party designation and hence only our refusal to apply it to to them.

☞ Where are the facts and disclosures of the "Star," hinted at in a former No of that paper in relation to Mr. Thomas and the Talbot meeting? Is the long and involved and muddy defence of that meeting in the last Star signed "Fair Play," the promised development? We again ask if Mr. Thomas approved *at that time* of the resolutions of that meeting. "Fair Play" says they were all right—no repudiation, etc. Well we might be favored with the knowledge whether Mr. T. approved of or condemned them at the time of the meeting. Is "Fair Play" endorsed by the party and their Gubernatorial candidate? Let us know.

WHIG COUNTY MEETING.

Pursuant to a call from the Whig Central Committee, the Whigs of Talbot county assembled at the Court House in Easton on Tuesday last, the 27th July for the purpose of selecting four delegates to represent the County in the approaching Congressional Convention to assemble at Barren Creek Springs, on 4th August, to nominate a Whig candidate for Congress for the district, composed of Worcester, Somerset, Dorchester and Talbot counties.

On motion, William Goldsborough was called to the chair, and John W. Martin appointed Secretary.

After some remarks by A. M. Goldsborough, Esq., Dr. C. C. Cox, Saml. Hambleton, Jr., and Gen. T. Tilghman, it was resolved, that the Whigs of each district retire and report a delegate to represent it in the Barren Creek Convention, for the ratification of the meeting. Whereupon the districts retired and reported the following gentleman—

For the Easton district, John H. Harris.
For the Trappe do. John W. Martin.
For the St. Michaels do. Rich'd Feddeman.
For the Chappel do. James FitzJarrell.

Who were unanimously ratified by the meeting.

On motion Col Hambleton, the following resolutions were then unanimously adopted:

Resolved, That the Whigs of Talbot county recognize the nomination of the Hon. Wm. T. Goldsborough of Dorchester county, as the result of a fair and honorable Convention, assembled for the purpose of presenting a Whig Gubernatorial candidate for Maryland.

Resolved, That independent of his claims for the above named cause, his pure and exalted private worth and character—his great experience in the Councils of the State—his sound judgment, and intelligence as a statesman—his deep and abiding attachment to State faith and honor—his pure and upright course as a public man, eminently entitle him to the support of the Whigs of Talbot and of Maryland.

Resolved, That the Whigs of Talbot county stand pledged to the zealous and earnest support of the nominee of the Whig State Convention, the Hon. Wm. T. Goldsborough of Dorchester county.

T. R. Loockerman, Esq., was then called for by the meeting, and after responding to the call in a brief and eloquent manner, presented the following resolutions:

Whereas in important junctures in the affairs of the Republic it becomes the duty of freemen frankly and fearlessly to express their opinions, bestowing the meed of praise on those, who by illustrious services, have won it, or censure on those who by weakness or wickedness have incurred its just application, therefore, we, the Whigs of Talbot county, in the exercise of the rights which belong to us as American freemen, do

Resolve, That while we rejoice at the success of our arms, in the contest now being waged with the Mexican United States, we sincerely lament that they should have been engaged in conflict with a sister Republic, who attempted to adopt our glorious form of government as the model of her own.

Resolved, That the bloody plains of Palo Alto and Resaca de la Palma, the Heights of Monterey, and the gory field of Buena Vista, attest the discipline and valor of the American soldiery, directed by the skill and led by the gallantry of American officers.

Resolved, That his profound sagacity, his distinguished prudence, his undaunted valor, his endurance of privation, partaking of the hardships of the common soldier, his unruffled calmness in the perilous storm of battle, his unflinching fortitude in the hour of threatened adversity, mark Major General Zachary Taylor, the Chieftain Hero of these memorable battles, as the great Captain of the age, while his moderation in victory, his tenderness of his own soldiers and his humanity to the enemy, give proof that his heart is susceptible of the kindest sensibilities of our nature.

Resolved, That his sound practical sense, the force, energy and clearness of his public documents and the ease and elegance of his private communications, demonstrate the high intellectual endowments, whence they emanate, while his modesty of demeanor, his unsullied honor and private character cannot fail to inspire the confidence of the American people.

Resolved, That as these rare attributes of Gen. Taylor are calculated to inspire implicit confidence in the prudence and wisdom of his acts and the exalted purity of his purposes, so are they particularly available to repel the open or covert approach of political venality, corruption and intrigue, and to detect and disarm the efforts of designing and unprincipled demagogues.

