Saw Mill and Coal.

THE undersigned having attached to their Grist Mill in Easton, one of Geo. Page & Co's Circular Saw Mills, they are now prepared to receive and cut timber to order at short notice.

They are also prepared and will be pleased to receive orders for the delivery of the first quality Lehigh Coal, of the different sizes, viz: Lump, Broken, Egg and Stove, from vessels, at $5 50 per ton of 2240 lbs., guaranteed to be superior to any other Anthracite Coal mined, for family and furnace use—it being more durable and will produce more intense heat than coal taken from any other than the Lehigh Coal Region. Terms cash on delivery.

Trustee's Sale.

BY virtue of competent authority, the undersigned as Trustee, will offer at public sale on

Saturday, the 27th August inst.,

in front of N. Harrington's store, in St. Michaels at 3 o'clock P. M. the farm known as Bar Neck, the property of R. S. Valliant, late of Talbot Co., died, seized and possessed, on Tilghman's Island, containing

74 Acres of Land.

This farm is situated at the mouth of Harris' Creek and has as fine a water view as any farm on the Eastern Shore and has all the advantages of a salt water situation. Its waters abound with Oysters, Fish and Terrapins. There are also Wild Foul in abundance in their season.

There are 60 *Acres of Arable Land* not to be surpassed by any Land in this county for fertility—with inexhaustible resourses for improving.—The balance is well set in fine timber.

There is on it a young Apple Orchard, Cherry and Pear Trees—all of choice fruit and in a very thriving condition.

There are small Houses on it, but none in good repair.

TERMS OF SALE.—One fourth of the purchase money in cash on the day of sale, and the balance in twelve, eighteen and twenty-four months from the day of sale—to be secured by the bond of the purchaser with security to be approved by the Trustee.

Commissioner's Sale.

THE Commissioners for Talbot county will offer at public sale, in front of the Court House in Easton on

TUESDAY the 16th day of August instant,

at the hour of 2 o'clock, P. M. to the lowest responsible bidder, the contract for widening a piece of public road, on the road leading from Easton to Miles River Ferry, opposite the lots of I. C. W. Powell and G. C. Mackey, Esquires, as laid down by Messrs Joseph Graham, Charles Robinson and John W. Jump, Examiners, surveyed by A. Chaplain, Esq., the County Surveyor, and corrected by the County Commissioners. The alteration begins at the corner of Mrs. Hughlett's lot, on the North side of the road, and runs till it intersects the line of the road-fence in Mr. William Holiyday's lot, through the lots of the aforesaid Mackey and Powell, widening the road EIGHT FEET, at the intersection of the lines of the said Powell and Mackey.—The Contractor will be required to cut down the top, of hill opposite the lot of the said Mackey on the bed of the old road, at least three feet, and fill up the lower parts with the dirt from said hill, and ditch on either side the whole length and grade the road, so that it shall be the highest in the centre, and drain thoroughly. He will be also required to put two ditches from the public road to the meadow, to drain the road:—one near the fence through Mrs. Hughlett's lot, and one near the fence through Mr. Mackey's lot, and to put down two bridges, out of good two inch white oak plank, one opposite each of the said ditches, to conduct the water from the South side of the road. The ditch across the road; over which the old bridge lies near Mr. Mackey's gate to be filled up solid, so that the road at that point shall not cut or wash.

The Contractor will also be required to remove the road fencing along the lot of the said Mackey and Powell, from its present bed to the line of the new road, and to put up the same in a substantial and workman like manner and supply the necessary plank and posts to supercede such of the old material as shall be damaged in the removal, or prove unfit to be put down in a new fence. Also, to ditch the road from the place of beginning, viz: from the corner of Mackey's lot to the top of the hill, towards Easton, near a large elm, and to grade the road, so that it shall be highest in the middle, and corresponding with the other work. The road to be cleared of all obstructions, and put in first rate order, within three months from the day of sale.

When the job is completed, the County Commissioners will appoint three disinterested persons to inspect it, and not till they report that it had been done according to contract, will it be received by the county. The terms of payment to be agreed upon by the Commissioners, and the purchaser who will be required to enter into bond, with security, for the faithful performance of the contract. A portion of the purchase money will be reserved by the Commissioners, till the work is completed and the road received, to protect the county from loss.

By order of the Board,

THOS. K. ROBSON, Clerk.

PEREMPTORY SALE OF THAT VALUABLE REAL ESTATE! FAUSLEY WOOD!

FOR the purpose of effecting a final division of the real estate jointly held by the heirs of Nicholas and E. T. Goldsborough, deceased, I will sell at public auction in front of the Court House in Easton, Talbot County, Maryland, on

TUESDAY, the 30th DAY OF AUGUST NEXT,

peremptorily to the highest bidder,

"FAUSLEY WOOD,"

containing **353 ACRES,** more or less, of arable and Timbered Land.

