ANNAPOLIS, March 31.

Delegates at Large to the National Democratic Convention—The Clerks of the House—Codifying the Laws, &c.

A caucus of the democratic members of the legislature was held last night, at which Col. Edward Lloyd, of Talbot county, and Col. Hugh Ely, of Baltimore county, both Senators, were chosen delegates to the National democratic convention. They were elected without pledges. The Cass men claim the delegates chosen as favorable to their candidate without a doubt, but the Buchanan men insist to the contrary, and are known to have voted for the successful candidates. A resolution offered to instruct the delegates to vote for Cass was not carried. Col Lloyd previous to his election declined to make any pledges.

Joseph J. Stewart, Esq., the present gentlemanly and efficient reading clerk of the House was unanimously nominated in caucus for chief clerk of the House of Delegates in place of John Nick Watkins, Esq., who will resign to-morrow. Mr. J. J. Grindall, of Baltimore, formerly a magistrate, was nominated for the office of reading clerk.

The joint committee, appointed by the two Houses, to recommend persons to codify the laws, &c., have unanimously recommended the following gentlemen:

To codify the laws—Otho Scott, Esq., of Harford county, and Albert Constable, of Cecil county.

To simplify forms of pleading, &c.—William Price, Esq., of Allegany county.

A very important bill passed the House to-day in relation to magistrates.

PHILADELPHIA, March 27.

Conviction of Two of the Murderers of Young Lehman.—The jury in the case of the Skupinskis indicted for the murder of young Lehman, came into court this morning with a verdict of guilty of murder in the first degree. The prisoners seemed to be fully aware of the peril of their position, and watched the jury, as the verdict was pronounced, with the closest attention. Mathias, who has, throughout the trial, maintained a hardened composure, became as pale as death; while Blais gave evidence, by his eyes, that he had been weeping bitterly. On the way to prison Mathias informed one of the officers that the third man is still in the city. He said he was a tailor by trade, and that he has been in the habit of taking out work from some of the city clothing stores. Up to that moment Mathias had refused to say anything with regard to his comrade. This disclosure is probably made now in the hope of some leniency, if he gives a clue to the discovery of the other man, who has been so anxiously sought for. It is hardly possible that Mathias can know whether the guilty man is in this city or not, as he has been closely confined since his arrest.

EXECUTION OF JOHN ERPENSTEIN AT NEWARK, N. J.—The execution of this unhappy man, who was convicted for the murder of his wife by poison, in December last, took place in the hall of the county jail at Newark, N. J., on Thursday morning, in the presence of a large number of persons who had been invited to witness the sad scene. He made a speech from the scaffold, expressed in excellent language, stating his repentance of his sins, his desire for forgiveness, and his expectation of meeting his wife in heaven. He handed the attendant minister a written confession, and broke out with impassioned warmth into a fervent prayer. Soon after he was launched into eternity. He died with scarcely a struggle.

ROBBERY.—On Thursday evening last, the mill of Mr. Wm. Todd, at Utica, was entered, during the absence of the proprietor, by some scamp, who managed by means of an auger to remove the lock from a desk, and abstract twenty or thirty dollars, with which and a double barrelled gun he escaped. It is supposed that he carried on his feloneous operations in the dark, as two watches which had been left in the desk remained untouched.—*Frederick Examiner.*

Methodist E. Conference.

PHILADELPHIA, March 30.

The Methodist Conference re-assembled on Thursday, when Bishop Janes announced the various committees, after which the examination of the characters of presiding elders and preachers was proceeded with. Interesting statistics of Dickinson College, were also read, and after the performance of Divine service and the administration of the sacrament, the convention adjourned till to-morrow. The following candidates for admission into full connection as ministers, were examined and exhorted to devote themselves wholly to God: John F. Bone, Reuben Owen, Frederick Illman, Jno. Holladay, John B Quigg, Jas. Hubbard, George Brindle, Lewis C. Pettit, James W. Lightham, W. B. Wood and J J. Jones.

