Fitzjarrell, George W. Scott, John Baggs.

Upon motion, the following gentlemen were unanimously elected to the Gubernatorial Convention, viz.

Howes Goldsborough jr., Wm. C. Skinner, Chas. P. Craig, Doct. S. T. Russum, the following resolution was then adopted:

Resolved, by this Convention; believing that we express the views of a large majority of the Whigs of Talbot Co. that Theodore R. Lockerman ought to be the nommee of the Whig Gubnatorial Convention to be held at Cambridge on the 16th.

THOS. C. NICOLS, Chairman.
T. HOPKINS Jr. Sec'ry.

For the Easton Gazette.

Mr. Editor:—Through some inadvertence the Secretary of the Whig meeting lately held in Denton, has wrongly reported the proceedings relative to the subject of instructions.

I made no proposition to instruct the delegates in favor of any individual; neither as I conceive, would it have been respectful to my colleagues for me to have done so; as I had been already chosen one of the number. I simply inquired of the convention, whether they intended to instruct; my object being to ascertain whether there was such great unanimity in their choice for Governor as had been represented to me.

No instructions however were given. And the only "eballition of feeling" that I perceived was a remark made by some gentleman that the meeting would prefer Mr. Loockerman, but had entire confidence in the judgment of their delegates.

Respectfully yours,
JOHN NICOLS.

THE CROPS.—The New York Journal of Commerce says—

A gentleman who has just returned from a tour through the States of New York, Ohio, Indiana and Illinois, informs us that in the Northern part of the two last mentioned States (particularly Illinois,) the fall-sown wheat is a good deal winter-killed; but that with this exception, the crop looks well throughout the whole region. He is of opinion that the crop of Ohio and New York bids fair to be as large as last year. Another gentleman just arrived from Illinois, tells us that not only in the Northern, but in the Southern part of the State, and in fact throughout the State, the wheat is very much winter-killed, and that in numerous cases the fields have been re-sown, the grain being simply harrowed in, so as not to destroy the surviving part of the winter-sown. Our informant is of opinion that Illinois will not raise more wheat this year than will be required for the consumption of her inhabitants. He however says there will be oceans of Indian corn, and that if the price of wheat should be high, a portion of it will be sent off, and its place supplied at home by the coarser article. In the Southern part of Wisconsin and Iowa he says the wheat crop has suffered in the same way as in Illinois; but perhaps not to such a degree. In Michigan he understands there is a prospect of an excellent crop. There has been no lack of rain in any of the Western States. In Western New York, rain was much needed.

The Crops.—The Westminster, Md., Carrolltonian says—

"We have had no rain in this county of any account for several weeks, and as a necessary consequence much of the wheat looks bad. In the limestone land more than half a crop is expected, whilst in the red land it cannot exceed one-third of a crop."

The Norfolk Herald of Thursday says that much of the growing Wheat in the vicinity of that place is stunted by the drought, and prematurely heading. The Corn crops have suffered from frosts.

EUROPEAN MAIL ARRANGEMENT.—Mr. Hobbie of the Post Office Department goes out to Bremen in the Washington this week to perfect a post office arrangement with England and continental States of France the Hanse towns, Belgium, Hanover, and the States of the Zollverrin, by which letters may henceforth be sent from any town or place in the interior of the U. States, and *vice versa*, either by pre-paying the whole postage from the place of departure in Europe, to that of its destiny in America or leaving the whole to be paid by the receiver of the missive.

GUERILLAS.—The war correspondent of the Baltimore Sun, says "It has been determined, it is said, by the government, to meet the Mexicans, at their new game of guerilla warfare. Steps have already been taken to be prepared in advance, for the emergency which Mexico threatens.—Major Hays' new battalion of Rangers will be sent to Mexico on the *guerilla service*. A new regiment of the same sort of men, commanded by partizan officers, whose very name is a terror to Mexican guerrillas is also to be immediately raised for the same purpose."

ILLNESS OF MR. WEBSTER.—We learn from the Augusta, (Geo.) Chronicle, that Mr. Webster, on Friday last, was still detained in that city by rather a severe attack of remittant fever. He had scarcely been able to leave his bed for two days. His physicians have advised him to return to the North, and he authorises the Chronicle to say that as soon as recovered he hopes then to get to Savannah by the way of Waynesboro' and the Central road, and from Savannah to Charleston, thence to New York by the Southerner.

SHIP FEVER—FEARFUL MORTALITY.—The vessels arriving at Quebec from England and Ireland, present fearful lists of the ravages made amongst the emigrants by ship fever.

