BANKERS MEET IN EASTON.

RECOMMEND A THREE PER CENT INTEREST RATE.

Representatives from all Banking Institutions in Four Counties Attempt to Fix upon a Uniform Rate.

Monday was 'Bankers Day' in Easton.

As stated in our issue last week a convention of the banking interests of Talbot, Queen Anne, Caroline, Dorchester and Kent counties was called on Monday in Easton, and there were present representatives from every important banking house of those counties.

The meeting was called by Mr. James Bordley, president of the Centreville national Bank in G. A. R. Hall.

The purpose of the meeting was to establish a uniform rate of interest in the banking institutions of the above named counties, and also fix upon some method to be followed by all the banks as to the accredited period for deposits before bearing interest.

It was the sense of the meeting, nearly unanimous by the representatives of all the banks, that 3 per cent. per annum should be the rate of interest which all of these institions should pay, and that there should be but two dividends a year.

The plan thus drafted will be sent by the secretary of the meeting, Albert G. Towers, of Denton, to every banking institution in the above counties for their ratification or rejection.

The resolutions limiting the interest on deposits to three per cent. per annum finally became a mere recommendation through the strenuous objection made by one [illegible] Mr. Wm. Reddie of the Talbot [illegible]nk, the strongest of the kind [illegible] Shore, when he declared that institution would continue to pay the already fixed rate of 3½ per cent. to depositors. As a matter of fact this turn of affairs practically nullified the object of the call for the convention and the banks are left to meet the competition of each other the same as though no convention had been called.

The bank representatives here were: Second National, Chestertown, W.B, Copper; Chestertown Bank, Chestertown, Alan Harris; Kent Savings Bank, W. B. Copper; Denton National, H. L. Cooper; People's National, Denton, A. G. Towers Caroline County, Denton, W. H. Deweese, H. H. Horsey, P. Seldon Raughley; Bank of Ridgely, John A. Segler; Provident Saving Bank, Preston, A. W. Sisk; Queen Anne National, Centerville, J. Frank Harper and C. A. Busteed; Centerville National, Dr. James A. Bordley, J. Fletcher Rolph; Sudlersville Savings Bank, J. Fletcher Rolph; Queenstown Savings Bank, DeCourcy W. Thom; Church Hill Bank, of Church Hill, E. S. Valliant, W. W. Chapman; Easton National, Robert B. Dixon, Judge William R. Martin; Farmers and Merchants' National, Easton, John Mason, Dr. I. A. Barber; Talbot Savings Bank, William Reddie; Workingmen's Permanent Building and Loan Association, John Mason; Trappe Savings Bank, Dr. J. S. Chaplain, E. A. Powell.

DEMOCRATS MEET IN EASTON.

Side-track Thomas A. Smith, and Crown Wm. J. Bryan as a "King."

The Democratic County Convention met in Easton on Tuesday, and created no little amusement in the apparent effort to divert public attention from the candidacy of Thos. A. Smith, for Congress, by the consideration and adoption of a long set of resolutions eulogizing that twice defeated candidate William Jennings Bryan—the same man which the Talbot democracy ignored several years ago.

The resolutions styled Mr. Bryan "an uncrowned king and sovereign," which titles certainly appear inconsistent with the 'anti-monarchial and anti-imperialist' democratic platforms of a few years ago.

The convention was gracefully called to order by Hon. J. Frank Turner, chairman of the State Central Committee.—Alfred J. Wilson was make chairman of the convention and W. C. Jackson, secretary. The following delegates were elected to the Congressional Convention at Ocean City next week: William Law, C. W. Roe, Wm. T. Harrison, Jr., James H. Warner, Albert H. Valliant, Benj. F. Sherwood and Frank M. Willis.

These delegates were sent unpledged, each with one-half a vote.

The Chesapeake Bay Yacht Club Regatta.

Oxford, Claiborne, and St. Michaels are now making strong bids for the regatta of the Chesapeake Bay Yacht Club. For the past two years the races have been held at St. Michaels and they were most successful, that point being easy of access for the crowds of people who take an enthusiastic interest in these annual events, and besides the course over which the races were run is ideal. The matter is now being considered by the regatta committee, and an early decision is looked for, as the races should come off sometime early in August. Captain T. C. Morris is chairman of the regatta committee, having succeeded the late Dr. Johnson in that position. In addition to the usual races there will be a motor boat event and also a three sail class of canoes with no outriggers.

Operated on for Appendicitis.

Master Julius Henry Withgott, son of Wm. H. Withgott, of Easton, was stricken on Monday with acute appendicitis.—The lad being too ill to be removed to a hospital, Dr. Trimble, of Baltimore, was summoned and arrived Tuesday evening and immediately performed an operation, assisted by Doctors Davidson, Travers and Marshall, of Easton. The young man was taken to the home of his uncle, J. C. Godwin, that the nervous strain upon his anxious mother might be less severe. He is reported as doing very nicely and will doubtless rapidly recover. It is thought that the drinking of too much soda water or iced fluids brought on the attack.
