BALT. ADVERTISEMENTS.

A. P. SHARP & CO.,

PROPRIETORS OF THE

BOOTH & PARMENTER

SEWING MACHINE,

59 South Howard Steet, (near Pratt,)

BALTIMORE, MD.

DOCTOR SAMUEL HARPER,

AGENT FOR TALBOT COUNTY, will exhibit the machine, at his residence, in Easton, to any person wishing to examine it, and will give all necessary instruction in the it use when purchased.

We take the liberty of calling your attention to our superior Sewing Machines, expressly adapted for family use.

It is now a fixed fact, that Sewing Machines must take the place of the old needle. It is no longer an experiment. After ten years' experience of the difficulties of Sewing Machines, from the fact of their complication rendering them almost impossible to be used in the country, success has become complete. In offering to the public the BOOTH & PARMENTER MACHINE, we can say with great confidence that the difficulty is now removed, for this Machine is so simple in all its parts, that any ordinary child can learn to work it, and it will sew with equal facility either way you turn it. In other words, there is no wrong way of turning the treadle, nor is there any danger of inexperienced persons putting it out of order.

As those who have them in use are the ones to speak, we insert a few cards of the hundreds who can testify of its simplicity, easy management, &c.:

From Rev. E. Yeates Reese, Editor "Methodist Protestant."

MESSRS. A. P. SHARP & Co.

The *Sewing Machine* of *Booth & Parmenter* is a household fixture in my family. It answers all my expectations concerning it—is simple, rapid in operation, does coarse and fine work, and has given no trouble to those who operate it. I can recommend it with great confidence.

E. Y. REESE, 105 Conway Street.

From "Barnum's City Hotel"

Baltimore, January 14th, 1860.

MESSRS. A. P. SHARP & Co.

Gentlemen:—The *Booth & Parmenter Sewing Machine* works well, and to say it is doing the principal work of this *Hotel*, using up spool after spool of thread, and sewing from the finest to the coarest fabrics, without the *least trouble*, is saying very much in its favor. It is extremely simple, and not liable to get out of order; and being easily understood and worked, makes it a *very superior* Family Machine. Yours truly,

BARNUM & CO.

EASTON, 20th September, 1860.

About two months since I purchased, for my daughter, one of Booth & Parmenter's Sewing Machines, which she has since been using in my family with much satisfaction and success. It is simple in its construction; can be easily worked by any one after a little experience, and does not seem likely to get out of order; or if it does, is easily adjusted—we think it a most valuable acquisition in a family and will soon repay its cost. My family prefer it to any they have knowledge of. Very Respectfully yours,

WM. *H.* GROOME.

During last year I purchased a Booth & Parmenter Sewing Machine, which has been used in my family with great success and profit.—This is the best, most convenient and simple machine in use. It can be worked by any one, after a little experience in using it—not likely to get out of order, and readily repaired. In a family it will very soon repay the costs. Very respectfully yours,

JAS. L. MARTIN.

Easton, 19th September, 1860.

EASTON, September 20, 1860.

Messrs. A. P. Sharp & Co.

Gentlemen:—Booth & Parmehter's Sewing Machine has been constantly used, in my family, for some time past, and gives, I am happy to state, entire satisfaction. Its mechanical arrangement is exceedingly simple and intelligible, is not liable to become disordered, and is admirably adapted for the various objects it proposes to accomplish. It ranks already among the indespensible of my household.

CHRIS. C. COX, M. D.

ROYAL OAK, Sept. 15, 1860.

I have had one of Booth & Parmenter's Sewing Machine, in my family for several months, it is simple and rapid in operation, does fine and coarse work well, and has given little or no trouble The work is strong. I consider it the best machine in use, and can recommend it to those who wish to purchase. I would not be without it for $100, unless I could get another, its worth is not known until used. R. H. ADAMS.

