ty. In this it was encouraged by several of the the other chickens. Well, chick did get the nomination and commenced crowing; the other chickens crowed too, to think that one of their own number had taken a stand against the old hen. They were all perfectly delighted. The old hen all the time was standing off listening;—she bore it as long as she could, but finally concluded that it would not do for *that* chicken to make so much noise, for by so doing, it increased his popularity with the other chickens, and would soon give him influence enough to put her down, and take command of the flock:—so she flew at him, and made a terrible noise about it, and frightened the poor thing so badly that it took its name off the ticket, and had the hen's put on, and has never since tried to crow until now. Since it has been whipped and brought under the control of the hen again, it has thought it better to make a noise some way or other than to remain quiet. So now it is crowing for the old hen. It is not so, Captain?—

"Ooh ah ooh ah ooh."

If he did'nt state his own case, it is a caution to SOLOMON.

LEGISLATIVE NONINATIONS.—The Whigs of Queen Ann's county have nominated for the Legislature, Philemon B. Hopper, Jr., Samuel T. Harrison and John W. Downes—a ticket which will be hard to beat, notwithstanding the Congressional candidate of the locofocos is taken from that county.

The Whigs of Allegany county have nominated Wm. Coombs, John Galloway Lynn, Henry Brown and John M. Brewer, Esqs.

GIFT FROM MR. CLAY.—Mr. Stevenson of the Cincinnati Atlas, has presented to Capt. Cutter, of Covington, in behalf of H. Clay, a gold ring, set with a precious stone and enclosing a braid of the hair of his lamented son, the late Lieutenant Col. Henry Clay, Jr., as a memorial of gratitude for the generous office Capt. C. rendered him in his last moments on the bloody field of Buena Vista.

BALTIMORE, August 25.

Henry Clay arrived here in due season, and was ignorant of the intention of the people to receive him as they did. He said in his brief speech, at the Hotel, that "he expected to catch us all asleep, and would pass quietly through our city."—Some one in the crowd answered him as quick as thought, by saying we were "the same old coons, and wide awake at all times," which made Mr. Clay laugh heartily. The Clay song, and old "Yellow Kiver," were in repute once more, and reminded many of the last election campaign.—*Correspondence of the Wilmington Journal.*

NEXT HOUSE OF REPRESENTATIVES.—The next House of Representatives will contain 228 members, and 115 will constitute a majority. Of the States 26 have already held their Congressional elections and three more have yet to hold them, namely: Maryland 6, Mississippi 4, Louisiana 4. There are also vacancies to be filled: 4 in Maine; 1 in Rhode Island; 1 in Ohio, and 1 in Michigan. Of the entire House 207 members have been already chosen, and 21 are yet to be chosen. The elections already held have resulted as follows:

	(W.)	(D.)	(Ind.)	(Vac.)
Maine,	1	2	0	4
New Hampshire	2	2	0	0
Vermont,	3	1	0	0
Massachusetts,	10	0	0	0
Connecticut,	4	0	0	0
Rhode Island	1	0	0	1
New York,	23	8	3	0
New Jersey,	4	1	0	0
Delaware,	1	0	0	0
Pennsylvania	16	7	1	0
Virginia,	6	9	0	0
North Carolina,	6	3	0	0
South Carolina,	0	7	0	0
Georgia,	4	4	0	0
Alabama,	2	5	0	0
Florida,	1	0	0	0
Missouri,	0	5	0	0
Arkansas	0	1	0	0
Illinois,	1	6	0	0
Ohio,	11	8	1	1
Michigan	1	2	0	1
Texas	0	2	0	0
Iowa	0	2	0	0
Indiana	4	6	0	0
Kentucky	6	4	0	0
Tennessee	5	6	0	0
	112	91	5	7

Of the delegations and vacancies yet to be filled, their political complexion in the last Congress stood, Democrats 17, Whigs 4. If, therefore, the Whigs only hold their own, they will have 115 members, which will be a majority of 2 in the House Their chances appear good, however, for having 118 or 119 by further gains.

FROM VALPARAISO.—By an arrival at Valparaiso dates to the 26th of June have been received.

The National Congress was in session, having assembled on the 1st. A synopsis is given of the Message of the President. Mention is made of the negotiation pending with the government of the United States for the settlement of claims of our citizens, and the President promises "a speedy and just conclusion of the question." Mr. Wm. Wheelwright's project for the construction of a railroad between Valparaiso, was under consideration in the Senate, having been recommended by the President.

