EASTER SERVICES IN EASTON.

Great Preparation are Now Being Made.

SPLENDID MUSIC A FEATURE

The Services At Trinity Cathedral Will Be Of A Particularly Interesting Character.—The Day At SS. Peter And Paul Church.—Ebenezer M. E. Church Special Music and Sermon.

Easter services in the churches of Easton will be most elaborate and interesting. Great preparations are being made to celebrate the day, and the GAZETTE herewith presents particulars as far as can be ascertained with certainty at this early date of the services. The music in all cases will be particularly fine, as great care has been shown in the selection of music. With the musical talent that the choirs of Easton possess, something excellent can be expected. Special Easter sermons will be preached by all the ministers. The services in detail at the different churches are as follows:

Easter day at Trinity Cathedral will be especially interesting. A great deal of attention has been taken to make the services bright and attractive. There will be a celebration of Holy Communion at 7.30 a. m., and at 11 a. m., Morning Prayer and high celebration. The Dean will be celebrant and preacher, and the music will be rendered by the vested choir. Miss Josie Dawson will preside at the organ, which will be reinforced by brass instruments led by Prof. Harms, of Baltimore. The following is the program of music:

Processional:—"Come Ye Faithful."
Hymn 110, Sullivan.
Easter Anthem, Monigton in E.
Te Deum, Wesley in E.
Jubilate, Gibbons in E.
Introit:—"Welcome Happy Morning," Oxford Chant.
Hymn 109, Sullivan.
Kyrie, Cruickstak in E.
Gloria Tibi, "
Nicene Creed, "
Hymn:—"The Strife is O'er,"
No. 221, Palestrina.
Sursum Corda and Sanctus, Cruickstack.
Anthem:—"He is Risen," C. Simper.
Gloria in Excelsis, Cruikstak in E.
Retrocessional:—"Jesus Christ is Risen Today," Hymn 112, Monk.

At the evening service at 7.30, the more important of the morning's music will be repeated and the sermon will be presented by the Rev. W. N. Beaven, rector of All Saints Parish.

At SS. Peter and Paul's Church the services on Easter day will begin at 8 o'clock with a Communion Mass. At 11 a. m., Solemn High Mass and sermon on the resurrection. Millard's Mass in B., with Mozart's Gloria, will be rendered by an augmented choir, the principal soloists being Mrs. W. Spence, Miss M. Waldron, Mrs. Stitchberry sopranos, Miss Carrie Garey alto, Mr. W. Spence tenor, Mr. Frank Garey basso. Block's orchestra, from Baltimore, will assist at all the services both morning and evening, with Miss Katie Ryan at the organ. In the evening at 7.30 special services. The altars will be elaborately decorated. Ushers will be in attendance.

At Ebenezer M. E. Church the day will be bright and interesting. Dr. Avery will deliver a sermon appropriate to the day, and the choir will render much special music. Rehearsals are now in progress but the exact selections have not all been made. It is thought that the evening service will be a song service.

There will be no special services at Trinity M. E. Church South, on account of the change of pastors nothing could be done. It is thought that the new minister will be present that day and preach.

Pipe Organs Repaired.

Mr. Bardroff, representing the pipe organ builder, Henry Newnam, of Baltimore, has been in Easton for the past two weeks, overhauling the pipe organs in the different churches. He first repaired and tuned the M. E. Church organ, and then gave the organ at Christ church a thorough cleaning. Besides tuning it he made some slight repairs in it. The organ at Trinity Cathedral was in perfect condition and needed no attention except at the motor connections. At Calvary M. P. Church the organ was repaired and tuned, and is now in better shape than ever.

Considered Hopeless

Weak, Nervous, Dim Sight, Hemorrhages

Hood's Sarsaparilla Gave Perfect Health—Look 10 Years Younger.

Williamsburg, Md.

