Pimples, boils and other humors of the blood are liable to break out in the warm weather. Prevent it by taking Hood's Sarsaparilla.

—A ten dollar bill does not rattle in your pocket but two nickels do. In like manner the man with two grains of sense makes more noise than one with a head full of brains.

—Ocean City! What delightful bathing! What cool breezes! Take your family and spend the day on one of the B. & E. S. R. R. Company's "Cheap Excursions."

—While digging at Ocean City on Sinepuxent Bay, some young men came across what is supposed to have been an Indian burying ground. They unearthed twenty or more skulls and skeletons and a few articles of pottery, pipes, etc.

—There are not many peaches on the peninsula this year, but the men who are fortunate enough to have a few are making money out of their crops. It is doubtful if peaches ever brought higher prices than they are bringing at the present time.

—The stockholders of the Queenstown and Easton railroad have been able to remove the trouble between here and Easton, and work on the road may soon be commenced. If carried to a successful termination, this road will prove the greatest blessing that Talbot and Caroline counties have ever had in reaching the chief city of the state.—*Press.*

—"I am willing to split hairs with my opponent all day if he insists on it," said a very distinguished lawyer, in a speech at the bar. "Split that then," said the opponent, pulling a coarse specimen from his own head and extending it. "May it please the court, I didn't say bristles."

—An exchange says a large peach grower living near Chestertown, has refused $1.25 a basket for his peach crop, the buyer to take all varieties and sizes. Several growers have received $3 a basket for some shipments. Good prices have so far ranged during the season.

—William E. Hicks will soon begin the erection of a new hotel at Hillsborough. He has bought the site of the old hostlery, which was among the burned buildings. The new house will be large enough to accommodate the traveling public, and will perhaps, be the first building completed after the conflagration. G. Wilbur Rolph will occupy and manage the hotel.

—Show companies have a rare way of securing patronage. A rumor is circulated among the women in the town that it requires two car loads of trunks to carry the ward-robe of the troupe, and then, of course all the women of the town go to the show. Then a report is handed about town among the business men that a common hand satchel will carry the female costumes for the entire company, and the men all go. Thus a full house is secured.—*Press.*

When moving in our present home I found a bottle of Chamberlain's Pain Balm left by a former tenant. On the label I found the statement that it was good for cuts or burns. I can testify to the truth of this. Nothing in all my experience has found its equal for treating blisters or burns. F. E. Barrett, manager Le Sueur Sentinel, Le Sueur, Minn. Pain Balm is also a sure cure for Rheumatism For sale by Harry Roberts, druggist, Easton; A. D. Harrison, St. Michaels.

—The Seventh-day Adventists are holding big meetings at Middletown and are said to be doing good work in attracting to church people who could never be reached before. The Adventists live in a tent adjoining the one in which they hold their meetings. They keep Saturday as the Sabbath, but of course do not work on Sunday, as the law forbids it They are therefore having two days of rest in one week instead of one. This sect was in Easton some years ago and found quite a number of sympathizers.

My boy was taken with a disease resembling bloody flux. The first thing I thought of was Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses of it settled the matter and cured him sound and well. I heartily recommend this remedy to all persons suffering from a like complaint. I will answer any inquiries regarding it when stamp is enclosed. I refer to any county official as to my reliability. Wm. Roach, J. P. Primroy, Campbell Co., Tenn. For sale by Harry Roberts, druggist, Easton; A. D. Harrison, St. Michaels.

—In the rear of the round-house in Wilmington, says the *Morning News*, is a car which is different from any which was seen in this city before. A sign board on it tells that it is the property of the Pennsylvania Railroad Company and that it was built by the Camden and Amboy Railroad Company for passenger service in 1836. Where the car came from no one about the round-house seems to know, but people who have seen it say that it is one of the cars exhibited at the World's Fair. The car is about the size of an ordinary street car and it is very light in weight. The windows are very small and the whole car would not make a good-sized street car of the present time. The break beams are fastened by leather straps and the truss rods which are supposed to brace the center of the car are of wood. The car is stored away in the rear of the round house with some old engines and is not in a place where it would be likely to attract the attention of passers-by.

OUR MAN ABOUT TOWN.

The news of a week in brief form.—Items of Local Interest.

John Cox, the iceman, says that it requires two ton of ice per day, on the average, to supply the retail trade of the town.

Deputy Sheriff McHale took two peddlers to the House of Correction Monday evening for selling goods without a license.

A party of ten Eastonians will leave for Ocean Grove next week, and will remain until the close of the great camp meeting.

