WHEELWRIGHT AND Farming Implement Shop.

THE subscribers would most respectfully inform the citizens of Talbot and the public generally that their Shop is now complete, and that their experience in the above business enables them to give general satisfaction in all kinds of work pertaining to their business. They are at all times prepared to manufacture Carts, Wagons, and Farming Implements generally, and during the season, they will at short notice repair Wheat Cradles, newly wood or repair wheat Machines, Horse Powers, Threshers, &c. They can at all times, during working hours, be found at their Shop, adjoining Hugh S. Wrightson's Blacksmith Shop, on West street.

J. SWAINSCOTT,
aug 25-1y J. H. THOMPSON.

Frederick Female Seminary,

FRDERICK CITY, MD.

THE Scholastic exercises of this Institution will be resumed on MONDAY, the 3rd of September next.

It is confidently believed that this School offers as many educational advantages and personal comforts as any Young Ladies' Seminary either in the Northern or Southern States. Being located in a Southern State it is in all its proclivities a Southern Institution.

For Board and Tuition, including furnished Rooms, Lights, Fuel, Washing, etc., $200 per Scholastic year; payable half-yearly in advance.

For Circulars and other particulars, apply at this Office, or address

H. WINCHESTER,
sep 1-6m President.

EDGEWOOD (DEL.) DEC. 15th, 1855.

MESSRS. ALLEN & NEEDLES: *Dear Sirs*—It gives me great pleasure in stating (after several careful experiments with your Improved Super Phosphate of Lime in competition with other concentrated and homestead manures,) that I consider it the *best, cheapest*, and *most durable* Fertilizer in the market. Yours truly,

HENRY L. TATNALL.

Mr. Tatnall further says, under date of October 11th, 1859, "Having leased my farm and removed to the city, I still feel a lively interest in agriculture, and consider anything I may say in praise of your Phosphate but due to you."

"I am not sure, however, whether I mentioned my last experiment. I prepared a twenty-acre field for Wheat after Corn, and applied first about three lands with Peruvian Guano, the next six lands with your Super Phosphate of Lime, 250 lbs. per acre, then two lands with Stable Manure, 17 large loads per acre, then Mapes' Super Phosphate of Lime, 250 lbs. per acre, (same as yours.) The result was as follows:—The Guano ahead in the Fall; in the Spring, your Phosphate showed its superiority, the Wheat was ripe fully a week before the Stable Manure, it was *thicker on the ground and better filled*. The Wheat was drilled, across the lands. The grass next season was far better where your Phosphate was used than any part of the field, and continues better up to this time, though it is four years since its application."

No. 29 Exchange Buildings.
BALTIMORE, August 30th, 1855.

MESSRS. ALLEN & NEEDLES: Gentlemen—The analysis of your Super Phosphate of Lime, shows that the manufacturers of this article have been most successful in effecting the transformation of common Phosphate of Lime into Bi-Phosphate of Lime, not having fallen short of, nor exceeded the quantity of sulphuric acid which was required for this purpose. The whole amount of Phosphoric Acid which the article contains, has entered into the composition of a Bi-Phosphate of Lime, and has thus been rendered soluble. Besides, the article is capable of producing a sufficient quantity of ammonia to give the crop a quick start; half its Nitrogen is already present in the form of Sulphate of Ammonia.

The sample of Super Phosphate of Lime, sent to this office, was analysed, and found to be composed, as follows:

Composition in per cent.

Lime,	18.02
Soda and Magnesia,	4.73
Sulphuric Acid,	25.87
Phosporic "	16.70
Organic Matter and Water,	27.33
Capable of producing Ammonia, 2.95	
Sand and per Oxide of Iron,	7.31
	100.00

CHARLES BICKEL, Assistant State Chemist,
of Maryland.

Referring to the above and numerous other testimonials that I have in my possession (among which are several farmers in this county) I would state that I am the *sole agent for the sale of* Allen & Needles' Super Phosphate of Lime, as well as this celebrated Fertilizer which was used with such success on Corn in this county the past season, in this section. I am prepared to furnish any quantity on short notice.

