A Word to Our Patrons.

Of the punctuality of our patrons in SQUARING UP, as a general thing, we have nothing to say, but there are numbers who stand on our books, and have been there for over twelve months without affording us the pleasure of giving them a single credit. We know full well that this is an oversight in them, as the amounts are small—for we think we can boast of as true, firm, and open hearted patrons, and as many of them, as any other paper on the Shore. The most of our patrons know under what difficulcies we labor, in having a heavy debt hanging over our head, which is like the canker, the longer it lays the deeper it penetrates, until the main substance is devoured.

Winter, too, is fast coming upon us when we should have a supply of material large enough to last until the opening of the Spring. Last winter we came very near losing an issue or two by the closing of navigation and not having money to lay in a supply before the hard winter set in. The amount of each individual account is small—but in the aggregate, will be of great help to us. Give us a call then, and you will always find us ready to drop our "STICK" and RULE, and leave our own "CASE" to attend to yours.'

MAYOR SWANN has agreed to be re-nominated for the office of Mayor of the city of Baltimore By thus agreeing he has complied with the wishes of his party in that city, and his numerous admirers will hail it with joy, as he no doubt, can add greater strength to the American party than any other man in Baltimore—and his election is certain, by an overwhelming majority.

THE CAPTAIN OF THE SLAVER.—Capt. Townsend, of the slave brig Putnum, who has been brought to the New York quarantine to be sent to Charleston, is a resident of Providence, R. I., where he has a family. He is said to be 33 years of age, tall, resolute-looking man, with light hair, large red whiskers, and is very intelligent and of excellent address and manner. Bad luck in his legitimate voyages, he says, forced him into the slave trade. He says that the slaves on board of the Putnum will return with reluctance to Africa, as their condition was, and will be, much worse there than in the United States or Cuba. He brought 470 from Africa, but 160 died at sea.

News from off Cape Race has been received. The Agamemnon very narrowly escaped destruction by fire. On the Oxford and Wolverhampton Railroad a serious collision had occurred, resulting in the death of several persons and the serious mutilation of others. The Queen was still in Germany. Although the treaty with China does not permit the allies to have permanent diplomatic agents at Pekin, their Consul-Generals at Tein-Sein are to be admitted to direct intercourse with the Cabinet. The Empire is to be open to foreigners, and the left bank of the Amoor is to form the boundary between Russia and China.

DESTRUCTION OF STATEN ISLAND HOSPITAL BY A MOB.—It appears the mob took advantage of the telagraph celebration and excitement in N York city to carry out their designs. On Wednesday morning a large meeting, said to have been composed of many of the respectable citizens and property owners of the island, was held at Castleton, and adopted the following resolutions:

Resolved, That the whole Quarantine establishment, located as it is in the midst of a dense population, has become a pest and a nuisance of the most odious character, bringing death and desolation to the very doors of the people of the towns of Castleton and Southfield.

Resolved, That it is a nuisance too intolerable to be borne by the citizens of these towns any longer.

Resolved, That this board recommend the citizens of this county to protect themselves by abating this abominable nuisance without delay.

An informal motion that the meeting constitute itself a committee of the whole to carry out the spirit of the resolutions forthwith was passed with great unanimity, and as a natural result, the meeting contributed their quota to the cable illuminations of the evening by making a bonfire of the quarantine buildings.

THE OFFICIAL VOTE OF KANSAS.—For "Proposition Accepted" there were cast one thousand seven hundred and eighty-eight votes, and that for "Proposition Rejected" there were cast eleven thousand three hundred votes, and a majority of the votes cast being 9,512 for "Proposition Rejected" it is "deemed and held that the people of Kansas do not desire admission into the Union with said Constitution under the conditions set forth in said Proposition."

NOT RECEIVED.—Why is it that we do not receive the Marlborough *Gazette* and Annapolis *Republican*? If those two papers do not wish to exchange with us we would like for them to discontinue taking our paper out of the post office. If the fault be with others please see to it, as we have not received a copy of either of them for nearly a month.

DOVES AND PLOVERS.—These birds appear to be very plentiful this season in this section. In fact their great numbers have afforded rare sport for gentlemen of leisure throughout the State.

The Democrats of Baltimore have resolved not to nominate a candidate for the Mayoralty at the ensuing election.

