persons, civil or military, who shall be found within the vicinity of this outrage, to be aiding and assisting, by all means in their power, in quelling this and other such combinations, and assisting the marshal and his deputies in recapturing the abovementioned prisoner.

And I do, especially, direct that prosecutions be commenced against all persons who shall have made themselves aiders or abettors in or to this flagitious offence.—And I do further command that the District Attorney of the United States, and all other persons concerned in the administration or execution of the laws of the United States, cause the foregoing offenders, and all such as aided, abetted, or assisted them, or shall be found to have harbored or concealed such fugitive, contrary to law, to be immediately arrested and proceeded with according to law.

Given under my hand, and the seal of the United States, this 18th day of February, 1851.

[L. S.] MILLARD FILLMORE.

DANIEL WEBSTER, Secretary of State.

ATTEMPTED SUICIDE.—Joseph Eaton, now in confinement in the penitentiary for a term of ten years, for the murder of Mr. Turner, of Baltimore county, made an attempt on his life on Friday last, by cutting his throat with a knife. The wound was dressed, and he sufficiently recovered to be again placed in the workshop yesterday. In the evening, just as the prisoners had finished supper, and while on their way to the cells, Eaton precipitated himself from the fourth story of the building to the pavement below, a distance of about forty feet. He was picked up and carried to the hospital, his skull supposed to be fractured, and otherwise injured so as to leave little hope of his recovery.—*Patriot of Tuesday.*

DISTRESSING CALAMITY.—A little daughter of Mr. G. M. Bastable, west Hollins street near Union Square, aged about three years, died yesterday under the most heartrending circumstances. A pan of boiling water, through the carelessness of a servant girl, was left sitting on the floor of the kitchen, where the child was playing. In her gambols she tripped and fell backward into the water, and when taken out was found to be horribly scalded. In taking off her clothing, the skin came off with them from her waist to her lower extremities. Professional aid was called in, but death put an end to her suffering in thirty hours after the accident occurred.—*Sun.*

ARREST OF COUNTERFEITERS.—Two men calling themselves William Barker and George Ferguson, were arrested at Port Deposit, on the 7th inst., on the charge of passing counterfeit gold coin—They were fully committed by Justice Orr, and lodged in the Elkton jail the same night by officer Stephenson. $240 in half eagles and quarter-eagles, dated 1845, were found on them. They stated they were from Philadelphia—one was about 25 years of age, the other about 40.

A CAREFUL APOTHECARY.—On Tuesday, near midnight, a genteel looking man, whose countenance betrayed dissolute habits and despair, stepped into the drug store of Dr. James P. Williamson, corner of Gay and High streets, and wished to purchase a large dose of opium, which the Dr. properly refused. Dr. W. is the same apothecary who refused to sell arsenic to a female last Summer, who subsequently procured it at another establishment and destroyed herself with it.—*Balt. Sun.*

NEW COUNTY.—A meeting for Catoctin District, Frederick county, Md., was held at Wolfsville on the 6th instant, to consider the propriety of forming a new county out of portions of Frederick and Washington counties. The meeting was opposed *unanimously* to the new county project.

Other Districts falling within the range of the contemplated new county, have also held meetings and expressed themselves favorable to its formation.

DISTRESSING CASUALTY.—A little son of Mr. Jacob Wickard, of Cumberland, Md., aged sixteen months, met with a most distressing accident on Friday last. The mother had taken the tea kettle off and placed it on the front plate of the stove, and resumed her domestic duties—the child inhaled the steam from the spout of the kettle. He lingered until Saturday morning, when death relieved his sufferings.

"LET HER WENT."—The fugitive slave case in Cincinnati, of which we have had a notice by telegraph, was settled most decisively by the slave herself. The counsel had closed their speeches, and the judge said he would give his opinion in the morning. At this moment, says the Cincinnati Gazette, the woman stepped forward to the judge and said, "I want to go home with my Master. I can't fool away all dis time. Let me go." The judge said "go"—and she "*went.*"

DECISION IN REGARD TO LAND WARRANTS FOR SUBSTITUTES.—We understand, says the Washington Republic, it has been decided by the Pension Office that, where a soldier engaged to serve six months, and actually served four months, and then hired a substitute who served the residue of the term, both are entitled to bounty land under the provisions of the act of September 28, 1850, according to the actual amount of services rendered.