Price of Super-Phosphate of Lime, $45 for 2000 lbs., cash.

Price of Fertilizer $20, for 2000 lbs. cash, or $30, for approved endorsed note, 12 mos. from September 1st, 1860, *with interest from date.*—Freight $1 50 per ton, *cash, in all case.*

sep 1 THOMAS C. NICOLS, Jr.

NOTICE TO THE CITIZENS OF TALBOT AND ADJACENT COUNTIES.—I will have the largest stock of Stoves that ever was in Easton, by the 20th of August inst., which I will sell at ten per cent. advance on first cost for cash. As I was the first one to keep a Stove house in Easton, I solicit a share of public patronage. My Stoves will be of the heaviest plate and latest style. Call and examine for yourselves and find out prices before purchasing elsewhere, Old Stoves taken in exchange for new ones. (aug 11) CHAS. KEILHOLTZ.

WHEAT MACHINES—We have just received a very superior Machine Oil—to which we beg to call the attention of farmers and others, for sale by

june 23 CAMPBELL & GOLDSBOROUGH.

GAS LAMPS.

IT IS OBTAINED!

Light! Light! Light!

A PERFECT

GAS LIGHT

FOR THE MILLION.

Edward H. Anderson's

PORTABLE, AIR-PRESSURE, FAMILY

GAS LAMPS,

PATENTED APRIL 3, 1860.

WARRANTED NON-EXPLOSIVE.

BY this valuable invention, every family both of Town or Country, can enjoy the luxury of a first quality Gas Light. This light is equal in brilliancy to the Coal Gas Light, and is at the sametime softer and more agreeable to the eyes, which for safety in its use, brilliancy and economy, cannot be surpassed, at a cost of less than one cent per hour. It produces a light equal to four ordinary two tube fluid lamps, and is perfectly free from *smoke or smell*, and less trouble in its management than the ordinary fluid or Coal oil lamps. They are so constructed that the flame can be reduced to one half size, when the full force is not required, thereby only consuming one half the quantity of oil.

The great desideratum that has so long been felt for a portable Gas-light, simple in construction, one that is easily managed, and not requiring too much outlay in the first cost of apparatus, has now been obtained, and is fully realized in this truely valuable invention, and must be seen to be fully appreciated.

This Generator is easily applied, and fully adapted to all descriptions of Lamps known, viz: such as ordinary fluid Lamps, every description of Coal Oil Lamps, Lard Oil Lamps, Chandaliers, Brackets, Hall pendants and easily applied to every description of Gas fixtures.

The Lamp can be put up from the cheapest ordinary one dollar hand Lamp to the most costly and ornamented eighteen and twenty-four burner Chandalier; thereby bringing it within the reach of the poor as well as the wealthy. The light remains the same. The prices alone vary in proportion to the style and finish of the fixtures. The poor individual enjoying as good a light at a cost of one dollar, as his more fortunate neighbor will, in many instances at a cost of fifty dollars.

FACTS FOR THE PEOPLE.

1st. This Generator produces a more steady, clear and brilliant flame than any other known Generator.

2d. The Lamp is rendered entirely *non-explosive* from the principle upon which it is arranged, and the adaptation of the *air-tube* passing through the screw-top.

3rd. The flame is entirely free from *smoke* and *smell*, for the reason that the *flame* does not come in contact with *metal* or *wire-heaters* of any description.

4th. It consumes *less oil* than any other Generator, (producing the same size flame) for the reason that the Gas produced is *more perfect combustion* when it issues from the burner, and the ascent of the oil is regulated by the variation in the chambers.

5th. We do not assert that *one pint of oil* will burn a given *number of hours*, knowing at the same time that it will only last one half of the time stated.

6. We know that one pint of the ordinary fluid burns in this Lamp 10 hours, producing the full size flame, being less than one cent per hour.

