Important to Farmers!

PEABODY PROLIFIC CORN!

ONE of the most important considerations with Farmers, in the successful cultivation of crops of all kinds, is to procure the purest seed, and those which will mature the earliest, and produce the greatest yield. To enable them to do so at this time, with special regard to their CORN crop, the subscriber desires to call their attention to the justly renowned

Peabody Corn,

which since its introduction by him in Talbot county, has acquired so unrivalled a reputation for its abundant yield of *Grain and Fodder*. A crop of this corn was grown by me in the Summer of 1858, near Easton, and notwithstanding the continued drought of the season, and the unproductiveness of the land on which it was grown, produced a much greater yield, both of *grain and fodder*, than any crop of corn I have ever raised with the ordinary kinds cultivated by me during my long experience in farming, even on lands of prime quality. A number of gentlemen in the county, practical farmers, who examined the crop when growing, were astonished at the great yield which it promised notwithstanding the very unfavorableness of the season. The crops of corn of the ordinary kinds, grown on adjoining farms of vastly superior fertility of soil, was pronounced vastly inferior to my field of the *Peabody Prolific* in every particular.

It was at considerable trouble and expense that this species of corn was introduced by me in this country, and I have taken especial pains in its cultivation, to preserve the seed pure and unmixed with other kinds. This corn, on ordinary land, will produce on an average, from three to four stalks to the hill, containing not less than two good ears to the stalk, and yields a greater abundance of fodder than any other kind of corn now cultivated. I gathered from one hill in my field, last season, *ten* good sized ears of this corn, which I deposited in the office of a prominent citizen of Easton, as a sample of my crop. This corn was purchased by me *directly* from Mr. Peabody, of Columbus, Georgia, at a cost of ten dollars per bushel, and I have taken great pains to save from the crop grown last year, the *purest* and best matured seed.

I am confident that Farmers in Talbot and the adjoining counties, would find it greatly to their interest to procure in time for planting this season, a portion, at least, of their crop of the seed of this unrivalled corn.

Having said thus much, for the purpose of calling attention to this new variety of grain, I beg leave to refer the Farmers of this and the adjoining counties, to the following gentlemen, among the many who examined my crop while growing and who, I am confident, would not hesitate to endorse all that I have said with regard to it.

Jas. H. Martin, Esq.	*T. R. Holliday, Esq.*

Thos. J. Clark, "	*Dr. J. L. Adkins,*
Col. Wm. Hayward,	

of Talbot county.

John Koerper, Esq., of Queen Anne's.

I have a limited amount of the above corn on hand for sale; and as the demand is great, those who wish to be supplied in time, would do well to give me an early call.

My price, delivered in Easton, or at my farm, near town, will be $5.00 per bushel; $2.75 per ½ bushel; $2.00 per peck, and 50 cents per quart, done up in strong packages. For the benefit of those living at remote points, who may want small packages, on the receipt of $1.00, I will mail and prepay the postage on 10 ounces of the corn to any address.

Peabody Prolific Corn.

I ANNOUNCED last week that I was offering this corn for sale, for Seed Corn, and among others, referred to James M. Seth, Esq.; as reference. I have since received the following letter from Mr. Seth, and take great pleasure in laying it before the public. It will be seen that he planted *seven* varieties of corn last year, and pronounces the "*Peabody Prolific*" superior to all others. It is only necessary to say that Mr. S. is one of the most intelligent and best farmers in Talbot county. Persons in want of this corn can get it of me, at $5 per bushel, $2.75 per half bushel, $2 per peck and 50 cents per quart. I obtained my seed last year, directly from Mr Peabody, of Georgia, for which I paid him $10 per bushel. I planted no other corn last year, and shall plant no other this year. It is a beautiful white Corn, and weighs 60 pounds to the bushel. T. M. FAULKNER.

Letter from James M. Seth, Esq.

Mr. Thos. M. Faulkner.—You request of me, through letter, by Saml. T. Hopkins, Esq., the result of the Peabody Prolific Corn which I cultivated last year. I can only say I prefer it to any other variety of corn I cultivated, having cultivated seven varieties. I received from the editor of the American Farmer, about one quart Peabody, the same of Wyandotte, and the same of Camanche. I also got two varieties from Pennsylvania; one called King Philip. I had them all planted the same day in the same cut of land, making about 8 rows of each. The Peabody made *twice as much* as any other variety, and much better ears. It did not branch as much as some other varieties; stood up well with several ears to the stock. The Camanche made a large growth, and had from five to ten branches; made a taller growth, and blew down, when the other, with the exception of the Wyandotte, stood up. I shall cultivate all I have raised this year of Peabody.—The result was measured by my brother Thomas.

Yours, &c., JAMES M. SETH.

RADICALLY, PERMANENTLY & SPEEDILY
CURED BY THE
OXYGENATED BITTERS.

Experience has confirmed these Bitters, as the most Remarkable Preparation ever presented to the public for the cure of the following complaints, viz:—Pain in the Stomach, Heart Burn, Water Rash, Costiveness, Acidity, Oppression after Eating, Jaundice, Piles, Flatuency, Ennui, Torpor of the Liver, Dizziness, Debility, Fever and Ague, Climatic Influence, Female Complaints, and all Diseases having their origin in imperfect digestion, or deranged condition of the stomach.

This preparation contains no Alcohol, or Poisonous Drugs; is not affected by time or climate; is highly agreeable to the taste; and while it differs totally from all other remedies ever discovered, is unsurpassably superior to them all.

[From the Boston Post, Feb. 9, 1858.]

Oxygenated Bitters.—The various certificates given by gentlemen of position in regard to the merits of these Bitters, which we believe to be fully merited, are endorsed to-day by a card which appears in the Portland Christian Mirror, of the 26th ult. As a voluntary expression of opinion, it must have its due effect.

East Taunton, Jan 4, 1858.

Mr. Lord—Dear Sir:—You will confer a favor upon me, and I trust also upon the suffering, by giving the following a place in the Mirror.

JAMES R. CUSHING.

Oxygenated Bitters.—For more than twenty-five years I have been a sufferer from the dyspepsia. Besides trying the patience of my family physicians in the almost useless trials of their various prescriptions, I have tried a great variety of patent medicines with a similar result. Through the kindness of Dr. W. G. Hanaford, I received, in March last, a half dozen bottles of Oxygenated Bitters, from Mr. Seth W. Fowle & Co., Boston. I began to use them without any hope of deriving help from them. Being determined to give them a fair trial, I continued their use, but without any perceptible benefit till June.

Since then I have gradually improved in health till I am entirely free from acidity of the stomach, and from the consequent flatulency, and the awful and almost distracting sick headache, which often, for days together, has wholly unfitted me for study and for all other ministerial duties, and rendered life a burden. Having derived so great a relief, I feel that I owe it, as an expression of gratitude to Mrs. Fowle & Co., and also a duty to the public, to recommend their Oxygenated bitters, as in my estimation, a sure remedy for that most trying, most vexing, and cruel of all diseases, to which poor human flesh is heir, the dyspepsia. Having suffered so long, and tried so many different remedies with no good result, I can recommend the Oxygenated Bitters with a confidence few others can. If any of the readers of the Mirror are suffering, I beg of them to make a trial of these Bitters without delay