ADVERTISEMENTS.—For important advertisements examine ths columns of the *Easton Gazette*. Notwithstandiug the enormous circulation and wonderful adverti sing patronage we sometimes hear boasted of, we think from the appearance of our columns that the people know precisely where to carry their advertisements to have them generally read and where they will do the work for which they were intended. Our subscription list does not quite equal the New York *Herald* or the London *Times*, but when it comes to the firm, reliable, and business men of the county and State, we think we can unfold the pages of our subscription book and favorably compare with any paper on the Shore, though some of them may contain an "em quad" on each page more than the Gazette. Nothing more to say, but let the work speak for itself.

Local Items.

ANOTHER FIRE.—On Thursday evening last, between two and three o'clock, the straw on the stack yard of Col. Hambleton on the 'Spring Hill,' near the limits of the town, were discovered to be on fire. A large quantity of straw with a wagon and other farming implements and a large and nearly new barn, containing some hundred and twenty-five bushels of wheat and a lot of clover hay. No time was spared in trying to save such things as were moveable, but the straw being so very hot and near the barn, the building was completely enveloped by the flames in a few seconds. The fire is supposed to have originated from boys shooting guns around the straw stacks—as several is said to have left the yard a few minutes before the flames broke out.

This should be a caution to parents who allow their boys, although hardly large enough to shoulder a gun, to go a gunning without being under the care of older persons.

ANOTHER SALE.—Wm. A. Sullivan, Esq., Administrator of Henry Sullivan, dec'd., will offer at public sale on Wednesday, the 15th inst., stock, household and kitchen furniture, &c.

AN ERROR.—In the advertisement of the sale of Chas. W. Haddaway on Wednesday, the 22d inst., the credit given was six months when it should have been ten months, thus making it a very material difference in the time. Those who wish to purchase articles at the sale then, will bear in mind that the credit given is ten months.

TRUSTEE'S SALE.—Henry P. Hopkins, Trustee, will offer at public sale, in front of the Court House on the 28th inst., that tract of land owned by Jas. H Ridgaway, containing some 225 acres of land. Also whereon Jas. H. Ridgaway formerly resided and owned.

"FAUSLEY WOOD."—This magnificent farm, offered for sale by M. Tilghman Goldsborough, Agent, is one of the most splendid tracts of lands in the county.—And we would advise any who may want a splendidly cultivated farm to give it an examination.

WASHINGTON COLLEGE.—We invite attention to the advertisement of this old Institution in another column. The teachers and governors of this College are men of highly cultivated minds and calculated to honor to any institution of learning.

SOUP! SOUP!!—We see that Mr. J. Q. A. Haddaway of the Easton Hotel, has purchased and will have served up to-day by experienced hands a very large Sea Turtle—and we should judge from its plumpness that it is in prime order. Price for dinner—50 cents.

MANN'S HOTEL.—Mr. C. H. Mann, now occupies the hotel in Baltimore, formerly in the occupancy of Mr. Giles, and offers every accommodation and convenience that can be asked. His house is central and well furnished both in the restaurant and lodging apartment. See advertisement.

A FARM ON THE CHESAPEAKE BAY FOR SALE.—Will be offered on the premises, lying directly on the Chesapeake Bay, and near West River, a splendid residence.—The farm contains 223½ acres of land and a fine peach orchard. See advertisement.

ANOTHER STEAMER ON THE TRACK.—We see by advertisement in the Sun, that the steamer "Star," Capt. Perry, will run from Baltimore to Miles River Ferry, touching at St. Michaels and other places, on Tuesdays and Thursdays, returning on Wednesdays and Fridays,—hours of starting from Miles River—8½ o'clock—passage to Miles River, $1.50.

LUTHERVILLE FEMALE SEMINARY.—This Institution which will commence its fall session the 1st of October, is highly recommended, not only by persons from a distance but by gentlemen of high standing of our own and adjoining counties. Indeed we see by the catalogue that several young ladies of this immediate vicinity have been numbered among its many pupils to receive a polished and useful education.

FARMER'S MAGAZINE.—The American Farmer's Magazine for September is at hand. By J. A. Nash, No. 7 Beakman street, New York, at $2 a year. Why is it we receive this work so irregularly?—This is the first number we have received for about three months; and it is too fine a work to have the numbers missed.

AMERICAN FARMER.—This able and interesting agricultural journal, for September, is as usual, punctually at hand. Price one year, $1. Published by N. B. Worthington, Carroll Hall, Baltimore.

THE COUNTRY GENTLEMAN—a weekly agricultural work, and of great interest to farmers, published by Luther Duker & Son, N. Y., at $2 a year.

