EVERETT'S

CARRIAGE COUPLING.

PATENTED, Dec. 17th, 1850.

THIS improvement permits the use of large four wheels, with all the advantages derived from them in saving of frarection and surmounting obstacles with facility, and at the same time obviating the disadvantages which have hitherto attended their employment, as with this improvement a carriage can be turned in as small a space as those that have small fore-wheels, which run under the body; and besides the wheels never touch the body, and the parts are so arranged as to give a greater degree of strength than the old method of coupling.

The undersigned having purchased from the patentees their entire interest in their invention and patent for Talbot county, beg leave to call public attention to the same. The improvement is now being generally adopted by Carriage Makers in the principal cities of the United States. To say the patented coupling will ultimately be universally adopted in the construction of fore-wheeled carriages, would only be repeating the generally expressed opinions of all who have used or seen them. It is believed by many that the additional strength and simplicity of the construction alone would insure its general use; but when the convenience of turning in one third of the space required for the old plan, together with the fact that either fore wheel can be so easily removed by one step of the horse as to be entirely out of the way of getting in or out;—the advantages are self evident, as the wheels never touch the body of the carriage, it will be found the danger of turning over is much lessened.

The undersigned are now prepared either to manufacture new, or alter old Cariages with Everett's Patent Carriage Coupling, at short notice, and solicit the patronage of the public. This coupling can be used with great advantage and convenience on wagons; and persons wishing to have new wagons made, or old ones altered, can obtain individual rights for its use by applying to

ANDERSON & HOPKINS,

Certificate of Manufacturers who have examined Everett's Patent Carriage Coupling:—

We have examined the improvement in the running gear of Carriages patented by Messrs. Edward and Charles Everett, of Washington, D. C., and consider it a very important and useful invention, which obviates in a simple and effective manner, many of the difficulties heretofore attendant upon the use of large fore-wheels.

A BEAUTIFUL MONUMENT,

From whose base to the very top stands out in bold relief the names of our own fellow citizens inscribed, all bearing testimony to the virtues of

Hampton's Vegetable Tincture.

STILL another of our citizens relieved from dreadful suffering Go and see him and hundreds of others, and learn the facts from their own lips.

BALTIMORE, Sept. 12th, 1851.

To Messrs. Mortimer & Mowbray—It is with pleasure I can bear testimony to Dr. Hampton's Vegetable Tincture, by which I have been cured of a Chronic Inflammatory Rheumatism, of some seven years' periodical duration.

I had the best medical attention in Boston and Philadelphia, in each of which I have wrought at my business, as also in our own city. Here, as in the first named cities, I had the best medical attendance, all of whom gave me but very little if any relief. For the last three years I have been attacked as often as five times a year, the latest of which was on the twelfth of July last. I continued to suffer most violently; my arms and knees were very much swollen, suffering intensely, and with most acute pains in my limbs, (all of which were useless,) and having at different times taken all kinds of prescriptions without any apparent benefit. I became much discouraged. It often occurred to me that *death* alone could relieve me of these most violent sufferings I endured. When in the above condition, I was induced by a friend to try HAMPTON'S VEGETABLE TINCTURE, and after using it but *five days* I walked about my room, and in *ten days* came down stairs, and have since been improving daily. My appetite is good, and I can eat all kinds of food. In fact, I think I can say, "I am entirely cured by using *only three bottles* of Hampton's Vegetable Tincture alone."

Gentlemen—You are at liberty to use my name, for the benefit of all afflicted similar to myself; that by reading this but faint description of my case they may be induced to use this invaluable Tincture and be benefitted thereby, is the wish of Yours, &c.,

ROBERT GAULT, Type Founder,
No. 90 Holliday street.

We ask the afflicted to call and see letters, and be referred to our own fellow citizens who have been cured by this great medicine, which exerts a healthy action in the stomach, liver, kidneys, &c. By this natural action it will cure all scrufulous affections, all chronic disease, dyspepsia, catarrh, cough, rheumatism, piles, fistula, liver complaint, all throat diseases, spinal diseases, &c., &c.

SUCH A MASS OF HOME TESTIMONY MUST CARRY CONVICTION TO EVERY MIND.

BALTIMORE, Sept. 18th, 1851.

Messrs. Mortimer and Mowbray—Gentlemen: The cure of Mr. Robert Gault, by the use of three bottles of Hampton's Vegetable Tincture, as per his certificate, is, I think, almost unprecedented. His case of extremely excruciating suffering, from Chronic Inflammatory Rheumatism, came immediately under my own observation, through the last four years, which I considered entirely hopeless. Through my earnest persuasion he was induced to try your invaluable Tincture. I was prompted to remark at the time, that if medicine would cure Mr. Gault, it certainly would "remove mountains." The knowledge of this miraculous cure compels me to consider it a duty I owe to the afflicted (and particularly to those with complaints like his,) to make generally known the healing powers of this truly wonderful medicine. Yours, most respectfully,

JAMES P. MERRITT.
187 Baltimore street.

BALTIMORE CITY, Sept. 13th, 1851.

Gentlemen—This is to certify that in the year 1843, I was attacked with a nervous affection in consequence of Dyspepsia or Indigestion, which continued some eighteen months, during which time my sufferings were intense, both of body and mind. I tried everything I could think or hear of, (as there was much sympathy for me) at length all efforts failed to cure me. I became much weakened and I could walk but a very short distance at a time, and was often in the act of falling on the pavement—I would stop in some door or alley to prevent it. In consequence of frequent palpitations, from what I could learn I supposed I had *disease of the heart*, being subject to frequent distressing pains about the same, also the chest and abdomen, the latter being much distended. At this stage of my disorder I could neither *sleep, walk* nor *eat* with any satisfaction. Life seemed to be a burden to me, and my feelings were gloomy beyond description. I at length heard of Dr. HAMPTON'S VEGETABLE TINCTURE, and made trial of it. I had but taken the first dose when I felt a change for the better. *Hope* immediately sprung up. I continued, by the use of this *invaluable Tincture*, to improve daily until I had taken three bottles, which, under Divine Providence, made a perfect cure of me. I found that I had an excellent appetite, and could partake of any food—which for years previously I could not have done without the most distressing sensations. I now enjoy *uninterrupted good health*, and have done so for the *last six years*.

I would say to all, afflicted similar to myself, cast aside your prejudices, and try *Hampton's Vegetable Tincture*.

Any information beside this, but *meagre description of my case*, will be gladly and cheerfully given for the benefit of the afflicted.

Yours, &c.

Dwelling Fayette street, above Fremont st.

BALTIMORE, July 18th, 1851.

Messrs. Mortimer & Mowbray, Gentlemen:—My daughter having been afflicted for more than a year with the spinal disease, and having tried every remedy that was prescribed by some of our best physicians, without affording her any apparent relief I fortunately was advised by a friend to try a bottle of "Dr. HAMPTON'S VEGETABLE TINCTURE," which relieved her of her pain in less than twenty four hours. I am pleased to say that since she took it she has been free from pain, and she is gradually gaining strength, which I attribute entirely to the restorative properties of this medicine. I believe if it were more extensively used, it would do more good in the removal of such diseases incident to the human family than what is usually prescribed.

Very respectfully, your ob't serv't,
ROBERT KERR,
Principal Western Female High School.

We ask the afflicted and their friends to call and get a Pamphlet and see certificates of wonderful cures, in the city of Baltimore and other places. Where this great remedy has been tried the greatest excitement exists from the fact that it cures where all other remedies have failed. MORTIMER & MOWBRAY,
General Agents, Baltimore.