On Friday the Conference was principally engaged in the examination of certain charges against Rev. R. W. Thomas, and his application for leave to withdraw; the leave was granted.

On Saturday morning, the chair announced that the Rev. Dr. Durbin, Rev. Wm Barnes, and Rev. J. T. Hazzard, had been appointed to form the committee to convey to Bishop Hedding and his friends the sympathy of the Conference in his sufferings from declining health.

The principal business transacted was the election of local deacons and elders.—Among them is the following:

Easton District—Greensborough Circuit—Thos Strahan.

Snow Hill Circuit—George W. Covington

The local preachers, candidates for admission to the order of Elders, were severally examined and elected.

The Conference then, after some unimportant business, adjourned until Monday.

The Conference met on Monday morning. The Bishop presiding laid before the Conference the following list of persons who were on Sunday ordained as Deacons in the M. E. Church, in order that they might be entered on the journal, viz: John F. Boon, Reuben Owen, Frederick Illman, John H. Alday, John B. Quigg, James Hubbard, George W. Brindle, Lewis C. Pettit, James H. Lightham, Wm. B Wood, John J. Jones, George Russell, Christian Stanger, Wm Umbhleby, Benj Hubbard, Peter Y. Calder, Ebenezer Barwis, Thomas M. Miles, James Sherry, and George W. Covington. James G. Manlove and James Williams, colored preachers, were also at the same time ordained as deacons.

The Bishop also presented the following list of persons ordained on Sunday as elders, and directed that they be entered up on the minutes, viz:—Wm. H. Bisbane, Alfred Cookman, Henry F. Hurn, Charles I. Thompson, Enoch Dickerson, Adam Wallace, Wm. B. Walton, Wm. Major, John Hough, Curtis F. Turner, Samuel R Gillingham, Jeremiah Pasterfield, George W. Germon, Charles W. Jackson, and Benj R Wiler.

Several other matters were disposed of, and Tuesday, 10 o'clock, was fixed for the election of delegates to the General Conference, to be held in Boston on the first Monday in May next.

PUNISHMENT IN THE NAVY.—The abolition of flogging in the Navy, having, according to the testimony of many naval officers, so relaxed discipline on board our vessels of war as to endanger the authority of commanders, and to destroy the efficiency of crews, the Senate of the United States passed a bill providing new modes of punishment, consistent with the over-refined notions of the day, and yet probably severe enough to restore, in a measure, naval discipline. This bill was considered in the House of Representatives on Monday last; and, although recommended by the Naval Committee, with a single amendment, was rejected by ayes 76, nays 97. It will be reconsidered.

THE SILVER CURRENCY.—The U. States Senate has ordered to be engrossed for a third reading the bill reported on the 8th instant, by the Committee on Finance, in pursuance of a recommendation of the Secretary of the Treasury providing for a new silver coinage, in pieces of the denomination of half a dollar and less, to contain a greater portion of alloy than the silver coin now in use. The measure is viewed as one of importance, in order to retain in the country a currency which is so essential in all business transactions. The bill, if it shall pass the House of Representatives, is to go into effect on the first day of May next.

AMERICAN TROUBLE IN EGYPT.—The Algermeiner Zeitung contains a statement, under date of 21st February, from Alexandria in Egypt, to the effect that the American Consul, General Macauley, had pulled down his flag on account of some delay of justice upon the part of the Director of Foreign Affairs. The Minister of War being asked if the U States had any vessels-of-war, replied that he believed they had; but that they would hardly venture so far as Egypt!

A CLOWN SERIOUSLY DAMAGED.—Doctor Spaulding, of Albany, recently sued Dan Rice, the celebrated clown, for a libel, in having caused to be printed a series of doggerel verses, which the said Dan Rice has been in the habit of singing during his exhibitions in the ring, to the great annoyance of Dr. Spaulding's character. The jury brought in a verdict of $1.55S against Dan.

PHILADELPHIA, March 27.

Destructive fire in Philadelphia.—At 12 o'clock last night a fire broke out in a large row of warehouses, extending from Bank to Strawberry streets, occupied by extensive importers of silk and fancy goods.

