JENNY LIND—*Painful Rumor!*—A rumor was current on Thursday that Jenny Lind and suite left Wilmington for Charleston, foundered at sea in the gale on Sunday night; but this distressing rumor was followed by the announcement that she had arrived in safety at Charleston. The steamboat in which she took passage, at Wilmington, encountered the violent storm of Sunday night, and came near being lost. The baggage of the passengers floated on deck, so violent was the agitation of the sea.—*Clipper.*

WASHINGTON, Dec. 17.

Great Robbery of the Mail.—I learn that about six thousand dollars, in ten and twelve dollar notes of South Carolina—the Merchant's Bank—have been stolen from the mails somewhere. The bills are dated Sept. 9th, and were the only ones issued of that date by the Bank.

ALBANY, Dec. 21.

Confession of Dunbar the Murderer.—Dunbar, convicted of the murder of Stephen and David Lester, at Westerton, has made a partial confession to the Rev. Mr Beecher, but it will not probably be made public until after his execution, which is to take place on the 31st of January.

TORONTO, Dec. 21.

Canadian Reciprocity—Threats of Retaliatory Duties, &c.—Inspector General Hincks left Toronto for Washington this morning, on business connected with the reciprocity question. It is stated by an opposition journal, and not denied by the government organ, that the Finance Minister is proposing a tariff of differential duties, in favor of the St. Lawrence, with a view of retaliating on the American Congress, if it continue to refuse the reciprocity.

THE OHIO LEGISLATURE AND U. S SENATOR.—The Legislature is occupying its time in casting unsuccessful ballots for a United States Senator in the place of Thos. Ewing, whose term expires in March next. The chances of an election during the present session are very slim. The Legislature has voted down, 38 to 33, a proposition instructing their Congressmen in favor of a repeal of the fugitive law

COAL IN ALLEGANY, MD.—It is estimated that the Coal fields within the limits of Allegany county alone will yield 3,337,000,000 tons of Coal. And this result is arrived at after deducting about one fifth part of the area of the Coal basin for those portions which are carried away in the formation of the valleys along the courses of the various streams. When we say that this quantity is more than equal to the present product of the Kingdom of Great Britain, continued for a period of five hundred years, we are enabled to convey some idea of the munificence of nature to the favored region in which we live.—*Cumberland Civilian*

CONFESSION OF MURDER.—The Hagerstown News has received a pamphlet, purporting to be the confession of one Charles Wallace, which gives an account of the robbery of Mr. John Funk at Hagerstown, several years ago, committed by himself and an accomplice name Snelling. This confession was written by Wallace, as he says, from memory, and given by him to the Rev. Henry Tracy at the stake where he was burned alive by a mob on the banks of the Mississippi on the 11th of August, 1850. He confesses to the murder of Miss Mary Rogers, the beautiful cigar girl of New York, and a number of robberies and other crimes.

RELEASE OF WM. L. CHAPLIN THE SLAVE ABDUCTOR.—The Washington Republic, of Saturday, has the following:—

The End of the Chaplin Case.—Mr Chaplain was, on Thursday, liberated from the jail of Montgomery county, $19 00 bail having been entered for his appearance at Howard District Court. Bail to the amount of $6,000 had been given in this District. He passed through Baltimore, on Thursday, on his return home.

The facts in this case we learn are, that Chaplin was brought down from Rockville last Thursday, under writ of *habeas corpus*, and taken before Judge Brewer at his chambers in Annapolis, where Geo H Williams, of Baltimore, appeared with him as one of his counsel and gave the required bail as above stated. It is said that Gerrit Smith paid five thousand dollars of the bail. This has probably saved Chaplin from the penitentiary, as it is thought he will hardly appear for trial.—*Sun*

MR. EDITOR:—We perceive that, in the last Gazette, there is a long article over the signature of Edward Covey, dedicated "to the People of Talbot County," in which article the undersigned are made quite conspicuous.—We hope we shall not be judged harshly until we have an opportunity to make our statement, which, with your permission, will be done in the columns of the Gazette as soon as we can collect the materials.

"THE BOOK OF THE NATION"

Godey's Lady's Book for 1851

Mrs. S. J. HALE & L. A. GODEY, Editors

THE universal voice of the Press has pronounced this publication at the head of American magazines. The publisher, in obedience to the public voice, means to keep it there; he has the ability and inclination to do so. As long advertisements are seldom read, the publisher of the Book means to be as brief as possible. By reference to an advertisement published on the cover of the Book, (a specimen of which will be sent to any person requesting it, postage paid,) it will be seen what is to be done in 1851. It will abound in

Line, Stipple and Mezzotinto Engravings and Colored Plates.

The list of plates advertised by us are all steel, not a wood cut amongst them. When you see a list of plates advertised—inquire what they are before you subscribe.

It will have an undeniable *American Fashion Plate in each Number.* No lady can make a dress to suit our more refined taste, and be in the fashion, excepting from "Godey's reliable Fashions."

The Model Cottages will be continued, and in every No. will be something new for

The Lady's Work-Table, such as Knitting, Netting, Crochet, Patch Work, Leather Ribbon, Chenille and Lace Collar Work; Children's and Infant's clothes, Caps, Capes, Chemisetts, and in fact everything that will please the ladies.

Undoubted Receipts and New Music will also be given regularly.

AMERICAN AUTHORS, both male and female, will grace the work by their contributions.—In fact, performance, not promises, is the peculiar talent of the Publisher of the only Lady's Book published in America. The Proprietor of the Book having conducted it for nearly 21 years, considers his own taste far superior to any professional person, as a caterer for the amusement and information of the ladies of his own country.