Therefore, confiding in the qualifications and fitness of Gen. Taylor, wisely, faithfully and successfully to administer the affairs of this great Republic, we cordially unite with our fellow-citizens in other portions of our country, and hereby declare our decided preference for his elevation to the Presidency of these United States as a worthy successor of the Father of his Country.

Which, after a protest on the part of J. B. Kerr, Esq., on the ground of their being premature and the Whig principles of Gen. Taylor not being sufficiently understood, were enthusiastically adopted by the meeting.

On motion of Thomas Burchenal, Esq.,

Resolved, That the delegation now selected be empowered to fill all vacancies that may occur, so that the County be fully represented at Barren Creek.

On motion,

Resolved, That the proceedings of this meeting be published in the "Easton Gazette," and Whig papers of Baltimore city.

On motion of Gen. Tilghman,

Resolved, That this meeting adjourn to meet en masse on Tuesday, the 10th August next, at 1-2 past 2 o'clock P. M. at the same place, to nominate three Whig candidates for the Legislature and a County Commissioner for Talbot county.

WILLIAM GOLDSBOROUGH.
Chairman.

JOHN W. MARTIN, Secretary.

TROOPS FOR MEXICO.—Three companies of volunteers at Fort McHenry went on board the transport ship Alexandria, on Saturday last, which will sail to-day for Vera Cruz. The companies were: the Mechanical Volunteers, Captain Brown, of this city, and the companies of Captains Henrie and Barry, of Washington. The whole are under the command of Major John R. Kenly. Three other companies, Captain Degges', of Washington, the Watson Guards, Captain Dolan, of this city, and Twiggs' Riflemen, Captain Taylor, of this city; the detachment under the command of Captain Degges, were to embark on board the transport ship Napier, Captain Sanford, this morning, destined for the same place. The two vessels will carry out about 420 men, a fine, able-bodied set of troops.

The National Intelligencer says:

We are happy to learn that we were misinformed as to Lieut. May, of the Navy, (who has returned home in the United States ship Raritan,) having lost his right arm. His wound, in that arm, was a most severe one, and he is yet suffering very painfully under it. It, however, gives us great pleasure to state, that it is the opinion of his brother, Dr. J. F. May, (an eminent Surgeon of our city,) that his arm will be saved, though the process of cure may be tedious and painful.

NOMINATION.—The Locofoco Convention which assembled at Reisterstown, on Saturday last, to nominate a candidate for Congress in the Third District, composed of Carroll and Baltimore counties, Howard District and the five upper wards of this city, agreed upon Thomas W. Ligon, the late member, as the candidate for that station, and he was nominated accordingly.

SICKNESS AT MONTREAL.—The Philadelphia Chronicle has been permitted to extract the following from a letter dated Montreal, Canada, July 15: "It is very sickly here at present. There are about 2000 Irish emigrants stowed away under the public sheds, in a part of the town called St. Anns' suburbs, all of them down with the ship fever, and they are dying by forty and fifty per day. Of all the wretchedness I have ever witnessed, the condition of these unfortunate people surpasses my experience, as there are men, women and children under these sheds not more than half clad, diseased and almost starving.

"CHAPLAINS IN THE ARMY.—Hon. Paul A. Brown, of Philadelphia, lately addressed the following letter to Rev. W. L. McCalla, brother of Hon. J. M. McCalla, late of Lexington, (Ky.) and now of Washington. (Now second Auditor of the Treasury.)

"Dear Sir: I earnestly but respectfully request you to answer truly, candidly, and fully the following questions:

1st. Were you not recently an applicant for the situation of chaplain in the American army now in Mexico?

"2d. Had you a personal interview with his Excellency James K. Polk on that subject?

"3d. Did the President tell you that when he appointed two Catholic priests chaplains he knew he had no right to make any such appointment, as there was no such office within his gift; but that *he had appointed them chaplains nominally, that they might become spies?*"

To these questions Mr. McCalla returned the following laconic answers at the conclusion of a long letter reflecting severely on the Catholic church, which has nothing to do with the particular point under consideration, for which reason it is omitted:

"My answer to your first question is, I was; to your second, I had; to your third, he did. Respectfully, yours,

"W. L. McCALLA."

