We hear much during this campaign, of the soundness of the Democratic party of New Hampshire, on the slavery question. The Senators and Representatives from that State have heretofore voted for the Wilmot Proviso, and the Locofoco State Conventions have endorsed their conduct in so doing, by resolutions. Gen. Pierce's influence is said by his friends to be omnipotent with his party in that State, but he has never, even when in the Conventions, prevented the passage of anti-slavery resolutions—on the contrary, he has himself reported and advocated such resolutions, and is an anti-slavery man. His organ, the New Hampshire Patriot, opposed the Compromise until long after its passage, and would probably now be its opponent if Gen. Pierce were not the candidate. The following extract from the Patriot of the 25th October, 1849, will give our readers some idea of its feelings towards the South, the Whig party and Gen. Taylor.—We have no reason to believe that General Pierce's sentiments are different from those of his organ. Southerners, support such a man if you can, in preference to Winfield Scott, a Southerner by birth, education and in feeling. Here is the specimen of New Hampshire Pierce Democracy:

"It is not true that we ever accused the Whigs of a desire to extend the Wilmot Proviso over the land as he asserts; but it is true, as he asserts, that the Democrats desire "that the thing should be done," and "that they are now ready to do it." They are so; the Democracy of New Hampshire were never more ready to extend this principle over the land than they are now. But they do not exhibit it as the Federalists did, by supporting A GREAT SLAVE-HOLDER, SLAVE-TRADER, AND SLAVE-BREEDER FOR THE PRESIDENCY."

THE PROSPECT.—The New York Day-Book—a journal devoted to the cause of Mr. Webster as the independent candidate for the Presidency, and one occasionally quoted by the Union of late—in its issue of the 20th instant, commences an article entitled "The Election" with the following remarks:

"There is no denying that General Scott's prospects are growing brighter, and his friends more confident of his success. The apathy that everywhere prevailed, during the summer months, is now giving way to excitement and enthusiasm. Our exchange papers from Kentucky, Tennessee, Ohio, Indiana, and even Michigan, contain glowing accounts of enthusiastic Scott meetings, and Whigs in each State confidently assert their power to carry *all* of those States for Scott. Michigan, General Cass's State, it is believed by them will surely go for the hero of all the wars we ever had!

"It is useless to shut our eyes to the truth; but that there has been a great change in the aspect of things within the last few weeks, no one can deny."

OHIO.—CHEERING INTELLIGENCE.—A postscript to a business letter dated Middletown, Butler county, Ohio, says:

The prospects for Scott continue to brighten daily. You need not be alarmed about Hadleism or Free Soilism in this State. But few Whigs will be caught in that third party trap this time. Ohio will give Scott 15,000 majority—*certain*. I have mixed with the hard fisted yeomanry of the country, and I know what they will do. Mark my prediction.

A VOICE FROM KENTUCKY.—*The feeling in the Mountains*—A friend in Rockcastle county, says the Somerset Gazette, thus writes us in regard to the Whig prospects in the mountains:

"The Scott fever in this section is higher than it was for Harrison or Taylor, indeed than for Clay. Some of the leading democrats and many others of their number are out for Scott. This district (White's) will roll up a majority equal to that of Clay against Polk. No mistake."

OHIO. All along the line af the Cleveland and Pittsburg R. R the people turned out en masse to welcome General Scott.—At Salem four thousand people were gathered. At Alliance was a throng from Canton, Wooster, &c, and speeches were made by Gen. Larrimer and others. At Ravena, Hudson, Bedford and Newburgh crowds stopped the way. Scott leads the column in Ohio.

THE SMALL NOTE LAW.—This law went into operation yesterday throughout the State of Maryland, prohibiting, under a penalty of five dollars, the paying or receiving of the issue of any foreign bank of less denomination than five dollars. The provisions of the law ought to be universally known, and we suppose they are throughout all the business circles.

EASTON, Sept. 30, 1852.

At a meeting of the students of the Easton Medical Institute, held in the lecture room, the following preamble and resolutions were unanimously adopted:

Whereas, in consideration of the great zeal and interest which Prof C. C. Cox has displayed, in endeavoring to instruct us in the various branches of medical science, we deem it our duty to express our sincere thanks, by the following resolutions:

Resolved, That in establishing the Easton Medical Institute, Prof. Cox has contributed much towards promoting the interest of the profession in this section of the State.

Resolved, That his widely acknowledged attainments, and skill as a physician and surgeon, and his ability and eloquence as a lecturer, render him eminently suited to conduct such an Institution in a successful manner, and that the attention he has shown, the patience he has exhibited, and his gentlemanly demeanor towards us, while imparting instruction both in the lecture and recitation rooms, merit our warmest approbation.

Resolved, That we also return our thanks to Mr. Wetherill Peterson for the highly interesting and instructive course of lectures which he delivered on Materia Medica and Medical Botany.

Resolved, That we cordially recommend the Easton Medical Institute to the favorable consideration of all who may desire to attend a preparatory course of Lectures on the various branches of Medical Science.

First Scott Gun from Tennessee.

NASHVILLE, Sept. 27.—At the Nashville municipal election to-day, the Whig candidate for Mayor was elected by 244 majority. Last year the majority was 25. This vote is a significant indication. Nine Whig and three Democratic Aldermen are elected.

The State Election in Ohio will take place on Thursday, the 12th of October, the same day that the election is held in Pennsylvania and Indiana.

Notice to Tax-Payers of Talbot Co.

