manner as to reflect great credit on Teacher and Scholars. It is but justice to Mr. Singleton, the Teacher in this department, to say, that great credit is due him for the very efficient manner in which his School is governed; and the good order that seems to pervade it. Here we have cause to complain again of the negligence and want of interest manifested on the part of parents, as well in relation to their own children, as to the success of the public schools.—It is strange that there is so little interest manifested by the public generally, and especially by parents, in relation to a subject so eminently worthy of their attention and regard, upon which depends, in a great measure, the prosperity and welfare of the rising generation. A great many persons are ready to complain about their Teachers and Trustees, when, at the same time, they are totally ignorant of the manner in which the schools are conducted. No doubt if parents and guardians would cooperate with the Teachers, and make their children attend school regularly, we should hear little or no complaints about the progress of their children in learning.

Where were the twenty-five scholars who were not in attendance on last Friday? The parents and guardians of these children must have known of their absence. Now what encouragements is there for Teachers and Trustees, under such circumstances? If the parents and guardians of these absent children thought they would not pass a creditable examination, from the fact of neglect on the part of the Teacher, then it was their duty to have had them there, and been there themselves, and let the fault be laid at the Teachers own door, in the presence of the Trustees, to whom he is responsible. Let parents and guardians do their duty, make their children attend school regularly, and attend the examination themselves, and if their expectations are not then realized, let them make their complaints to the proper authorities, and the responsibility will fall where it belongs—and it will satisfy

Philadelphia, May 28th, 1845.

Dr. Jayne—Dear Sir; I feel bound to the afflicted to give publicity to the extraordinary effects of your valuable medicine.

I have suffered for several years past with Liver Complaint, and the train of diseases which follow—a complete prostration of the system—so that it was with great difficulty I could walk, and at times I was confined to my room. To add to my misery, a Scrofulous affection appeared in my throat, with Rheumatism in my arms, so that I could not raise my right arm to my head. In the hottest weather my feet and hands would ache with the cold, and prespiration had almost ceased. I now became afflicted with a dry hoarse cough, and gave up all hopes of ever getting well. I had night sweats, and got little or no sleep, with frightful dreams and morbid headache. I seemed to be bordering on INSANITY, and was denied all study or mental exercise. I could not read a small paragraph in a newspaper without great difficulty. I had great soreness in my stomach, which caused it to swell so much that I was unable to lie down, or even recline, but had to be propped up in a chair.

I had the advice of some eminent physicians, and tried nearly all the remedies used in such cases, but continued to grow worse, and it appeared as though a speedy dissolution was taking place.

I now heard of your medicines, and determined to try your Sanitive Pills, and to my surprise the soreness left me, so that I could walk about the house. I continued to improve from that time. Shortly after my wife called at your store, and obtained a bottle of your ALTERATIVE.

After taking which and the Pills for three weeks, there was a decided change for the better, so that when I called upon you, you said that I would get well, and that your ALTERATIVE would cure me effectually. With no hopes, however, of getting well, I still continued taking your Alterative, until I had taken the fourth bottle, when there was a sudden change in my whole system, as though I had got rid of some great burthen, and I could draw my breath as usual. My nerves gradually became strong, and my appetite returned.

It has been about four months since I commenced taking your Medicines, and at this time nearly every vestige of disease is eradicated from my system. I am as active, and nearly as strong, as at any period of my life.—I have now gained nine pounds in two months.

I have good reason to believe that the use of your valuable medicine, by the blessing of God, has saved me from a premature grave.

MEDICAL STAND.

THAT much desired Medical Stand is now for rent, where the subscriber lived and practiced medicine for about thirty years, and only relinquished the same in consequence of advancing age and the great fatigue of practice.

There is a two story Dwelling House, with additions at each end, smoke house, carriage house, stables, granary, and all the other necessary out houses. There is attached a yard and garden, also three lots of about three acres each, in tolerable order. It is situated on the head of a beautiful river, abounding in fish, oysters, terrapins, crabs, and in fine all the great luxuries of the salt water. As a medical stand it is a large opening, and there are none to equal it in the State. Those persons wishing to rent will do well to call on the subscriber, who will show the premises.

CEDAR POINT FOR SALE.

I WILL SELL the above named Farm on which I now reside, situate in Edmondson's Neck, four miles Southwest of Easton, Md. It contains

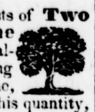

416 acres Arable,

AND **229** ACRES OF TIMBER LAND.

The former is in a high state of cultivation, (set in Clover and Timothy,) and laid off in shifts of seventy-five acres each, together with five house lots for the use of Orchards, Truck Patches, Clover, &c.

Ninety acres are in New York flint wheat, and one hundred and fifty in Corn, which, with Sweet and Irish Potatoes, &c., present a flattering prospect.

The balance of the Land consists of **Two hundred and twenty-nine acres of Timber,** equal for value and size to any in the State, being mostly White Oak and Yellow Pine,

suitable for Ship Building. Of this quantity, if desired, one hundred and fifty acres, lying compactly together, will be sold separate. The whole is convenient to navigable water, the greatest distance therefrom being not over half a mile.

More than half of this valuable and beautiful property is bounded by Navagable Salt Water, having deep clean & sandy shores. In their respective seasons may be found in great plenty, Wild Fowl, Fish, Oysters, Crabs, Terrapins, &c.

