Trustee's Sale.

BY virtue of competent authority the undersigned, as Trustee, will offer at public sale, on *Tuesday, the 12th of July next,* in front of the Court House, in the town of Easton, between the hours of 2 and 4 o'clock P. M., the farm known as the "Glebe" Farm, whereof Andrew Sullivan late of Talbot county, died, seized and possessed, situate on the public road leading from Easton to Landing Neck, and near the public road leading from Easton to Trappe, containing the quantity of

143 Acres of Land.

The buildings comprise a two story Dwelling House out of repair, with ample Kitchen; commodious Smoke-house, Stables, Carriage house, Cart house and Granary—all in good repair, and an excellent well of water. The Farm is divided into three fields, each having a fine stream of water and meadow running through it. Soil very good and susceptible of a high state of improvement. There is also a fine Apple and Peach Orchard upon the farm. The farm is located within 3 miles of Lloyd's Landing, on the Choptank, a mile of Churches and Schools, and two miles distant from "Lloyd's Springs," a place of great resort on account of the excellent and healthy mineral properties of the water. In a beautiful neighborhood, it has all the advantages of an inland situation necessary to commend it to the notice of purchasers. Persons desiring to view the premises will be shewn them by the Trustee, residing thereon.

TERMS.—One third of the purchase money in cash; balance in 12 and 18 months, with interest from day of sale, secured by bond and security, approved by the Trustee.
june 25-ts SILAS SULLIVAN, Trustee.

To Farmers.

I have on hand a full supply of harvest goods; also common Liquors by the barrel or gallon, which will be sold a little cheaper than the cheapest—Call and price them before purchasing.

JOHNSON'S

PHILOSOPHICAL CHARTS;

A SERIES OF

Ten Large Charts, (each 34 by 52 inches,) accompanied by an Explanatory Key.

The plan of these Charts is entirely new; they embrace

Three Hundred Diagrams,

many of which are original illustrations, adapted to all of the popular and commonly used text-books relating to this branch of education. The use of apparatus is entirely superseded by these Charts. From the Hon. Theo. Frelinghuysen, Pres. Rutger's College, New Jersey.

Dr. Johnson's 'Philosophical Charts,' designed for the use of Schools and Academies, furnish an admirable substitute for the far more expensive apparatus. These charts hung on the walls of the school-room, in all which I hope to see them, will spread before the scholar a palpable illustration of the great laws in Natural Philosophy.

THEO FRELINGHUYSEN.

From Benjamin Silliman, LL. D., Prof. Emiritus in Yale College.

Dr. Johnson's 'Philosophical Charts,' are well worthy of the attention of all teachers and learners of the different branches of Natural Philosophy, to which they relate.

To teachers without apparatus, they must be an invaluable acquisition, and a very useful one to those who have the instruments.

Commissioners' Sale.

THE Commissioners for Talbot County will offer at public sale, to the lowest bidder, in front of the Court-House in Easton, on

Tuesday, the 12th day of July next,

At 2 o'clock, P. M., the contract for altering the public road and making three new bridges, over the streams near Cowgill's (formerly Stevens') Mill, on the road leading from Easton to Hillsborough; the said job to be done according to the specifications contained in the following Report, made by the Examiners appointed to lay down the said road.

REPORT.

We the undersigned Examiners, appointed by the County Commissioners to alter and amend the public road at and below the Mill owned by Daniel Cowgill, Jr., make the following report:

We find that the public convenience requires the road at this point to be straightened, widened, and bridged in three places—over the grist mill race, over the floodgate stream, and over the saw-mill race—the road to be (including ditches from which to raise the causeway) forty-six feet wide, and twenty-four perches long, commencing on the north side of the main road, near the race of said D. Cowgill's saw mill, and passing thence in a straight line to a large poplar tree on the south side of the grist-mill race—through the lands of said D. Cowgill.

The bridges, causeway &c., to be made after the following specifications: The bridge over the saw-mill race to be a single span, ten feet long and sixteen feet wide, in the clear, having three piles of eight inches diameter at the small end, on each side of the race, to be driven in the ground at least four feet and to be even with the surface of the ground at the top, upon which there is to be a cap-sill, eight by ten inches, morticed on each side with five sleepers from one to the other, four-by six inches—between the bank and the piles to be plank sixteen feet long and two inches thick—the bridge to be covered with plank of same thickness, to be spiked down with wrought iron spikes—also frame banister, to be put up on each side of said bridge, to come off on the fast land with a flare—the whole to be made of the best white-oak timber. The bridge over grist mill race to be made by above specifications.

