THE STATE COMPTROLLERSHIP.—The difficulty with regard to the Comptrollership of the State still continues. A. SARSAPARILLA.—This tropical root has a reputation wide as the world, for curing one class of disorders that afflict mankind—a reputation too which it deserves as the best antidote we possess for scrofulous complaints. But be brought into use, its virtues must be concentrated and combined with other medicines that increase its power. Some reliable compound of this character is much needed in the community. Read the advertisement of DR. AYER's Sarsaparilla in our columns, and we know it needs no encomium from us to give our citizens confidence in what he offers. [Organ. Syracuse, N. Y.

SOLE AGENT FOR

ALLEN & NEEDLES' SUPER-PHOSPHATE OF LIME,
Price $45 for 2000 lbs., Cash.
ALLEN & NEEDLES' FERTILIZER.
Price $30 for 2000 lbs., for approved *endorsed* note at eight months from March 15th, *without* interest. Note to be given *on or before* the delivery of the article. Or for Cash $28 00 for 2000 lbs.

☞ In all cases the freight is $1½ per ton to be paid in Cash.

The subscriber has experienced much satisfaction from the sale of over one hundred tons of "Allen & Needles' New Fertilizer" the past year, from the fact that although *some* persons did not have their expectations realized all unite that it has merits of a high order and nine tenths of the purchasers expressed themselves satisfied that, but for the severe drouth of last summer, it would have paid them handsomely. This concentrated manure is highly ammoniated being composed mainly of BONES, HAIR, ANIMAL MATTER AND SULPHURIC ACID. It is put up in new and sound seamless bags, which when emptied may be used for grain bags or other farm purposes.

The terms on which this manure is sold are such as to place it within the reach of all farmers, enabling them as it does to pay for it out of the crop it assists in producing.

The subscriber has been furnished with numerous verbal and written replies to his questionings concerning it, some of which are very flattering.

One verbal one is from a farmer of high standing in Trappe district who states that his corn crop was greatly benefitted by it and that after his crop of corn was matured he put a piece of the same land in Lucerne and at the time of his report December 10th his Lucerne *was then ten or twelve inches high*, something he never saw before at the same season.

Another report is, that a trial was made in the same field with Guano, Stable Manure, Lime and Marl and where the "Fertilizer" was applied, *though the poorest land in the field*, his corn was the best.

Annexed is a written report.

EASTON, MD., Oct., 13, 1860.

Thos. C. Nicols, Jr., Esq.

Dear Sir:—In reply to your inquiry in regard to the success of "ALLEN & NEEDLES' FERTILIZER" purchased of you last Spring I will say that owing to the drought the corn crop generally was cut short, but where the Fertilizer was applied the corn grew off finely and so continued until the drought stopped its progress. I applied it also to both Sweet and Irish Potatoes *with great success* making the *best crop I ever made*. I applied it also to Garden Vegetables, and notwithstanding the dry season I raised more vegetables than I have for the last *three years all together*. My confidence in it is so strong that I wish you to retain for me five tons to go on my wheat. Yours Truly,

CHARLES M. JUMP.

Numerous testimonials could be added to the above but it is deemed unnecessary. Few condemn it, numbers applaud it.

Orders are respectfully solicited and the earlier they are given the better as the supply is limited. It can be hauled any time and not affect the date of the falling due of the note, as whether taken before or after March 15th the notes will all bear same date.

I repeat send in your orders early. A small supply on hand to begin with.

Delivered without extra expense on Tred Haven or Choptank Rivers. Or on any other river on the shore where the orders reach 50 tons or more. [jan 19, 1861.

CAUTION.

As certain unprincipled persons are attempting to palm off on the unsuspecting public, imitations of my Prepared Glue, I will caution all persons to examine before purchasing, and see that the full name,

CAMPBELL'S PURE ESSENCE OF *JAMAICA GINGER.*

GINGER is a grateful stimulent and carminative, and is often given in *Gout, Rheumatism, Dyspepsia, Cramp, Cholera Morbus, Cholic, Cholera, &c.*

In *Nervous and Sick Headache, Sea Sickness, Nausea, Imperfect Digestion*, or from Nausea induced by riding in a carriage, &c., it will be found most agreeable to the stomach and palatable to the taste, and affording at the same time almost in all cases immediate relief.

To the Inebriate, it is particularly serviceable; a very small quantity used instead of the usual stimulant, will give tone and vigor to the digestive organs, and impart strength to resist the temptation, and therefore be considered an invaluable agent in reclaiming the drunkard.

The traveling public will also find it very efficatious in correcting the bad results arising from a change of water and diet, a few drops of which will give a glow and vigor to the stomach, equal to a wine glass full of brandy or other stimulant, without producing any of the injurious and overraiing effects which are sure to result from the use of stimuli of any kind. It is also a superior article for flavoring Jellies, Preserves, Cakes and for other Culinary uses besides making a good beverage in hot weather.

DOSE.—An adult may take one teaspoonful; a child from 8 to 14 years old half that quantity; and for a child 2 to 5 years old, 10 to 20 drops. To be given in syrup or in sugar and water.—For sale by
