FOREIGN NEWS.

ARRIVAL OF STEAMER AMERICA.

HALIFAX, April 17th, 10 P. M.

The steamer America arrived here at 1 o'clock yesterday, and brings one week's later intelligence from Europe.

Breadstuffs.—The demand for bread stuffs was on the increase, and holders of wheat and flour are asking an advance in prices. American wheat 5s 9d to 6s 4d. Corn 32s 6d a 33s 6d.

The continental news is unimportant.

England.—The Russell Ministry hold their position and are getting through business with tolerable success. The Budget was discussed on Friday evening the 4th. Resolutions for the renewal of the Income Tax were agreed to

A powerful Papal league has been formed in London. Apprehensions exist that foreigners in England are concerting a revolutionary scheme which is to develope itself during the World's Fair. The matter was brought before Parliament. In reply to inquiries the Cabinet gave assurances that the Government was prepared for any emergency.

France.—Anxieties amounting to alarm, prevailed respecting the progress of Socialist opinions in the Capital and the Departments. The receiver General's house in Lyons, had been burned down, and documents destroyed.

Borsona.—The insurrection in the Borsona provinces had been effectually suppressed.

DROWNED.—We learn from the Cambridge Democrat, that Joshua Lockerman and a boy about 14 years of age, both colored, was drowned on Thursday last, while crossing the Choptank river in a canoe loaded with shells.

NEGRO MAN KILLED.—We learn from the Port Tobacco Times, that on Tuesday of last week, at Rosemary Lawn, in Charles county, a valuable servant man, belonging to Mr. Barnes Compton, was stabbed in the abdomen by Mr. Richard Garner, an overseer upon the place, from the effects of which he died on Sunday morning.—There appears to be no other testimony in the case than the statements of Garner himself, who says that while in pursuit of a hired servant girl, who had secreted herself in one of the negro quarters, he was attacked by the negro man, and in self-defence stabbed him. He was held to bail.

A VETO IN PENNSYLVANIA.—Gov. Johnston, of Pennsylvania, sent a message to the Legislature on Monday, returning the bill dividing the State into judicial districts, with his objections. The veto is based upon obvious blunders in the provisions of the bill, and among others a provision requiring all associate judges to be learned in the law, and requiring courts to be held on the same day, at different points in the same district, with other errors of equal magnitude, and the whole bill bearing evident marks of hasty and inconsiderate legislation.

DIED FROM EXPOSURE.—We learn that a man by the name of H J. Legurrier was observed laying by the road side, near Bush, Harford county, on Monday, the 7th instant. He was taken in by Captain Geo. Crediston, where he died on the 12th. From his own statement, and papers found on him, it appears that Montreal was the place of his nativity; that he had been as far West as Wayne county, Indiana; that he had worked in the Whig office of M. Millington, editor of that paper, and had left there about the 24th January, of the present year. He was decently interred on Sunday, April 13th.

THE BASIS QUESTION IN VIRGINIA.—The great question as to the basis of representation in Virginia, it is said, will probably be compromised in the convention, at Richmond, by providing that the representation in the House be on the white basis, and that in the Senate on the mixed basis. The controversy has assumed almost as strong a sectional aspect as it did in 1826, when it threatened to divide the State by a line drawn between eastern and western Virginia. Henry A. Wise is the earnest champion of the *white* basis, and of free, equal and universal suffrage. Such a reform he holds to be necessary to the full development of the energies of the people and the resources of the State.

CARLILSE, April 15

Disturbance at Dickinson College.—On Thursday last certain students of the Dickinson College applied to be excused from the College Recitations, to attend the funeral of a citizen of the town, not connected with the Institution. The Faculty declined the request. Notwithstanding their refusal, the students absented themselves The Faculty expected concessions from them, which, it seems, they declined to make. The result was, the dismissal of fourteen of the refractory students, and the suspension of the others. Proceedings growing out of this affair are still in progress.

ST. LOUIS, April 14.

Another Speech from Senator Benton.—Col. Thos. H. Benton delivered a speech this evening to a large concourse of people. His friends received him with a loud shout of welcome. He denounced the anti-Bentonians in the severest terms, and said they had gone over, body and soul, to the whigs; and that portion of the democracy who had stood by him would have to fight the whigs and anti-Benton men combined. He said that those who had deserted the democratic party were for office, and never came back; and he instanced Aaron Burr and Henry Clay as two memorable examples. Col. Benton said that the fight for the redemption of Missouri had to commence then and there in St. Louis. They had to go into the contest heart and soul, and whether victorious or not, would fight it out to the end. It was a bitter contest, but whether conquerors or defeated, the proper course was to fight boldly and fearlessly. He enlisted to the end.

ALBANY, April 16.

Excitement in the Legislature—Withdrawal of Senators.—The Erie Canal Enlargement bill was defeated in the Senate to-day, by every democratic member withdrawing from the Chamber, except Messrs. Brandreth and Crook. This caused a tremendous excitement. The democrats of the city celebrated the defeat of the bill by firing of cannon, bon-fires, &c. It is supposed all the democratic members will resign their seats.

IMPORTANT FROM HAYTI.—The Kingston Journal, of the 4th instant, received by the El Dorado, contains the following:—

"The Haytien schooner Rosenite, Captain Johnbar, which arrived yesterday, in three days from Jeremie, reports that, about fifteen days ago, Juan Baptiste Frances, the Minister of Justice, under the Emperor Soulouque, was, with seven other persons of high standing—all of them black—publicly shot near Port au Prince, by order of the Emperor. The charge against them, and for which they suffered, was for having been concerned in a conspiracy against the present Government of Hayti.

"General Maximillian Semilli was still in prison, where he has been confined for upwards of two years, the Emperor not appearing inclined to shoot him, because of his influence over the black population."

ASTROLOGY.—The celebrated Dr. C. W. ROBACK, Professor of Astrology, Astronomy, Thronology, and Geomancy, combined with CONJURATION, from Sweden; office No. 71 LOCUST STREET, Philadelphia, offers his services to the citizens of Easton.—He has been consulted by all the crowned heads of Europe, and enjoys a higher reputation as an Astrologer than any one living. Nativities calculated according to Geomancy—Ladies $3, Gentlemen $5. Persons at a distance can have their nativities drawn by sending the date of the day of their birth. All letters containing the above fee will receive immediate attention, and Nativities sent to any part of the world written on durable paper; and he is prepared to make use of his power by conjuration on any of the following topics: Courtship, advice given for the successful accomplishment of a wealthy marriage; he has the power to redeem such as are given to the free use of the bottle; and for all cases of hazard, and for the recovery of stolen or lost property, and the purchasing of lottery tickets. Thousands of the above named cases have been done in this city and its vicinity, and in the United States to the full satisfaction of all. 10,000 Nativities or Horoscopes have been cast during the last four years while here.