Observer Shreve's report of the weather in Easton for last week was: Temperature—average highest, 86°; average lowest, 69°; sunshine 49 per cent.; rainfall 2.63 inches.

Professor E. D. Murdaugh has been reappointed principal of the Easton High School for the ensuing year. He has been principal of this school since 1886.

Rev. W. W. W. Wilson, a former pastor of Ebenezer M. E. Church, but now of Port Chester, N. J. is visiting on the peninsula and may stop at Easton on his return.

A game of base ball between an Easton scrub nine and the Tunis Mills club resulted in a victory for Easton at the close of the fifth inning. The score was sixteen to eight.

The Mercantile Library has now over three hundred books in place. New volumes are being received constantly. Mr. Owen Norris has kindly presented the library with eighty volumes of very valuable books.

The "Pinafore" which has been thrice successfully produced in Easton by local talent, will be again produced sometime between now and the middle of September. Proceeds for the benefit of the Mercantile Library.

The two large canning establishments of Easton began operations this week. The two employ over four hundred hands and place several thousand dollars in circulation every week. Tomatoes and corn are being put up.

The scarcity of all other fruits in Talbot is made up for somewhat by the luscious watermellon and fragrant cantaloupe. These delicacies are brought to town by the wagon load and sold at such low figures that every one can afford to enjoy them.

A check for $800 was received by Captain Adams, of Company F. last week to pay off the members of his company for their services at Frostburg. The captain was kept busy settling with the boys for several days, but has now finished.

CHURCH CHIMES.

Items of Interest Regarding the Doings in the Church Circles.

Preparations are now being pushed toward holding a fair in Music Hall for the benefit of the Catholic Church during the week of the Talbot Fair. It is proposed to hold a fair of greater magnitude than that of last year, with many new and novel departments.

There was no service at Ebenezer M. E. Church last Sunday morning, owing to the absence of Dr. Avery at Concord camp, where he was booked to preach. In the evening his pulpit was ably filled by the Rev. W. M. Jones pastor of the Baptist church. The congregation was favorably impressed by his sermon.

Rev. J. W. Andrew, pastor of Trinity M. E. Church, South, preached a scholarly sermon to a large congregation on Sunday evening. He took for his subject, "Esau and Jacob."—Mr. Andrew is zealously working towards the completion of his church, which will be the handsomest in town when finished.

No services at SS. Peter and Paul Church tomorow (Sunday) owing to the pastor's absence on his monthly mission in Dorchester county. On Wednesday, Aug. 15, Feast of the Assumption, Masses will be at 6 and 10 o'clock. Sermon and Benediction in the evening at 8 p. m.

As anticipated in the GAZETTE of last week Miss Maggie Wilson spoke from the pulpit of Calvary M. P. Church Sunday evening on the Christian Endeavor Convention at Cleveland, to which she was a delegate from Easton.—She told of the work of the convention, its magnitude and its many plans for the future. Quite a large congregation heard and was pleased with her address. Miss Wilson was visiting in Colorado previous to the convention and went from there to Cleveland.

WEDNESDAY AT WYE.

Many Eastonians Present.—Dr. W. E. Avery Preached.

Wednesday of this week was the day set aside at Wye Camp for special Epworth League services. It was added by hundreds of League workers from all over the district. As has been previously stated in the GAZETTE Dr. Avery, of Ebenezer M. E. Church, preached a special Epworth League sermon. His effort was thoroughly appreciated and enjoyed by a large audience. A musical and literary program was arranged and fully carried out. Among the recitations which called forth great applause was that of Miss Mary Jump, of Easton. During the day many happy references were made of the convention held in Easton recently. The district cabinet also had a meeting and discussed plans for the next convention.

Town Commissioners Meeting.

The Board of Town Commissioners met on Monday; present—John C. Henry, president; Charles H. Leonard, commissioner; D. R. Cox clerk.

Mr. Parlett was absent, being off on a yachting trip with the Orpheus Club of Baltimore.

The franchise, giving the Universal Engineering Co., of Baltimore, right to build a telephone exchange in Easton, was received. No action was taken thereon, owing to Mr. Parlett's absence.

None but routine business was transacted by the board.

Knights of the Maccabees.

The State Commander writes us from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough edtirely left them. We will not be without it hereafter, as our experience proves that it cures where all other remedies fail."—Signed F. W. Stevens, State Com.—Why not give this great medicine a trial, as it is guaranteed and trial bottles are free at J. C. Henry's Drug Store. Regular size 50c. and $1.00.