"I cannot praise Hood's Sarsaparilla enough for what it has done for me. About three years ago I had the grip, which left me weak and nervous with dreadful pains in my side and all over my body. I could sleep but little and it did not seem to do me any good. I felt as tired in the morning as when I went to bed. I grew worse all the time. The doctor said my case was hopeless. He termed my trouble consumption, and said I would not live six months. He claimed the right lung was nearly gone and my left one badly affected. I had frequent hemorrhages and short breath. I suffered in this way for two years, taking medicine all the time. I became so weak and poor in flesh that life was misery to me. I was about 27 years old but owing to my weakness my

Eyesight Had Become Dim

so that I could not see to read without glasses. I was hardly able to walk across the room or talk much louder than a whisper. To please mother, I commenced taking the Hood's Sarsaparilla, and before the first bottle was gone my appetite improved so that

I Became Hungry

for the first time in two years. I did not have hemorrhages so frequently. In fact I have only had two since I commenced taking the medicine. I have taken nearly ten bottles and I feel as well as I ever did. We live on a farm and I have a large family. I am able to do all my housework and washing. I have no doubt that if it had not been for Hood's Sarsaparilla I should not be alive. I know it saved my life and my friends say I look ten years younger than I did a year ago." MRS. GEO. W. BRADLEY, Williamsburg, Md.

Hood's Sarsaparilla Cures

Hood's Pills are purely vegetable, perfectly harmless, always reliable and beneficial.

CHURCH CHIMES.

Interesting Items Concerning Our Different Churches.

The April number of church affairs edited by Dean Sutton of Trinity Cathedral, and published by the Star Company, has made its appearance, and is by far the best number issued. It contains much original matter written especially for it, and on subjects that are appropriate to the time and paper. In an editorial the editor speaks of the great success of Church Affairs has gained since its initial number, and expresses his gratification. It deserves success.

On account of the absence of the pastor, Dr. Avery, there was no service at Ebenezer M. E. Church Sunday morning. Rev. R. H Adams was expected to preach but his engagements would not allow him to be with us. The pulpit was filled by Rev. Mr. Savage the Baptist minister Sunday evening, who preached a good sermon.

Trinity M. E. Church, South was without a pastor Sunday and consequently there were no preaching services.

Tomorrow, the Sunday before Easter, is Palm Sunday. There will be the usual services at Christ Church and Trinity Cathedral, Bishop Adams will administer the rite of confirmation in the morning at the Cathedral and in the evening at Christ Church. There will be a large class at each church.

Services of special interest will be held tomorrow at the Catholic church. It being Palm Sunday, palms will be distributed from the altar. Special services during holy week.

Trinity M. E. Church, South, will have a change in pastors. The Rev. E. V. Register succeeds Rev. J. R. Andrew, who will go to Middletown, Va. The people are sorry to lose Bro. Andrew, as his genial manner had won him many friends, and his congregation regret his transfer, but, like true christians welcome the new minister. Mr. Register is one of the leading pastors of the conference and he will be appreciated no doubt.

At Ebenezer M. E. Church tomorrow, Class meeting at 10 a. m.: Communion Service at 11 a. m.; Sabbath School 2.30 a. m.; Epworth League, 6.20 p. m.; Preaching, 7.30 p. m. Subject: A Faultless Saviour. All are welcome.

SOMEWHAT PERSONAL.

The Names of Visitors Here and at Other Points.

Wm. R. Martin has been away on business for several days.

Miss Emma Thompson has entefed the dry goods establishment of J. C. Godwin.

Mrs. Eugenia Councell spent several days with Mrs. Emily Boudle, near Trappe last week.

Mr. Alex. Lednum moved his family from Easton to Bridgeville this week, where he had a flourishing butcher business.

Miss Elsie Saulsbury spent several days of last and this week with her friend, Miss Maud Collins on Dover street.

Rev. J. M. Sheridan is attending conference at Alexandria Va. He is one of the committee of "Fraternal Relations."

Hubbard & Brother will give especial attention to their Fertilizer trade the coming season, and cordially solicit a call from those who desire reliable goods, at bottom prices. They make a special Corn Fertilizer, also a Special Truck manure. Goods for all crops and at prices to suit the times.

Public Meeting at M. P. Church.

The regular public monthly meeting of the Easton W. C. T. U., was held last Saturday night in the M. P. Church, Mrs. Saxton, the Vice President, presiding, as Mrs. Bush, the President, was absent, being detained by illness.

The meeting held in memory of Mrs. Woodbridge and Mrs. Lathrop, was opened by Mrs. Councell with scripture reading. Mesdames Turner and Greenwood read interesting sketches upon the lives of those estimable women. Those who, when their duty was made clear to them, shrank not from the performoce of it, though strongly repugnant when it demanded so large a part of their time, which otherwise would have been devoted to home affairs.

Mr. Wheatley in a very acceptable manner rendered the "Row of Blue," a pathetic temperance song. The County Supt. of Press Work gave one of Mrs. Lathrop's tender poems.

