THE jury in the case of Joshua Morgan indicted for the murder of James McGovern, and tried in the Criminal Court of Baltimore, on Wednesday brought in a verdict of guilty of murder in the first degree, but recommended him to the mercy of the Court. Morgan is only 18 years of age.

PROBLEM.—As the first of three numbers, whose sum is 44, is to the difference between the first and second; so is the third to the difference between the second and third: it is required to find the numbers by pure arithmetical investigation.

Solution to the question of the 21st inst.
20—9 + 10—6 = 2¾, common difference;
hence, 9—5 x 2¾ = —4¼, first term.

R. E. SELLERS' VERMIFUGE,
FOR EXPELLING WORMS
FROM THE HUMAN SYSTEM

This Worm Medicine has no superior—if an equal—in this or any other country.—
It is much used and highly recommended by Physicians.

The following certificates prove it to be better than any ever offered to the American people:

THE TRUTH BY MEN OF TRUTH.

Concerning Seller's Vermifuge. A single vial producing wonders. Read the following from the Rev. S. Wakefield, Pastor of the Liberty street Methodist Episcopal Church.

PITTSBURGH, March 8, 1847.

Mr. R. E. Sellers:—It is from a sense of duty, as well as with great pleasure, that I bear testimony to the virtue of your justly celebrated Vermifuge. I procured a single bottle and gave it to three of my children, who had been ill for several weeks. The eldest was seven years old, the next four, and the youngest eighteen months. The first passed fifty-six worms, the second forty-seven, and the third a considerable number, not distinctly recollected. Since then they have been doing well, and are now in good health. Yours respectfully,
S. WAKEFIELD.

GREENVILLE, Va., Jan. 15, 1845.

Mr. R. E. Sellers:—Your vermifuge gives universal Satisfaction. I have sold *Fahnestock's, McLane's*, and others; but none has given the satisfaction that yours has.
B. F. GRAHAM, Postmaster.

All the Vermifuge manufacturers of the country are challenged to procure stronger testimony than the following:

UNION TOWNSHIP, Washington Co., Pa.

Mr. R. E. Sellers:—Dear Sir—One teaspoonful of your Vermifuge was given to a child of Mr. Bradbury, about twenty months old, and the single dose expelled the enormous quantity of 234 worms in about four hours from the time of taking the dose.
BENJAMIN LYTLE.

WARRENTON, Jefferson Co., O., Nov. 25, 1844.

Mr. R. E. Sellers:—This is to certify that I purchased of Thomas Shannon, Esq., one bottle of your celebrated Vermifuge, and gave it to my little son, who was then five years old, which took from him one hundred and eighty-six worms of a very large size. I believe your Vermifuge to be the best worm medicine for children that the world ever produced. I would therefore call upon all parents who have children afflicted with worms to give it fair trial.
JOSEPH McCLEARY,
Justice of the Peace

SELLERS' VERMIFUGE THE BEST IN THE WORLD.

Attention is asked to the following statement of a graduated physician:

GALLIPOLIS, April 1, 1845.

This certifies that I have kept on hand, and used in my practice, R. E. SELLERS' VERMIFUGE, for the two past years. I am confident in saying that it has not failed, in a single instance, to relieve children and adults troubled with worms; in many instances it has brought away large quantities. I am very confident it is the best worm medicine in use. All that is required to give it reputation in any family is to give it a fair trial.

WARNER'S PATENT SUCTION, FORCING, AND ANTI-FREEZING PUMP,

Has taken the Premium of the N. Y. State Fair, and the Silver Medal and Premium of the American Institute. Also of the Franklin Institute of Philadelphia, and the Silver Medal of the Maryland Institute, 1851.

ALL of which will fully justify the following statement:

First—That it is the best, most simple and durable Pump in use.

Secondly—That with the same power, it will raise more water per minute than any other Pump in use.

Thirdly—It is anti freezing, and requires little or no repairs.

For a House and Fire Engine it is not equalled by any; one man can draw from a well and throw water over a three story house, or by attaching pipe can force water throughout the largest buildings, for Baths and other uses; for a Garden Engine, washing windows, carriages, &c., it is particularly applicable.

BORDENTOWN
FEMALE INSTITUTE,
BORDNTOWN, NEW JERSEY.

REV. JOHN H. BRAKELEY, A. M., Principal.

THE subscriber, for several years past Principal of the Pennington Female Institute, has removed his school for young Ladies to Bordentown, N. J., where he has procured a spacious building well adapted to the purposes of a Female Boarding School, and beautifully situated on the bank of the Delaware river.—The grounds are ample and well-shaded, and for elegance of situation and beauty of prospect, few places in our country can be found to equal it.

Bordentown is most favorably situated for a literary institution. The Rail Road from New York to Philadelphia passes through the town, thus rendering it easily accessible at all seasons of the year, and furnishing several daily communications to and from the large cities. For healthfulness it is unrivalled, as is attested by the numerous excellent boarding houses and summer residences in the place.

The Institution is designed to furnish facilities for the acquisition of a solid and ornamental education equal to the best in our country. The course of instruction is ample, embracing all the branches usually taught in our best schools for young Ladies.

Board in Vacation to accompany Mr. and Mrs. Pattison to their Home in Baltimore County, $3 00 per week.

The plan of instruction to be adopted is thorough and systematic, designed to embrace all the departments of a polite and finished education. The principals will associate with themselves, as far as Assistants may be required, resident Female Teachers of established reputation, holding themselves responsible to their Patrons for the faithful improvement of the Pupils, in all the branches to which their attention may be directed, and will make it their duty to advise the Parents or Guardians monthly of the progress or deficiency of their respective pupils.

The daily number of their studies is not to exceed from three to five.

It will be the aim of the Principals so to conduct the education of young ladies, as will best prepare them for the scenes and duties of practical life. They will seek to develope and strengthen the intellectual powers—train the mind to habits of careful study and thorough investigation—to inspire just principles of taste in Literature, with a thirst for knowledge and sound learning; that thus their pupils may learn to think and reflect, and be prepared to act, as they must do, sooner or later, for themselves. The culture of the heart, the proper regulation of the moral feelings, and the due observance of religious duties, will be diligently urged as the appropriate ends and objects of life.

The manners of ladies, which when duly refined, constitute an ornament and charm of the female sex, will be constantly and carefully cultivated. A well trained mind—a cheerful temper—a kind heart, with the adorning of a modest graceful deportment, presents that model of character to which each of their pupils will be urged to aspire. Attendance on Public Worship will be insisted upon, at those Churches directed by the Parents or Guardians, accompanied by one of the Principals or Teachers, or in the absence of such directions, in company with the family to the Episcopal Church of St. Michael's.

The exercises of the day will be opened and closed with devotional services.

The discipline of the Institute will be strictly parental.

At the solicitation of many friends, and from years of successful experience in the education of young ladies, the Principals feel a confidence in commending their labors to the regard and patronage of an intelligent community, and particularly to those Parents who, in selecting an Institution for the education of their daughters, have respect to their progressive improvement; no pains will be spared to render the residence of their pupils while with them, both comfortable and happy; the advantages of select female society twice a month will be enjoyed under the observance of the Principals and Teachers.

Communications may be addressed (prepaid,) to Mr. or Mrs. J. F. Pattison, St. Michaels, Md.