THE RAILROAD INJUNCTION CASE.

JUDGE STUMP'S DECISION FILED.

The Effort to Prevent the Commissioners of Talbot County from issuing bonds for the subscription to the B. & E. S. R. R. again Proves successful.

Judge Stump's decision in the railroad injunction case was filed in the office of the the clerk of court on Monday. This case was an important one, both in the principle and for the amount involved. An act was passed by the last legislature authorizing the county to issue bonds to the amount of $25,000 for the sum subscribed by the county to the Baltimore and Eastern Shore Railroad.

Preston B. Spring, a prominent citizen of the county and a large tax-payer, determined to contest the constitutionality of the act, and for this purpose filed a bill in equity, asking an injunction to prevent the commissioners from issuing the bonds. The court granted the preliminary injunction, and the case was heard at the July term of court.

The plaintiffs claim that the $25,000 subscribed will not go to the railroad, which is now in the receiver's hand, but will go to pay private individuals who are creditors to the road. Wm. H. Adkins of Easton and Thos. Mackall of Baltimore represented Mr. Spring, and J. Frank Turner and Attorney General Poe represented the commissioners.

Following is the decision of the judge:

Preston B. Spring
vs
The County Commissioners of Talbot county
In the Circuit Court for Talbot County in equity

The act of 1892 chapter 295 is unique.

The title and preamble are misleading.

They assume that Talbot county had subscribed twenty-five thousand dollars to the capital stock of the Baltimore and Eastern Shore railroad.

No such subscription has, or has been made. Under the guise and cover of this assumed subscription the act attempted to authorise the commissioners of Talbot county to issue and sell the bonds of said county to the amount of twenty-five thousand dollars—not to aid in the construction and equipment of said railroad—but to pay certain favored individuals certain claims held by them against the railroad company for contracts and services performed and rendered before the date of the act.

In other words, it is an attempt to empower the commissioners to levy a tax on all the taxable property of Talbot county to raise a fund to pay the debts due and owing by the said railroad to certain "bona fide citizens of Talbot county!"—debts that were not and could not, have been contracted on "the faith of any agreement made by the Commissioners of Talbot county and the said railroad company," as set forth in the preamble.

The Commissioners never had any authority to make and never attempted to make any such agreement.

If the legislature has the power to authorize the payment of the particular debts specified in the act, then it has the power to authorize the payment, in like manner, of any or all debts of any or all railroads operated in the State.

A proposition, I take it, that cannot be defended.

The point made in the answer that the railroad company is a *necessary* party to this proceeding was waived at the hearing and, therefore, requires no comment.

It is thereupon this 6th day of August, 1894, ordered that the motion of the defendant to dissolve the injunction heretofore issued in this case, be and the same is hereby overruled; and it is further ordered that the said injunction be and hereby is continued in full force until the final hearing of the case.

FREDERICK STUMP.

A FIRE BUG ARRESTED.

John Nailor sets Fire to a House in the South-eastern Part of Town.

On Saturday night last, one John Nailor, colored, was caught in the act of setting fire to a house near the east end of Dover street in the little alley beside Garey & Bro's store. The house is rented by Emma Winchester, a colored domestic, and because of her refusal to live with him, Nailor flew into a rage and left vowing vengance. He had been sitting in the door until midnight to prevent her from closing up the house and going to bed, and upon her refusal to live with him he left. He returned in the course of a half hour with a can of kerosene and a lot of paper. Seeing the house closed and dark and no one stiring on the street, he poured the oil all over the outside of the house and stuffed the paper under the floor and set fire to it.

Nailor took to his heels, running towards Dover street, where he met two white men named Warrington and Hinson, who asked where the fire was. Nailor said there was no fire and ran up Dover street when night-watchman McHale saw and recognized him. He called Deputy Sheriff John McHale who went to the Point, thinking Nailor would try to escape by the boats. But he did not. A search warrant was procured and after a time Nailor was found hidden in a house on Graham's Alley. Deputy McHale took him to jail. He was tried before Squire Nicols on Monday, who left the case for the next court. Nailor was released on $800 bail.

A PLEASANT RECEPTION.

The W. C. T. U. Meet at Mrs. Bush's Residence and Elect Officers.

On Tuesday evening of this week, at the invitation of Mrs. A. T. Bush, President, the Easton Chapter W. C. T. U. met at her home for an evening of pleasure and business.