This is to certify that we, the undersigned, have had in use in our family, and thoroughly tested *Booth & Parmenter Sewing Machine*, on various kinds of Goods, both heavy and light, and do hereby concur in pronouncing it the most simple and perfect working Machine, that has ever come under our notice. It is so very strong and simple in all its parts, that it cannot get out of order, except from carelessness. It sews with perfect ease by turning either way, and makes a very neat, strong elastic seam, which will not rip, though every third or fourth stitch be cut.

JOHN J. THOMSEN, 18 McCullogh Street.
DR. ISAAC J. MARTIN, Elicott's Mills, Howard Co., Md.
W. K. BARKER, No. 150 Barre Street.
DR. E. J. HENKLE, Anne Arundel Co., Md.
RICHARD KING, 220 Baltimore Street.
B. F. NEWCOMER, 53 South Howard Street.

From the "Methodist Protestant," edited by the Rev. E. Yates Reese.

A First-rate Sewing Machine.—Booth & Parmenter's Sewing Machine, is really a first rate instrument. It is rapidly going into domestic use. One was placed some time ago in our council on trial, to be returned if we did not like it. But, like the Yankee clock, the experiment was a capital *hit*. Once worked there, it would require more fortitude than a peacefully-disposed husband could summon to allow it to be removed. The danger is that, to find work for it, more money may be spent for dry goods than is desirable; for it disposes of material so rapidly, and so fascinates the femanines who operate it, that it is likely to be used more than is agreeable to a linky-linky editorial purse. We commend it to our readers.

Frederick Female Seminary,

FRDERICK CITY, MD.

THE Scholastic exercises of this Institution will be resumed on MONDAY, the 3rd of September next.

It is confidently believed that this School offers as many educational advantages and personal comforts as any Young Ladies' Seminary either in the Northern or Southern States. Being located in a Southern State it is in all its proclivities a Southern Institution.

For Board and Tuition, including furnished Rooms, Lights, Fuel, Washing, etc., $200 per Scholastic year; payable half-yearly in advance.

For Circulars and other particulars, apply at this Office, or address

H. WINCHESTER,
President.

sep 1-6m

EDGEWOOD (DEL.,) DEC. 15th, 1855.

MESSRS. ALLEN & NEEDLES: *Dear Sirs*—It gives me great pleasure in stating (after several careful experiments with your Improved Super Phosphate of Lime *in competition* with other concentrated and homestead manures,) that I consider it the *best, cheapest*, and *most durable* Fertilizer in the market Yours truly,

HENRY L. TATNALL.

Mr. Tatnall further says, under date of October 14th, 1859, "Having leased my farm and removed to the city, I still feel a lively interest in agriculture, and consider anything I may say in praise of your Phosphate but due to you."

"I am not sure, however, whether I mentioned my last experiment. I prepared a twenty-acre field for Wheat after Corn, and applied first about three lands with Peruvian Guano, the next six lands with your Super Phosphate of Lime, 250 lbs. per acre, then two lands with Stable Manure, 17 large loads per acre, then Mapes' Super Phosphate of Lime, 250 lbs. per acre, (same as yours.) The result was as follows:—The Guano ahead in the Fall; in the Spring, your Phosphate showed its superiority, the Wheat was ripe fully a week before the Stable Manure, it was *thicker on the ground and better filled*. The Wheat was drilled, across the lands. The grass next season was far better where your Phosphate was used than any part of the field, and continues better up to this time, though it is four years since its application."

No. 20 Exchange Buildings,
BALTIMORE, August 30th, 1855.

MESSRS. ALLEN & NEEDLES: Gentlemen—The analysis of your Super Phosphate of Lime, shows that the manufacturers of this article have been most successful in effecting the transformation of common Phosphate of Lime into Bi-Phosphate of Lime, not having fallen short of, nor exceeded the quantity of sulphuric acid which was required for this purpose. The whole amount of Phosphoric Acid which the article contains, has entered into the composition of a Bi-Phosphate of Lime, and has thus been rendered soluble. Besides, the article is capable of producing a sufficient quantity of ammonia to give the crop a quick start; half its Nitrogen is already present in the form of Sulphate of Ammonia.

