henceforth and forever, be closed against the admission of anything of a personal nature. That is a wise determination, and it is to be hoped that the Colonel will adhere to it.

Great political intrigues are going on in N. York, at this time—intrigues that, in my opinion, will settle, positively and completely, the next presidential election. I am pledged to secrecy until after the 3d day of June next, or I would conduct you behind the curtain. All I can say now is, keep a bright look out for storms, about the time above mentioned.

We are going to have great times in N. York on the fourth of July next. Not only all the United States is coming to the city, but Canada is coming too. Our Canadian cousins in Montreal, Quebec, Kingston, Byetown, Toronto, Hamilton, and the interjacent country, are getting up an immense excursion party, to visit New York on the next Anniversary of our Independence. We shall all be happy to see them, and to introduce them to all the lions, lionesses, and notabilities of all kinds, in the city and vicinity. If it happens to be a very warm day, they may all take a plunge bath in the Croton Reservoir, up at Fortieth street. Although we are the Empire City of the Empire State of the Empire of Freedom, we are not proud, by any means; but know how to treat the descendants of the mother country, who are yet in leading-strings, with the consideration due to them. Our Canadian cousins are getting to be a considerable province, in consequence, of course, of living in our neighborhood—Their new postal arrangements, and railroad and telegraph lines, prove that they have been well vaccinated with Yankee enterprise. Forty two years ago, the English mail *via* Montreal and Quebec, was carried once a fortnight, when the roads were in order to Toronto, and Kingston, in a pair of saddle-bags, by a pedestrian postman. Now, steam and lightning convey all the news over those routes. It is all owing to the fourth of July, and E Pluribus Unum, and, if our cousins will come over and hear what our orators have to say about it, they will discover what produces the milk in the cocoa nut.

New York is getting to be a tremendous hard place. Rows, street fights, shootings, and stabbings are becoming appallingly frequent. Last night, three men were dangerously stabbed, one at a drinking house, and the other two, at houses of ill-fame.

Truly yours, YORK.

FULL CONFESSION OF THE COSDEN MASSACRE.

THE PARTIES ALL IN CUSTODY.

CHESTERTOWN, May 26, 1851.

Gentlemen;—We have now a confession of one of the parties under arrest for the Cosden massacre, which is thought to be worthy of credit. About the time of the murder, a man by the name of Hand, living near Blackbird, suddenly, and without assigning any reason, left his home and went to New Jersey. A few days after his wife also left. The movements of these people were of course regarded as suspicious, and efforts have for some time past been made to obtain a knowledge of their whereabouts. A few days since Mrs Hand was brought to Chestertown, and made statements to the following effect:—That on the morning after the murder, at a very early hour, a man by the name of Stephen Shaw, who boarded in the house with herself and husband, came running into the house, with a musket in his hand, and very much under the influence of liquor—that he told her the Cosden family were murdered, and that himself, Taylor, Shelton and Murphy were the parties—that he had been solicited by Taylor to join the conspiracy, which he supposed was only for plunder, and not for murder—that he and Taylor proceeded, on the evening of the murder, to the Swantown mill, (about a half mile from Cosden's,) and were joined by Shelton and Murphy; that he had a double barreled gun; Taylor a musket; Shelton a double-barreled gun and double-barreled pistol, and Murphy a double-barreled gun. He then proceeded to state that upon arriving at the house, Taylor fired through the window and shot down Cosden, and then, snatching away Shaw's gun, shot Mrs. Cosden, as she ran out. He also states that Shelton murdered Miss Cosden and Miss Webster, and Taylor shot the black woman, but that Murphy took no part in the murder. He asserts that he himself was drunk and took no part in the murder, and that he was afterwards so overcome by liquor that he fell in the fence corner and lay there for several hours.

Shaw was arrested on Saturday, and this morning has made a full confession, corroborating all the statements made by Mrs Hand, saying that he knows Mrs. Hand's testimony will convict him, and "that he may as well make a clean breast of it."—He has been confronted with the parties charged, and adheres, in their presence, to all the particulars as detailed by Mrs. Hand.

Murphy, he says, he had never seen before, but believes the man he sees in jail as Murphy, to have been at the murder. There is little or no doubt entertained of the truth of this confession.

The cause of the sudden flight of Mrs. Hand, was fear that, as she possessed Shaw's secret, he might do her some bodily harm, to prevent her divulging it.—*Balt. Sun.*

MASSACHUSETTS CONGRESSIONAL ELECTION.—The following are the returns of the election for members of Congress in this State, on Monday last. Under a recent law, on this the third trial, a plurality elects:—2d district, Rantoul, (dem. free soil,) 7,186; Upham, (whig,) 6,086; Brown, (abolition,) 688. 4th district, Thompson, (whig,) 6,238; Palfrey, (dem. f. s.) 6,165; Frothingham, (abolition) 674. 7th district, Goodrich, (whig,) 2,209, Bishop, (dem. free soil,) 2,048. This makes two whigs and one free soiler chosen. It was before erroneously announced that Bishop had been elected.

A Convention of the democrats of the Fifth Congressional district of Indiana has endorsed the nomination of General Lane for the Presidency.

MR. FINLAY'S BODY FOUND.—The body of Mr. Finlay, of Baltimore, who was drowned by the sinking of the Ohio, was found on Saturday evening near where the vessel sunk.

EN ROUTE.—The Hon. Mr. Kerr, and lady, and the Hon William Duer, are now in New York; the former en route for Nicaragua, and the latter for Valparaiso; they will leave in the Ohio.

ACCIDENT.—On Tuesday, during a May excursion from Norfolk, two young boys, Jonas and James, sons of Wm. Ferris, strayed away without permission, from their party to bathe in Tanners Creek, and Jonas was unhappily drowned.

