SATURDAY MORNING, AUGUST 21.

FOR GOVERNOR,

Wm. T. GOLDSBOROUGH,

Of Dorchester.

FOR CONGRESS,

JOHN W. CRISFIELD,

Of Somerset.

For Delegates,

THOS. C. NICOLS,
CHAS. H. BOWDLE,
ROBERT L. SETH.

For Commissioner.

NICHOLAS RICE.

To the editor of the Easton Gazette.

SIR:—The attention of the undersigned delegates to the Whig Convention at "Barren Creek," which assembled on the 4th inst., for the purpose of nominating a Whig candidate for Congress for this district, has been called to the following extract, from a letter from Talbot county, published in the "Cambridge Chronicle."

☞"Intelligence has just reached me of the nomination of Mr. Crisfield on the first ballot of the Convention at Barren Creek Springs, as the candidate of this district for Congress. Regarding him under all the circumstances of the case as decidedly the very best choice that could have been made, I need not say how heartily I acquiesce in the result at which the Convention arrived. Nor is this sentiment in any respect impaired by the fact that my own name had been for some time publicly urged, by certain friends, in connexion with the same post. Having no selfish objects to oppose to the general good of the party, I had authorised my friends, as you know, some days prior to the meeting of the Convention to withdraw my name, should its use serve in the least to trammel the action of the Convention in making choice of a suitable and available gentleman for the proposed trust. This, after consultation with some of the Delegates from Talbot—who by previous understanding would have put me in nomination—was accordingly done. I approve most fully of the course thus pursued by my friends while at the same time I cannot help feeling grateful for the many flattering expressions of good feeling with which I have been greeted from various portions of the district, since the Barren Creek Meeting. To all who have favored me by their countenance or support I would cheerfully render personal thanks if I could. In the selection made I recognize a gentleman of amiable temper, refined manners, acknowledged talents and sound principles—a candidate in every respect available to the purpose for which he has been chosen, and who will, if elected, reflect honor upon the entire district. I congratulate you therefore, my friend, that the most important congressional district in Maryland has been committed to competent and faithful hands, and while I pledge my own support of the nomination, prompt, hearty and unqualified, I think I can also include that of every true Whig in old Talbot."

The surprise at this announcement from any quarter of Talbot county was great to the undersigned. They knew but one sentiment in Talbot county—they professed to represent but one feeling at home—and that was, the warm preference of the county for T. R. Loockerman, Esqr., after he had reluctantly consented to permit his name to be used in Convention, provided the harmony and general interest of the Whig party in the district, could be advanced by such use. The delegates from the county were requested by Mr. L. in a letter which they carried down with them, that in case of a warm or embittered contest—or in case they saw that his name would not add decidedly to the strength and harmony of the party, to withdraw it from the convention. This the Talbot delegates did, but the Worcester delegates insisted on the nomination of Mr. L., and did nominate him. The Talbot delegates were then compelled to vote for him, at this, the only contingency in which his name was to be used, had not taken place. The undersigned contemplated the presentation of no other name from Talbot county, and consequently withdrew no other. Below we furnish the letter of Mr. L., referred to above.

RICH'D. FEDDEMAN,

JAMES FITZ JARRELL.

EASTON, Aug. 2d, 1847.

GENTLEMEN,—Although you may be fully apprized of the position I occupy in regard to the nomination for Congress, to be made at Barren Creek, on the 4th inst. yet it may not be amiss to re-state it briefly, that there may be no misapprehension on the subject. This nomination I have not sought, nor do I desire it. My sole purpose is of a party character. The leading Whigs of this county, from information received from reliable sources, have been induced to believe, that my nomination would be particularly acceptable to the party in the lower counties of this District, and under this belief they have obtained from me, very reluctantly, a conditional assent, to the effect, that if, when the Convention met, it should appear that my services were really desired by the Whigs in those counties, and that my nomination would be beneficial to the interests of the party, I should not feel at liberty to decline, provided *that* nomination was conferred with *unanimity, or a near approach to it.* I do not wish to be brought into competition with any respectable gentleman of the party, nor do I desire his claims to be postponed on my account. If the Convention can unite upon any gentleman of the Whig party from below or elsewhere, who can more effectually concentrate the strength of the party, I shall rejoice at his nomination and contribute my humble aid to secure his election.

Very respectfully yours,
THEOD. R. LOOCKERMAN.

To John H. Harris, John W. Martin, Rd. Feddeman, and Jas. Fitz Jarrell, Esq'rs., Delegates to the Whig Convention, to be held at Barren Creek, on the 4th inst.

CORRECTION.—In the report of the late whig meeting in Town published in the Shield of the 3d, it appeared a motion was made to instruct the Delegates appointed by the meeting to represent the Whig party of Worcester in the Congressional Convention which assembled at Barren Creek Springs on the 4th inst., to vote for the Hon. T. R. Loockerman which motion was lost. Now, as it might, from the bare report seem, that the meeting was unfavorable to the claims of Mr. L., we consider it proper to state, that such was not the case,—but on the contrary five sixths of those present thought alike in reference to Mr. Loockerman's superior claims upon the Whig Party of this District, and that those who voted against the motion to instruct, were among his warmest friends in the meeting. They intended their votes merely, as an expression, of their disapprobation of the doctrine of instructions.—*Worcester Shield.*

MEDICAL NOTICE.