Rev. Sheridan very kindly consented to fill the space caused by the illness of several ladies on the program.

Mrs. Gibson's Mother Dead.

Mrs. Charles H. Gibson, who was in Washington for several days this week visiting Mrs. George Westinghouse at the Arlington Hotel, was summoned away from the city Tuesday by a telegram announcing the sudden death of her mother. She left for Lexington, Va., Tuesday night. Mrs. Powell died at the residence of her daughter, Mrs. Randolph Tucker at Lexington, Va., at the age of eighty-nine years. Shortly before receiving the telegram announcing her mother's death, Mrs. Gibson was reading a letter from her that came by an early mail that morning. In this letter Mrs. Powell stated that she was feeling in good health, so that her death must have been wholly unexpected to her family. Mrs. Gibson had intended remaining at the Arlington with Mrs. Westinghouse until Thursday, when she was to have returned to her home near Easton.

New Hose Tested.

The eight hundred feet of new hose recently purchased by the town commissioners arrived week before last and was tested by the board on last Friday. The fire engine was taken out and attached to the plug, and the combined pressure of both the stand pipe and fire engine failed to show any defects in the hose. It is of splendid quality having a cotton cover over it. A number of new nozzles were also purchased and tried. The new hose reel has not yet arrived.

Thieves Visit Hammondtown.

Hammondtown, a little settlement just outside the western limits of Easton was visited by thieves last Friday night. Some one broke into the house of Caroline Cornish and stole a quantity of clothing, and also about thirty pounds of pork. The thief was seen coming out of one of the upper windows of the house, the family being away, and when some one called to him, he jumped down with his plunder and escaped. Officers are looking for him.

Improvements on the Cambridge.

The Baltimore, Atlantic and Chesapeake Railway Company is having improvements made to the steam propeller Cambridge, which will insure a five-hour, double daily service between Baltimore and Ocean City. The staterooms are being removed from the Cambridge and a spacious promenade deck built. Morning and afternoon trips, both down and up, will be made from both Baltimore and Washington.

It will be an agreeable surprise to persons subject to attacks of bilious colic to learn that prompt relief may be had by taking Chamberlain's Colic Cholera and Diarrhoea Remedy. In many instances the attack may be prevented by taking this remedy as soon as the first symptoms of the disease appear. 25 and 50 cent bottles for sale by Harry Roberts, Druggist, Easton; A. D. Harrison, St. Michaels.

The Spring Opening of Annie E. Rathell & Co. Limited, will take place to-day to which the ladies of Easton and vicinity are invited.

Large Crop of Sttrawberries.

As March has been very dry the ground is good condition for ploughing, and judging from appearances there will be an excellent crop of both large and small fruit. The strawberry plants are in good condition in Talbot county, and should nothing happen a good yield will be had this year, for which good prices will be secured, as growers will not have to compete with the Southern crop this year, as the severe weather South has ruined their crops.

Wood Wanted.

Large lot of Pine Sawed End Cord Wood wanted. Must be shipped by water to Elkton. Address, E. B. BRINTON, 301 N. Franklin St., Wilmington, Del. 3-30-3t

The latest novelties in Eyelet Chiffons, flowers and ribbons displayed at Annie E. Rathell & Co. Limited, today.

THE EASTON FIRE COMPANY.

Now in Complete Working Order.

THE POSITIONS ASSIGNED.

The Meeting Of Monday Night Completed The Work Of Organization.—The Marshals Are To Call A Meeting Of Their Respective Companies In The Near Future To Arrange For Drills.

The Easton Fire Company is now fully organized and all the appointments to the different positions made. A meeting was held Monday evening, at which the company was put into complete working shape.

The GAZETTE published three weeks ago the names of those selected by the Marshals to serve in their company, and they are the same as confirmed Monday night, with but one or two exceptions.

Each hose company is divided into three sections, which are pipemen, plugmen and linemen. The duty of the pipeman is to hold the nozzle and direct the water on the fire; the plugmen are stationed at the fire plugs, whose duty it is to open and close the plugs at orders from their marshals; the linemen are stationed at all the points along the line of hose, to keep vehicles from running over it and to help shift the hose, and to keep the line free from all obstructions.

The work of the salvage corps is important and great gratification is felt over the appointment of M. B. Nichols as foreman of the corps. The members of the corps are all good men and fittingly selected for this all important adjunct.

The officers and members and their respective positions are herewith presented:

Chief Marshal—Joseph H. White.

