EASTON GAZETTE.

EASTON, Md.

SATURDAY MORNING, FEB. 5.

☞ We are indebted to the Hon. Andrew Stewart, for a pamphlet copy of his speech, in review of the free-trade doctrines contained in Mr. Walker's Report on the Finances.

☞ Maj. Gen. Quitman and family arrived in Philadelphia from the South, on Monday last.

"SHOULD OLD ACQUAINTANCE BE FORGOT?"—Some of our readers will readily understand the following caution, which we clip from the Baltimore Sun.—'Those who, a few years ago, invested their money in a College to be opened in the Banking House of a broken bank in Georgetown, D. C., would be glad to hear how it is getting on. Years have passed away and we hear nothing of the College. The building was sold last year, and is now a private residence. It appears to be high time to hear from our old friend, who appears to be, to say the least of it, rather "Slack."

A BOLD IMPOSTOR.—Notwithstanding our exposure of the fraudulent pretensions of a certain individual sometime since, in levying contributions upon those disposed to foster education, we perceive by a communication in the Patriot that he still has the hardihood to persist in his course.—He is still it seems, soliciting funds to establish a college in a neighboring State, and the writer cautions the public against him as the same man that collected funds throughout the country some years since to establish a college at Georgetown, D C.

ARRIVAL OF THE ACADIA.—The steamer Acadia was telegraphed at Boston at 11 o'clock Tuesday morning, but the telegraph between Hartford, Conn., and New York being out of order, no news could be transmitted.

DISTRESSING EVENT.—A young and beautiful girl, says the Baltimore Clipper, named Maria Mister, died on the 14th ult., of disease of the head, at the Female Collegiate Institute, in Wilmington, Delaware. She was the daughter of George Mister, Esq., of Dorchester county, Md. Immediately after her death her corpse was sent on, and the first news her father had of her decease, was the entrance of the coffin containing her dead body into his residence.

F. W. Brinning has been arrested on his own confession at Hagerstown, Md. of having shot a negro man on New Year's Eve. B. O'Donnell, charged with the same act, and who also confessed it, was previously arrested. The question now is, who is guilty? Both certainly cannot be.

DEATH OF EX-SPEAKER JONES.—The Hon. John W. Jones, formerly Speaker of the House of Representatives, and who recently resigned his seat in the Virginia House of Delegates, of which he was also Speaker, died at his residence in Chesterfield last week.

One of the Editors of the New York Courier, at present in Washington, says in a late letter—

I see it is stated with great explicitness in some of the New York papers, that J. Q. ADAMS has declared himself in favor of annexing the whole of Mexico, as certain to hasten the emancipation of slavery. I know this rumor to be *untrue*; Mr. ADAMS has said, emphatically, that he believed the absorption of all Mexico to be *inevitable*, but never that it was in his view *desirable*. The use that has been made of his rumored declaration renders it correction proper.

MILITARY MOVEMENTS.—Two companies of Mississippi Volunteers, under Capts. Stewart and Casey, sailed from New Orleans on the 22d ult., for Tampico. On their arrival there, the battalion will be composed of five companies—an election will then be held for a Lieut. Colonel, and a staff appointed. The Battalion of Illinois Volunteers, now in Tampico, will be relieved by the Mississippi Battalion, and will proceed to join the headquarters of the regiment, at the main army under Gen. Scott.

U. S. SENATOR FROM LOUISIANA.—The Hon. P. Soule has been elected a Senator of the United States from Louisiana for six years, from the 4th of March, 1849, in place of the Hon. Henry Johnson. On the first ballot the whole number of votes was 129—one member absent. D. F. Kenner, Whig, received 64 votes, John Slidell, L. F. 64, and R. C. Nicholson 1 vote. On the second ballot the vote was the same. On the third trial P. Soule, L. F. received 68 votes and D. F. Kenner 61.

HORRIBLE.—The Cincinnati Chronicle of Thursday last, says:—"We are informed by a friend, that on Tuesday night, as a man was in the act of removing a dead body from one of our grave yards, he was shot dead. His body was found yesterday morning lying by the side of the one he had attempted to remove!"