FATALITY.—The Boonsboro' Odd Fellow says that a young lad, named Reese, who was out gunning some time since, had a frightful wound made upon his forehead by the gun going off when he was replacing an exploded cap, from which he subsequently died.

NEW ORLEANS, Feb. 12.

Jury in the case of Gen. Henderson discharged.—The jury in the second trial of General Henderson, came into court to-day, unable to agree upon a verdict, and was discharged.

THE River and Harbor Bill, after a stormy and personal discussion, passed the House of Representatives on Tuesday, by yeas 103, nays 87. In the Senate, the Postage Bill has been under consideration, but no definite action taken. A motion made by Mr. Seward to insert an uniform rate of 2 cents pre-paid, was rejected.

ANOTHER SCIENTIFIC WONDER!

PEPSIN;

THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC JUICE!

A GREAT DYSPEPSIA CURER,

Prepared from RENNET, or the fourth Stomach of the Ox, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for INDIGESTION, DYSPEPSIA, JAUNDICE, LIVER COMPLAINT, CONSTIPATION, and DEBILITY, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

☞ Half a teaspoonful of this Fluid, infused in water, will digest or dissolve, *Five Pounds of Roast Beef in about two hours,* out of the stomach.

DIGESTION.

DIGESTION is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice.—This fluid is the *Great Solvent of the Food, the Purifying, Preserving, and Stimulating* Agent of the stomach and intestines. Without it there will be no digestion,—no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half dead, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

PEPSIN AND RENNET.

PEPSIN is the chief element, or *great Digesting Principle* of the Gastric Juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. Rennet possesses astonishing power. The stomach of a calf will curdle nearly one thousand times its own weight in milk. Baron Liebig states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food." Diseased stomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the following

SCIENTIFIC EVIDENCE!

BARON LIEBIG, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid analagous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be *softened, changed, and digested, just in the same manner as they would be in the human stomach.*"

DR. PEREIRA, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are fewer higher authorities than Dr. Pereira.

Dr. COMBE, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding every thing else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which *proved completely successful.*"

Dr. GRAHAM, author of the famous works on "Vegetable Diet," says: "it is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of *artificial digestion* of them *in no wise different from the natural digestive process.*"

Dr. SIMON'S great work, the "Chemistry of Man," (Lea & Blanchard, Philada., 1846, pp. 321–2) says: "The discovery of PEPSIN forms a new era in the chemical history of Digestion. From recent experiments we know that food is dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself."

Professor DUNGLISON, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the *artificial* as in the *natural* digestions."

AS A DYSPEPSIA CURER,

DR. HOUGHTON'S preparation of PEPSIN has produced the most *marvelous effects,* curing cases of *Debility, Emaciation, Nervous Decline,* and *Dyspeptic Consumption,* supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement—but authenticated certificates have been given of more than TWO HUNDRED REMARKABLE CURES, in Philadelphia, New York and Boston alone.—These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great NERVOUS ANTIDOTE, and particularly useful for tendency to billious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles *Health* with *Intemperance.*

OLD STOMACH COMPLAINTS.

There is no form of OLD STOMACH COMPLAINTS which it does not seem to reach and remove at once. No matter how bad they may be, it GIVES INSTANT RELIEF! A *single dose removes all the unpleasant symptoms,* and it only needs to be repeated for a short time, to make these good effects permanent.—PURITY OF BLOOD and VIGOR OF BODY follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Price, ONE DOLLAR per bottle. One bottle will often effect a lasting cure.

PEPSIN IN POWDERS,

☞ SENT BY MAIL, FREE OF POSTAGE.

For convenience of sending to all parts of the country, the DIGESTIVE MATTER OF THE PEPSIN is put up in the form of Powders, with directions to be dissolved in water or syrup, by the patient. These powders contain just the same matter as the bottles, but *twice the quantity for the same price,* and will be sent by mail, FREE OF POSTAGE, for ONE DOLLAR sent (post paid) to Dr. J. S. HOUGHTON, No. 11 North Eighth street, Philadelphia, Pa.

Six packages for five dollars. Every package and bottle bears the written signature of J. S. HOUGHTON, M. D., Sole Proprietor.

Sold by R. F. HEMSLEY, DRUGGIST, *Easton, Md.,* and by agents in every town in the United States, and by respectable dealers in Medicines generally.