The bridge over the flood gate stream to be made with three spans, each fourteen feet long, making the whole length of the bridge forty-two feet, and sixteen feet wide in the clear: to be built with two mud-sills and abuttments, the abuttments to be made of logs squared on two sides, with logs for wings, sixteen feet long, dove-tailed into them and running from the stream into the fast land of the causeway, slanting outward, the land ends to be pinned together: two mud-sills, to be sixteen feet long squared on the top side, to be burried below the surface of the stream and to be fastened down by three piles at each end, of five inches in diameter and driven at least four feet into the ground—said mud-sills not to be of less diameter than fifteen inches; there shall be two upright posts in each mud-sill, six feet long between joints, twelve inches square and braced up stream: there shall be placed on these posts by morticing, two cap sills, twelve inches square, braced from the posts, said cap-sills to be twenty feet long, so as to allow for traces from them to the banisters: to be five sleepers to each span sixteen feet long, six-by eight inches, the whole to be covered with plank two inches thick and spiked down with wrought-iron spikes—frame banister to extend the whole length of the bridge on each side and to run out on the abuttment wings the whole length thereof, the abuttment on each side to be raised six feet: the causeway to be raised to the level of the abuttments, thirty feet wide at the top: the road to be left open for a public watering place at the flood-gate stream. The whole of the lumber and timber to be used in the above bridge to be of white-oak.

WM. P. LEAVERTON.
D. COWGILL, Jr.

The contractor will be required by the County Commissioners, to enter into bond with good and sufficient security, to double the amount of the purchase money for the faithful performance of the contract, and for the completion of the work within four months from the day of sale; the terms of payment to be agreed upon between the contractor and the said Commissioners; and the work not to be received by the County and paid for in full, until it has been passed by a committee, to be appointed by the said Commissioners to examine it, and the report of the said committee approved by the Commissioners aforesaid.

By order of the Board.

REPORT

Of the Committee appointed by the Commissioners for Talbot County to revise the list of text-books, recommended by the Teachers' Convention, to be used in the Primary Schools in Talbot County:

The undersigned, appointed by the Commissioners of Talbot county a committee to review the action of the Teachers' Convention in relation to text-books to be used in the Primary School of said county, and recommend a list of books for use in said schools, together with such other recommendations in relation thereto as they may deem proper—beg leave respectfully to submit the following

REPORT:

1- A list of books to be used uniformly in the Primary School.

1. McGuffy's Primmer.
2. McGuffy's Eclectic Reader No. 1.
3. McGuffy's Eclectic Reader No. 2.
4. McGuffy's Eclectic Reader No. 3.
5. McGuffy's Eclectic Reader No. 4
6. Town's Speller and Definer.
7. Town's Analysis of words by suffixes and prefixes.
8. Goldsmith's Natural History.
9. Sargent's *Primary* standard Speaker.
10. Goodrich's History of the U. States.
11. Cornell's First Steps in Geography.
12. Mitchell's Modern Geography and Atlas.
13. Emmerson's Arithmetic No. 1.
14. Emmerson's Arithmetic No. 2.
15. Emmerson's Arithmetic No. 3.
16. Potter & Hammond's Pennmanship *—first six numbers.*
17. Davies' Mensuration.
18. Davies' Elementary Algebra.
19. Parker's Philosophy.
20. Guy's Astronomy.
21. Gummere's Surveying.
22. Crittenden's System of Book-keeping.
23. Bullion's Grammar for Beginners.
24. Bullion's Principles of Grammar.
25. Book of Commerce.
26. Ruschenberger's Physiology.
27. Map of Talbot County,

2.—Your committee do not think it advisable that a copy of Webster's unabridged Dictionary, nor a pair of Globes should be provided by the county for each school, as recommended by the Teachers' Convention—but that each District having pupils requiring the use of the Globes, should provide them for itself

3—Your committee recommend that the county should provide the books named in the foregoing list—but that each District should be supplied with a permanent Blackboard, a copy of Monk's Map of the United States, and such other aids as the condition of the school may require, including Globes, Chemical and Philosophical apparatus, Dictionaries, &c., at the expense of each District respectively requiring them.

