For Representative in 54th Congress.

A. LINCOLN DRYDEN.
OF SOMERSET COUNTY.

Persons owing the GAZETTE money are forwarned and have been cautioned that if some satisfactory effort to pay is not made, and that without delay, the editors will not be held blamable for the law's stern demands. tf

Persons receiving sample copies of the GAZETTE need not fear to take same from the office when the word "sample" is printed on wrapper. The law only holds the person responsible who allows the publisher to continue the paper under the assumption that it is wanted and will be paid for. The GAZETTE is as careful to discontinue a name as to place on list, if the subscriber makes his wishes known and his paper is not in arrears. But the GAZETTE does not insult a subscriber by removing his name the very date of expiration if same subscriber is presumed to wish to continue. It does frequently remove names though, when it finds out the parties are defrauding the paper, wilfully and knowingly.

A newspaper in Illinois recently brought suit against 73 men who would not pay their subscriptions, and obtained judgement in each case for the amount of each claim. Of these, 28 made affidavit that they owned no more than the law allowed them, thus preventing attachments. Then under the decision of Supreme Court they were arrested for petit larceny and bound over in the sum of $300 each. All but six gave the bonds. The postal laws made it petty larceny to take a paper and refuse to pay for it.

A POLITICIAN once met an honest toiler and asked him to give him a boost up the ladder of fame that was leaning close by upon a "sure thing." The toiler was promised 'advantages' that would shower down upon his head in campensation for his cleverality in offering said boost. Up went the politician and down came bricks, broken pledges and party platform upon the expectant toiler. The politician came down too to offer consolation. Some weeks after when the toiler had barely recovered consciousness, and was being supported by cold charity in the shape of crutches for the broken supporters of his bodily frame, the politician approached him and said: "My, how well you look, what a lucky thing you boosted me, if you had remained at your daily labor under your old boss he would have worked you to death; as it is you are improving daily and I now want you to boost me again for the kind service I have rendered."

"Well," said the laborer, "it may look so to you, but it will be a special favor to me if you condescend to ask some one else who is not under such peculiar obligations. You are a gentleman, though, and mean well, but you ain't got no sense."

Here is another story just like the above. only told in different language It is going the rounds in the democratic press through this section: The appropriations in the last Congress were $40,000.000 less than the preceeding Republican Congress. That means a reduction in the tax of every voter of this land of over (3) three dollars. Why should we want to turn the Democratic party out of power? And yet the Republican party is wailing at us because we dared to lower the poor man's taxes.

THE liquor traffic can never be legalized without sin.—*Peninsula Press.*

A very good text. Let's follow up the thought. It is strictly in the moral sense that harm comes, not because the immutable laws of nature permit alcohol to be manufactured. The blessed grain has committed no sin in yielding up its oils nor has the worm in condensing the vapors under divine law. The sole cause of sin is in man's willingness to use these laws for the destruction of his fellow man. Let the destruction come as smiling as it may, it is nevertheless sure and the sin is solely on the ground of man's disobedience to the moral law which says, "love thy neighbor as thyself," and not to be a "stumbling block" to cause a neighbor to fall, or "thou shalt not kill," etc. Very well.

Now the manufacture and sale and importation of all machinery and devices of warfare for the destruction of man (foe or not, it is *man*) comes under the same moral law. Hence to legalize the traffic of such must of necessity be a sin. Further, though not quite so glaring in its influence for evil, though a violation of this moral law nevertheless, it becomes a sin to legalize the traffic of anything which is harmful to mankind and not a blessing.

But says the prohibitionist, keep these things under restraint, they have their uses in their place, do not use guns to kill with but to fortify and defend. Defend against what? We are *commanded* to turn the left cheek where the other is smitten, to give a cloak to him who has taken by force a coat.