THE WORLD'S FAIR.—We learn by the latest London papers, that up to the 12th inst., 27,000 season tickets to the great exhibition, had been sold, and that the receipts from the season tickets from the 2d to the 12th inst., amounted to £12,937.10s.

SIR JOHN FRANKLIN.—The case of Sir John Franklin begins to assume a hopeless aspect. He has now been absent just six years, as he sailed from Sheerness on the 26th of May, 1845. He commanded the Erebus, and the expedition also consisted of several other vessels.

RELEASED.—Wm. W. Webster and Jno. W. Ford, who have been in prison for some time in this place, charged with participating in the Cosden tragedy, were released from prison yesterday afternoon by giving bail in the sum of $200 to appear before the Court as witnesses on Friday.—*Chestertown Herald.*

HORRIBLE BRUTALITY.—We learn from the Cleveland True Democrat that a man by the name of Slocum, living three miles below Columbus, had a falling out on the 5th inst., with his wife, in which he killed her, and cut off her head, and then finished the awful tragedy by cutting his own throat. Jealousy is said to be the cause.

TORNADO.—We learn from the Centreville Times, that a violent tornado passed over a part of Wye Neck, Queen Ann's Co., on Tuesday evening of last week—fortunately its width was not very great, or its effects would have been awful.—The destruction of wheat, timber, fences, &c., was very great notwithstanding. In the woods near Harriss' Mills the largest trees were rung off or blown down.

DARING ATTEMPT AT ROBBERY AND SHOOTING.—About 11 o'clock yesterday morning, an attempt was made to enter the residence of Mr. William F. Murdock, on Mount Vernon Place. Mr. Murdock heard a noise of breaking glass, and on going to the part of the house whence it proceeded, discovered a man in the act of cutting out the glass from a rear window. Mr. M. made at the fellow with a cane—he fled, and his pursuer gaining on him, he drew a pistol and fired, the ball taking effect in the lower part of Mr. M.'s leg, fortunately however without doing any very serious injury. The burglar then effected his escape.—*Balt Clipper.*

LOOK OUT.—There are a number of counterfeit two dollar bills on the Georgetown Corporation in circulation, and to guard the unwary against receiving them, we publish the following description of them:—They are the old plate letter B, dated October 5th, 1819. In the genuine, the words Georgetown, D. C. are punctuated as here written—in the spurious Georgetown. D. C, are also punctuated as above written, by which it is perceived that in the genuine, the punctuation is after the D and C, and in the spurious the punctuation is after the Georgetown and the D.

There are no counterfeits of the new plate and none of the old except the above described.—*Georgetown Reporter.*

HARTFORD, May 29.

Ballot for U. S. Senator.—The House this afternoon, balloted for a Senator with the following result: Seymour, dem., 105; Baldwin, whig, 103; scattering 15. No choice. The House adjourned till tomorrow.

PHILADELPHIA, May 27th—2 P. M.

Powder Mill Blown Up.—One of Garesche's Powder Mills at Wilmington, Del., blew up to-day, killing Thomas Aydelotte and John Russell, dangerously wounding two others, and slightly injuring another man. The loss is $4000, upon which there is a small insurance.

WASHINTON, May 26.

Arrest of Duellists. Alexander J. Dallas and R. A. Hooe had an altercation and fisticuffs yesterday, at the National Hotel, in the midst of a large crowd. Dallas challenged Hooe, and both went to Bladensburg this morning to fight, where they were arrested by the Police officers, and held to bail to keep the peace.

THE WASHIGTON UNION AND MR WEBSTER.—The Union publishes Mr. Webster's speech at Buffalo, eulogizing the author, and says:—

"He has now a character which commands the respect of the whole country, for the light it has shed upon its best interests, and for the noble example he exhibits of influencing fidelity to the convictions of his mind"

The New York Express has the following hit at the consistency of the Washington Union, which, it is regretted by many of its own party, is giving aid and comfort to the factionists of the North, by the abuse it is daily in the habit of pouring out on the President and other staunch Union Whig men.

The Washington Union, very fond at times of holding up the Whig party to scorn as an Abolition party, publishes a letter from a New York correspondent, warmly urging an immediate Union of the Hunkers and the Barnburners, [Abolitionists] here,—in view of the approach of the next Presidential election. This is a fair specimen of the "Central organ's" consistency. It keeps crying out Seward! Seward! Seward! all the while,—but we hear nothing of late, about Van Buren.

GUILTY.—Ann Meehan, a milliner, has been committed of murder in the fourth degree in New York, for whipping a young girl so severely as to cause her death.

ANOTHER SCIENTIFIC WONDER! PEPSIN, *the True Digestive Fluid or Gastric Juice!* A great Dyspepsia Curer, prepared from Rennet, or the fourth stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., No. 11 North Eighth streets, Philadelphia, Pa. This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, curing after Nature's own method, by nature's own agent, the Gastric Juice. See advertisement in another column.

POST OFFICE NOTICE.

NO CREDIT.—In consequence of the reduction of Postage on the first of July, the undersigned has determined to adopt the Cash system after that date. Not being authorized to give credit for postage, he has heretofore done so on his own responsibility, and at an average loss of about $20 per quarter, a loss which he will be unable to sustain under the new law, as the labors of the office will be increased, and the remuneration probably be reduced. One quarter's postage on Newspapers and Magazines must be paid in advance, during the first week of each quarter, otherwise they will not be delivered.

Persons in the country to whom an account is a great convenience, can settle quarterly by depositing the propable amount of their postage in the Post Master's hands at the commencement of the quarter. Stamps for prepaying letters will be for sale at the office prior to the 1st July. GEO. C. GRAHAM, P. M.