Assistants—Dr. T. J. Smithers, in charge of Engine Hose Co. No. 1; B. E. McHale, Hose Co. No. 2; W. P. Chaffinch, Hose Co. No. 3; Dr. I. A. Barber, Hose Co. No. 4.

Engine Hose Co. No. 1—Marshal, Dr. T. J. Smithers; pipemen, Frank A. White, Ross Ferguson, James Dillon, Walter T. Elliott; Plugmen, E. H. Roe, Harry M. Mason; Linemen, Dr. N. R. Smithers, Douglass W. Stewart, Courtland W. Roe, T. Clark Mason, Jas. A. Spence, Percy Golt.

Hose Co. No. 2—Marshal, B. E. McHale; Pipemen, John H. McHale, C. M. T. Soulsby, John R. Thompson, Philemon K. Wright; Plugmen, Lon Leonard, T. J. Thompson; Linemen, Sims Drain, Bayne Fields, Roger Covey, George W. Mowbray, John Wright, Richard Bowling.

Hose Co. No. 3—Marshal, W. P. Chaffinch; Pipemen, Lewis Whitehouse, A. A. Hughes, Solomon Covey, William Fairbank; Plugmen, H. A. Towers, W. L. Hull; Linemen, W. J. H. Wooters, Joseph D. Soulsby, W. J. Dukes, Clayland Mullikin.

Hose Co. No. 4—Marshal, Dr. I. Barber; Pipemen, W. W. Baynard, A. Wilson Morton, Owen Frampton, H. A. Tuthill; Plugmen, Alfred E. Garey, George C. Mason; Linemen, S. E. Shannahan, jr., G. A. Phillips, James M. Wright, J. Harry Covington, Jas. F. Stewart.

Engine—W. H. Withgott, Michael McHale, Charles A. Stoops, Charles Collison, John Ryan, Martin Ryan, Robert McGinn.

Hook and Ladder Co. No. 1—R. E. Young, foreman; S. Harry Shannahan, A. H. Shannahan, Wm. Lane, John C. Meintzer, H. Mason Trippe, A. D. Cook, Millard F. Coburn, Charles E. Morris, Arthur Saxton, Thomas Beal.

Salvage Corps No. 1—M. B. Nichols, foreman; F. A. Shannahah, Thomas C. Nichols, Henry A. Nichols, Thomas H. Coburn, Thos. H. Coburn, jr., A. F. Haddaway, W. T. H. Lee, Thomas O. Cook, William Loveday, Chas. C. Nicols.

Aids of Chief Marshal—W. Harry White, Donovon Robinson.

Each marshal will call a meeting of his company in the near future, to give instructions and to prepare for drills, etc.

The duty of the aids of the marshals is to transmit orders and directions from the chief to the assistant marshals, and to be of general service.

Nothing definite can be said yet regarding the taking down of the fire bell from the Court House steeple and placing it in the engine house cupalo.

The next regular meeting of the company will be called on the first Monday evening in May. And thus the good work has been accomplished, and for the first time in a number of years Easton has an organized fire company.

Town Improvements.

Mrs. Annie Taylor is having her residence on North Washington street repainted. The color is a light brown with white trimmings It renders the house much more attractive. Mr. Parks is doing the work.

Mr. Harry Langsdale is having an addition built to the house recently purchased by him next door, but one from the Masonic Temple. The addition is in the shape of an extra story to the rear portion of the house. The small building adjoining the house is to be demolished in a few days.

A number of the old maple trees that lined the east side of North Washington street were cut down this week. They were a great nuisance to the electric light company as the wires would often become tangled in them. Their removal is an advantrge to the company and the property owners in that vicinity.

That portion of Mr. Tharp's residence that was almost consumed by fire has been torn down and carpenters are at work rebuilding. The entire house is to be remodeled.

April Fools' Day.

Monday was the first of April and the small boys of Easton were out with their little jokes. Pranks and tricks ran riot and the elder portion of the community had great difficulty in preserving its dignity. Persons who saw neatly wrapped packages on the pavement Monday, and also fat purses of which there were a considerable number, were found to have a string attached with a boy at the other end.

It did not do to heed information that one had dropped one's handkerchief or to lend the eyes to alluring sights alleged to exist in some particular direction. The penalty for either of these acts was the lusty and humiliating cry of the urchin, "April Fool!" The exercises of the day were entirely informal. The program was a continuous one.

Always Treated Right.