This Farm is 1¼ mile distant from Easton, and is situated on Glebe Creek, an arm of Miles or St. Michaels River, and fronts upon a public road.

It is noted on the County Map, "Heirs of N. Goldsborough."

In respect to its central and acceptable position in the county, and its proximity to the county town, steamboat landings, churches, schools, mills, and the character of the neighborhood, the location of this farm is admirable and unsurpassed, as will be evidently seen upon due examination of the county map, copies of which can be seen in Annapolis, Washington, Baltimore, Philadelphia and elsewhere.

This Farm has been cultivated in the best manner for many years; all of it has been well, and some of it twice limed, and it has produced very heavy crops of grain.

For extensive and profitable fruit culture this location in respect to two steamboat landings, and the projected Railroad from Easton, its protection from storms by surrounding forests, and the character of the soil, possesses rare and peculiar advantages.

THIRTY-EIGHT ACRES of this tract are detached from, but very near to, the main body, and are covered by a very superior growth of WHITE OAK TIMBER, which has never been cut upon, and will be offered separately, first in seven Lots of 5 Acres each, and one of 3 Acres, and afterwards as a whole. The remaining 315 acres can be advantageously divided into two farms, by a line running in a northerly direction up the valley on the west side of the buildings, the one of about 125 acres, and the other of about 190 acres, the latter containing the present buildings and each farm having an ample amount of timber, and therefore it will be offered first in two parts as above described, and afterwards as a whole, the seller reserving the right to choose whether to accept the bids for the property divided into parcels or in two parts as above named and described.

James N. Goldsborough or the subscriber will exhibit the property and a plot of the same.

THE TERMS OF SALE are ⅓ of the purchase money *cash*, the purchaser or purchasers giving notes secured by mortgage on the property, for the remainder to be paid in three equal annual instalments in one, two and three years, with interest from the day of sale.

By order of the heirs,

Regulations and Restrictions

FOR THE SUPERVISORS OF PUBLIC COUNTY ROADS IN TALBOT COUNTY.

Adopted by the Board of Commissioners for Talbot County, August 2, 1859.

To ——— *Supervisor*

1. The roads for your supervision and repair are, all the Public County Roads in Election District, No.— of Talbot County.

2. Your compensation shall be $— per annum.

3. You shall not exceed the sum of $— per annum for labor, materials and all other expenditures upon the Roads and Bridges in your district, unless by special order of the County Commissioners.

4. It shall be your duty to apply to the commissioners aforesaid when the sum fixed in the preceding regulation is insufficient for the necessary repair of the roads in your district, and submit a statement of the conditions and requirements under oath.

5. You shall make a report in writing to the Commissioners, under oath, on or before the first day of May in each and every year during your term of office, of:

1. The general condition of the roads and bridges under your supervision.

2. The total amount of money, labor, and materials used in the repair of roads and bridges.

3. The names of persons who have furnished labor, teams, and materials, or rendered service, with a separate bill of items in the account of each.

4. The names of your deputies or agents.

6. You shall clear the roads under your supervision of all obstructions; cut down all dead trees that endanger the passage of persons or vehicles; cut off all limbs or branches of trees hanging or projecting over the side road-, within 15 feet above the surface thereof; ditch the said roads, wherever you shall find the same necessary to dry them, always raising the middle of the roads higher than the sides wherever you repair them; widen the bed of the roads at every point where they are too narrow for two carriages to pass with safety; keep in repair all bridges of less than 15 feet width between abutments, and in repairing bridges, use good materials, making the repairs permanent and substantial, always cleaning out thoroughly the ditches beneath.

7. You shall, at every place where the water by standing upon or near the road injures it, open ditches or other leads to conduct the water from the road to some natural drain.

8. You shall permit no unusnal obstructions (such as fallen trees or branches, or bridges broken or destroy) to remain longer than one day after notice, and it shall be your duty to make repairs in such cases immediately.

9. You shall not permit the roads to remain out of repair by reason of dilapidated bridges, holes or other ordinary causes, more than three days after notice.

10. The notice contemplated in the two preceding regulations may be verbal or written by any white resident of the county.

11. The prices for labor and teams shall be one dollar per day for every first rate man hand, and one dollar and twenty-five cents per day for each cart with good double team—with a proportionate abatement for hands and teams not capable of doing full work.

12. You shall require hands employed upon the roads to work a full day or abate from their wages in proportion for the time lost by them, in making your returns, and to this end you shall require them to work the following hours each day:—beginning at one hour after sun rise in the morning, and dismissing at half an hour before sun set in the evening.