4.—Your committee further recommend that the Commissioners purchase the books themselves for the use of the schools, and keep them in the Comm'rs' office to be distributed by the Clerk of the Commissioners to the schools as they may be required, and that an account be opened and kept by the said Clerk with each District, to show what books are obtained by each District, by whom obtained, and their value—the object of this recommendation being two-fold: 1.—That a considerable sum may be annually saved to the county by purchasing the books at first hand, varying from 10 to 50 per cent on the prices now paid.—2—That the books may be uniformly the same, and may be accounted for directly to the Commissioners.

5.—Your committee do not doubt that the mode of levying a half year's salary in advance for the teachers would be of great service in securing good teachers and adding to the efficiency of the Primary School system; but as that is a subject of policy involving the general system of county taxation, your committee do not deem it their duty to urge the subject further than to recommend, that if consistent with the best interests of the county in other respects, the Commissioners should so levy in advance, and also levy a sum say not less than two hundred dollars for the purchase of books—deeming this latter a matter of much importance.

All of which is respectfully submitted.

County Commissioners' Office,
Easton, May 24th, 1859.

ORDERED, by the Commissioners for Talbot county, that the above report be and the same is hereby adopted, and that it be published in the Easton papers.

ORDERED, by the Commissioners for Talbot county, that the Board of Examiners for said county be and they are hereby required to examine all Teachers who may present themselves for examination, in the books adopted by the Board of Commissioners, and that they give no certificate to a teacher whom they may find to be incompetent to instruct in said books.

ORDERED, further, by the Commissioners for Talbot county, that in adopting the above system of books for the Public Schools, it is not the intention of the Commissioners that the books now in use shall be at once discarded and replaced by new ones, but that the old ones shall be superceded by the new ones only as they may be wanted.

GRAVEL ROOFING.

WM. L. WORK, of Easton Md., would inform the citizens of Talbot county that he is Agent for and will put on J. H. Johnson's Felt and Composition roofing at short notice. This style of roof is becoming very popular in the cities, and can be put on cheaper than any other kind.—They are both water and fire proof. The roof requires but one inch fall to the foot and it is much cooler in summer than tin roofs. The system of gravel roofing has only been in existence some twelve or fifteen years and have given perfect satisfaction to those that have given it a trial.

EXTRAORDINARY SALE OF

JEWELRY,

With a PREMIUM to each Purchaser worth from TWO DOLLARS *to* TWO HUNDRED!

THIS IS NO LOTTERY, but a fair and legitimate sale, in which each purchaser gets the value of his or her money in a *Gold Pencil with Gold Pen attached,* or a *Gold Locket,* worth $5; and in addition to the purchase, each person receives a PREMIUM OF JEWELRY, not less in value than $2, and it may be worth $3, 5, 8, 10, 15, 20, 30, 50, or even $200!

Our Premiums are distributed in a fair and honorable manner, and as soon as the name of the purchaser is received with the $5, his Pencil and Pen and Premium, or Gold Locket and Premium are put up in a safe manner, and sent to the owner by Mail, Free of Postage. Our plan, from long experience in the above business, has given general satisfaction, as each purchaser can Sell or Trade the above articles for all they cost him, and retain the Premium Gratis.

☞We want a good AGENT in every part of the country to solicit purchasers; and Agents, to be successful, should first have a Pencil and Pen and Premium, or Locket and Premium, or both, to exhibit; and the First Person becoming a Purchaser at any place will receive the Agency for that neighborhood.

NO MONEY RISKED.

We propose to let a person know what Premium he will receive before sending his money. Any Lady or Gentleman desiring any of the above articles, can first send us their name and address, stating whether they want the Pencil and Pen, or Locket, and we will make their selection, and inform them by return Mail what Premium they are entitled to. They can then have the privilege of sending for it if they choose. We cannot however, give this privilege but once to any person; and we make this offer to establish the quality of our goods in a neighborhood. After a person becomes a purchaser, and accepts the Agency, we require all persons in that locality to send their $5 in advance through him.

And if any one is dissatisfied with their purchase, and an unbiassed person competent to judge says the articles are not worth more than the money paid for them, and in some cases TEN or even Forty times the amount, let such persons return the goods, and we will freely refund the money.