The Montreal Herald has seen a letter from Quebec which states "that on board the Agnes there have been 50 deaths; on board the Wandsworth, 45; on board the Jane Black, 10 or 11; on board the George, 20; in all about 150. There are now, says the Herald, about 216 patients on shore in the hospital, besides 220 others on board 4 ships, which are still detained at Grosse Isle."

DEPARTURE OF TROOPS.—The U. S. steamship New Orleans, Capt. Wright, sailed last evening for Vera Cruz. She took down Capt. McIntosh, U. S. A.; Maj Lee and three hundred and fifty U. S. soldiers, officers and men, of the new regiments, Col. McIntosh, Majors F. G. Bosworth, Boggs and Campbell, paymasters; Dr. Compton, Surgeon; and Messrs Bosworth, Boggs and Campbell, paymasters' clerks. She also took $100,000 in specie for the pay department, and 150 horses, together with quarter-masters' stores, &c. Judge Carrigan, of the House of Representatives went out on the New Orleans, taking with him the complimentary resolutions to Generals Scott, Taylor, &c., which on the part of the State he is deputed to present. He also took in charge a charger for Col. Harney, presented to that gallant officer by our fellow citizens.—*N. O. Delta May* 20.

SICKNESS AMONGST THE VOLUNTEERS.—Letters received from the North Carolina regiment, state there has been much sickness among the volunteers. One from Camargo says, "if we are left at this place for the summer, one-half the regiment will die," and another from San Francisco says "our numbers have been sadly thinned by disease. The country from the mouth of the Rio Grande to Monterey is nothing but a vast extended grave yard; the American soldiers have whitened the plains with their bones, enriched the soil with their blood, and made the natives wealthy on the spoils of war."

POSTSCRIPT.

Per Steamboat Cambridge we have intelligence of the arrival of the Steamer Hibernia. Flour and Corn had advanced in the English markets, and Cotton considerably declined. The state of tillage in Ireland is more promising than has been represented by the press. We shall furnish the news by this arrival more in detail in our next.

By the same source we have also recent advices from the army, comprising, the arrival of Gen. Worth's command at Puebla after a skirmish with a detachment of Santa Anna's army, the reported election of Herara as President and his disposition to treat for peace,—the death of Capt. Stevens T. Mason, the capture of one hundred and twenty Quarter-masters mules loaded with flour and pork and the report that Gen. Valencia, with 14,000 men, was to meet our army this side of Mexico.

MR. PAKENHAM.—This gentleman left our city, this afternoon, in the cars for Baltimore, on leave of absence from his post as envoy extraordinary and minister plenipotentiary in the United States. We understand that, after visiting Canada, he will proceed to Halifax, and there embark for Liverpool in the steamer which is to leave Boston on the first of July.

Mr. Pakenham bears with him the kindest wishes of this entire community. In the high station which he has occupied for more than three years, his conduct has been such as to secure universal approbation. Sustaining with ability and firmness the interest of his country, he has at the same time conciliated the regard of all the functionaries of our government; while his plain and unostentatious manners, and the frankness and kindness of his disposition, have rendered him a welcome visitor in all our social circles. We part from him with regret, and shall hail his return to this city with unaffected pleasure.

Mr. Pakenham, this morning presented John F. Crampton, Esq. to the Secretary of State, as Charge d'Affaires of the legation during his absence.—*Washington Union.*

MIDSHIPMAN ROGERS.—The New York Herald says, that the instructions have, in fact been issued to Commodore Perry, directing him in the event of Midshipman Rogers being hanged as a spy, as was threatened, in defiance of all law, to hang La Vega to the yard arm of one of his frigates, within full view of the city of Vera Cruz.

RETURN OF TROOPS.—The ship Henry Pratt, Captain Condon, arrived yesterday from Vera Cruz with Col. Campbell's 1st Regiment Tennessee volunteers. There are only three hundred and fifty, rank and file, of this gallant regiment left.

The U. S. transport schooner Maria Thomas also arrived yesterday with two companies of the 4th Regiment Illinois volunteers, numbering seventy three men, under command of Capts. Pugh and Hurt and Lieuts. Ogelsby, Froman, Post and Brown.—*New Orleans Pic., May* 22.

MR. JAMES S. He is now ready to execute any orders with punctuality, he flatters himself that from the experience of ten years close application to public business in Baltimore City he has gained sufficient knowledge of the trade to furnish garments combining the same with as much taste and of as good style as they can be furnished in Baltimore, Philadelphia or elsewhere, he insures all work at the establishment to give satisfaction.

FRENCH & ENGLISH FASHIONS received quarterly French plates direct. English republished in New York. Cutting done with as much care as if made. He therefore solicits a share of public patronage, no effort shall be spared on his part to give general satisfaction to those who may favor him with a call.