Why draw the moral line so exclusive, if it is for the benefit of humanity you work? If it is for God you are fighting, He does not respect the cannon ball nor bayonet any more than He does a glass of death dealing liquor. Why do you prohibitionists discrimmiate for God? Why permit one and denounce the other? And yet you are not a party of "one" idea.

Reorganize under the banner of Moral Reform instead of Prohibition and take up all the moral questions and deal with them soberly and righteously and distil into politics more flavor of the golden rule, then will you be working for God, Home and Native land just as the great and good men of the other parties are striving to do now. The world moves and we must move with it, we cannot hasten it, but we can keep up with it. To run counter to established laws is death to act in accordance with them is life.

WANTED. A solicitor in Cordova, Trappe, St. Michaels, Bozman and Easton or in other places in Talbot for the 300 page picture album of the World's Fair, and sell it on commission. No expense. No time, but "off time" need be used. Apply to THE EASTON GAZETTE.

Money Drawn From the New York Banks That Was Put by During Prosperity.

The New York state superintendent of banking has prepared his annual report upon the savings banks within his jurisdiction. It is of interest because it shows that the amount of money held by savings banks in this state to the credit of depositors on July 1, 1894, was $12,000,000 less than on July 1, 1893.

Out of the 31 counties in New York state there were only three that showed any increase in deposits, showing that the result of the threat of free trade was as widespread as it was disastrous. But even this does not represent the true condition of the people in the Empire State. The amount of money deposited in the savings banks during the year ending June 30, 1894, was $37,400,000 less than the people deposited the previous year, and the total amount withdrawn in 1894 was $34,400,000 greater than the total amount deposited in the same year. Here are the details:

Did the Republicans or Democrats Bankrupt the Treasury?

The statement prepared in the treasury department and introduced into The Congressional Record by the Hon. D. B. Henderson of Iowa shows the following facts concerning the amount of money in the treasury at the beginning of the last four administrations:

President Garfield found a cash balance at the beginning of his term, March 4, 1881, of $170,817,436
Grover Cleveland, at the beginning of his first term, March 4, 1885, found 159,356,506
President Harrison on March 4, 1889, found 183,827,190
Grover Cleveland, for his second term, March 4, 1893, found 124,128,087

These figures do not sound very much like a bankrupt treasury. If President Cleveland had, as a cautious man, looked to the foreign sources of revenue by which to have maintained the balances in the treasury, he would not have been wrestling with a deficiency or a bankrupt treasury.

For the Gazette.

THE REASON WHY.

In the *Democrat* of last Saturday, and the *Times* of this week "Fair Play" and "X" make strenous efforts to bolster up the character of Mr. A. D. Carroll, the recently appointed Republican (?) ballot clerk for this precinct, and refute charges which have never been made. "Fair play" lauds him to the skies, and "X" asks why the Republican Press should "continue to harp on the character of Mr. A. D. Carroll?" We have read the Republican press quite carefully lately, especially on this subject, and we have yet to see one word said against Mr. Carroll's character. The reasons given for opposing Mr. Carroll's appointment are as follows: Whatever may be his sentiments he is not regarded by the party here as a Republican. He is charged with neglect of duty and with being incompetent, or too indifferent to fill such an important position; and as "Trappe Republican" said in his communication to the GAZETTE, the fact that he was one of the old board appointments was a sufficient reason if there were no others. Below are a few facts for reflection.

On the Sunday preceding election day last year, Mr. Carroll entertained a certain Democratic official, who has borne a rather unsavory reputation since certain famous election frauds. On the day of the election his only communication with Republicans was to sing the praises of his fellow clerk. The evening was spent with a number of Democrats, and strangely enough,—but it's not necessary to repeat the conversation here. At the meeting of the supervisors this year his appointment was proposed and urged by the democratic supervisor from this district.

As to the charge made by "Fair Play" against one of our citizens, he is too well known by our people among whom he has spent the greater part of his life, for him to need any certificate of character from one who in Democratic politics, don't

indicate inactivity of the skin. They show that the pores are clogged and that poisonous refuse matter has been denied an egress. The accumulation of this matter under the skin shows in red lumps, blotches and possibly in pimples.

