The Washington *Union* is evidently in bad odor with some of its locofoco contemporaries. One of them says of the Administration organ—"its power for evil didn't amount to much; its power now for good is nothing at all."

Do you SUFFER after eating, or from acidity of the stomach, heart burn, WATER brash wind, burning sensation, or indigestion? Immediate relief can be obtained by using the *Oxygenated* Bitters.

HOLLOWAY'S OINTMENT AND PILLS.—In ulcerous disorders, when the vitality of the parts affected is partially destroyed, Holloway's renovating unguent enters in the paralyzed flesh and corroded blood the elements of reproduction. While penetrating thro' the absorbents to the unseen source of the disorder, it cleans the pores for the exhalation of the viscid and purulent matter near the surface, and imparts a degree of vigor to all the external vessels, which enables them rapidly to replace the corruption thus discharged, with sound flesh. All gatherings, sores, boils, glandular suppurations, etc., are readily cured in this way, the cure being assisted and expedited by the internal operation of the Pills.

### Peabody Prolific Corn.

I ANNOUNCED last week that I was offering this corn for sale, for Seed Corn, and among others, referred to James M. Seth, Esq; as reference. I have since received the following letter from Mr. Seth, and take great pleasure in laying it before the public. It will be seen that he planted seven varieties of corn last year, and pronounces the "*Peabody Prolific*" SUPERIOR TO ALL OTHERS. It is only necessary to say that Mr. S. is one of the most intelligent and best farmers in Talbot county. Persons in want of this corn can get it of me, at $5 per bushel. $2.75 per half bushel, $2 per peck and 50 cents per quart. I obtained my seed last year, directly from Mr Peabody, of Georgia, for which I paid him $10 per bushel. I planted no other corn last year, and shall plant no other this year. It is a beautiful white Corn, and weighs 60 pounds to the bushel.

T. M. FAULKNER.

*Letter from James M. Seth, Esq.*

MR. THOS. M. FAULKNER.—You request of me, through letter, by Saml. T. Hopkins, Esq., the result of the Peabody Prolific Corn which I cultivated last year. I can only say I prefer it to any other variety of corn I cultivated, having cultivated seven varieties. I received from the editor of the American Farmer, about one quart Peabody, the same of Wyandotte, and the same of Camanche. I also got two varieties from Pennsylvania; one called King Philip. I had them all planted the same day in the same cut of land, making about 8 rows of each. The Peabody made *twice as much* as any other variety, and much better ears. It did not branch as much as some other varieties; stood up well with several ears to the stock. The Camanche made a large growth, and had from five to ten branches; made a taller growth, and blew down, when the other, with the exception of the Wyandotte, stood up. I shall cultivate all I have raised this year of Peabody.—The result was measured by my brother Thomas.

Yours, &c.,
mar 19 JAMES M. SETH.

## Important to Farmers!

## PEABODY PROLIFIC CORN!

ONE of the most important considerations with Farmers, in the successful cultivation of crops of all kinds, is to procure the purest seed, and those which will mature the earliest, and produce the greatest yield. To enable them to do so at this time, with special regard to their CORN crop, the subscriber desires to call their attention to the justly renowned

Peabody Corn,

which since its introduction by him in Talbot county, has acquired so unrivalled a reputation for its abundant yield of *Grain and Fodder*. A crop of this corn was grown by me in the Summer of 1858, near Easton, and notwithstanding the continued drought of the season, and the unproductiveness of the land on which it was grown, produced a much greater yield, both of *grain and fodder*, than any crop of corn I have ever raised with the ordinary kinds cultivated by me during my long experience in farming, even on lands of prime quality. A number of gentlemen in the county, practical farmers, who examined the crop when growing, were astonished at the great yield which it promised notwithstanding the very unfavorableness of the season. The crops of corn of the ordinary kinds, grown on adjoining farms of vastly superior fertility of soil, was pronounced vastly inferior to my field of the *Peabody Prolific* in every particular.

It was at considerable trouble and expense that this species of corn was introduced by me in this county, and I have taken especial pains in its cultivation, to preserve the seed pure and unmixed with other kinds. This corn, on ordinary land, will produce on an average, from three to four stalks to the hill, containing not less than two good ears to the stalk, and yields a greater abundance of fodder than any other kind of corn now cultivated. I gathered from one hill in my field, last season, *ten* good sized ears of this corn, which I deposited in the office of a prominent citizen of Easton, as a sample of my crop. This corn was purchased by me *directly* from Mr. PEABODY, of Columbus, Georgia, at a cost of ten dollars per bushel, and I have taken great pains to save from the crop grown last year, the *purest* and best matured seed.

I am confident that Farmers in Talbot and the adjoining counties, would find it greatly to their interest to procure in time for planting this season, a portion, at least, of their crop of the seed of this unrivalled corn

Having said thus much, for the purpose of calling attention to this new variety of grain, I beg leave to refer the Farmers of this and the adjoining counties, to the following gentlemen, among the many who examined my crop while growing and who, I am confident, would not hesitate to endorse all that I have said with regard to it.