7. The flame has more the appearance of a regular Gas light from large works, for the reason that the flame is not obstructed either above or on the sides by heaters, &c.

8th. It is the best generator for lighting churches, dwellings, halls, cars, steamboats, &c.

Every individual purchasing a Right, will realize a larger return on the investment made than he possibly could on any one thing else, as light is something that interests every individual throughout the world. A good light is a luxury and a blessing, it increases business, and adds cheerfulness to the household.

The proprietors, Hopkins & Anderson, have made extensive arrangements for manufacturing the Generators in any desired quanity and for furnishing those purchasing Rights with everything necessary to go into business.

TOWN, COUNTY, STATE AND DISTRICT RIGHTS FOR SALE.

For further information address or apply to the proprietors.

HOPKINS & ANDERSON,
apr 14 Easton, Talbot county, Md.

LIGHT! LIGHT!!

HOPKINS & ANDERSON'S
CELEBRATED
Liliputian Gas Burner.
Patented April 3, 1860.

The great Desideratum attained by the inventors.

IN producing this simple yet ingenious little Gas Burner, whereby double the amount of Light is actually obtained from one half the quantity of oil ordinarily consumed. It has proved itself to be the best and cheapest little Lamp in existence where only a medium size light is required.

One pint of Oil burns twenty hours with the full size flame.

It gives more Light than any ordinary *two tube Lamp.*

It is perfectly free from smoke.

The light can be reduced to the smallest taper—thereby making it an excellent chamber light.

Passing about with the lamp does not effect its burning.

It can be put in operation by simply using a match.

It is certainly the cheapest Light known for ordinary household purposes.

Every individual purchasing these Lamps, exercises true economy.

The price of one gallon of oil pays for the entire apparatus, which amount it saves in a very short time, alone in the consumption of the oil.

Its merits will win the approval of all who try it.

It is destined to be introduced into every community throughout the country.

Any ordinary Lamp can be altered to use these Burners in a few moments.

Town, County, State and District Rights for sale.

The proprietors, Hopkins & Anderson, have made extensive arrangements for manufacturing these Burners, in any desired quantity, and for furnishing those purchasing Rights with every thing necessary to go into business. For further information address or apply to the proprietors. HOPKINS & ANDERSON,
apr 14 Easton, Talbot county, Md.

CHEEZUM & EMORY,

HAVE just returned from the city with a large and handsome stock of

NEW GOODS,

adapted to the present Season, which they will most respectfully invite the public generally to call and examine. [mar 10

A CARD.

THE subscriber having located in the town of Trappe he takes this method of informing the citizens of that vicinity that he will carry on the carpenters business in all its branches. He also wishes to inform his friends and old customers in Easton that he will still undertake jobs of work there when desired. He will be in Easton frequently on public days and orders for work will be promptly attended to in Easton as well as in Trappe District.

dec 3-1y CHAS. E. GATTIN.

NOW OPENING AT THE OLD STAND
ON FRONT ST.,
A LARGE AND SUPERIOR STOCK OF
Fashionable Ready Made
CLOTHING.

MOSES HERTZ, Agent for L. Hoffman would most respectfully inform his patrons and the public generally that he has just returned from the city with a large and elegant assortment of fashionable *READY MADE CLOTHING,* which he offers at greatly reduced prices. His stock embraces Coats, (sack and frock) of all sizes, quality and price.

Pants and Vests of every description,
Shirts and Collars in variety,
Neckties and Suspenders,
Hats and Caps of the latest styles,
Trunks, Carpet Bags,

and other articles.

A well selected assortment of Boys' and Servants' Clothing. Also, Oil Cloth Fishing Coats, &c., &c.

The above goods have all been selected with great care—purchased unusually low for cash, and will be dispersed of at very small profits.

The undersigned returns his grateful acknowledgements to a generous public for the very liberal patronage heretofore extended to him and respectfully solicits a continuance of public favor. (mar 24) MOSES HERTZ, Agent.
