EASTON GAZETTE.

EASTON, Md.

SATURDAY MORNING, MARCH 25

☞ We invite the attention of our readers to the proceedings of the State Central Committee in to-day's paper.

THE LATE LT JAMES M. WINDER, U. S. A.

It affords us pleasure to publish the following extracts from a letter addressed to Commander BUCHANAN, by that distinguished officer, Major LALLY, U. S. A.

Lieut. WINDER, the brave and daring young officer so highly spoken of by Major Lally, is from this County. He is the grandson of the late Governors Lloyd and Winder. As a Marylander, all feel proud of him. He has fallen with many other gallant Marylanders in Mexico, *doing his duty;*—this is eulogy enough for a noble spirit like his.

CITY OF MEXICO, 15th Dec. 1847.

DEAR SIR:—I regret that I have had no opportunity ere this of replying to your letter, asking the particulars of the wounds received by your nephew, Lt Winder, who was shot twice, while gallantly serving a gun on the National Bridge, on the 12th of August last.

Lt. Winder belonged properly to the Voltiguer Regiment, but, a day or two previous to marching from Borgara, he was attached to the small Battery of two six-pounders, which was under my command.

He was a most gallant and promising young officer, who was beloved and respected by all who knew him. At the battle of Toline, which took place on the 10th of August, he managed his gun with great coolness and judgment.

When he was shot on the 12th, the enemy were firing from all directions.—The first ball which hit him entered his back near the shoulder blade, passed through the body and came out at the breast; the second one passed through the fleshy part of the right arm.

He suffered no great pain till within a few days of his death, and then his thoughts were of home, of his mother and sisters, and other dear friends, who, tho' distant, were often in his imagination, surrounding his bed and smoothing his pillow.

In his death the country has lost a most gallant and promising young officer, his parents and sisters an affectionate son and brother.

He is buried near Jalapa, in a beautiful spot near the "Factory," where several other gallant officers rest with him.

I am, sir, very respectfully yours,
F. T. LALLY.

Capt. F. BUCHANAN, U. S. Navy.

DEATH OF A MEMBER OF CONGRESS.—The death of the Hon. JOHN M. HOLLY, Member of Congress from New York, who died in Florida, where he had gone for the benefit of his health, was communicated to Congress on Saturday. After the passage of the customary rssolutions, both Houses adjourned. Mr. Holly was a Whig, and elected to Congress in 1846

☞ The Annual Conference of the Methodist Episcopal Church will meet in this town on Wednesday next.

☞ HENRY CLAY left Baltimore on Saturday morning, in the cars, for Cumberland. He remained there Sunday, and resumed his journey the following day for Pittsburgh, where he received the honor of a public reception. After a short stay in that city, he was to proceed directly to his home in Kentucky, where business engagements require his attention.

SUDDEN DEATH.—Mr. Thomas B. Cook, a respectable citizen of Centreville, died very suddenly on Thursday night of last week, of a disease of the heart.

MURDER IN BALTIMORE COUNTY.—We learn from the Sun that a murder was committed on Monday last, near the Herring Run, in Baltimore county, which originated in a quarrel about a dog, between two Germans—one going to the house of the other and shooting him dead.

☞ Graham's Magazine for April has been received. It contains two beautiful engravings, one of which is a spirited portrait of Gen. Scott, and is replete with interesting miscellany.

GENERAL SCOTT.—The parting of this veteran chief with the army, after the arrival in Mexico of the order suspending him from command, is represented as the most affecting scene ever witnessed since the days of the revolution.

FROZEN TO DEATH.—Mrs. Sage, an old lady residing near Rockville, Md., was frozen to death on Monday night of last week, by falling into a stream of water, while returning home to her residence.

PROCEEDINGS OF THE WHIG STATE CENTRAL COMMITTEE OF MARYLAND.

At a meeting of the Whig State Central Committee, held on the evening of the 15th, at Barnum's City Hotel, the following resolutions were adopted:

Whereas, the Representatives of the Whig party from all the States of this Union, at present in attendance at the seat of the General Government, as well as the Whigs of the State of Maryland, by their representatives in her Legislature, have decided in favor of the expediency of holding a National Convention, for the purpose of nominating candidates for the Presidency and Vice Presidency, in concordance with the custom, which has always heretofore prevailed in the Whig party:

Resolved, That the Whigs of the State at large be respectfully requested to acquiesce in said decision, as important to the success of their efforts, and vital to their existing party organization.

