ANOTHER GREAT CAVE IN KENTUCKY.—A party of gentlemen last week partially explored a cave in Muhlenburg county, Ky. The cave was first discovered last winter by a person who tracked several raccoons into it. The gentlemen who lately examined it went in, as they supposed about two miles, when they came to a pit which they could not pass for the want of a ladder, but they saw that the cave extended beyond. While travelling the two miles, they discovered eight or ten branches leading off in different directions, some of them apparently larger than the direct avenue. A petrified monkey, as perfect in shape as if it were alive, was found in the cave some weeks ago.

THE DYSENTENY ON KENT ISLAND.—We learn from the Annapolis Republican that the dysentery still continues to prevail on Kent Island with unabated virulence. Mrs. Caroline Bright died of it on the 12th, and her husband, Mr. Jos. Bright, on the 15th instant, and Mr. Downs lost a son between 12 and 14 years of age. From 10 to 12 colored people, of different sexes and various ages, had died of it. A few days since a favorite servant youth of Mr. Eldred Price died. He was sick about three days. A number of others have been swept away in the same brief period!

TESTIMONIAL TO CAPT. INGRAHAM.—A preliminary meeting has been held at Milwaukie, to make arrangements for presenting Capt. Ingraham with a public testimonial of the approbation with which his conduct in the Kosta affair is viewed by the citizens of that place. A committee was appointed to make arrangements for a mass meeting in reference to this matter.

NEW

Stove, Tin, and Sheet Iron MANUFACTORY.

THE subscriber takes this method of informing the citizens of Talbot and the adjoining counties, that he has opened in the room under the Sons of Temperance Hall, in the town of Easton, an establishment for the manufacture and sale of all the various articles appertaining to the *TIN* and *SHEET IRON* business, which for cheapness, quality and workmanlike finish, cannot be surpassed in either country or city. He respectfully solicits the liberal patronage of a generous public, and particularly those who buy to sell again, promising to make it to their advantage to deal with him. **Roofing and Spouting,** to which branches he pays particular attention, done at the most moderate rates, (costing little more than good shingles) in the best manner and satisfaction ensured or the money refunded. The attention of persons purposing to build is called to the fact that while metallic roofs cost but very little more, they make a much neater and safer covering and are much more durable than shingles; taking this into consideration, I solicit a call from all purposing to build, feeling assured that I can give them satisfaction.