Quite a large number were present and all enjoyed the carefully arranged musical and literary program. Among these taking part were the Misses Yeo, who are ever ready to help in the cause of temperance, Miss Myrna Tompkinson of Pennsylvania, visiting Miss Mary Jump, rendered a beautiful selection on the piano which she was afterwards requested to repeat. Miss Feldmyer, of Annapolis and guest of Miss Lelia Rathell, sang "The Rose Bush" in a lovely manner displaying a cultured voice of much sweetness and feeling. Miss Mary Jump concluded the program with a laughable recitation.

Refreshments were served, and at ten oclock, the President, Mrs. Bush called the company to order and announced that election of officers for the ensuing year was in order. The following officers were elected: President, Mrs. A. T. Bush; cor. secty. Mrs. J. C. Mullikin; rec. secty. Mrs. W. E. Avery; Treas. Mrs. Fanny Reese. The superintendents of departments will be elected at a meeting to be held at Mrs. Mullikin's next Wednesday; Arrangements will also be made at that meeting for the county convention which will be held in Easton some time in September.

Had His Wife Arrested.

Aaron Lucas, a respectable colored man, had his wife arrested this week for disorderly conduct. She has been rather disagreeable here of late, and been implicated in a number of fights. Aaron got tired of this and threatened her with arrest, which seemed to have but little effect. He then had her arrested. She had a hearing before Esquire Hubbard and was discharged.

SUMMER SCHOOL IN EASTON.

HELD AT THE PRIMARY SCHOOL.

Begins next Monday With a Corps of Trained and Experienced Instructors—Prof. Chaplain in charge. The Attendance will be larger Than Ever Before.

Next Monday morning the Primary School will be the scene of much activity, as the annual summer school commences on that day. What a benefit to teaches, a summer school is, especially to the young inexperienced ones. The Talbot county teachers know how to appreciate it. They are always well represented, and few of other county teachers are always present. This year much work is expected to be done, which will greatly aid the scholastic work of the years to come. Many inquiries have been made concerning the summer school by stranger teachers, but as yet just how many visiting teachers will be present, is not known. Much interest has always been manifested in the summer schools we have had in Talbot and the one held in Easton last summer, was not only an enjoyable feature of the summer, but very instructive. The teachers worked in unison with their instructors and consequently, harmony and good will prevailed. From the present prospect this school of 1894 will far exceed all others held in this county. Prof. Alex. Chaplain, one of the best friends a teacher could ever have will conduct the school with the aid of several instructors. He is to teach methods of teaching, as that is a subject that he knows well how to represent to his scholars in an interesting way. Miss. Della P. Mussey of the Washington public schools will again assist in the noble work, as she did last year. All of those who knew Miss Mussey remember her as one of the energetic workers last summer. She will teach from study free hand drawing, color work and their application to primary number work and elementary science which is so useful in training earnest thoughtful observation in the pupils of our public schools. Prof. Edmund D. Murdaugh, instructor of higher English and Mathematics, will do all in his power to benefit the school as he always takes an active interest in the summer schools.

Wm. Mason Shenan will be the instructor in geometric and map drawing. Prof. W. C. A. Hammond, who was such an interesting talker last year will not be with us but a few days. It is to be regretted that he cannot stay during the entire session. He will lecture on Physics and the construction of simple apparatus to be used in the public school rooms.

The legal life of a summer school is five days, but all the teachers who are generally filled with a strong professional spirit, stay three weeks. It is to be hoped that the teachers will derive great benefit from the course pursued in the summer school, as so many minds are depending upon them for proper training.

NEW FROM THE HULL.

The Steamer Ida Again in the Harbor After Rebuilding.

The steamer Ida, of the Maryland Steamboat Company, arrived at her wharf yesterday afternoon from Wilmington, where she was rebuilt, having been gutted by fire some months ago. She is entirely new from the hull up. Her length and breadth are the same, but the main deck and saloon have been rearranged and made more roomy. In front of the engine room is a baggage coop. Along the sides of the main deck are the purser's office, mail-room, closets, wash room, barroom, galley, ice and storage room and messroom. Aft on the main deck is an apartment for deck passengers containing twenty one berths and washstands and closets. The apartment is unusually light and airy, and runs to the edge of the stern. The saloon is painted immaculate white throughout, and decorated with delicate conceits in gold. There are sixty eight staterooms, a smoking-room and closets for ladies and gentlemen. An electric search light stands in front of the pilothouse, and in the rear of the house are quarters for the captain, first and second engineers and first and second mates. Instead of the fan shayed, varicolored, paddle wheel boxes, the Ida has now square wheel boxes of perforated and carved wood, painted white. The boat is lighted with electricity and heated with steam. There is not a handsomer nor more graceful boat in the harbor than the new steamer.

