He figures that through them he is $100,000 poorer.

(Correspondence of later date.)

At the sheriff's sale this afternoon, the elder Mr. Simpson bid in his son's lower forty.

(Later correspondence.)

Mr. Silas Simpson has decided not to go to Rome this year. He is taking up a correspondence course in art.

(Still later correspondence.)

Si Simpson will teach in District No. 2 this winter. He successfully passed examination for third grade certificate. Si says this is the first good luck he has had this year.

KIDNEY DISEASES CAUSE ONE-THIRD OF THE TOTAL DEATHS.

When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.

FOLEY'S KIDNEY CURE

corrects irregularities and cures Kidney and Bladder diseases in every form, tones up the whole system, and the diseases that have resulted *from* disordered Kidneys disappear, because the *cause* has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not risk having Bright's Disease or Diabetes.

CURED OF BRIGHT'S DISEASE.

Mr. Robert G. Burke, Elnora, Saratoga Co., N. Y., writes:—I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began it I had to get up from 12 to 20 times each night to relieve my bladder. I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I was urged by a friend to try FOLEY'S KIDNEY CURE. One 50-cent bottle worked wonders, and before I had taken the third bottle the superfluous flesh had gone, as well as all other symptoms of Kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefitted.

Two Sizes, 50 Cents and $1.00.

EDUCATION AND HAPPINESS.

Does the Former in a Majority of Cases Bring the Latter?

Does education bring happiness? That question, in one form or another, is constantly presenting itself to the minds of most of us, and it is regrettable to find that so many persons are adopting the view that education more often brings unhappiness than the opposite.

The arguments in favor of the contention that education spells unhappiness may be summarized thus: The more we learn, the more we see how we have to "put up with things." We observe that others are better off than ourselves, and we wonder why this is. We aim at higher things, our ambition grows, and we fail more frequently than we succeed, for various reasons. "Education is all right if you succeed in life," said one of the supporters of the above-mentioned contention, "but as everybody cannot reach the top of the ladder, the result is discontent to the educated person."

These arguments sound very convincing, yet they are not logical. What is the main object of education? Naturally to cultivate the intelligence. Then the intelligent, or well educated person, ought to be wise enough to know how to accept the conditions of life in their proper light, and to understand the limits of his own ability. Failure often comes through endeavoring to do something for which we are not fitted; we would like to do that certain thing, it would gratify our ambition, and satisfy our vanity, but if it is beyond us, why court failure? Again, intelligence shows us that all is not gold that glitters, and we should remember that the people who are so much above us socially are not necessarily happier. We should find, if we could peep into the recesses of their hearts, that they are not entirely happy, and that they also have unsatisfied ambitions and desires.

The educated person, if his schooling has been of the right kind, is intelligent enough to make the best of everything, and not to spend time and energy in hunting for the felicity that lies within his grasp if he chooses to pick it up. He is not devoid of ambition, but it is curbed to its proper limit. He always tries to do better, but he does not stake his whole happiness on victory or defeat.—New York Weekly.

We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale at Harry Roberts' Drug store.