The total loss of Messrs. Stewart & Bro., Lewis & Bro., Gibon & Co., and Wyeth, Rogers & Co., is $1.000,000, nearly all of which was covered by insurance in Philadelphia and New York.

The extensive Wood Yard of Messrs. Williams & Brown was also partially destroyed by fire this morning.

WE are indebted to Col. J. S. Cottman and the Hon. J. Letcher, Members of Congress, for public documents.

Oliver P. Sparks, Esq., of the House of Delegates, will accept our thanks for Legislative documents.

THE Democrats of this county are to meet in County Meeting on the 15th inst., to appoint delegates to the District and State Conventions, for appointing Delegates to the National Convention, and an Electoral Ticket for the State.

APPOINTMENT.—Hon. A. C. Magruder, of Prince George's, has been appointed by the Judges of the Court of Appeals, the State Reporter, under the law recently passed by the Legislature, as directed by the New Constitution.

TOWN CLOCK.—It is in contemplation to procure a large Clock to be put in a conspicuous place on the steeple of the Court House in this town. The Clock is now being made, and will cost about $200. A large part of the money is already subscribed, and those who have not yet given their mite, should do so at once. The subscription paper is in the possession of Mr. Edward H. Anderson.

A Juvenile Temperance Society was organized at the M. E. Church, in Easton, on Sunday afternoon last, and about sixty boys and girls signed the pledge of Total Abstinence.—Rev. L. J. Cox, and Dr. C. C. Cox, delivered able and interesting addresses on the occasion. This is a good move and we hope will be attended with unbounded success. Temperate youths seldom become intemperate men.

KILLED BY LIGHTNING.—A slave belonging to Mr. Wm. H. W. Powell, of Wye Landing, in this county was killed by Lightning while walking across a field on Saturday afternoon last. He had with him an iron cooking utensil, which is supposed to have attracted the lightning, as another negro was a few yards in front of him at the time, and was unhurt. No mark, except upon his hat, was found either upon his clothes or body.

JOHN NICK WATKINS, Esq., Clerk of the House of Delegates, has been appointed by the Comptroller, Clerk of that Department of the Treasury. That is strange reform and *retrenchment*, which gives four persons a salary of $7,000, for doing what *two* persons formerly performed at a salary of $3,000 or $3,500.—However, it is the Locofoco idea of "retrenchment and reform," and if the people like it we have no reason to complain.

SOME person in Washington, for want of better occupation, has been amusing himself by sending out reports of a difficulty in the Cabinet, stating that Mr. Corwin and Mr. Hall having disagreed upon some question, the President requested Mr. Corwin to resign. The Washington papers and correspondents deny the truth of the rumor, as no difficulty whatever has taken place between any of the Cabinet officers, or between them and the President.

APPOINTMENTS.—The Commissioners for Talbot County, appointed the following Constables on Tuesday last: J. B. Bennett and J. McFarland Jr., of the Easton District; Thos. Dyott and Wm. P. Blades, of St. Michaels District; Wm. H. Collins and Matthias Merrick, of Trappe District; and Tilghman N. Chance, Joseph E. Millis and Jas. T. White, of Chapel District. Thos. K. Robson was reappointed Clerk, and Wm. Elliott keeper of the Court House.

PENNSYLVANIA WHIG STATE CONVENTION This body met at Harrisburg on the 25th ult. The resolutions adopted declare the adherence of the whigs of Pennsylvania to the unity and principles of the national whig party, expresses a warm attachment to the Union, and a high regard for the administration of President Fillmore and Gov. Johnston; reiterate a desire for a protective tariff, and river and harbor improvements, and instruct the delegates to the whig national convention to support Gen Scott as the first choice of the whigs of Pennsylvania for the Presidency. The vote declaring Gen. Scott the favorite candidate for the Presidency, stood 113 to 5.

