MANHOOD.

HOW LOST, HOW RESTORED.

Just Published, in a Sealed Envelope,

ON the Nature, Treatment and Radical Cure of Spermatorrhœa, or Seminal Weakness, Sexual Debility, Nervousness and Involuntary Emissions, inducing Impotency and Mental and Physical Incapacity. By Robert J. Culverwell, M. D., Author of "The Green Book, &c."

The world renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of self abuse may be effectually removed without Medicine and without dangerous Surgical operations, bougies, instruments, rings or cordials; pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself *cheaply, privately and radically.* This Lecture will prove a boon to thousands and thousands.

Sent under seal to any address, *post paid*, on the receipt of two postage stamps, by addressing Dr. Ch. J. C. Kline, M. D., 480 first Avenue, New York, Post Box 4586.

To Planters and Gardeners.

THE subscribers offer for sale 50,000 barrels of poudrette, made by the Lodi Manufacturing Company, in lots to suit purchasers. This article is in the twentieth year of its introduction into this country, and has outlived fertilizers of every other description, for the following reasons:—

1st. It is made from the night soil of the City of New York, by the L. M. Co., who have a capital of over $100,000 invested in the business, which is at risk should they make a bad article.

2d. For corn and vegetables it is the cheapest, neatest and handiest manure in the world, it can be placed in direct contact with the seed, forces and ripens vegetation two weeks earlier, prevents the cut worm *doubles* the crop, and is *without disagreeable odor.* Three dollars worth or two barrels is all sufficient to manure an acre of corn in the hill.

PRICE—1 bbl. $2.—3 bbls. $3.50.—5 bbls. $8. and over 5 bbls. $1.50 per barrel, delivered free of cartage to vessel or railroad in New York City.

A pamphlet containing every information, and certificates from farmers all over the United States, who have used it from two to seventeen years, will be sent free to any one applying for the same. GRIFFING BROTHERS & Co.,

PREPARED GLUE!

SPALDING'S PREPARED GLUE!!

SAVE THE PIECES.
ECONOMY! DISPATCH!

"A stitch in time saves nine."

AS accidents will happen even in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, etc.

SPALDING'S PREPARED GLUE

meets all such emergencies, and no housekeeper can afford to be without it. It is always ready, and up to the sticking point. There is no longer a necessity for limping chairs, splintered veneers, headless dolls, and broken cradles. It is just the article for conchshell and other ornamental work so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically held in solution, and possessing all the valuable qualities of the best cabinet maker's glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

ALLEN & NEEDLES'

NEW FERTILIZER.

THE subscriber begs leave to call the attention of the Farmers of Talbot and adjacent counties to the above celebrated Fertilizer, a sample of which will be here by first boat.

This fertilizer is being rapidly taken into confidence and use in Pennsylvania and New Jersey, and is also in great favor on the Western Shore of this State from whence he has letters speaking in high terms of it.

It is highly Ammoniated, being chiefly of Bones, Hair, Wool, animal matter and Sul. Acid, and is claimed to be superior to any Guano or other Fertilizer in use. It is put up in new and seemless grain bags, which can afterwards be used as such or for other purposes on the farm. In order to introduce it, and to place it within the reach of every farmer, I have succeeded in arranging so as to sell it at the Philadelphia Cash price on a credit of eight months without interest, provided I get a certain amount ordered. The price in Philadelphia is $20 per ton of 2000 lbs. nett cash, but I have, through much exertion, succeeded in being able to offer it at $30 per ton for endorsed note having eight months to run.—This will enable the farmer to pay for it out of the crop it assists in producing. An inspection of it by every Farmer is requested and early orders solicited.

THE UNIVERSAL

GAS LIGHT.

Edward H. Anderson's,

PORTABLE, AIR-PRESSURE, FAMILY

GAS LAMPS,

(Patent applied for.)

BY this valuable invention, every family both of Town or Country, can enjoy the luxury of a first quality Gas light which for safety in its use, brilliancy and economy, cannot be surpassed, at a cost of less than one cent per hour. It produces a light equal to four ordinary two tube fluid lamps, and is perfectly free from *smoke or smell,* and less trouble in its management than the ordinary fluid or Coal oil lamps. They are so constructed that the flame can be reduced to one half size, when the full force is not required, thereby only consuming one half the quantity of oil.

The great desideratum that has so long been felt for a portable Gas-light, simple in construction, one that is easily managed, and not requiring too much outlay in the first cost of apparatus, has now been obtained, and is fully realized in this truely valuable invention, and must be seen to be fully appreciated.

Every person in want of a superior and economical Gas light, are respectfully invited to call and examine for themselves, or address

Every description of Coal oil or fluid Lamps altered to manufacture and burn the Gas, at the low price of $2 00 without shade, and $3 when a shade and attachment is required.

A good supply of GAS LAMPS, BRACKETS, Pendants, Chandaliers, &c., suitable for Churches, Halls, Stores and private residences, constantly on hand and manufactured to order.