Among our PREMIUMS are articles suitable for Ladies and gentlemen, such as Gentlemen's Gold and Silver Watches, Gold Vest and Guard Chains, Gold Sleeve Buttons, Gold Watch and Seals, Gold Shirt Studs—plain and with settings; Gold Scarf Pins—new style; Gold Breast Pins, California Diamond Pins, Gold Rings, &c. &c.

CAMPBELL'S *PURE ESSENCE OF JAMAICA GINGER.*—Ginger is a grateful stimulant and carminitive, and is often given in *Gout, Rheumatism, Dyspepsia, Cramp, Cholera Morbus, Cholic, Cholera, &c., &c.*

In *Nervous and Sick Headache, Sea Sickness, Nausea, Imperfect Digestion,* or from Nausea induced by riding in a carriage, &c., it will be found most agreeable to the stomach and palatable to the taste, and affording at the same time almost in all cases immediate relief.

To the *Inebriate* it is particularly serviceable; a very small quantity used instead of the usual stimulant, will give tone and vigor to the digestive organs, and impart strength to resist the temptation, and may therefore be considered a valuable agent in reclaiming the drunkard.

The traveling public will also find it very efficacious in correcting the bad results arising from a change of water and diet, a few drops of which will give a glow and vigor to the stomach, equal to a wine glass of brandy or other stimulant, without producing any of the injurious and overrating effects which are sure to result from the use of stimuli of any kind. *It is also a superior article for Flavoring Jellies, Preserves, Cakes, and for other Culinary uses,* besides making a good beverage in hot weather.

DOSE.—An adult may take one spoonful; a child from 8 to 14 years old, half that quanity; and for a child 2 to 5 years old, 10 to 20 drops To be given in syrup or in sugar and water. Prepared and for sale by LEVIN H. CAMPBELL,

DYSPEPSIA

AND KINDRED DISEASES RADICALLY, PERMANENTLY & SPEEDILY

CURED BY THE

OXYGENATED BITTERS.

Experience has confirmed these Bitters, as the most Remarkable Preparation ever presented to the public for the cure of the following complaints, viz:—Pain in the Stomach, Heart Burn, Water Rash, Costiveness, Acidity, Oppression after Eating, Jaundice, Piles, Flatulency, Ennui, Torpor of the Liver, Dizziness, Debility, Fever and Ague, Climatic Influence, Female Complaints, and all Diseases having their origin in imperfect digestion, or deranged condition of the stomach.

This preparation contains no Alcohol, or Poisonous Drugs; is not affected by time or climate; is highly agreeable to the taste; and while it differs totally from all other remedies ever discovered, is unsurpassably superior to them all.

[From the Boston Post, Feb. 9, 1858.]

OXYGENATED BITTERS.—The various certificates given by gentlemen of position in regard to the merits of these Bitters, which we believe to be fully merited, are endorsed to-day by a card which appears in the Portland Christian Mirror, of the 26th ult. As a voluntary expression of opinion, it must have its due effect.

EAST TAUNTON, Jan 4, 1858.

Mr. Lord—Dear Sir:—You will confer a favor upon me, and I trust also upon the suffering, by giving the following a place in the Mirror.

JAMES R. CUSHING.

OXYGENATED BITTERS.—For more than twenty-five years I have been a sufferer from the dyspepsia. Besides trying the patience of my family physicians in the almost useless trials of their various prescriptions, I have tried a great variety of patent medicines with a similar result. Through the kindness of Dr. W. G. Hanaford, I received, in March last, a half dozen bottles of Oxygenated Bitters, from Mr. Seth W. Fowle & Co., Boston. I began to use them without any hope of deriving help from them. Being determined to give them a fair trial, I continued their use, but without any perceptible benefit till June.

Since then I have gradually improved in health till I am entirely free from acidity of the stomach, and from the consequent flatulency, and the awful and almost distracting sick headache, which often, for days together, has wholly unfitted me for study and for all other ministerial duties, and rendered life a burden. Having derived so great a relief, I feel that I owe it, as an expression of gratitude to Mrs. Fowle & Co., and also a duty to the public, to recommend their Oxygenated bitters, as in my estimation, a sure remedy for that most trying, most vexing, and cruel of all diseases, to which poor human flesh is heir, the dyspepsia. Having suffered so long, and tried so many different remedies with no good result, I can recommend the Oxygenated Bitters with a confidence few others can. If any of the readers of the Mirror are suffering, I beg of them to make a trial of these Bitters without delay
