Sired by Allerton, 2.09 1-4,

the greatest stallion the world has ever produced.

1st Dam, Mary Marshall, 2.12 3-4,

the dam of Nathan Straus, 2.04¼ and Andrew M.
2nd Dam, Belle Snyder, the dam of Maj. Marshall, 2.07¼; May Marshall, 2.08¼ Mary Marshall, 2.12¼ and Ben Marshall 2.23.

ANDREW M. has the right by inheritance to be the great sire that he is, being the greatest son of Allerton 2.09¼, the greatest stallion in the world, his dam Mary Marshall 2.12¼ was a game race mare and has already produced Nathan Straus 2.04¼.

ANDREW M's colts sell for more money and are in greater demand than any colts bred in Maryland. Why? Because they are handsome and can do what they are bred to do. They go fast and do it young. An offer of $7000 refused for one of his colts, $2,500 for a 3 year old, $900 for another 3 year old, and I have sold one weanling for $150, one 2 year old for $800, another 2 year old for $250 and a 4 year old for $800 making $2000, an average of $500 a piece.

ANDREW M. is a very handsome chestnut horse, full 16 hands high and weighs 1200 pounds.

Will stand at my farm adjoining Fair Grounds. at $25.00 the season, with free return privilege this fall in case of failure to get with foal.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. A Professional Piano.

Mr. J. Frank Frysinger, composer, concert pianist and teacher, of Hanover, Pa., writes he is amazed at the prolonged vibrations of the tone, by which the Weaver piano becomes somewhat organ like, at the lightness of touch, at the precision and perfect cessation of tones which the dampers effect—an element so essential to distinctness in playing.

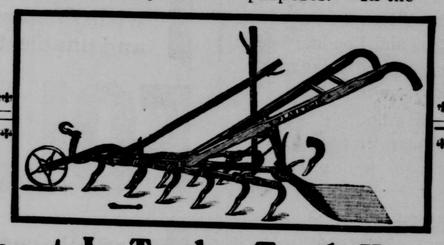

The Weaver piano is in so many respects a superior piano that each artist seems to find a different feature to admire. It is the piano of the Twentieth Century. Send for catalogue.

John Neavitt, Edgar Grace, Ethel Cooper and class in Dialogue, and Wiliam Gemeny.