ROBERT THOM, BRITISH CONSUL AT NING-PO.—This eminent linguist died of dropsy in China, on the 14th of September last, at the age of 39. He was a native of Glasgow, Scotland, went to Caraccas in 1828, afterwards to Mexico, next to England, thence to Bordeaux, and finally to China, the language of which, as well as French and Spanish, he spoke with fluency. He translated Chinese tales into English, and Æsop's Fables into Chinese; was the author of several works of great merit, and saved the lives of 500 Chinese at the battle of Chiuhai. His varied acquirements, courage, talent and aptitude for business, made him a great favorite with Lord Gough and Sir Henry Pottinger, and had he not fallen a sacrifice to the climate he would probably have risen to a station of distinguished trust and confidence. His brother, Mr. David Thom, of Liverpool, has written a remarkable book on theology.

MANDIOCA FLOUR.—We find in the London Times the following account of the introduction of a new article of food.—"An importation of 114 bags of the article recently introduced into this country under the title of Mandioca flour has taken place from Pernambuco, the produce of South America. By a Treasury order issued a short time since, on the occasion of an importation from Maranham, the article was declared to be free of duty as an article of food until the 1st of September next.

BALTIMORE WHIG CONVENTION—*Gen. Taylor Nominated.* The whig convention of this city met at Franklin Hall on Wednesday evening, when the following resolutions offered by Col. John Pickell, were unanimously adopted:

Resolved, That the members of this Convention recognize in Major Gen. Zachary Taylor all the high qualifications that are essential to the faithful and proper discharge of the important and responsible duties of the Chief Magistrate of the Union and in view of his patriotism, his ability, his firmness and his integrity, recommend him to the suffrages of the people for the next President of the United States.

Resolved, That this Convention consider Major General Zachary Taylor already in the field as the people's candidate for the Chief Magistracy of this Nation, and as such entitled to the support of every true Whig in the land.

Resolved, That a copy of these resolutions, signed by the officers of this Convention, be forwarded to Gen. Taylor.

A STEAMER REPORTED ASHORE.—A report came from Boston by Telegraph to the New York Sun, brought by Capt. Gardner, from Nova Scotia, that on Saturday last, at 6 o'clock P. M., saw a large steamer on shore on the Southwest Ledge of "Seal Island." The fore and mainmast were gone. The funnel was appearantly black. The vessel stood upright.—The weather being moderate, could not precisely ascertain her situation. No person appeared in sight, and it was therefore presumed, that those who belonged to her, had gone to the shore. The Caledonia, which left Boston 16th inst., arrived at Halifax on the 18th, consequently, it could not be her. Five passengers on board the Conservative corroborate the statement of the Captain. The steamer is supposed to be the Washington.

The Journal of Commerce thinks that the vessel was a coaster. No steamer bound from Europe could have been in that region, unless she had put into Halifax; and there is no British mail steamer due at Boston.

FROM THE PACIFIC.—The New Orleans Picayune of the 17th says:—We conversed yesterday with a gentleman who is a resident of Mazatlan on the Pacific coast of Mexico. He left there about the 12th of June and arrived here Thursday night by the way of the city of Mexico and Tampico.

We learn from him that the blockade of Mazatlan was still maintained by the sloop-of-war Cyane, the commodore having sailed a little while previously for Monterey. No immediate design upon Mazatlan was entertained by the commodore, though the Mexicans were excessively alarmed on this score, and martial law had been proclaimed throughout the State in consequence of the apprehensions of an attack. Our informant says that it was understood to be the intention of the commodore to return to Mazatlan in September, and should peace not then have been declared, to take possession of the town.—We could learn from him nothing of the design upon Acapulco, imputed by the Mexican papers to the commodore. He thinks their alarm quite unfounded.

REMARKABLE THERMOMETRICAL FACT.—At Franconia, N. H., the greatest degrees of heat and cold are experienced. The thermometer on the 10th inst. rose to the astonishing height of 102 degrees, above blood heat, while the mercury sunk a few years since as low as 40 degrees below zero, at which it freezes, thus rendering a spirit thermometer necessary, making the range or difference of temperature at the above place 142 degrees. The greatest range or difference on the globe, for the extreme limits trod by man, is 180 degrees. The range for the city of New York is about 120, while at Honolulu in the Sandwich Islands the temperature seldom varies more than 10 degrees—from 70 to 80.
