PROFUSE AMERICAN TITLES.

Practice Is Essentially a Modern One and Is on the Increase.

An American journalist, returning after an absence of some years abroad, comments upon the profuse application of titles which is becoming frequent in this country. The practice is essentially a modern one. Daniel Webster in his lifetime was never spoken of as "Senator" Webster, but always as plain "Mr." Webster. Nowadays, however, it is invariably "Senator" this and that; and almost everybody has some kind of a handle to his name. If this kind of thing keeps on we shall end by resting our claims to respect and consideration upon those painfully minute social distinctions which prevail in Germany, where men or women inscribe their names in hotel registers with the addition of such descriptive phrases as "cousin to an apothecary" or brother-in-law to a corporal.—Boston Herald.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale at Harry Roberts' Drug Store.

Immigrants to Hawaii.

The local Japanese press says that the Tokio government has issued a new order, which went into effect recently increasing the number of immigrants per steamer to Hawaii from 100 to 400. Half of this number may be laborers, the other half women and children.—San Francisco Chronicle.

Dr. Richard Strauss gets $500 as an honorarium for conducting a performance. It is supposed to be the largest fee paid to a composer for conducting the reproduction of his own works.

During the examinations at Belgrade University a professor saw the boys buying cakes in the campus. He bought one and found that, like the others, it contained the solution of one of the problems.

Treatment of Cretinism.

All idiots or cretins in the Alps are to be treated at government expense, with tablets of extracts of the thyroid of sheep and other domestic animals, says the British Medical Journal.

A few doses started the brick dust, like fine stones, etc., and now I have no pain across my kidneys and I feel like a new man. FOLEY'S KIDNEY CURE has done me $1,000 worth of good."

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale at Harry Roberts' Drug Store.

The Adirondack Resorts Are Open.

The various resorts in the Adirondack Mountains are open for the public, and many of them have been greatly improved during the past winter and spring. Several of the large hotels have put in steam heat, so that should there come a rainy or a cool wave, patrons will be perfectly comfortable.

The through car from Philadelphia to Lake Placid leaves daily except Sunday; returning from Lake Placid, it leaves daily except Saturday.

Lots of Philadelphians are locating in the Adirondack Mountains. They find the change so great and so delightful, and so healthful withal, that they are charmed with it, and frequently the Pennsylvania R. R. is obliged to put on two or three cars to accomodate the business.

There is no region in America that surpasses the Adirondacks for variety of lakes, rivers and mountains, and none that equals it for pure bracing air and pure water.

Here is an absolute wilderness, as wild as any wild country in the world, within from ten to twelve hours of ten millions of people.