RETURN OF GEN. SCOTT.—It is supposed that Gen. Scott will return to the United States in a few weeks, as he asked leave of absence in November. Already preparations are making in New York for a reception worthy of the American Cortez. A writer in the N. Y. Express says:

For the purpose of carrying this out, a committee has been formed, which has, among others proceedings, conferred with the Mayor of New York, desiring his cooperation, as the head of the city government, in tendering the freedom of the city to our renowned soldier and statesman.

It is designed to make the reception the greatest that has ever yet been given in New York, and for this purpose, it is decided that the citizens generally be recommended to close their stores on the day of the celebration, and that a military and civil procession escort the illustrious commander through our city.

In the evening, it is proposed to have a general illumination, and close with a dinner and ball, at the Astor House.

LATER FROM MATAMORAS—*An Indian War.*—The Steamboat Globe arrived at New Orleans from Galveston, bringing dates of the 22d. A war had broken out between the Delaware and the Camanche tribe of Indians, and a bloody fight had taken place, in which the former were defeated with a loss of twenty-five warriors. The cause of the war is attributed to the Delawares having encroached upon the hunting grounds of the Camanches.

The loss of warriors will probably excite the Delaware Nation to revenge, and they will probably raise a large force to carry on this new Indian war.

A party of Camanches had stolen twelve horses from the camp of Capt. Gillette, on the Scio, some time since. Lt Cozzens, with twelve men, followed in pursuit, and after nine days' travel, overtook the party and routed them completely, killing seven and recapturing the horses stolen, and seizing a large number belonging to the Indians.

It is rumored that several tribes of Indians have volunteered to carry on the war against Mexico.

LATER FROM THE ISLAND OF CUBA.—*Serious Affair at Principe, Island of Cuba.*—By an arrival at New York, Saturday, the Philadelphia Pennsylvanian has seen a private letter, giving an account of another and a more serious affair at Puerto Principe, Island of Cuba, than that which we recorded some weeks since. It seems that on the night of the 26th December, some gentlemen, natives of Principe, were serenading their friends, when a party of Spanish officers came up, insulted and surrounded them, and assaulted them in the most cowardly manner with their swords. The Cubians made fight, until they were at last overpowered, by several of their number being seriously wounded. The officers were nevertheless pretty roughly treated.

Among the wounded Cubans are Miguel Betancourt, Manuel Arteaga, Jasinto Agramonts Batista; Joaquin de Aguero, Manuel Agramontes, and others.

Several arrests had taken place on account of the disagreable affair, which, with the one that preceded it, may be the precursor of a serious disturbance throughout the whole Island. Indeed, it is already said that there has been a melee something like it at Neuvitas, forty-four miles distant, during which several were wounded on both sides, but no particulars of it have reached us.

FROM THE WEST INDIES.—The Lady of the Lake, Captain Beemen, at N. York, brings us later accounts from Bermuda, Barbadoes, &c. No news of importance. Accounts from Demarara are to the 30th December. Great distress prevails in the district of British Guiana on account of the scarcity of money and food. Their provisions would be exhausted in a few weeks and they were looking for relief from the Legislature (then in session) by the alteration of the navigation laws.

THE FIRE AT HAVANA.—The recent fire at Havana took place in the warehouse of Senores Rivas and Bustamente, whose loss is estimated at $30,000. It communicated to the beautiful house of Count Santa Venia, whose furniture, &c., were injured to the extent of $20,000. Every body turned out to stay the progress of the flames, from the Captain General downwards. The crews of the Spanish and French ships of war in the harbor gave their aid. The next day Count Santa Venia presented the fire companies with $600 to mark his sense of their services.—*Balt. Clipper.*

ATTEMPTED HIGHWAY ROBBERY.—We learn from the Virginia Free Press, that Mr. Nimrod Anderson, living near the line of Jefferson and Clarke counties, was attacked on Thursday night last, by two white men, who struck him a heavy blow but not sufficient to cause him to fall from his horse. Mr. A. had several thousand dollars in his possession at the time.