### PEABODY PROLIFIC CORN.

IF the man who could make two blades of grass grow where only one grew before, was a benefactor to mankind, what would be said of the man who could furnish CORN that will grow two bushels, where only one grew before. Such is the fact. *Peabody's Prolific Corn* will not only grow double the quantity on any soil, per acre, but will more than double the quantity of blades and provender.

I have a limited quantity of the above corn now for sale. It having been planted separate from any other. I can warrant it pure.

Price at Easton, $5.00 per bushel; $2.75 half bushel; $2,00 per peck, or 50 cents per quart, done up in strong packages, and shipped to any address. For less than a dollar postage stamps will be received. For opinions of the Press, see large bills at Hotels and public places.

### PLEASE READ THIS NOTICE.

THE Schooner BUCEPHELUS, Capt. Wm. H. CHAMBERS, will commence her regular trips for 1859, on the 2d March, leaving Easton Point, every Wednesday, and Baltimore every Saturday.—Freights at the usual rates.

All orders accompanied with the Cash, will be promptly attended to; *no others will receive attention*, as it is unreasonable to expect me to accommodate my customers with merchandise on my individual credit; and *I have not the money to advance for them.* I hope they will not ask me to do it, and force on me the disagreeable necessity of giving them a denial. Orders, letters and *money*, left at the Drug Store of Dawson & Brother, in Easton, or William S. Pawson, Commission Merchant, Smith's Dock, Baltimore, will be attended to.

## THE WEEKLY STATES,

PUBLISHED BY
**PRYOR & HEISS,**
AT
WASHINGTON, D. C.

*Subscription price*—$1 00 *per year.*

With the view of securing the largest possible circulation among the masses of the people, the proprietors of THE STATES have determined to reduce the price of the WEEKLY paper to

ONE DOLLAR PER ANNUM.

THE STATES will be conducted with an exclusive regard to the principles of the States-rights Democracy, will be independent of factions, and unbiased by partial interests—in short, will continue on the line it has pursued under its present management.—We presume it has given a sufficient exemplification of its principles and objects to dispense with the necessity of any formal professions.

Located at the Federal Capitol, THE STATES has great advantages over other journals in procuring important and valuable information relating to the AFFAIRS OF GOVERNMENT. Its central position also enables it to procure at the earliest moment the latest foreign and domestic news, and in its columns will always be found matters of interest appertaining to Literature, Agriculture, and Commerce.

The price of subscription is fixed so low, that it brings the paper within the reach of every person who desires a good and reliable newspaper. We therefore appeal to our Democratic friends throughout the country to aid us in securing THE STATES an extended circulation.

To those who will take the trouble of getting us up a CLUB OF TEN SUBSCRIBERS, at the rate of ONE DOLLAR PER YEAR for each subscriber, we will send a copy of the WEEKLY STATES for one year GRATIS.

Payments in all cases required in advance.

Current money in the different States received in payment for subscriptions.

All letters should be addressed to
PRYOR & HEISS.

### THE DAILY & SEMI-WEEKLY STATES

[From the Boston Post, Feb. 9, 1858.]

OXYGENATED BITTERS.—The various certificates given by gentlemen of position in regard to the merits of these Bitters, which we believe to be fully merited, are endorsed to-day by a card which appears in the Portland Christian Mirror, of the 20th ult. As a voluntary expression of opinion, it must have its due effect.

EAST TAUNTON, Jan 4, 1858.

Mr. Lord—Dear Sir:—You will confer a favor upon me, and I trust also upon the suffering, by giving the following a place in the Mirror.

JAMES R CUSHING.

OXYGENATED BITTERS.—For more than twenty-five years I have been a sufferer from the dyspepsia, besides trying the patience of my family physicians in the almost useless trials of their various prescriptions, I have tried a great variety of patent medicines with a similar result. Through the kindness of Dr. W. G. Hanaford, I received, in March last, a half dozen bottles of Oxygenated Bitters, from Mr. Seth W. Fowle & Co., Boston. I began to use them without any hope of deriving help from them. Being determined to give them a fair trial, I continued their use, but without any perceptible benefit till June.

Since then I have gradually improved in health till I am entirely free from acidity of the stomach, and from the consequent flatulency, and the awful and almost distracting sick headache, which often, for days together, has wholly unfitted me for study and for all other ministerial duties, and rendered life a burden. Having derived so great a relief, I feel that I owe it, as an expression of gratitude to Mrs. Fowle & Co., and also a duty to the public, to recommend their Oxygenated Bitters, as in my estimation, a sure remedy for that most trying, most vexing, and cruel of all diseases, to which poor human flesh is heir, the dyspepsia. Having suffered so long, and tried so many different remedies with no good result, I can recommend the Oxygenated Bitters with a confidence few others can. If any of the readers of the Mirror are suffering, I beg of them to make a trial of these Bitters without delay