TERMS—Cash in advance—Postage paid.

One Copy, five years,	$10
Two Copies, one year,	$5

HOPKINS' ANTALGIC LINIMENT

FOR THE CURE OF

RHEUMATISM, LUMBAGO, SCIATICA, NEURALGIA, FACE-ACHE, TOOTH-ACHE, HEAD-ACHE, SORE THROAT, BRUISES, SPRAINS, &c.

Prepared only by

S. B. HOPKINS & Co.,
EASTON, Md.

THE most painful and distressing malection known to humanity may be embraced under the general term *Neuralgia.* Algic affections of the nerves are as common as they are intolerable, attacking all classes and ages in every possible variety and form.

Tooth-Ache (bad as it is,) presents but a modification of that class of disorders whose most fearful developments may be traced in the insufferable agonies of *Tic Douloureux.*—Rheumatism, too, while it keeps on the rack the tortured sensibilities of so many sufferers, disqualifies a large portion of those means of locomotion so necessary to their maintenance and comfort. Crippled and care worn the victims of this universal malady appeal strongly to us for our sympathy and aid.

To assauge pain, and thus contribute to the duration and happiness of human life, is certainly an object worthy the exertions of the benevolent and philanthropic, and every contribution to so important and praiseworthy an object should be hailed by all as a blessing.

The design of HOPKINS' LINIMENT is to relieve the affections referred to, as well as all others of a kindred character; and it may be permitted us to add, that we promise nothing we are not competent to perform. It is no part of the proprietor's place to indulge the terms of fulsome laudation with which so many of the popular medicines of the day have been trumpeted before the public. They desire only a candid and impartial test of the virtues of the Liniment, convinced that the results will amply vindicate its claims to public confidence.—In all Neuralgic and Rheumatic affections, such as *Facial Neuralgia, Tic Douloureux, Lumbago, Sciatica*, as well as an external application in *Sore Throat, Tooth-Ache, &c. &c.* this Liniment will prove indeed an invaluable boon to the afflicted.

In the vicinity of the Proprietors' own residence it enjoys the most exalted reputation, as might be demonstrated by certificates of the most judicious and reputable persons. The certificates appended will recommend themselves by the clearness and directness of their statements, and the intelligent and highly reputable source from whence they emanate.

Certificates.

Mr. S. B. Hopkins, Dear Sir:—I feel great satisfaction in certifying to the good effect your Liniment has produced in the several cases, (four in number) that have come under my supervision. My wife, who has suffered most acutely for years past from that appalling, and in her case hitherto incurable disease, *Neuralgia,* has found decided relief from the simple application of the Liniment to the part affected. The application was made upon the approach of an attack, and no discoloration or other unpleasant effects are left on the skin.

Yours very truly,
JAS. N. GOLDSBOROUGH.

Woodstock, near Easton, April 25th, 1850.

This is to certify that I have used Hopkins' Liniment in my family with the most satisfactory success. My sister, Mrs. Harrison, was afflicted with a pain in the neck and shoulder so severely that she could not turn her head without great suffering, but one bottle of the Liniment effected a complete cure. One of my servants was also afflicted with Rheumatism, and was cured effectually by using the Liniment. I give this certificate with great pleasure. THOS. ATKINSON.

Dear Sir:—This is to certify that my wife suffered severely for a long time with a violent pain in her left jaw, so intense that she was unable to chew upon it for five or six weeks. I procured a bottle of your Liniment and before she had used one-half she was entirely cured.

REUBEN TALL.

Dear Sir:—I received a bottle of your Liniment from my son and its effects were beyond my most sanguine expectations. I was troubled with the Rheumatism for about a year in both arms, so that I could scarcely dress myself or raise my hand to my head. It seemed to be in the bone, and by the time I had used the bottle all the soreness was removed and I can use my arms as well as ever. Considering my age, 75 years next month, the effect was truly wonderful. Yours respectfully,

MARTHA MERVIN.

Mr. Hopkins, Dear Sir:—My mother, an elderly lady, sprained her knee joint badly, which caused her the most exeruciating pain—the joint was also much swollen. The only remedy at hand was the bottle of Liniment you presented me with, was immediately applied and entirely relieved the pain and had great effect in reducing the swelling.

We have no doubt of the good effect of your Liniment in this case, and if you see proper to make this statement public, you can do so with pleasure. With much respect, your ob't serv't,

FLETCHER WHITE.

EASTON, 12th January, 1850.

I hereby certify that after a trial of the medicine manufactured by Mr. Samuel B. Hopkins, for Rheumatism, having purchased one bottle of him and tried it, I consider it the best remedy I have seen for that complaint.

HOPKINS' LINIMENT has been quite remedial in a case of Face-ache in my family.

T. L. McLEAN.

Easton, March 16, 1850.

MR. S. B. HOPKINS—*Dear Sir:* I made use of the Liniment obtained from you, and its effects were beyond my most sanguine expectations. For years I have been a martyr to the Head ache—a large proportion of my time being passed in excruciating pain. The first application of your remedy, greatly to my surprise and gratification relieved me immediately. My wife also has tried it and with the same success. Should it operate in other cases as it has in mine, no doubt it will be one of the most popular medicines ever offered to the public.

Your's Respectfully,
Jan. 10, 1850, S. HARRINGTON.

The Liniment is put up in 4 oz. bottles,—Price 50 cents.