We were told by a prominent citizen of Talbot county that he always came to Easton to buy clothes and shoes for himself and family, and that he had dealt continously for seven years at the same store. On asking what store he referred to, he said that he always went to J. J. Wright's where he had always been treated right. He advises others to follow his example. See Mr. Wright's attractive advertisement in this issue.

Never was a greater variety shown in Spring Millinery, becoming styles and rare execution, than will be exhibited by Annie E. Rathell & Co. Limited, today.

Large Oil Painting.

Shannahan and Wrightson Hardware Co., have just received a large oil painting 8 by 14 feet from the Columbus Buggy Co. Its a grand good painting of their high grade work and this firm is selling many of their carriages in this market. Go and see the painting.

Town Election.

Notice is given elsewhere in this issue of a town election to be held on Monday, May 6th for the purpose of electing one commissioner to serve three years in the place of Mr. B. F. Parlett, whose term of office expires at that time.

To Announce the Arrival of Steamers.

In the future the arrival at Baltimore of the steamers of the Baltimore, Chesapeak and Atlantic Railway Company will be announced by a house-flag from Federal Hill observatory. The new flag has a red ground with a blue diamond in which are the letters B. C. A. in white.

Funeral Notice.

The funeral of Mrs. E. J. Walls, will take place at Hillsboro M. E. Church, 3 p. m. tomorrow. Interment at Hillsboro cemetery.

"I SUFFERED six years with indigestion and constipation. Got so weak and nervous I had to give up work, feeling miserable all the time. "I tried many remedies and doctors without benefit. Was finally induced to give

Dr. Deane's Dyspepsia Pills

a trial, with the result that I again work at my business, eat regularly, and enjoy my meals as I have not done in years."
HARRY O. McLANE, Frederick, Md.

Dr. Deane's Dyspepsia Pills do cure dyspepsia.
At druggists', 25 cents. Send to us for a free sample.
DR. J. A. DEANE CO.,
Kingston, New York.

ANNUAL ELECTION OF OFFICERS.

The Avon Cycle Club of Easton Enters On Its Third Successsul Year.

The second annual meeting of the Avon Cycle Club was held at the club headquarters on Tuesday night, on which occasion the officers for the ensuing year were elected.

These are the officers elected: Frank A. White, president; R. Harry Patchett, captain; Jas. A. Spence, treasurer; R. Herbert Martin, secretary; Howard E. Norris, first lieutenant; Claud Lee, second lieutenant; W. L. Hull bugler; A. F. Grace, color bearer.

In almost every case there was but one candidate for a single office, consequently the elections were unanimous.

The new official board will take charge of the club's affairs beginning next Tuesday night. The retiring board of officers read their annual report of the year's work in their respective offices. That of the secretary, which contains much statistical information, is presented in part:

"The club has accepted sixty-three applications for membership, thirty-two during 1893 and thirty-one during 1894. Resignations and removals brought the membership down to fifty-two."

The three months past of 1895 have been fruitful ones, as almost a dozen more names have been added to the list.

The club recognizes that the great success which has attended it during the year past was due chiefly to the untiring efforts of the officers, and at the close of the meeting a motion was made and carried that a vote of thanks be extended to the retiring board.

Several changes are expected to be made in the constitution, chiefly among which is to make the office of secretary a salaried one.

The club now has a balance of nearly a hundred dollars in bank, and values its racer, room furniture, gymnasium, at about three hundred and fifty dollars, and with cash on hand it is worth about five hundred dollars.

The consuming ambition of the club is to build a club house of its own, and if success attends all its efforts as they have the past year, it is probable definite action would be taken in the matter.

President White is now entering on his third consecutive term as president of the club.

Mr. Yeo Explains.

In the GAZETTE of last week there is an article headed "A Talbot Town Disappeared," in which is stated that fifty years ago, Jarrelltown was known as Williamsburg. I do not know who the author of that article is nor where he obtained his authority. I was born in the year 1828, about two miles from the "Old Chapel" in Talbot county and lived most of my life there, which place is about four miles from Jarrelltown. I can recollect more than fifty years, and never heard Jarrelltown called Williamsburg. I have in my possession an old atlas published by Henry S. Tanner in 1823, on which "The Chapel" is plainly marked Williamsburg. I think the writer must have the names of the two places mixed. There was, to the best of my recollection, no town fifty years ago at Jarrelltown. The first I remember of any store near there was at Carter's Corner. Afterward James Fitzjarrell, about the year 1848 or 49, bought the old Persimmon Bottom or Round-top School-house, as it was called then, and moved it and set up a store at Jarrelltown; he afterwards built a number of houses there.