ARIZONA BOB STRANDED.

His Company Forced to Disband in Crisfield.

The Arizona Bob Indian Medicine Company which was in Easton some weeks ago, went to pieces in Crisfield on Monday, leaving the members of the company in a sad and pitiful plight. A correspondent from Crisfield to the Baltimore Herald says in part:

"All the strange and fantastic show bills and advertising canvass failed to swell their coffers at Tilghman's Wharf, where they held their last exhibition, and they could not meet expenses. Arizon Bob, the western scout, who is proprietor of the concern, offered $20 to the captain of the Hattie Elmer if he would take the show to Crisfield.

"The captain, fearing that the money would not be paid him, carried the outfit to the nearest town, Deal's Island, and there put three of the company off, keeping on board an Indian and all the paraphernalia. The outfit is valued at $1,500 and includes several museum freaks. Arizona Bob is now seeking redress."

While in Easton the troup consisted of but three men and an Indian, and the paraphernalia was all embodied in two gasoline lamps and a drum. From Easton he went to Oxford and then to Cambridge.

CORRECT TO A CENT.

Not a Penny Missing from the Sub-Treasury. Judge Hammond's Receipt.

At 10 o'clock on Monday morning, the 6th, the task of counting the money in the Sub-Treasury of the United States in the Custom House of Baltimore was completed. Mr. C. H. Hughes, teller of the Easton National Bank, who was Judge Hammond's eye witness at the counting of the money, has returned home. He reports the amount on hand to be $11,580,831.51. Sub-Treasurer Ormond Hammond receipted to the Hon. Geo. L. Wellington for that sum.

The count proved Mr. Wellington's statement of the money in his charge to be correct and Judge Hammond congratulated him for his accuracy in acconting for such a large sum of money.

The New Postage Stamps.

The postage stamps to be finished for the post-office department at Washington under the new contract with the bureau of engraving and printing will not be ready for two or three weeks yet. The contract took effect July 1, and a small number of stamps from the new plates have been issued already. The old issue is being drawn on to furnish the post-office requiring additional supplies as there are about 600,000,000 of these, sufficient to last two or three months, left over from the old contract.

Kenneth Bazemore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when three members of his family were sick with dysentery. This one small bottle cured them all and he had some left which he gave to G. W. Baker, a prominent merchant of the place Lewiston, N. C., and it cured him of the same complaint. When troubled with dysentery, diarrahoea, colic or cholera morbus, give this remedy a trial and you will be more than pleased with the result. The praise that naturally follows its introduction and use has made it very popular. 25 and 50 cent bottles for sale by Harry Roberts, druggist, Easton; A. D. Harrison, St. Michaels.

PLEASANT DANCE AT OXFORD.

Eastonians Take a Trip Down the River to Enjoy Dancing at Oxford.

The River View Hotel was the scene of much gayety last Wednesday evening as dancing was indulged in until the early hours of morning, and many pretty ladies and gallant gentlemen graced the occassion. Through the instrumentality of Mr. Joseph T. White, a party of Eastonians, chaperoned by Mrs. Jennie Williams, chartered the steam ferry boat, Wm. Fisher, and went down to Oxford having a delightful trip on the water, as well as a delightful "trip" on the ball room floor of the hotel after arriving The proprietor of the hotel is a very genial man and showed much courtesy to the visitors.

—Take your baskets with a few table articles and table linen, your family, train No. 1, a cheap Thursday excursion ticket on the B. & E. S. R. R., and go to the "Excursion House" where tables and chairs are provided "Free of Charge" and have a picnic all to yourselves, and get goodly cooled off, basking in the breeze on an easy chair after dinner with a "tu fer" at Ocean City. 4t

UNSOLICITED testimonials by thousands like this tell why Dr. Deane's Dyspepsia Pills secure a large sale wherever introduced.

"I was troubled for years with indigestion and gas on my stomach, affecting my heart at times. I tried many remedies, but received more genuine benefit from two months' use of Dr. Deane's Dyspepsia Pills than from all others combined."

BUGLE NOTES FROM THE ARMY.

A VERY INTERESTING LETTER

From a Former Resident of Easton, and now Stationed at Fort Sheridan.—His Troup Sent to Chicago During the Late Riots. He Tells His Experience.

Fort Sheridan, August 3d, 1894.