13. You shall in every case, where it is possible, notify the taxable inhabitants adjacent to the roads needing repair, to furnish labor, teams, utensils and materials for repairing the roads and bridges in their neighborhood, giving them as long notice as in your power (not less than three days in any case) of the time when and the place where you propose to work the roads and the labor and materials you will require for that purpose, and in no case of ordinary or general repairs will you be allowed for labor, teams or materials, furnished by you or others out of the neighborhood, until after three days notice, at least, to the taxable inhabitants of the neighborhood, they have neglected or refused to furnish the necessary teams, labor or materials for such repairs.

14. You shall not require nor permit the hands furnished by the taxpayers to go farther than three miles from the premises of the said taxpayers in making repairs to the roads and bridges, nor let the same set of hands be engaged for more than five miles upon any road, except, in cases of sudden floods or unusual obstacles to the roads.

15. You shall not employ your own laborers or teams upon the roads and bridges, farther than one mile from your own premises, except in cases of falling limbs or trees, sudden floods or other great and unusual obstructions to the roads, in which cases you shall immediately make the needful repairs with your own materials, laborers and teams, or such as you can most readily and economically procure for the purpose.

16. Your compensation, as supervisor, as stated in Regulation No. 2., will not be paid until the County Commissioners are satisfied that you have fully and faithfully discharged your duty agreeably to law and in conformity with these regulations.

17. All work done upon the roads shall be done under the personal supervision of the supervisor himself or his regularly constituted agents or deputies, and all accounts for work done upon the roads by every person shall be certified by the supervisor or his deputies, and returned by the supervisor himself to the County Commissioners.

☞ The salaries of the Supervisors, as fixed by the County Commissioners, are as follows: Easton district, $200; St. Michaels $150; Trappe $175; Chapel $200; and Bay Hundred $50. aug 13–8t

EASTON FOUNDRY.

CHARLES KEILHOLTZ, at the Easton Foundry, Talbot county, has now on hand an unusually large stock of Castings and Farming Implements, which he can offer to Farmers at prices to suit the times. He will soon have a number of the Linton Threshing Machines on hand, which work without bands, admitted to be the best machine used. Also Wheat Cutters, Fans, Corn Shellers, Corn Crushers, Straw Cutters, Wheat Rakes, &c., to which he invites the attention of Farmers before purchasing elsewhere—Thankful for past favors he hopes to merit a continuance of the public patronage

All kinds of bolts kept constantly on hand and old iron taken in exchange for new castings

DYSPEPSIA AND KINDRED DISEASES RADICALLY, PERMANENTLY & SPEEDILY CURED BY THE OXYGENATED BITTERS.

Experience has confirmed these Bitters, as the most Remarkable Preparation ever presented to the public for the cure of the following complaints, viz:—Pain in the Stomach, Heart Burn, Water Rash, Costiveness, Acidity, Oppression after Eating, Jaundice, Piles, Flatuency, Ennui, Torpor of the Liver, Dizziness, Debility, Fever and Ague, Climatic Influence, Female Complaints, and all Diseases having their origin in imperfect digestion, or deranged condition of the stomach.

This preparation contains no Alcohol, or Poisonous Drugs; is not affected by time or climate; is highly agreeable to the taste; and while it differs totally from all other remedies ever discovered, is unsurpassably superior to them all.

[From the Boston Post, Feb. 9, 1858.]

OXYGENATED BITTERS.—The various certificates given by gentlemen of position in regard to the merits of these Bitters, which we believe to be fully merited, are endorsed to-day by a card which appears in the Portland Christian Mirror, of the 20th ult. As a voluntary expression of opinion, it must have its due effect.

EAST TAUNTON, Jan 4, 1858.

Mr. Lord—Dear Sir:—You will confer a favor upon me, and I trust also upon the suffering, by giving the following a place in the Mirror.

JAMES R. CUSHING.

OXYGENATED BITTERS.—For more than twenty-five years I have been a sufferer from the dyspepsia. Besides trying the patience of my family physicians in the almost useless trials of their various prescriptions, I have tried a great variety of patent medicines with a similar result. Through the kindness of Dr. W. G. Hanaford, I received, in March last, a half dozen bottles of Oxygenated Bitters, from Mr. Seth W. Fowle & Co., Boston. I began to use them without any hope of deriving help from them. Being determined to give them a fair trial, I continued their use, but without any perceptible benefit till June.

Since then I have gradually improved in health till I am entirely free from acidity of the stomach, and from the consequent flatulency, and the awful and almost distracting sick headache, which often, for days together, has wholly unfitted me for study and for all other ministerial duties, and rendered life a burden. Having derived so great a relief, I feel that I owe it, as an expression of gratitude to Mrs. Fowle & Co., and also a duty to the public, to recommend their Oxygenated bitters, as in my estimation, a sure remedy for that most trying, most vexing, and cruel of all diseases, to which poor human flesh is heir, the dyspepsia. Having suffered so long, and tried so many different remedies with no good result, I can recommend the Oxygenated Bitters with a confidence few others can. If any of the readers of the Mirror are suffering, I beg of them to make a trial of these Bitters without delay