A GREAT COAT.—The editor of the Vicksburg Whig has seen a coat lately, that measured five feet around the waist. It was made for a gentleman from Kentucky whose weight is about four hundred pounds is 26 years old, and has got his full growth. He is about six feet six inches in height, measures fifty four inches over the breast sixty around the waist, and twenty-two inches across the back.

NEW CALL FOR TROOPS.—The War Department (says the Washington Union) has just called for *five new* regiments, exclusive of the regiment from Ohio, which is already reported to be raised, and is now in progress of being mustered into the public service, and will in few days be *en route* for Very Cruz.

The five regiments now called for are to be drawn from the following States:—Two regiments from Kentucky, Two from Tennessee, and one from Indiana.

The regiments from Kentucky are to rendezvous—one at Louisville, and the other at Smithland, at the mouth of the Cumberland river.

The regiments from Tennessee are to rendezvous at Nashville, and the other at Memphis.

The Indiana regiment is to rendezvous at such convenient point on the river Ohio as the governor of that State may designate.

These five regiments are expected to be rapidly raised, and promptly placed in the public service. Offers have already been made, which induced the Executive to designate these States, and to make the necessary arrangements for embodying these troops without delay.

The Administration (adds the Union) have determined to do their duty, whether for peace or for war. They have offered the olive branch. As it may be declined, they have deemed it their duty to prepare for a vigorous prosecution of the war, and to fill up the ranks of the army to the proper standard, as they have been partially thinned by disease and death.

ARRIVAL OF THE FRENCH STEAMSHIP MISSOURI.—The *Missouri*, the third of the French transatlantic stamers, arrived at New York on Saturday from Halifax, whence she sailed on Wednesday, the 18th instant.

The Missouri left Cherbourg on the 1st of August, and after her departure met with contrary winds and strong head seas. On the 13th August she was within two hundred miles of New York, when the engineer announced to the captain that there were but a few tons of coal remaining in the bunkers, on account of which she proceeded to Halifax for a supply.

Among her passengers we find the name of Gen. FLORES, President of the Republic of Equador.

WHIG REFORMS.

The Locofocos were in power during the Administrations of Grayson and Thomas—a period of six years. Why did they not effect the reforms they now so clamorously pretend to want?

The truth is the Whigs of Maryland are the only true reformers, and here are some of the evidences of the fact:

They have given to the *people*, the election of Governor.

They have given to the people, the election of their State Senators.

They have limited the terms of the *Clerks* and *Registers*.

They have granted *Biennial Sessions* of the Legislature.

They have made the *Biennial Sessions* Bill a part of the Constitution by which a great saving of money is had.

They have reduced the salaries of the Governor and Secretary of State.

They have taxed *Clerks, Registers, Inspectors, &c.*, who enjoy the perqisites of office to aid in paying the State's debt.

They have caused the *wealthy stockholders and holders of productive paper*, to pay an equal tax with the FARMER, who has hitherto borne all the burden of taxation.

They have given the election of the Levy Court to the people.

They have perfectly restored the faith and credit of the State.—*Cum Civilian.*

A NEW KIND OF COTTON.—One discovery often leads to another, and science in seeking to test new experiments has not unfrequently fallen upon hitherto unknown and exceedingly valuable results. It seems that this truth has very recently been fully proved in the proper preparation of gun cotton. We learn from the Medical Journal that a physician in Georgia, in recently attempting to prepare gun cotton from a receipt sent him by a b o her physician, was unsuccessful & found to his astonishment that his cotton would neither explode nor ignite, being anti-inflammable.—On investigating, to find out the cause, he found that he had not used the right acid muriatic acid we suppose. He repeated the process, and the result was the same; so that he claims to have discovered a method of rendering cotton incombustible. He says that this cotton can be prepared with little expense, as he has tested the matter sufficiently to know that it can be manufacmred into cloth, the lint and texture of the cotton being made into clothing with as much ease as from the common material.

MURDER OF A YOUNG LADY.—We learn from the New York True Sun, that on Sunday afternoon, Miss Mary Goodhear a young girl of respectable connections, aged 15 years, was stabbed at Mount Pleasant, by Amos Northop, and died almost instantly.

The murderer, who is supposed to be from Newcastle, is about 45 years of age, and had become engaged to the deceased some time since; but, in consequence of her unwillingness to accompany him in public to a camp-meeting, lately held in the neighborhood, he used such violent language, that she declared to her sister that she was afraid to marry him.

They had an interview on Sunday, at the house of her sister, at the close of which her sister, heard her cry out, "He is murdering me!" "Jump out of the window!" Both the females then sprang out of a window together, the sister having seen the handle of a knife in his hand, the blade having been already buried in her left breast. Mary was hardly able to move after reaching the ground, and died in a few minutes. The murderer made his escape.