My regular letter to the GAZETTE has been delayed for some time owing chiefly to our being at Chicago during the great strike. We received our orders at Fort Niobrara on July 8th early in the morning, and by noon we had our bundles and saddles packed. The tents and all of our equipments were conveyed to the station by Q. M. transportation. At 1 p. m., boots and saddles were sounded, and giving our friends who had gathered to see us off a hearty hand shake, and mounting our horses we commenced our march to the train with the band in front playing, The girl I left behind me. When we arrived at the station our work commenced. The freight train bearing the horses and all of the baggage left at 3 o'clock with a sufficient guard placed in each car. The remainder of the force waited for the express which came at five, and we were soon steaming towards Chicago. Crowds of people were gathered at every station to see us pass and prolonged cheering and waving of American flags greeted us on our journey. When we arrived at Missouri Valley a pilot train was sent forward with a strong guard to see that everything was safe for the express, which was steaming along at a rapid rate. When about fifty miles out of Chicago amunition was issued to the entire command with orders to shoot to kill if anyone molested us. One hundred and seventy-five men were placed on the cars heavily armed and we steamed into Chicago looking like a small arsenal. We were feeling quite patriotic when we came from the train, but that feeling soon changed when we had to erect our tents in the sun, mercury at 90°. We were camped at Brighton Park, about six hundred and fifty men including officers. The camp was strongly guarded day and night and no soldier of the 6th was allowed to go out of camp without a six shooter strapped to his waist carefully loaded and with 45 rounds of amunition with him. H troop alone escorted the mayor of Chicago to his hotel the day after we arrived and received quite a little praise for their good horsemanship and soldierly appearance. The gray horses were admired more than any troup of horses present and I felt proud to belong to the Gray Horse troop of the galloping 6th Regiment.

The strikers were not at all violent after the troops arrived and we had very little trouble while there. The artillery, two batterys, troop B. of the 7th and troop E. of the 6th, while on a tour of observation twenty miles from camp met with the only serious accident while we were in camp. One of the caisson exploded killing three men and severely injuring eighteen others, and also killing seven horses. One man out of the 7th had the top of his head blown off and a trumpeter out of the same troop had an arm blown off at the shoulder, he is still at the hospital in Chicago and is doing well. All of the other men were out of the artillery. None of the 6th was injured, although only a short distance off. An artillery caisson is packed in the following manner: 120 rounds of explosive shells, 500 pounds of powder and 120 more explosives, making 240 shells, either one of them enough to blow up a large house, and 500 pounds of powder in the center. All of this went off at once and it is a wonder that more damage was not done than there was. And yet windows were blown out of the houses for a long distance and the ground around the place of explosion was cracked about seven inches deep. A lady and gentleman were wounded but not seriously. The wounded were immediately conveyed to a hospital to receive medical attention.

The day before we received orders to withdraw from Chicago, we marched to Lake Front, where over twelve hundred regulars were camped. The sight would please anyone who never saw a regular soldier's camp. Nothing but a solid string of white tents is to be seen. Every thing is done with quickness and precision in a soldier's camp. The next morning it was raining a perfect deluge but that did not stop the march. We packed our saddles in the rain and made ready for a rapid start. At exactly the appointed time the general call rang forth from eight trumpets and as the last note died away every tent went to the ground. What had been a large camp a few moments before was nothing now. Men could be seen running everywhere and wagons were loaded rapidly. In about twenty minutes the column was in motion, and the boys, though soaked to the skin, were as jolly as ever. True, a soldier leads a rough life but a happy one in most cases. The rain stopped about 10 o'clock and the boys had the pleasure of drying off in a very cold wind. It was a great contrast to our 4th of July sports, but with the exception of a very few who were shivering from the cold air, (yours truly among the number) the boys seem to enjoy it. We camped at Evanston at night and proceeded on to Fort Sheridan. At Evanston we caught up with the force from Lake Front who were also going to Sheridan. We commenced our march the next morning with one thousand eight hundred men in line and wended our way to Fort Sheridan amid clouds of dust. Every man was as black as he could be and after we were camped they all made a rush for the Lake and came forth from the water looking like new men.

There is no place in the post proper for the visiting troops, and we are obliged to camp out among the poison ivy and bushes of all descriptions.

On the 30th inst., we had a grand parade in honor of General Miles, but the parade was too small to manoeuvre all the troop upon. Not for a long time has Uncle Sam gathered together so large a force and he intends to make use of this chance by having a series of army manoeuvres. We will proceed to Evanston next week, the entire command, and go through a series of sham battles, practice marches, camping out on half rations, capturing strongholds and extended order skirmish drills. We will proceed to our proper posts the first of September.

