LETTER FROM MRS. ADAMS.—The resolutions of respect to the memory of Ex-President Adams, which were adopted by the Legislature of Maryland, at its late session, were transmitted to his widow by Gov. Thomas, and that lady has returned the following.

Washington April 10, 1848.

To the General Assembly of Maryland:

To express the sense of gratitude which fills my trobbing heart, on the reception of the resolutions passed by your honorable body, is impossible, to one so little trained or skilled in writing. Permit me to hope for your indulgence, and believe that the rich tribute thus offered to the memory of my lamented husband, confers an honor imperishable on the Assembly, in the praise of a man who was ever found true to his country, to his family, and to his religion. Impressed with the exceeding honor of the obligation conferred on myself by the sympathy manifested for the bereavment so great to my family, allow me to offer our united grateful thanks, and to subscribe myself, with great deference, your obedient servant,

LOUISA CATHARINE ADAMS.

From the Nat. Int. of Tuesday.

ANOTHER PRESIDENTIAL WAR THREATENED.

At the sitting of the Senate on Saturday last, a resolution was submitted by Mr. CLARKE, and adopted, calling on the President for information as to whether any orders had been given to our naval forces to proceed to Yucatan, for the protection of the inhabitants; and, if so, to communicate such orders and correspondence thereon to the Senate.

In pursuance of this call a Message was yesterday sent to the Senate by the President of the United States, communicating copies of certain despatches from the Navy Department to our Naval Officers, of which we have not been able to obtain copies. The following extract, however, from one letter addressed to Commodore PERRY *since the Senate has had the Yucatan question under debate*, will show what designs are not only meditated, but are even about being carried into execution, with the obvious intent, without the consent of Congress, to involve this country in a fresh war, on the ground of a supposed continental duty or necessity *on the part of the Executive:*

"While the United States are engaged in a war, with Mexico, the actual presence without our consent, of the armed force of a neutral Power within the territory of our enemy, co-operating with any portion of the Mexican people in military operations, [even assisting the Yucatanese to resist the Indians, we suppose,] cannot be permitted. Such a state of things, it is hoped, will not occur. If you should have reason to believe that it will, you will communicate it without further delay that *the President may take such measures as his constitutional duty will require at his hands.*"

NEVER DESPAIR, YOU CAN BE CURED

Philadelphia, July 26, 1846.

TO THE PUBLIC.—I certify that before my remembrance I became afflicted with what the Physicians called SCORFULA. It made its appearance by pain and swelling of the joints—more especially of my ankles, knees, wrists and elbows; after which the glands of my throat and neck became inflamed and swelled, attended with most excruciating pains. I was often confined entirely to my bed, and for weeks together could not move my neck or turn my head. Several physicians attended me at different times—but they did not appear to do me any good.

About a year ago I was attacked with vomiting, which continued every few minutes all one night. The next day an eruption appeared on the sides of my neck, which soon spread all over my neck, head and face, with inflammation of my eyes and eye-lids which destroyed my eye-lashes and caused the hair to fall from my head, & soon the disease spread all over me; my limbs were one entire scab I could not bend my hands or arms without causing the skin to crack open, when the blood would run out.—Some of my finger nails came off. In short, I was unable to get my own living and in this condition I called upon Dr. JAYNE, in order that he might undertake my case.—He directed me to take his ALTERATIVE three times a day, and his sanative pills as often as I should find necessary I have now taken his alterative four months, and am most happy to say that it has entirely cured me. DR. JAYNE'S FAMILY MEDICINES

It is our principle in the management of this paper to notice anything which we find out, from personal investigation, to be of utility to the public.—Some of Dr. Jayne's medicines we have used in our family for many years For instance "The Expectorant." "The Carminative," & "Vermifuge," which we know to be good for the complaints they profess to cure. We were on Lake Ontario, the past summer, when several of our travelling companions, from having, in Western New York drank, for many days, the limestone water of that region, were badly attacked with violent Diarrhœa and Dysentery. Mr. B. had provided himself, previous to leaving home, with "The Carminative of Dr. Jayne," and in all cases of its use, and among five gentlemen, it was successful in effecting a speedy cure.

The Expectorant we have known used among our intimate friends with equal success; and we feel that we shall do a good act to families (especially those situated so they cannot have access to immediate medical skill,) to advise them to keep on hand both the Expectorant and Carminative. The Expectorant is believed by good physicians, to be the best recipe for Pulmonary Consumptive complaints, that has ever yet been compounded. The reason is, Dr. Jayne is not a quack, but a regular, scientific, and able medical practitioner himself, his medicines are used by the best physicians.

EZRA HOLDEN,
Editor of the Phila. Saturday Courier.

JAYNE'S SANATIVE PILLS, though not recommended as a universal "cure-all," have nevertheless proved superior to every thing of the kind especially in LIVER COMPLAINT and DYSPEPSIA, and when used in conjuction with his Tonic Vermifuge or Alterative, will not fail one time in a hundred of effecting a permanent cure.