Arrival of the Caledonia.

FIVE DAYS LATER FROM EUROPE.

Continued Decline in Breadstuffs, &c.

The steamer Caledonia arrived at Boston at 1 o'clock Thursday morning, having left Liverpool on the 19th ult. She brings 137 passengers.

Correspondence of the Baltimore Sun.

LIVERPOOL, August 19—11 A. M.

A rumor was in general circulation yesterday, that Louis Phillippe had been assassinated. The London papers of this morning bring no confirmation of it. The elections are nearly at an end, and show an increase in favor of Liberal ministers

The Queen has arrived in Scotland.—Her tour will be completed in about three weeks.

The political aspect of France is threatening enough. A fierce contest is waging between the government and opposition press. The latter charges the ministry with corruption and a failure of the financial administration.

The French funds have largely participated in the embarrassments caused by the raising of the rate of discount in England.

Portugal is quiet, and the Spanish forces have been withdrawn from Oporto.

In Ireland the elections have been somewhat more stormy than in this country, and the returns will stand very much as they did in the last Parliament.

O'Connell's funeral was celebrated with great pomp. The event has left no excitement of any consequence.

Gen. Armstrong goes out by the Caledonia with despatches.

The Caledonia takes 30,000 pounds in specie.

COMMERCIAL AND FINANCIAL.—The money market, owing to a variety of causes, has become seriously depressed since our last advices per Cambria. The pressure continues to affect all branches of trade with an unrelaxed severity.

CORN MARKET.—Best Western Canal Flour 26s. to 26s. 6d. per barrel; Richmond and Alexandria 25s. to 25s. 6; Baltimore and Philadelphia 24s. to 25s.; New Orleans and Ohio 22s. to 23s.; sour 20s. to 21s.

United States Wheat, white and mixed, per 70 lbs., 7s. 9d. to 8s. 6d.; red 6s. 9d. to 7. 6s.

Indiania Corn, 25s. to 30s. per quarter of 480 pounds.

Corn Meal, per barrel, 12s. to 13s. 6d.

COTTON MARKET.—This market continues full, at prices rather in favor of buyers.

USE OF HORSEFLESH AS FOOD.—Among the medical novelties of the day may be mentioned on the authority of the *Gazette Medicale*, that establishments, have been recently opened at Berlin for the open sale of horseflesh as an article of human food. In order to render this innovation popular, a public banquet which seventy persons sat down to feast upon the body of a mare which had reached the age of seven years.—*Medical Gazette.*

The trial of Prof. McClintock and others at Carlisle, Pa., for an alleged participation in the fugitive slave riot at that place, was brought to a close on Monday. Prof. McClintock was acquitted, but a verdict of guilty was rendered against the twelve negroes. No sentence has yet been pronounced.

Robert H. McKnett vs. Edward Valliant Mary Ellen Valliant and Thomas Valliant.	In Chancery Aug. 1847.

THE object of the Bill filed in this cause is to obtain a Decree for the sale of the Real Estate, whereof Thomas Valliant of Caroline county, died seized for the purposes of division amongst those entitled.

The Bill states that the said Thomas Valliant, died seized of Real Estate, in Caroline County called and known by the name "Valliants Delight" having first made his will and that he left the following persons his heirs, and legal representatives to wit, a surviving widow Ann Valliant, and the following children Polly Valliant, Thomas Valliant and ——— Valliant a child then unborn! but with which the said widow Ann Valliant was encient, and who was subsequently born and named Henry Valliant. That said Ann Valliant widow to whom under the said Will of said Thomas Valliant his Real Estate was left during her natural life or widowhood, hath since departed this life and the Real Estate of said Thomas Valliant deceased, devolved upon and descended to the aforesaid children Thomas Valliant, Henry Valliant and Polly, as Tenants in common. That said Henry Valliant hath sold and transferred his undivided interest in said Real Estate to the Complainant Robert H. McKnett. That the said Thomas Valliant is living and resides in Caroline county, and that the said Polly Valliant intermarried with a certain Edward Valliant of the state of Ohio, and is since deceased, leaving a husband surviving her and an only child, Mary Ellen Valliant an infant of tender years who with her father resides in the State of Ohio. That it would be greatly to the interest of all parties concerned, that the said Real Estate should be sold and the proceeds thereof divided among the parties entitled.

It is thereupon ordered that the Complainant by causing a copy of this order to be published in some Newspaper in Talbot county once in each week for one month before the 30th day of September next, give notice to the said non resident defendants of the substance and object of this Bill and warning them to appear in this Court in person or by a solicitor on or before the 24th day of January next to show cause if any they have why a decree should not be passed as prayed,