It May Do as Much for You.

Mr. Fred Miller, of Irving, Ill. writes that he had a Severe Kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called Kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At J. C. AT ST. MICHAELS.

An Interesting News Letter Chronicaling the doings in that busy town.

S. Alex Benson and wife, of Easton, spent last Sunday in our town.

Miss Maggie Hambleton is visiting her Brother John in New York.

No camp meeting in this neighborhood this rhummer that I can learn of.

Mr. and Mrs. Marian Hubbard, of Balto., spent last Wednesday in town.

Wm. Benson and wife, of Dover, Del., were the guests of Mrs. Marian Benson, Talbot St.

Mis Love Thomas, of Washington, is the guest of her sister, Mrs. W. Sherman Philips.

Mrs. Kate Horn, of Baltimore, spent part of this week Samuel E. Marsnall, our popular merchant.

No work at Kirby & Sons Marine Railway except of boats being put on railway for painting purposes.

Thos. H. Leass, our wharf builder, has been employed the last month in repairing the wharves belonging to R. S. Dodson.

Steamer St. Michaels can be depended on as a freight boat, but as to working on schedule time she is way off the route.

Mr. and Mrs. Henry Kronan, of Balto, are visiting their daughter, Mrs. R. S. Dodson, Jr. at the Navy Point Cottage.

Mrs. Samuel H. Fairbanks, of Baltimore spent last Sunday and Monday with her sister, Mrs. C. E. Harrison, W. Chestnut St.

Henry Fairbank, Esq., of the Monumental city and Mrs. Hetty Ball, of Wilmington, were the guests of Mrs. T. H. H. Blades this week.

Our town is filled with visitors. You see strange faces wherever you may go. It proves that our town is the one town of all towns for everything that's good and a smattering of the other.

R. S. Dodson's canning house was in full operation this week, canning corn and tomatoes. Mr. Dodson gives employment to a great many people and just now this is everything to the people.

Some one with a greater desire for the lacteal fluid than to act honest, one morning last week, milked Mrs. B's cow, stripped her of everything like milk. To warn the offender I will state in these columns that for the next three weeks this cow will be fed on bran and paris green. Nuf ced.

The 17th day of August will be a great day in our town. Boat racing, base ball match, greasy pole walking, and several other games of different kinds to amuse the old and the young. Everybody is expected to be here on that day. Invitations will be sent to Grover and our silent tongue Senator.

Rev. W. Sherman Philips returned home from his three week's cruise on the Chesapeake, much invigorated and benefited by his outing, but the worst feature of the cruise was that no one on board of the boat saw the oft seen sea serpent. Mr. Philips will preach at his church tomorrow. All welcome.

Rev. Mr. Otis preached preached a most powerful sermon last Sunday morning. After the sermon forty three people were taken into full membership. Mr. Otis has been here but a short time, yet in that time he has won the hearts of his congregation, and the future promises much good that he will do in our midst. Tomorrow morning he will take for his subsect, Scorning Faith, at night Satan's Weather Bureau. Doors wide open and everybody welcome.

Last Wednesday some gentlemen brought a load of watermelons. These gentlemen had not been here for a long time, they only remembered the days when we were all flush when the dollars were as plenty as dimes are now, that's what I should judge taking the price that they asked for melons as a point to judge from. They should know that we are suffering under a Cleveland administration.

ARRESTED FOR THEFT.

A Colored Man Steals Fifty Five Dollars at Tilghman.

On Thursday of last week, James —— colored, was up before Esquire Gibson, charged by Dr. A. B. Glascock with the larceny of a pocket book containing fifty-five dollars, the property of a lady boarding at the Doctor's. The lady's trunk had been forced open, the pocket book taken out and hidden under the steps of the store formerly occupied by Thos. E. Cryer, where it was found by the Doctor after the lady reported her loss. Mrs. Glascock's pocket-book is also missing but no clue to its whereabouts can be found. Suspicions fell at once upon the colored boy employed about the place, as he had been spending money which he could not account for but in the entire absence of direct proof the Justice was compelled to discharge him.

The GAZETTE Correspondent was mistaken in his reports of the time at the start and finish of the Canoe race on July 31st. The correct time is as follows: "The Golden Rod," and Mabelle were allowed 15 seconds start, and the "Albabross" crossed the line 3 minutes and 5 seconds ahead of the 'Golden Rod' instead of 1.30 as reported last week.