Resolved, That, in view of the great achievements, the prominent virtues, and the distinguished patriotism of General Zachary Taylor, connected with his known and avowed attachment to the principles of the Whig party, this Committee do recognize him as the candidate for the Chief Magistracy, most likely to ensure the approbation and support of the whole country.

Resolved, That in compliance with the recommendation of the Whig members of the Legislature, the Whigs of the city of Baltimore be respectfully requested to assemble in their respective wards, on the second Monday in April next, to select delegates to a City Convention, with power to choose delegates to meet in State Convention, in the city of Baltimore, on the second Monday of May next, for the purpose of appointing delegates to represent the State in the Whig National Convention, to be held in Philadelphia on the 7th day of June, to nominate candidates for President and Vice President, and for the purpose of nominating electoral candidates for the next Presidential election.

Resolved, That the Whigs of the several counties be respectfully requested to assemble at their several places of meeting, on the second Monday of April next, to elect delegates to the Whig State Convention to meet in the city of Baltimore on the second Thursday of May next, for the purpose of appointing delegates to the Whig National Convention and nominating electoral candidates for the next Presidential election.

Resolved, That a committee of seven be appointed to prepare and publish an Address to the Whig Voters of the State, to impress upon them the importance of union and concert, and a strict adherence to thir party organization, in the approaching canvass.

Under the last resolution, Messrs. Thomas Swann, William Chesnut, John P. Kennedy, George E Sangston, Isaac Munroe, Geo. Av. Spickelsen, and Trueman Cross were appointed a committee to prepare and publish an Address.

I NEVITT STEELE, Chairman.
R. H. COLEMAN, Secretary.

THE FRENCH REVOLUTION AND THE MEXICAN WAR.

The passage of the Ten Regiment Bill by the Senate is one of those political absurdities to which state-philosophers are disposed to attach almost a criminal character. It is impossible to believe in its necessity; and, therefore, it is difficult to credit the sincerity of those who voted for it on the plea of necessity.—The commonest intellect, however, can see in it a scheme of corruption—a party device to swell the already enormous patronage of the Executive, at the expense of some millions of the public money.—Such schemes always react upon their authors; and in the loud cry of retrenchment and reform that must follow this costly Mexican war, the authors of the bill will have no reason to congratulate themselves on their ingenuity.

There never was any necessity for the passage of the Ten Regiment Bill; and now, that we have time to calculate the consequences of the stunning European news, it will occur to most minds, that even the *appearance* of a necessity has passed away. The French revolution, it might be said, has obviated the possibility of any resistance to peace on the part of the Mexicans,—and, certainly, it will be a dead-blow to the prospects and the hopes of any war party of resisting with effect. With Louis Phillippe and his late alleged projects of a Spanish appanage in Mexico, falls all hope of French assistance to the monarchic party—if there be such a party—in that country; and in the critical position in which, for a time at least, this great court places the peace of England, we shall have little to apprehend from the hostile machinations of her citizens or officials in the Mexican republic.

The revolution of Paris, in fact, leaves Mexico at our mercy—or the mercy of our rulers. A new state of things has arisen in Europe, where all governments, occupied with the necessary preparations against a storm that may at any moment burst out with a fury threatening their own safety, have forgotten the, to them, petty interests of Mexico, and the designs, whatever they may be, of her conqueror. The Mexicans will know this—Messrs. Thornton, Mackintosh, Macnamara & Co., will know it; even Santa Anna, and Bustamente, and the Padre Jarauta will know it; the Mexican government and Congress, above all, will know it. Nothing could have occurred more opportunely to reconcile all parties in Mexico to the treaty, as modified and sent back to them from the American Senate. Every hope of assistance, in any form, from Europe—money, arms, counsel, mediation even—is now at an end; and the treaty affords to the unfortunate republic her only path of escape.

To pass the Ten Regiment bill, under the circumstances now, would be an act of gratuitous folly, of which we do not think the House of Representatives will be guilty. They have much more important matter pressing upon their attention.