Means for still rendering the Land more productive, are abundant, and consists of Indian shell Turf, &c. The former in vast quantities may be had in many sections round the shores. The Farm is well supplied with Wells and never failing springs of pure and wholesome water.—The neighborhood in respectability, health, and agricultural improvement is surely not surpassed in this State. Steamboats to and from Baltimore, Annapolis and Cambridge, pass almost daily within one fourth of a mile of the dwelling and one hundred yards of the wharf. These, with the numerous packets and other vessels afford constant and easy access to market, and render the scene pleasing and cheerful.

The BUILDINGS, which are many, and suited to almost every purpose, are extensive and nearly new, having been erected by faithful mechanics, under the owner's supervision, within four years. The Dwelling is forty feet square, two stories high, and completely furnished with Marble Mantels, Bells, &c., throughout the building.

The Land, with what is now growing thereon, will be sold together or separate, and possession given immediately. When disposed of, the stock, consisting of Horses, Cows, Hogs, Sheep, &c., together with a complete set of Farming Implements, will be sold on accommodating terms.

For further particulars apply to my agent, SAM'L. HAMBLETON, jr. Attorney at law, Easton, or to the suberiber, on the premises.

Facts are Stubborn Things!

MARTIN'S COMPOUND SYRUP OF

WILD CHERRY

IS the best remedy now in use in Coughs, Colds, Asthma and Consumption, in its early stages, ever offered to the public. Read the following—

No. 25 Pleasant street, Baltimore, January 26th, 1847.

Dr. Martin: Dear Sir:—On the 6th of Feb 1846, I was first taken with a hæmorrhage from my Lungs, and was confined to the house in consequence of it and other pulmonary symptoms for nearly four months. I became so exceedingly weak and debilitated by it and the cough and repeated spittings of blood and matter which ensued, that I was entirely prostrated. I however recruted a little and went into the country for two months, but returned without the least benefit, and on my return to the city I had another attack from hæmorrhage. My cough now becomes so exceedingly harrassing—particularly at night. I thought I should sink under it. My feet, ankles, hand and wrists swelled much, and I nearly lost the use of them. Every morning they were rubbed for near one hour before I could use them, and when I got out of bed I had to be assisted. My expectoration was very profuse and was mixed with clotted blood I suffered much from pain in my breast and shoulders, and at times my whole frame appeared disordered. I was attended by two excellent physicians in the city who cease to visit me, and I supposed, thought my case beyond the healing art. In fact I was so reduced I never expected to be well again, and many persons both in and out of the city can certify that my case appeared hopeless.

I had used for a long time various pulmonary preparations up to November, but all to no purpose, and hope seemed to have fled. In the latter part of that month you came to see me. After talking with me some time you proposed to me to try your Syrup of Wild Cherry. I did so and after using it some weeks I began to recover, and now (thank God) I think my disease is removed. My cough has left me, my breast is easy, and I sleep soundly and comfortably and my health and strength daily improves, but as the weather is so unsettled I feel reluctant in turning out. By way of exercise I daily at your request take a turn at wood sawing.

In making my case known I am prompted by no other motive than feelings of benevolence, and for the benefit of others who may be similarly afflicted. Very respectfully,

THOMAS J. HENRIX.

Now in the employment of Canaby and Bartlett, Druggists.

MARTIN AND WHITELEY'S

NATIONAL TONIC,

A certain cure for Ague and Fever, and Dyspepsia. We publish the certificate of a worthy man who is well known in Queen Anns County, and who was speedily relieved by it—

BEVER DAMS, QUEEN ANNE'S Co. October 3d, 1847.

Dr. George. T. Martin, Respected Sir:—In justice to you and to the Public, and to discharge a high and responsible obligation resting upon me, I take this method of making known to the public the remarkable cure your National Tonic has wrought in my particular case. I had been laboring under an intermitting fever for 15 months; I had tried different eminet Physicians but without success; 'tis true the quinine would stop the chills a day or two, but they would return with double violence until I became weak and emaciated, my stomach swollen and hard, my spirits broken, and had but little hope again becoming a sound man; last winter I accidentally saw this invaluable TONIC and commenced taking it, and before I used HALF a bottle my chills left me, my appetite gradually returned, and my spirits also, and by the time I had finished the one bottle I was, as it were, a new man. Nearly a year has elapsed and I have not had a single chill. Your Pills are the most popular pills amongst us. Yours with respect,

JOHN NELSON.

Martin's Universal Purgative Pills.

In offering these Pills to the public we know there cannot be found a better, or more safe, easy or agreeable remedy, in all cases were a Purgative is needed. They speedily remove all irritating matters retained in the bowels, or when the habitual alvim discharges are too tardy or insufficient for health, by their specific virtues they restore the secretions to a healthy action, and the blood to its natural purity.

Extract from W. L. Jones' letter—

I have been using Dr. Martin's Universal Purgative Pills for the last four years, both personally and in my family, and with great confidence recommend them as a certain and safe purgative, and for the billious fever I have never known them to fail; in a word I have had much sickness and use nothing else.

Respectfully yours, W. L. JONES,
Surgeon Dentist, Caroline Co., Md.

October 16th, 1846.

To Dr. G. T. Martin.