On Thursday of last week a small edition of "Wild West" came down upon us with a choice assortment of pistols, bowie knives, tar soap, shaving soap, headache cure, Consumption cure, guitar, harmonica, drums, bells, rattlesnake hat band &c. &c. more especially &c. The drums beat, the bells rang the guitar twanged, the harmonica gave out its entrancing strains, the crowds gathered, the soap passed out, the shekels passed in and rested in the coffers of these enterprising scions of the great and glorious occident. On Saturday while the cow boys were ashore, the Captain of the buckeye, which they made their headquarters, got under way and went down the bay carrying all their stock in trade, but two drums which were left at W. F. May & Co.'s store. The C. B's at once began to hustle around, and in a short time they were off from Claiborne to take the cars in persuit of their despoiler. The captain of the buckeye claimed that the Wild Western combination owed him $90, and failing to collect it took this way of indemnifying himself.

The Democratic Press is jubilant, and the Democratic rooster has backed up against the wall regardless of tail feathers, and is crowing vociferously. And why? A wonderful thing has happened. Alabama has given a Democratic majority!!! Let us all appland and wonder at the solidity of the solid South.

A Most Attractive Summer Outing by the Pennsylvania Railroad. A Tour Among the Lakes and Islands of the North.

The party composing the Pennsylvania Railroad's first tour to the North has just returned home, delighted not only with the general attractiveness of the trip, but the admirable manner in which it was conducted. The second party is now forming, and will go out under like conditions on Aug. 21st, reaching home on return trip September 3d. The party will leave Philadelphia in special Pullman parlor cars over the picturesque route of the Pennsylvania to Watkins Glen, thence to Niagara Falls, the Thousand Islands, the Rapids of the St. Lawrence, Montreal, Au Sable Chasm, Lakes Champlain and George, Saratoga, and, lastly, a delightful trip down the romantic Hudson.

Ample time is allowed at each point for sight-seeing, and all the traveling is done by daylight. It would be a difficult matter to plan a trip of greater diversity of interest and attraction, and for those whose summer vacation is limited there is no outing comparable to it. The round-trip rate, including all necessary expenses, from New York, Philadelphia, Newark, Trenton, Baltimore, and Washington, is $90.00. Tickets will also be sold from other stations at proportionate rates. Tourist Agent and Chaperon will conduct the party.

For tickets, descriptive itineraries, and reservation of seats on the train, address Tourist Agent, Pennsylvania Railroad Company, Broad Street Station, Philadelphia.

The Magic City

-- PORTFOLIO OF --

World's Fair Photographs.

THE MAGIC CITY is the supreme incomparable master and sovereign of all pictorial fortfolios that were ever published. It contains more views, and more sublimely beautiful photographs than any other work issued on the Fair; it is printed from better plates, on finer paper, with greater care, and it is more complete than any other book that has illustrated this mighty subject. The work embraces 375 superb pictures in royal purple, perfect in detail, exquisite in their sharp, clear definition, and in them we see the objects which they reproduce, with the distinctness and comprehension that we would obtain if viewing the subjects themselves. Such magnificent results were never before obtained, and no effort is likely to ever surpass them. In this large collection of photographs

THE Entire World's Fair IS PRACTICALLY Reproduced

in all its glory and completeness, giving almost as satisfactory exhibition to the reader as an attendance at the exposition would have revealed.

THE MAGIC CITY ALBUM presents photographs of every feature of the Fair, all the State, official and governmental buildings, the grounds, the statuary, the myriad of displays, the architectural wonders, the paintings and sculpture in Fine Arts Palace, the international exhibits, the congresses and a

Panorama of the Midway Plaisance.

Every type of every race which was there exhibted is pictured, also the villages, theatres, streets, processions, concerts, bazars, kiosks, carnivals, and the startling performances which made the Midway both famous and notorious.

Nothing Whatever is Omitted,

and everything is vividly described, thus making MAGIC CITY a pictorial and descriptive history of the world's grandest and greatest exposition.

In addition and supplementary to all the World's Fair Views, The Magic City contains

A Photographic History of California's Mid-Winter Fair,

in a series of fifty splendid views, among the number being a reproduction of characteristic scenes of 1849 and 1850, when the gold excitement attracted to California adventurers from every clime, and made the territory the camping ground of the most reckless, but generous specimens of humanity. These views include, washing and panning for gold, stage driving, gambling saloons, dance houses, post-office, Shasta Mountain, the toll road, the fandango, free and-easies, girls of the times and many others. The photographs all show the Mid-Winter Fair buildings, grounds, displays, theatres and other attractions, the whole