I think the Old Chapel was called Williamsburg until the old Protestant Episcopal Church at that place, called the Chapel of Ease, was torn down (an account of which may be seen in Dr. S. A. Harrison's narrative) I only send this because I think the article referred to may mislead the true searcher of the history of Talbot county.

SAMUEL S. YEO.

New Books Donated to Library.

Mr. W. McIntosh has given "The Library." "Angelic Wisdom," Emanuel Swedenberg Cloth. Mrs. Wm. R. Martin has also remembered The Library with "New England Fancier." A friend has given the two following books. The Squire's Legacy, Mary Cecil Hay; The Heavenly Twins, Madam Sarah Grand; A Romance of Two Worlds, Marie Corelli; The Bookman and Literary Journal; Maryland, Its Resources, Industries and Institutions, members of Johns' Hopkins University and others.

The following were purchased and placed on shelves for the first time this week: The Raiders, S. R. Crockett; Mad Sir Uchtred, S. R. Crockett; Gallegher, Richard Harding Davis; The Rulers of the Mediterranean, Richard Harding Davis; Sidney, Margaret Deland; Tess of the D'urbervilles, Thomas Hardy; The Gladiators, G. J. Whyte Melville; Spirite, Theopile Gautier; The Ebb Tide, Robert Louis Stevenson.

No Better Place on Earth.

Maryland has reason to be proud of one of her great stores—Oehm's Acme Hall, in Baltimore. The proprietors have won for themselves an enviable reputation as clothiers and progressive business men. All Maryland has responded to their enterprise by making Acme Hall their great shopping place, and the announcements of the firm in these columns are always read with unusual interest. For clothing, shoes, hats and furnishings there is no better place on earth. The couplet that heads their advertisement today should be remembered by our readers when about to purchase clothing in the city: Oehm's great rule of business stands out in bold black:

"Your money's worth always or your money back."

More Improvements for Ocean City.

Some time ago the GAZETTE told of several improvements that were contemplated by the Sinepuxent Beach Company. It is now known that these changes will be made.

The most important of the contemplated improvements is the construction of a five mile steam railway on the main avenue. In addition to this an electric plant will be provided, by which the hotels and cottages will be lighted, and subsequently the streets. There will also be a steam laundry and an ice manufacturing plant. The accommodations will be added to by the opening of the new hotel, the Phinhimmon.

Mr. W. J. Warrington, secretary of the company, reports an unusually large number of applicants for cottages and boarding accommodations at the resort.

Senator Gibson In Kent.

Chestertown Transcript (Dem.): Senator Gibson on Friday announced himself as a candidate for the United States Senate as his own successor. This is a formal service of notice upon the people of Kent county and the state that their legislative representatives will be called upon either to repudiate Mr. Gibson or to indorse his past record in the United States Senate, a thing which the self respecting, honest manhood of Kent and the other counties can never do. His diagnosis of the political situation in the State is as puerile as his public record has been farcical and weak. It would have been uncharitable, to say the least of it, to attribute to Mr. Gibson such errors of judgment as he himself has given utterance to.

Schooner Sunk.

The sloop, John H. Thomas, bound for Denton with a load of shells, sunk in the Choptank river off Cambridge last Wednesday afternoon. James Jones, colored, one of the crew was drowned; and Captain James R. Stant and wife had a very narrow escape. After being in the water some time they were rescued by some tongers who were at work in the neighborhood and brought to Cambridge. Captain Stant said he pumped out the boat and examined her thoroughly before he left and thought that the accident must have been caused by a board leaving her bottom. The body of the colored man has not yet been found.

Today will be a pleasant event, as Annie E. Rathell & Co. Limited, can show you styles and novelties never before exhibited in Easton.

I recommend Chamberlain's Pain Balm for rheumatism, lame back, sprains and swellings. There is no better liniment made. I have sold over 100 bottles of it this year and all were pleased who used it. J. F. Pierson, druggist, South Chicago, Ill. It is for sale by Harry Roberts, druggist, Easton; A. D. Harrison, St. Michaels.

Wants to Know Where.

A rual editor feelingly inquires: "If Bob Ingersoll insists that there is no hell, will he please state what becomes of the man who takes the paper three or four years without paying for it and then tells the postmaster he doesn't want it?"