EASTON, August 14th 1847.

Pursuant to the notice, the Medical Faculty of Talbot county, met in Easton to make arrangements for rendering a proper tribute of respect to the memory of the late Dr. Tristam Thomas.

The meeting having been organized by calling to the chair Dr. Wm. Hemsley, and appointing Dr. A. M. White secretary—The following resolutions were offered by Dr. Cox, and unanimously adopted:

Resolved, That in the death of Doctor Tristam Thomas, the profession, as well as the community at large, have sustained a deep and irreparable loss.

Resolved, That the rigid observance of medical etiquette; the polite and dignified carriage; the noble generosity of disposition; the amiableness and gentleness of character; the excellent attainments in Science; and the acknowledged professional skill, which have marked his public offices, in this community for more than fifty years, must ever endear Dr. Thomas to the Medical Practitioners of his native county who have long held him in high honor and esteem.

Resolved, That in view of profound respect entertained for our deceased friend and brother, the usual badge of mourning be worn by the Faculty of Talbot county, for thirty days from this date.

Resolved, That a committee of five be appointed to secure the services of some gentleman of the Faculty to pronounce a public oration in this Town on Saturday 28th inst., at such time and place as they may hereafter appoint; upon the life, character, and services of Dr. Thomas; and that said committee be instructed to extend to the near friends and relatives of the deceased, in behalf of this meeting, our profound sympathy, and sincere condolence, in the melancholy bereavement they have so lately sustained.

The meeting then appointed Drs. Muse, Hemsley, White, S. M. Jenkins, and Russum, to carry out the provisions of the foregoing Resolution.

On motion resolved—That the proceedings of this meeting be published in the papers of Easton, and also in them of Baltimore. The meeting then adjourned.

DREADFUL DISASTER AT SEA—*Immense Loss of life.* We have the distressing intelligence from New York, through the Patriot's telegraph despatch, brought by the arrival of a vessel at that port yesterday, that the ship Iduna, which left Hamburg for New York, with two hundred and six passengers on board, foundered at sea on her way over, and one hundred and seventy-two of the passengers went down to a watery grave. The commander of the vessel, Capt. Mobery, was also lost. Those who escaped were picked up at sea by a vessel that fortunately came to their assistance in time. They were clinging to the wreck in a condition of dreadful suffering.

DIFFICULTY BETWEEN GEN. SCOTT AND GEN. WORTH.—The New Orleans Bee of the 8th instant contains a large number of old letters from Mr. Kendall, one of which, written at Puebla, on the 27th of June, has the following paragraph:

A court of inquiry, called by Gen. Worth, has been in session for a day or two. It seems that Gen. Scott has in some way expressed himself dissatisfied with not only the terms of the capitulation entered into with the Pueblanos by Gen. W., but also with some of the acts of the after while in command of the city. Gen Worth promptly called for an investigation, and I trust that all may be satisfactorily settled.

QUITMAN AND PILLOW.

By the news from the seat of war, it appears that a difficulty has arisen on the score of rank between some of the officers. It is understood here that when Gen. Pillow rejoined Scott's command he claimed to rank above Gen. Quitman, because he had been first to assume his command of Maj. General, & that he further claimed the command of the right wing of the army, in preference to Gen. Worth, because he out-ranked that gallant and experienced officer! It is generally predicted that if there has been a battle, Gen. Pillow, by his blundering, has brought mischief upon our forces!

DR. MARTIN'S COMPOUND SYRUP OF WILD CHERRY.

This compound is one of the best remedies ever offered to the public in Cough, whether arising from Colds, or the Hooping Cough, or that dreadful malady Consumption. Few remedies in the short time it has been before the Public, have effected so many cures The proprietors are every day receiving orders for it in this City, and at a distance, in which they have been highly gratified to learn its good effects We have the permission of the Bishop of the Protestant Episcopal church of Maryland (the Right Rev. W, R. Whittingham) to say he has used the remedy in his own person with decided benefit. Our medical friends do not scruple to recommend it as one of the best remedies in Consumption Asthma &c which they have ever met with the following is from a highly respectable Physician on Kent Island to whom we made known the ingredients of the preparation

Kent Island, June 22d, 1847.

Dr. G. T. Martin,

Dear Sir.—Since my return home I have prescribed your SYRUP of WILD CHERRY in several cases, one in particular a case of Asthma of long standing (about 12 years) a neighbor and patient of mine. Her disease has never been benefited by any medicine which she has taken, and for the last year or two she has been confined entirely to the house. I do not know that she has had a good nights rest for a long time, but since she commenced taking your medicine (and she has only taken one bottle) she is enabled to go to bed and sleep well all night. I think the medicine will make a perfect cure of her and she is determined to give it a fair trial. Her husband Mr. R Erickson is a merchant here and says if you will send him some of it, he will act as your agent. I think you might send him some of your other preparations which will meet with ready sale. I send a small bill for medicines which you will please send me and

Oblige your's respectfully