THE subscriber, Collector of County and State Taxes for 1852, takes this method to inform those indebted that he has contracted to collect the taxes for less than half the sum heretofore paid. This is a saving, and consequently an advantage to taxpayers, and for this benefit to them he expects a return in the speedy payment of all taxes due. The small compensation will not justify him in making numberless calls at private houses, and he confidently expects persons to search him up. He has and can have agreeably to his engagement with the County, no deputies; he therefore gives this full warning and caution. The law will necessarily be enforced against those who unreasonably delay the payment of their taxes.

He will be at St. Michaels on the 13th and 14th August, again on the 27th and 28th, and so continue, at two weeks intervals. He may be found at the store of Rd. H. Adams, from 7 o'clock A. M., to 7 o'clock P. M., when at St. Michaels, who is fully authorized to receive any payment during the absence of the undersigned.

He will be at Easton every Tuesday, and may be found at the office of Thos. J. Clark at the Court House.

He will be at his residence at the Trappe when not elsewhere engaged in collecting.

Those indebted for State Tax would do well to remember that a deduction of five per cent. will be made on all sums paid before the 1st of September, four per cent. on all sums paid before the 1st of October, and three per cent. on all sums paid before the 1st of November.

STABLER'S DIARRHŒA CORDIAL

IS a pleasant Mixture, compounded in agreement with rules of Pharmacy, of therapeutic agents, long known and celebrated for their peculiar efficacy in curing DIARRHŒA, and similar affections of the system. In its action, it ALLAYS NAUSEA and produces a healthy action of the LIVER, thus removing the cause at the same time that it cures the disease.

Opinion of Doct. JOHN ADDISON, Physician to the Baltimore Southern Dispensary.

Having made trial of your "Diarrhœa Cordial," and being also acquainted with the ingredients of which it is composed, it gives me much pleasure in adding my testimony to that of others in favor of its EXTRAORDINARY EFFICACY in the cure of "Diarrhœa and Summer Complaint in children and adults."

With much respect, &c.

JOHN ADDISON, M. D.

Price 50 cts. per Bottle.

STABLER'S ANODYNE CHERRY

Expectorant

Is confidently recommended to Invalids, as UNSURPASSED by any known preparation, for the cure of COUGHS, HOARSENESS, and other forms of Common Colds; BRONCHITIS, ASTHMA, CROUP, CONSUMPTION in an Early Stage, and for the RELIEF of the Patient even in advanced stages of that Fatal Disease.

It combines, in a scientific manner, remedies of long esteemed value, with others of more recent discovery, and besides its *soothing* and *tonic* qualities, acts through the skin gently, and with great efficacy, for the cure of this class of diseases.

A number of the most respectable Physicians, to whom we communicated a knowledge of the constituents of these Medicines, have been pleased to favor us with their opinions, (some of them in writing,) that they are the best remedies they have ever been acquainted with for the cure of the diseases for which they are recommended.

OPINION OF DR. S. B. MARTIN,

One of the most experienced of the faculty in this City, and long celebrated for his successful practice.

Gentlemen—I have carefully examined the component parts of your Diarrhœa Cordial, as well as your Anodyne Cherry Expectorant, and find them *both* valuable compounds; the doses are safe and consistent with medical practice, and I do not hesitate to recommend them. Your friend, &c.

S. B. MARTIN, M. D.

Baltimore, June, 1852.

Certificate from Doct. J. ADDISON, Physician to the Baltimore Southern Dispensary.

Having been made acquainted with the ingredients which enter into the composition of your "Anodyne Cherry Expectorant," and having also made trial of its virtues, I have no hesitation in recommending it to the confidence and patronage of the public, as a most VALUABLE medicine in the treatment of the various diseases for which it is intended.

JOHN ADDISON, M. D.

We beg leave, as convincing evidence of the highly valuable properties of the above named medicines, to refer to the annexed complimentary notice from sixteen of the most respectable Apothecaries and Pharmaceutists in the City of Baltimore, whom we have appointed our agents, and who have the several articles for sale.

The subscribers, Apothecaries, and Pharmaceutists in the City of Baltimore, are satisfied that the preparations known as *Stabler's Anodyne Cherry Expectorant* and *Stabler's Diarrhœa Cordial*, are medicines of great value, and very efficient for the relief and cure of the diseases for which they are recommended; they bear the evidences of skill and care in their preparation and style of putting up, and we take pleasure in recommending them to our customers.

STABLER'S DR. CHAPMAN'S

Worm Mixture.

Prepared from a Receipt invented by DR. JOHN CHAPMAN, a member of the ROYAL COLLEGE OF SURGEONS OF LONDON. A remedy more effectual than this is not known.

Many (perhaps one-half) of the diseases from which children suffer are occasioned by the presence of Worms in the system; and if neglected, give rise to the most uncomfortable and irritating feelings, violent pains, sickness at the stomach, emaciation and frequently to vomiting.

This medicine is an efficient, safe and pleasant remedy for their extermination; it contains all the virtues of the most approved vermifuges and although it has been before the public for several years, it has never been known to fail in effecting a complete cure.

Extract of a letter received from S. S. FORTE, M. D., member of the Royal College of Surgeons, London.

To E. H. Stabler & Co. Oct. 20, 1851.

Gentlemen—I some time last year, by accident, got hold of a few bottles of your Stabler's Dr. Chapman's Worm Mixture and used it in my practice with such unequalled success as induced me to send for 50 dozen. * *

I last month ordered, through the same gentlemen, 100 dozen. * * * You can ship me 50 dozen every three months from date of receipt of this, and draw for the amount, &c. &c.

Numerous certificates of cures of the most aggravated cases of disease could be readily appended hereto, but we feel assured that they would add but little to the strong and respectable evidence here given by persons competent to judge of the merits of those remedial agents.