The sample of Super Phosphate of Lime, sent to this office, was analysed, and found to be composed, as follows:

Composition in per cent.

Lime,	18.06
Soda and Magnesia,	4.73
Sulphuric Acid,	25.87
Phosporic "	16.70
Organic Matter and Water.	27.33
Capable of producing Ammonia, 2.95	
Sand and per Oxide of Iron,	7.31
	100.00

CHARLES BICKEL, Assistant State Chemist,
of Maryland.

Referring to the above and numerous other testimonials that I have in my possession (among which are several farmers in this county) I would state that I am the *sole agent for the sale of* Allen & Needles' Super Phosphate of Lime, as well as this celebrated Fertilizer which was used with such success on Corn in this county the past season, in this section. I am prepared to furnish any quantity on short notice.

Price of Super-Phosphate of Lime, $45 for 2000 lbs., cash.

Price of Fertilizer $29, for 2000 lbs. cash, or $30, for approved endorsed note, 12 mos. from September 1st, 1860, *with interest from date.*—Freight $1 50 per ton. *cash, in all cases.*

sep 1 THOMAS C. NICOLS, Jr.

NOTICE TO THE CITIZENS OF TALBOT AND ADJACENT COUNTIES.—I will have the largest stock of Stoves that ever was in Easton, by the 20th of August inst., which I will sell at ten per cent. advance on first cost, for cash. As I was the first one to keep a Stove house in Easton, I solicit a share of public patronage. My Stoves will be of the heaviest plate and latest style. Call and examine for yourselves and find out prices before purchasing elsewhere. Old Stoves taken in exchange for new ones. (aug 11) CHAS. KEILHOLTZ.

NEW CIDER—A good article just received and for sale by (sep 1) J. P. BLAKE.

GAS LAMPS.

IT IS OBTAINED!

Light! Light! Light!

A PERFECT

GAS LIGHT

FOR THE MILLION.

Edward H. Anderson's

PORTABLE, AIR-PRESSURE, FAMILY

GAS LAMPS.

PATENTED APRIL 3, 1860.

WARRANTED NON-EXPLOSIVE.

BY this valuable invention, every family both of Town or Country, can enjoy the luxury of a first quality Gas Light. This light is equal in brilliancy to the Coal Gas Light, and is at the same time softer and more agreeable to the eyes, which for safety in its use, brilliancy and economy, cannot be surpassed, at a cost of less than one cent per hour. It produces a light equal to four ordinary two tube fluid lamps, and is perfectly free from *smoke or smell*, and less trouble in its management than the ordinary fluid or Coal oil lamps. They are so constructed that the flame can be reduced to one half size, when the full force is not required, thereby only consuming one half the quantity of oil.

The great desideratum that has so long been felt for a portable Gas-light, simple in construction, one that is easily managed, and not requiring too much outlay in the first cost of apparatus, has now been obtained, and is fully realized in this truely valuable invention, and must be seen to be fully appreciated.

This Generator is easily applied, and fully adapted to all descriptions of Lamps known, viz: such as ordinary fluid Lamps, every description of Coal Oil Lamps, Lard Oil Lamps, Chandaliers, Brackets, Hall pendants and easily applied to every description of Gas fixtures.

The Lamp can be put up from the cheapest ordinary one dollar hand Lamp to the most costly and ornamented eighteen and twenty-four burner Chandalier; thereby bringing it within the reach of the poor as well as the wealthy. The light remains the same. The prices alone vary in proportion to the style and finish of the fixtures. The poor individual enjoying as good a light at a cost of one dollar, as his more fortunate neighbor will, in many instances at a cost of fifty dollars.

FACTS FOR THE PEOPLE.

1st. This Generator produces a more steady, clear and brilliant flame than any other known Generator.

2d. The Lamp is rendered entirely *non-explosive* from the principle upon which it is arranged, and the adaptation of the *air-tube* passing through the screw top.