EDITOR OF THE GAZETTE:—

Permit me through the columns of your paper to return my thanks to Dr. Pinkney for the operation which he has performed upon my lip. I am no judge of the professional character of the operation, but I am fully sensible that it was one requiring great skill. I feel grateful for the kindness of the Doctor, and tender him my thanks, thus publicly. Very respectfully yours,

WILLIAM TURNER.

THE DEFICIENCY BILL passed the House on Saturday last by a vote of 93 ayes to 76 nays. There has been much discussion pending this bill, principally on the Presidential question, and some few Democrats have touched upon the bill, and charged the Administration with extravagance in the expenditure of the public money. As nearly the entire deficiency is in the Quartermaster's department, it would have been perfectly easy to have examined into the matter, so as to know whether there was any truth in the charge or not, yet although challenged by the friends of the President, they refused to do so. The immense territory now occupied by the United States, and which has to be protected from Indian depredations, makes the cost of the subsistence of the army enormous, but not greater than the estimates submitted a year ago. The Committee of Ways and Means of the last Congress, cut down the appropriations, without any regard to the estimates submitted, or the cost of transporting the supplies to remote military stations. The present Committee have been equally regardless of the public interests in cutting down the Secretary's estimates, and of course the army must go without the necessary supplies, or the appropriations will be exhausted before the end of the year. Deficiency Bills have been required for years past, and as long as an opposition Congress attempts to embarrass an Administration by withholding the necessary means to carry on the Government, they will be required. A Congress which votes a partizan friend $5,000 extra mileage, is not entitled to much credit for *economy*, in cutting down the appropriation to one-half the Secretary's estimates, for the hospitals for sick and disabled soldiers and marines. Uncle Sam's pockets have a good many holes in them, and Congress, which alone has the power, should go to work and stop them up, and if it does not, it alone is responsible for their continuance.

MR. WEBSTER.—Mr. Webster was received by the two Houses of the Legislature of New Jersey, in the Assembly Room at Trenton, on Saturday. He was addressed by Senator Zabriskie, who eulogized his character and services as Jurist, Statesman and Diplomatist. He referred to his conduct during the late war, his famous reply to Hulseman, and to the action he took during the Cuban expedition.

Mr. Webster in reply expressed his thanks, and his pride in New Jersey, and in allusion to his late conduct declared that there had been a perfect coincidence of opinion between Mr. Fillmore and himself.

Com. Stockton afterwards spoke, warmly eulogizing Mr. Webster, and avowing Tariff principles.

WORTH KNOWING.—It is a fact, perhaps not generally known to farmers, and which, at this season, is important, that there are two parts in the potato, which, if separated and planted at the same time, one will produce potatoes for the table eight or ten days sooner than the other. The small end of the potato which is generally full of eyes, is the part which produces the earliest; the middle or the body of the potato the late and larger ones. This we learn from an exchange.

MOORE.—Thomas Moore was buried at the village of Bromham, within a mile of the cottage in which he breathed his last. He was placed in obedience to his own wish, in the same grave with one of his daughters. The village church was crowded with the poor of the neighborhood, and the rector of the adjacent village came to pay the last tribute of regard to an old friend. But beyond this gentleman and Mr. Longman, the publisher, there were none who had known the poet in life to offer him personal respect in death.

O. O. F. he was interred on yesterday at Berlin, with the honors of Odd Fellowship.—*Snow Hill Shield.*

NEW YORK ART UNION.—Judge Jones, of New York, has given an opinion respecting the legality of the American Art Union, which holds that neither the instruction nor the purposes of it are illegal; but that the same, and its constitution and by laws, and the distribution in pursuance thereof, are authorised by law.

TRENTON, March 31.

The India Rubber Case.—Mr. Webster, delivered the closing speech in the India Rubber case to-day, and the friends of Mr. Day are sanguine of success. The Judges have reserved their decision.

MORE THAN 60 MILES AN HOUR.—On Wednesday a train of cars, without passengers, made the run from Poughkeepsie to Peekskill, distance of 32 miles, in thirty minutes. This, we believe, is the greatest speed ever attained on any road in this country.—*Albany Register.*
