HOW LOST, HOW RESTORED.
Just Published, in a Sealed Envelope,

ON the Nature, Treatment and Radical Cure of Spermatorrhœa, or Seminal Weakness, Sexual Debility, Nervousness and Involuntary Emissions, inducing Impotency and Mental and Physical Incapacity. By Robert J. Culverwell, M. D., Author of "The Green Book, &c."

The world renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of self-abuse may be effectually removed without Medicine and without dangerous Surgical operations, bougies, instruments, rings or cordials; pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself *cheaply, privately and radically*. This Lecture will prove a boon to thousands and thousands.

GAS LAMPS.

IT IS OBTAINED!

Light! Light! Light!

A PERFECT

GAS LIGHT

FOR THE MILLION.

Edward H. Anderson's

PORTABLE, AIR-PRESSURE, FAMILY

GAS LAMPS,

PATENTED APRIL 3, 1860.
WARRANTED NON-EXPLOSIVE.

BY this valuable invention, every family both of Town or Country, can enjoy the luxury of a first quality Gas Light. This light is equal in brilliancy to the Coal Gas Light, and is at the sametime softer and more agreeable to the eye, which for safety in its use, brilliancy and economy, cannot be surpassed, at a cost of less than one cent per hour. It produces a light equal to four ordinary two tube fluid lamps, and is perfectly free from *smoke or smell*, and less trouble in its management than the ordinary fluid or Coal oil lamps. They are so constructed that the flame can be reduced to one half size, when the full force is not required, thereby only consuming one half the quantity of oil.

The great desideratum that has so long been felt for a portable Gas-light, simple in construction, one that is easily managed, and not requiring too much outlay in the first cost of apparatus, has now been obtained, and is fully realized in this truely valuable invention, and must be seen to be fully appreciated.

This Generator is easily applied, and fully adapted to all descriptions of Lamps known, viz: such as ordinary fluid Lamps, every description of Coal Oil Lamps, Lard Oil Lamps, Chandeliers, Brackets, Hall-pendants and easily applied to every description of Gas fixtures.

The Lamp can be put up from the cheapest ordinary one dollar hand-Lamp to the most costly and ornamented eighteen and twenty-four burner Chandaliers; thereby bringing it within the reach of the poor as well as the wealthy. The light remains the same. The prices alone vary in proportion to the style and finish of the fixtures. The poor individual enjoying as good a light at a cost of one dollar, as his more fortunate neighbor will, in many instances at a cost of fifty dollars.

FACTS FOR THE PEOPLE.

1st. This Generator produces a more steady, clear and brilliant flame than any other known Generator.

2d. The Lamp is rendered entirely *non-explosive* from the principle upon which it is arranged, and the adaptation of the *air-tube* passing through the screw-top.

3rd. The flame is entirely free from *smoke* and *smell*, for the reason that the *flame* does not come in contact with *metal* or *wire-heaters* of any description.

4th. It consumes *less oil* than any other Generator, (producing the same size flame) for the reason that the Gas produced is more *perfect combustion* when it issues from the burner, and the ascent of the oil is regulated by the variation in the chambers.

5th. We do not assert that *one pint of oil* will burn a given *number of hours*, knowing at the same time that it will only last one half of the time stated.

6. We know that one pint of the ordinary fluid burns in this Lamp 10 hours, producing the full size flame, being less than one cent per hour.

7. The flame has more the appearance of a regular Gas light from large works, for the reason that the flame is not obstructed either above or on the sides by heaters, &c.

8th. It is the best generator for lighting churches, dwellings, halls, cars, steamboats, &c.

Every individual purchasing a Right, will realize a larger return on the investment made than he possibly could on any one thing else, as light is something that interests every individual through out the world. A good light is a luxury and a blessing, it increases business, and adds cheerfulness to the household.

The proprietors, Hopkins & Anderson, have made extensive arrangements for manufacturing the Generators in any desired quantity and for furnishing those purchasing Rights with everything necessary to go into business.

TOWN, COUNTY, STATE AND DISTRICT RIGHTS FOR SALE.

ANDERSON.

This property is beautifully situated in view of Choptank river and has been proverbial for its healthfulness for a hundred years past.

If not disposed of at private sale by the 20th of next it will then be offered at Public Sale, the town of Easton.

Easton, june 2-ts WM. H. GROOME.

NOTICE.

TAKE this method of informing my friends and the public generally that I have associated with me in business Dr. Henry T. Goldsborough, under the style of CAMPBELL & GOLDSBOROUGH, and I beg to solicit for the new firm a continuance of the very liberal patronage extended to me.

April 7th, 1860. L. H. Campbell.

Campbell & Goldsborough,

Lamp.

It is perfectly free from smoke.

The light can be reduced to the smallest taper—thereby making it an excellent chamber light.

Passing about with the lamp does not effect its burning.

It can be put in operation by simply using a match.

It is certainly the cheapest Light known for ordinary household purposes.

Every individual purchasing these Lamps exercises true economy.

The price of one gallon of oil pays for the entire apparatus, which amount it saves in a very short time, alone in the consumption of the oil.

Its merits will win the approval of all who try it.

It is destined to be introduced into every community throughout the country.

Any ordinary Lamp can be altered to use these Burners in a few moments.

Town, County, State and District Rights for sale.

The proprietors, Hopkins & Anderson, have made extensive arrangements for manufacturing these Burners, in any desired quantity, and for furnishing those purchasing Rights with every thing necessary to go into business.