ALARMING.—The arrival of emigrants in crowds at the New York Quarantine infected with the ship fever, is creating great dissatisfaction and alarm. By permitting the sick to come up to the city, the decease has established itself in several of the most densely populated parts of New York, and is spreading fearfully. The Common Council recommend to the citizens to call a meeting and appoint a strong committee to aid the corporation in its efforts to arrest this hydra.

SPECIE.—The shipments of specie from the port of New York last week amounted to $354,096, making the total amount shipped from that port since the 1st of January $1,723,427.

The exports of specie from the U. States to foreign ports since the 30th of June last are estimated at ten millions of dollars.

Gen. Scott estimates the annual revenue of Mexico at $22,275,000.

NAVAL.—The U. S. sloop of war Decatur, commander Edmund Byrne, was expected to sail from Boston on Monday, for the Coast of Africa.

PEACE.—The editor of the Philadelphia Bulletin writes from Washington, that overtures have been made by Mexico, and that these overtures are substantially acceptable to the administration.

DEFICIENCY.—It was reported at Philadelphia on Monday, that there is a defalcation existing in the accounts of a late officer connected with the corporation of Northern Liberties. The matter is undergoing investigation.

MELANCHOLY ACCIDENT.—The ferry boat, while crossing the Illinois River, at Ottawa, on the 5th, was swamped, and of the six passengers in it three were drowned. The names of those who are drowned are Mr. Wheatland, John Law, and a young man named McGraw. Mr. Keeler, Mr. Boles and Mr. G. Burr were saved—Boles and Burr by swimming to the shore and Mr. K. by holding on to the skiff, with which he floated full half a mile before being rescued. Mr. Wheatland leaves a young wife to mourn his loss, having been married about four weeks.

DIED,

At Wye Landing on Thursday last, Miss Adaline E. W. Moore, formerly of Baltimore. Baltimore papers please copy.

At his residence, Wye Landing, Talbot Co., Md., on Thursday, 27th, after a brief illness, Capt. Wm. Powell, in the 55th year of his age.

Community has thus been called to mourn one its worthiest and most valuable members. For forty years a resident of Sussex county, Del., where (up to his removal to this County in 1836) he was actively and successfully engaged as a merchant. He possessed those high qualities of the mind and deep toned feelings of the heart which, with his consistent course, secured him the admiration and friendship of the great and good, and a high and deserved reputation. To be honest and honorable in his motives and endeavors was the determination of his early life, and that firm decision of character which marked his whole course of action kept this determination ever fixed and unalterable.—No one who knew well his mind or heart failed to admire the one or to acknowledge the generous impulses of the other. The public may not have known his charity, but an experience of twenty-three years in almost every relation of life has to me unfolded a world of noble and generous actions. His house and his heart were ever open to the needy and the destitute, and his memory will be embalmed in the affections of many a true and grateful soul. Kind and affectionate in all the relations of domestic life, he had the consolation to sink to his final rest on the bosom of his family; in the arms, in the love of his children. His last moments were calm and sweet, and the smile of the Christian stole the death dew from his lip—like the close of a summer day the twilight merging into darkness to await the returning morn. DR. THOMPSON'S

MEDICATED SYRUP OF CASTOR OIL.

THE Subscriber would most respectfully inform the Citizens of Cambridge and the Public generally, that he has succeeded in making Castor Oil perfectly agreeable and while it is rendered agreeable to the taste, the Cathartic properties are very little if any diminished; and by the medication all that acrid quality of which oil is generally possessed which rendered it inadmissable with some persons, especially with infants, is entirely destroyed.

It is well known that Castor Oil is almost an universal medicine—entering into the use of every family, and administered in the treatment of almost every disease—and would be much more frequently prescribed by physicians, was it not for the great aversion to its use. But in this preparation, the subscriber can assure physicians and patients, they will find it so perfectly agreeable to the taste, that infants and ladies of the most delicate stomachs can take it without the least inconvenience. Indeed it is so perfectly palitable that should it be found necessary to take a little more in a dose it will not be found objectionable to the patient.

The Medicated Syrup of Castor Oil may be had at the store of E. M. DAWSON & BROTHER, in Easton. Wholesale and Retail orders from a distance promptly attended to.
