EASTON GAZETTE.

EASTON, Md.

SATURDAY MORNING, DEC. 18.

☞ The adjourned session of Talbot County Court, meets on Monday next.

☞ Our acknowledgments are due the Hon. J. A. PEARCE, of the U. S. Senate, for interesting public documents.

☞ "Daguerre" was received too late for to-day's paper.

☞ By reference to our neighbor ROBINSON'S advertisement, it will be seen that he has opened his usual variety of articles for Christmas, presenting this year, however, a larger and more beautiful assortment than ever. He cannot pretend an enumeration, for their name is legion, but a faint idea, and but a faint one, can be formed from his advertisement which, long as it is, (to the delight of the printer) tells but of a very small portion. As to the terms, every body knows they are low, for it is a well established fact, that he who patronizes the printer liberally and pays him promptly, as does our neighbor, prefers the "nimble sixpence to the tardy shilling."

DEATH OF CHANCELLOR KENT.—This eminent man died on Sunday evening, at New York, in the 85th year of his age.—Chancellor Kent was no less distinguished for the virtues of a good man, which secured to him all the ornaments of age, and its consolations, "as honor, love, obedience, and troops of friends," than for brilliant talents and profound legal attainments.

CASSIUS M. CLAY.—The citizens of Lexington held a meeting on the 13th inst. at which they resolved to give Captain Clay, on his return home, the compliment of a public reception. The military companies of Lexington have resolved to tender him the same compliment.

IRELAND.—A Liverpool letter of the latest date, Nov. 19, says that within the last week or two the potato rot had appeared again with greater virulence than ever. Some kinds which were never before affected had been attacked. The same letter states that the accounts from Ireland are most frightful, and adds, "the starvation will be much worse this year than last."

A postscript to a Dublin letter, written on the 18th of November says that the deficiency of food in Ireland this year will be equal to the production of one million of acres of potatoes.

DISTRESSING CALAMITY.—*Island of Tabago.*—It will be recollected that, from the Jamaica, papers received some weeks ago, we announced that a terrible hurricane had recently devastated the beautiful island of Tobago, one of the British West India possessions, causing a great distruction of property and human life. The New Orleans Commercial Times has letters giving some details of this catastrophe, from which we learn that sixty-one large country residences, fifty-nine plantation sugar-works, and six hundred and thirty-two dwelling houses, and other edifices, of which some were religious ones, churches, chapels, &c., have been swept into irretrievable ruin by this awful storm. Up to the latest, the names of 30 human beings have been ascertained, as having perished during the terrible war of elements; and it is believed when full accounts are received from the remote parts of the Island, that number will be very much increased. The Jamaica papers say that the distress occasioned among the population by the disaster, is so great, that a memorial has been addressed to the Home Government, for aid and succor.

FROM PENSACOLA.—The Pensacola Gazette of the 10th inst. says:—

"The U. S. steamer Iris, lying off the Yard, will sail to morrow for Vera Cruz. The following officers take passage in her to join the Gulf squadron: Commanders James P. Wilson, Henry Eagle, Henry Pinkney; Lieuts. Chas. McBlair and Wm. Noland."

FLARE-UP IN COURT.—There was a flare-up and knock down in the St. Louis Criminal Court, on Saturday week, between two Lawyers Col. A. P. Field and Maj. Wright. The Judge ordered Col. Field to jail for twenty-four hours.

BOMMER'S METHOD.

Statement of two prominent farmers, of Baltimore County, upon Bommer's Method of making Manure.

I have purchased Bommer's method of making manure, and have had two heaps of manure constructed, after the plan of about 50 loads of each. I used the manure made by this system on one part of a field where I planted potatoes, and barn manure on the other part, and I found the Bommer to be equally as strong, and I do not now see any difference in the durability of the two manures.

The whole cost of the ingredients that I had to purchase for these two heaps did not exceed two dollars and fifty cents.—Any farmer having the materials necessary to make manure, such as coarse vegetable matter of every description, can by this method convert it into a good manure at small expense.

I paid the first proprietor twenty dollars for this right, and have always considered it a good investment. This system is no humbug nor hoax, and I should be very glad to have the farmers avail themselves of the offer now made them, and take this method and try it.

DAVID CARLISLE.

Baltimore Co., Dec. 7, 1847.

I have made two heaps of manure by Bommer's process, say 500 loads, and do cheerfully agree with the above statement,

WM. ORNDORFF.

Baltimore Co., Dec. 7, 1847.

Mr. Jesse A. Dickerman is agent for Talbot County, of whom the method can be obtained.

Commissioner's Notice.

REPORT of the Commissioners appointed agreeably to the Act of Assembly passed at December Session, 1846 chap. 167. "to view and alter or divide School Districts No. 1 and 5, in Election District No. 3, in Talbot County.

To the Honorable Commissioners of Talbot County—

The undersigned Commissioners appointed by your honorable body on the 16th inst., to "view and divide or alter" School Districts No. 1 and 5, in Election District No. 3, did on the 30th inst. meet for the aforesaid purpose, and believe that it would be highly advantageous to both school districts as they now exist, to divide them into four school districts, as follows, to wit: 1st, for the Bolingbrook School District, beginning at Choptank river, and running up a stream to "Raccoon bridge," and from thence with a straight line to the head of Bolingbrook creek, and thence running as originally laid down—to be called School District No. 1.

For the Banbury School District, commencing at the mouth of "Miles' Creek," at Choptank river, and running up said creek to "Abbott's" or "Wright's mill," and with said mill pond and stream to "Cox's" or "Bartlett's mill," and thence as originally laid down, binding with the line above laid down, separating the Bolingbrook School District from the Banbury School District, to be called No. 6.

The central portion School District No. 5 being a timbered or woodland portion of said district, we would divide into Eastern and Western divisions, by a line from Tinker's hill, (running with the County road leading from the Trappe to Easton,) to Peach Blossom creek, and thence as originally laid down, the Western portion to be called No. 5, or Bailey's Neck District, and the Eastern portion to be called School District No. 7.

All of which is respectfully submitted.

JOHN A. CLOUGH,
WILLIAM OZMON,
GIBSON W. WRIGHT.