FIREMEN'S MEETING.—We learn with pleasure that a prayer and conference meeting is now being held every Sabbath evening, in the hall of the United Engine Company, on S. Howard st, Balt, and is generally well attended by the members of that company. On Sabbath evening next it is expected members of other companies will be present, as invitations will be extended. The meeting, however, is a public one, and everybody who feels disposed would meet with a hearty welcome. It is hoped this firemen's meeting may not be suffered to stop for want of encouragement from a set of men whose good works give the expression to their good hearts.

THE TREATY WITH CHINA is already telling favorably upon American trade. The manufacturers of domestic goods in Boston are already, it is stated, realizing the beneficial effect of the recent treaty. One house has received orders for 3,000 packages, and another is reported as having received orders for 1,500, making in the aggregate 4,500 packages.

The Snow Hill (Md.) Shield recommends Col. John C. Groome as the democratic candidate for the Vice Presidency in 1860.

DR. HARNEY, of the U. S. Army, who recently died at Baton Rogue, La., was, a native of Delaware, and served as a surgeon in the Black Hawk Florida and Mexican wars, besides the war of 1812. Dr. H. was the oldest surgeon in the U S army, and was, by seniority, entitled to the rank of Surgeon General, which, it is stated, he twice declined accepting

THE MUNICIPAL ELECTION held in Wilmington on Tuesday, resulted in the election of Thomas Young, Democratic candidate for Mayor by 11 majority. The People's Party elected Aldermen, Treasurer and Assessor, by small Majorities. Each party elected three members of the City Council, securing an Anti-Administration majority of three in that body.

DELIVERED TO HER MASTER.—Lucinda the slave of a Mr. Turner of the Western Shore, whose committal to jail as a runaway excited considerable curiosity among our citizens, because of her having the appearance of a white woman, was delivered to her master on Saturday last, who took her to Baltimore.—*Centreville Advocate.*

EXECUTION AT WHEELING.—John Burns, convicted of the murder of Mary Ann Montony, was executed at Wheeling, Va., on Friday week, in the presence of several thousand spectators. He met his doom with much firmness.

DESTRUCTIVE FIRE.—Our town was visited on Tuesday evening by a very destructive fire, in the complete demolition of Mr. Wm. V. Grieves' Livery Stable, and a hay-house, granary and corn-crib belonging to Mr. Wm. C. Eliason.—*Smyrna Times*

FARM SOLD.—The farm of Wm. H. Bowdle, editor of the Herald, about ⅞ of a mile from Cambridge, and containing 137½ acres was sold at public sale on last Monday to T. I. Dail for 4,025.

RECOVERING.—We are glad to see that P. C. Rickets, editor of the Cecil Whig, who has been for some time past in very bad health, has very much recovered, and enabled to attend to business.

The Chicago Democrat says:—"We have to-day in store in this city a million of bushels of wheat and this too right in the face of an incoming crop."

The People's Party of Delaware, have nominated James S. Buckmaster for Governor, and Wm. R. Morris, for Congress.

BALTIMORE CHRISTIAN ADVOCATE.—The regular issue of this paper will commence, without fail, on the first day of October.

From Washington.

WASHINGTON, Sept. 6:—The Secretary of the Navy to day concluded an agreement chartering four steamers of Cromwell's Line of New York, to serve with the Paraguay expedition.

In addition to Captain Chauncey, Lieutenants Mullaney, Barrett, Nelson, Mitchell and Drake, together with Purser Upham, have been ordered to the steamer Niagara which is to be ready within seven days to proceed to Charleston and receive on board the captured Africans. They are to be taken to the coast of Liberia under the charge of a special agent and kept and supported there by our government until they can be provided for

Attorney General Black returned from Pennsylvania this morning. All the Cabinet officers are now in this city.

The Yellow Fever at New Orleans.

NEW ORLEANS, Sept. 7.—The deaths from fever during yesterday and the latter part of Saturday numbered 100. The total number of yellow fever deaths during last week were 450—an increase of 48 over the previous week.

HOLLOWAY'S PILLS.—The popularity of this unrivalled alterative and aperient is overwhelming and throwing into the shade all other preparations purporting to be remedies for internal diseases.—Families of every condition in life, and in every section of the country, are adopting Holloway's Pills as the one sole remedy for complaints of the stomach, liver, and bowels, and discarding all the nostrums in which they once placed confidence. Thus does a grand remedy, which controls and regulates the secretions, the circulation, and the whole alimentary system, conquer doubt, prejudice, and interested opposition, as well as a host of diseases which have heretofore bid defiance to medical skill.