3rd. The flame is entirely free from *smoke* and *smell*, for the reason that the *flame* does not come in contact with *metal* or *wire-heaters* of any description.

4th. It consumes *less oil* than any other Generator (producing the same size flame) for the reason that the Gas produced is *more perfect combustion* when it issues from the burner, and the ascent of the oil is regulated by the variface tion in the chambers

5th. We do not assert that *one pint of oil* will burn a given *number of hours*, knowing at the same time that it will only last one half of the time stated.

6. We know that one pint of the ordinary fluid burns in this Lamp 10 hours, producing the full size flame, being less than one cent per hour.

7. The flame has more the appearance of a regular Gas light from large works, for the reason that the flame is not obstructed either above or on the sides by heaters, &c.

8th. It is the best generator for lighting churches, dwellings, halls, cars, steamboats, &c.

Every individual purchasing a Right, will realize a larger return on the investment made than he possibly could on any one thing else, as light is something that interests every individual throughout the world. A good light is a luxury and a blessing, it increases business, and adds cheerfulness to the household.

The proprietors, Topkins & Anderson, have made extensive arrangements for manufacturing the Generators in any desired quantity and for furnishing those purchasing Rights with everything necessary to go into business.

TOWN, COUNTY, STATE AND DISTRICT RIGHTS FOR SALE.

For further information address or apply to the proprietors.

HOPKINS & ANDERSON,
apr 14 Easton, Talbot county, Md.

LIGHT! LIGHT!! HOPKINS & ANDERSON'S CELEBRATED Liliputian Gas Burner.

Patented April 3, 1860.

THE great Desideratum attained by the Inventors. IN producing this simple yet ingenious little Gas Burner, whereby double the amount of Light is actually obtained from one half the quantity of oil ordinarily consumed. It has proved itself to be the best and cheapest little Lamp in existence where only a medium size light is required.

One pint of Oil burns twenty hours with the full size flame.

It gives more Light than any ordinary *two-tube Lamp.*

It is perfectly free from smoke.

The light can be reduced to the smallest taper—thereby making it an excellent chamber light

Passing about with the lamp does not effect its burning.

It can be put in operation by simply using a match.

It is certainly the cheapest Light known for ordinary household purposes.

Every individual purchasing these Lamps, exercises true economy.

The price of one gallon of oil pays for the entire apparatus, which amount it saves in a very short time, alone in the consumption of the oil.

Its merits will win the approval of all who try it.

It is destined to be introduced into every community throughout the country.

Any ordinary Lamp can be altered to use these Burners in a few moments.

Town, County, State and District Rights for sale.

The proprietors, Hopkins & Anderson, have made extensive arrangements for manufacturing these Burners, in any desired quantity, and for furnishing those purchasing Rights with every thing necessary to go into business. For further information address or apply to the proprietors. HOPKINS & ANDERSON,

NOW OPENING AT THE OLD STAND
ON FRONT ST.,
A LARGE AND SUPERIOR STOCK OF
Fashionable Ready Made

CLOTHING.

MOSES HERTZ, Agent for L. Hoffman, would most respectfully inform his patrons and the public generally that he has just returned from the city with a large and elegant assortment of fashionable *READY MADE CLOTHING*, which he offers at greatly reduced prices. His stock embraces Coats, (sack and frock) of all sizes, quality and price,

Pants and Vests of every description,
Shirts and Collars in variety,
Neckties and Suspenders,
Hats and Caps of the latest styles,
Trunks, Carpet Bags,

and other articles.

A well selected assortment of Boys' and Servants' Clothing. Also, Oil Cloth Fishing Coats, &c., &c.

The above goods have all been selected with great care—purchased unusually low for cash, and will be disposed of at very small profits.

The undersigned returns his grateful acknowledgements to a generous public for the very liberal patronage heretofore extended towards him and respectfully solicits a continuance of public favor. (mar 24) MOSES HERTZ, Agent.
