## SPECIAL NOTICE.

THE subscriber still continues to keep on hand a good assortment of Hopkins & Anderson's patent Gas generating Lamps, known as the Family Air-Pressure Gas Lamp, and the Liliputian Vapor Lamp. The Family Air-Pressure Burner gives a light equal to four ordinary two tube fluid Lamps and is perfectly free from smoke or smell. The above mentioned Lamps are adapted in all cases, where a good light is desirable, viz: such as for Churches, Parlors, Halls, Stores, Offices, &c. The Liliputian Lamp is principally designed for all general ordinary Household purposes, Boarding Houses, Hotels, &c. It produces a light exceeding and ordinary two tube Lamp and consumes considerably less oil. The flame is readily reduced from its full size to a small taper light, which constitutes it an excellent companion for the sick room.—both of the above Lamps are easily managed and kept in order.

We can furnish the Family Air-Pressure Lamp of a *plain style* at the low price of $1.25 in complete working order, others of a higher price in proportion to style and finish—we will also furnish the Liliputian Lamps in complete order, of a *plain style* for the low price of 75 cts. Old Lamps altered to use the Family Air-Pressure Burner for $1,00. To use the Liliputian Burner, 50 cents. All kinds of Lamp repairing and other brass work done to order at short notice. All orders left with Mr. S. B. Hopkins, Carriage maker, or at the residence of Ed. H. Anderson, will be promptly attended to.

☞ The subscriber also begs leave to inform his old customers, that now having made arrangements in the city for the manufacture of their Gas generating Lamps, he will now devote a large portion of his time to the repairing of WATCHES, CLOCKS, JEWELRY, &c., and all other work appertaining to the business. His long experience in the business, he trusts will merit a share of their patronage as of old. All work entrusted to his care will meet with prompt attention, and above all, it will be done in a workmanlike manner and guaranteed to be correct. All work or orders left at his residence on Cabinet street, below front, or with Mr. S. B. Hopkins, Carriage maker, will meet with prompt and punctual attention.

ALLEN & NEEDLES' FERTILIZER.
Price $30 for 2000 lbs., for approved *endorsed* note at eight months from March 15th, *without* interest. Note to be given *on or before* the delivery of the article. Or for Cash $25.00 for 2000 lbs.

☞ In all cases the freight is $1½ per ton to be paid in Cash.

The subscriber has experienced much satisfaction from the sale of over one hundred tons of "Allen & Needles' New Fertilizer" the past year, from the fact that although *some* persons did not have their expectations realized all unite that it has merits of a high order and nine tenths of the purchasers expressed themselves satisfied that, but for those severe drouth of last summer, it would have paid them handsomely. This concentrated manure is highly ammoniated being composed mainly of BONES, HAIR, ANIMAL MATTER AND SULPHURIC ACID. It is put up in new and sound seamless bags, which when emptied may be used for grain bags or other farm purposes.

The terms on which this manure is sold are such as to place it within the reach of all farmers, enabling them as it does to pay for it out of the crop it assists in producing.

The subscriber has been furnished with numerous verbal and written replies to his questions concerning it, some of which are very flattering.

One verbal one is from a farmer of high standing in Trappe district who states that his corn crop was greatly benefitted by it and that after his crop of corn was matured he put a piece of the same land in Lucerne and at the time of his report December 10th his Lucerne *was then ten or twelve inches high*, something he never saw before at the same season.

Another report is, that a trial was made in the same field with Guano, Stable Manure, Lime and Marl and where the "Fertilizer" was applied, *though the poorest land in the field*, his corn was the best.

Annexed is a written report.
EASTON, MD., Oct., 13, 1860.
Thos. C. Nicols, Jr., Esq.

Dear Sir:—In reply to your inquiry in regard to the success of "ALLEN & NEEDLES' FERTILIZER" purchased of you last Spring I will say that owing to the drought the corn crop generally was cut short, but where the Fertilizer was applied the corn grew off finely and so continued until the drought stopped its progress. I applied it also to both Sweet and Irish Potatoes *with great success* making the *best crop I ever made.* I applied it also to Garden Vegetables, and notwithstanding the dry season I raised more vegetables than I have for the last *three years all together.* My confidence in it is so strong that I wish you to retain for me five tons to go on my wheat. Yours Truly,
CHARLES M. JUMP.

Numerous testimonials could be added to the above but it is deemed unnecessary. Few condemn it, numbers applaud it.

Orders are respectfully solicited and the earlier they are given the better as the supply is limited. It can be handed any time and not affect the date of the falling due of the note, as whether taken before or after March 15th the notes will all bear same date.

I repeat send in your orders early. A small supply on hand to begin with.

Delivered without extra expense on Tred Haven or Choptank Rivers. Or on any other river on the shore where the orders reach 50 tons or more. [jan 19, 1861.