The only danger of the treaty in Mexico is from the disgrace of General Scott; and the European news will obviate even that,—unless it should have occurred already. *Philadelphia American.*

FROM NEW MEXICO—*Burning of the town of Tucs.*—Private letters received at St. Louis from Taos, state that Sheriff Jones, while on an excursion to arrest an Indian, who had been implicated in the rebellion, was pursued by the insurgents, who, having gained an entrance into the town, sacked and burned it. Two of the inhabitants were killed and forty taken prisoners.

A correspondent of the St. Louis Reveille, writing from Tlacotalpam, Feb. 20th, says that a horrible affair took place at Talascoya, four days previous. Five Americans, captured near Vera Cruz, were taken to Talascoya, tied to stakes, in full view of each other, and then *the tongue, eyes, nose, ears and hands of one were deliberately cut out!* After the first one died, another was treated in the same way, and so on. Commodore Perry had visited Tlacotalpam with a hundred marines, laid the place under contribution, and returned to Vera Cruz.

A WHIG VICTORY IN DETROIT.—The campaign of 1848 in Michigan was commenced yesterday in this city; and the result of the first battle will cheer the hearts of the Whigs of the West. Probably a more warmly-contested fight than of yesterday has never taken place in Detroit. The issue was, "Cass or no Cass"—"Whig Principles, or Locofoco Rule," The victory over Locofocoism was decisive.

Mr. Buhl, the anti-Cass Whig candidate for Mayor, received a majority in six out of seven wards of the city, and has an aggregate majority of 104 votes over Mr. Goodwin, his Cass-Locofoco opponent!

Last fall the Locofoco majority in this city was 238. The result of yesterday's contest shows a gain in favor of Republican Whig principles of 342 votes in the short space of four months.—*Detroit Adv., 7th.*

NEW HAMPSHIRE ELECTION.—The Locofocos have carried the State election in New Hampshire by increased majorities. Williams (L. F.) is elected Governor by about two thousand majority—and there is a majority of from twenty to thirty Locofocos in the Legislature, thus securing the re-election to the U. S. Senate of Mr. Atherton.

He is now ready to execute any orders with punctuality. he flatters himself that from the experience of ten years close application to public business in Baltimore City he has gained sufficient knowledge of the trade to furnish garments combining with the same as much taste and of as good style as they can be furnished in Baltimore, Philadelphia or elsewhere, he insures all work at the establishment to give satisfaction.

The Lady's Dollar Newspaper.

This work it is the intention of the publisher, who is well known to the American public, to make far surperior to any other Family newspaper of the day. It will be published at ONE DOLLAR per annum, payable in advance, which will only be about four cents for each number. He will be assisted by a number of Literary Ladies, who are anxious to see a publication in the shape of a newspaper issued that may be worthy the patronage of their sex. It is the intention of the editor to rescue from oblivion the writings of the most eminent female writers such as Miss Sedgwick, Mrs Sigourney, Miss Gould, Mrs. Embury, Mrs Stephens, Mrs Child, Miss Fuller Mrs. Kirkland, Mrs Osgood, Mrs Fanny Butler, etc etc The best Stories & Essays that are published in the English Magazines will be transferred to its columns, and the public will get through this medium twice a month an opportunity to contrast the Literature of America with England, and will receive for one dollar what is charged by other publications from $3 to $6

This paper is intended to take the place of the reprints of Blackwood and the London World of Fashion.

One great feature will be the entire Republication of all the most splendid English annuals, giving for four cents, the litterary matter of what here would cost from five to ten dollars. An English Anunal for four cents.

One thing it is thought important to mention—No article published in Godey's Lady's Book will be published in the Lady's Dollar Paper, and vice versa.

One reason for changing the reprints of the London Magazines to the Ladys Paper, is that we were then bound to give merely a Reprint of what was good and bad. In the Dollar Paper we have it in our power to repel the bad and give only the good and we can communicate more freely with our subscribers—give them every novelty in Dress, Accomplishments, etc.

It is in our power to produce—aided by the able assistants we have—a work that may fairly be entitled a Lady's paper, and we will do it. We would prefer that the work should be seen and judged by the merits, which is a better test than a mere prospectus