Foster's German Army and Navy Cure

softens the impeding matter, penetrates the pores and draws the poison out. All the time it is soothing the inflammation caused by the congested state, and finally leaves the skin smooth, clear, active and healthy. It is absolutely the best and most efficacious skin medicine in the world. Its action on the skin is perfectly in accord with science, but its curative effect is almost miraculous in its quickness and thoroughness.

It has cured innumerable stubborn cases of pimples, blotches, ring worm, tetter, eczema, dandruff, itch and salt rheum. It will cure the worst kind of itching piles.

WHAT YOUR THUMB TELLS.
Square Type.

The thumb is an unfailing index of character. The Square Type indicates a strong will, great energy and firmness. Closely allied is the Spatulated Type, the thumb of those of advanced ideas and business ability. Both of these types belong to the busy man or woman; and Demorest's Family Magazine prepares especially for such persons a whole volume of new ideas, condensed in a small space, so that the record of the whole world's work for a month may be read in half an hour. The Conical Type indicates refinement, culture, and a love of music, poetry, and fiction. A person with this type of thumb will thoroughly enjoy the literary attractions of Demorest's Magazine. The Artistic Type indicates a love of beauty and art, which will find rare pleasure in the magnificent oil-picture of roses, 16¼ x 24 inches, reproduced from the original painting by De Longpré, the most celebrated of living flower-painters, which will be given to every subscriber to Demorest's Magazine for 1895. The cost of this superb work of art was $350.00; and the reproduction cannot be distinguished from the original. Besides this, an exquisite oil or water-color picture is published in each number of the Magazine, and the articles are so profusely and superbly illustrated that the Magazine is, in reality, a portfolio of art works of the highest order. The Philosophic Type is the thumb of the thinker and inventor of ideas, who will be deeply interested in those developed monthly in Demorest's Magazine, in every one of its numerous departments, which cover the entire artistic and scientific field, chronicling every fact, fancy, and fad of the day. Demorest's is simply a perfect Family Magazine, and was long ago crowned Queen of the Monthlies. Send in your subscription; it will cost only $2.00, and you will have a dozen Magazines in one. Address W. JENNINGS DEMOREST, Publisher, 15 East 14th Street, New York. Though not a fashion magazine, its perfect fashion pages, and its articles on family and domestic matters, will be of superlative interest to those possessing the Feminine Type of Thumb, which indicates in its small size, slenderness, soft nail, and smooth, rounded tip, those traits which belong essentially to the entler sex, every one of whom should subscribe to emorest's Magazine. If you are unacquainted with s merits, send for a specimen copy (free), and ou will admit that seeing these THUMBS has put ou in the way of saving money by finding in one agazine everything to satisfy the literary wants of e whole family.

Now is the time to Buy—

Look out what you pay for this Winter's Clothing. We have lowered our prices so that we sell $10. worth for $5.

Why not? Wool is lower, Cloth costs less,—why shouldn't you pay less?

For a more imperative reason—the settlement of a partner's estate in our nearly a Million Dollars worth of Clothing and Cloth—we must sell for lower prices than anybody else. You never in your life bought Clothes, good clothes as low as we sell now.

Where you've paid $10. and $12—Men's Suits now $5 and $6.75
Where you've paid $10. and $12—Overcoats now $5 and $6
Where you've paid $10. for Winter Overcoat now $5
Where you've paid $16.50 for Worsted Suit now $12
Where you've paid $20. for Fine Suit now $13.50
Where your boy was clothed in $5. Suit now it's $3

Yes—they're wonderful prices. You'll be more surprised when you see the goods than by anything we could tell you.

In respect to Car Fare

You know our practice is to pay Railroad Fare upon your purchase of a reasonable amount.