Bucklen's Arnica Salve.

The Best Salve in the World for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures Piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. 25c per box. For sale by J. C. Henry. tf

For a stylish and perfect fit in gloves, visit Annie E. Rathell & Co. Limited, today.

PRICE ARRESTED!!

FOR THE MURDER OF MISS SALLIE DEAN.

HE FAINTED WHEN ACCUSED.

A Loaded Pistol Found In His Pocket.

He Told The Detectives That He Dreamed Where the Knife Was Hidden.—He Finds It. Ect.

Marshal E. Price was arrested Wednesday night about eleven o'clock in Denton for the murder of Sallie Dean, and when brough before a justice of the peace and charged with the murder, he fainted.

Nothing was known of the arrest here in Easton until Thursday noon. when it was announced by a bulletin in front of the GAZETTE office.

Sheriff Dukes and Deputy McHale went to Harmony on Wednesday afternoon to arrest Price, but were persuaded by the detectives working on the case to forego the arrest until the next day, as it would interfere with arrangements made by them to get some evidence from Price.

Price said he had dreamed that he knew where the knife with which the murder was committed, and the ribbon which was worn by Miss Dean, were hid.

He told his dream to the detectives, and at their request, conducted them to the spot designated in his dream, and there the knife and ribbon was found, under a stump not many yards from the scene of the murder.

He was told to try and dream again, and this time who the murderer was. This he did, so he claims, the next night, and he said he could describe the murderer as he saw him in his second dream. His description exactly fitted himself.

Price had promised to meet the detectives at an early hour Wednesday night, and go with them to Denton to swear before a justice of the peace as to the truth of his dreams but at the hour set for the meeting Price did not appear.

An investigation was made, and it was found that Price was greatly worried over way he had talked, and he said he had gone too far already, and refused to say any more about the matter.

His wife, however; persuaded him to go with the detectives to Denton, and accompanied by his wife he went. On arriving at the magistrates office he was arrested, and immediately fainted.

Sheriff Dukes went over to Harmony Thursday to arrest the man as agreed upon by himself and the detectives the day before, but found that the arrest had already been made Deputy McHale was already there.

It was thought by the detectives that Price was preparing to skip and that he had better be arrested without waiting the arrival of Sheriff Dukes.

Price is locked up in jail at Denton under a strong guard. When searched a loaded revolver was found in his pocket. He was given a hearing before Justice Hutson Thursday morning, and the case was brought up again the same afternoon.

It is claimed by the detectives that they have sufficient evidence to convict Price, and the Grand Jury, which is now in session, will take up the case at once.

The residents of Caroline are greatly excited, and should the evidence against Price warrant the authorieties to hold him for trial he will probably be brought to Easton or taken to Baltimore for safekeeping.

Weather Predictions for April.

The weather forecast for the present month as announced by Rev. Ira R. Hick's are interesting. He says:

In most parts the first days of April will be fair and cool. About the 4th a change to warmer will set in, with rain in many places. A change to cooler will succeed up to storm period, 9th to 12th. During this and all April periods, frequent dashes of hail will result, and very cool nights, with frost in the North may be expected. About 15th and 16th the change to South winds and warmer weather will bring renewed storms. Cooler to about 20th, from which date to 25th a marked storm period will fall. Many heavy rains and hail storms are likely at this time, and cool, frosty nights in the far North are almost sure to follow. An equinox of Mercury on the 20th, and new moon on the 24th, will cause a spell of showery weather to be prolonged beyond the limits of the regular period. The 28th and 29th will bring a return to storm conditions, during which the month will close; expect fair cool weather starting in the West.

Those who never read the advertisements in their newspapers miss more than they presume. Jonathan Kenison, of Bolan, Worth Co., Iowa, who had been troubled with rheumatism in his back, arms and shoulders read an item in his paper about how a prominent German citizen of Ft. Madison had been cured. He procured the same medicine, and to use his own words: It cured me right up. He also says: "A neighbor and his wife were both sick in bed with rheumatism. Their boy was over to my house and said they were so bad he had to do the cooking. I told him of Chamberlain's Pain Balm and how it had cured me, he got a bottle and it cured them up in a week." 50 cent bottles for sale by Harry Roberts, druggist Easton; A. D. Harrison, St. Michaels.

Let It Rest, Please.

The following clipping has been going the rounds of peninsula papers for the last three months and was published in the Easton papers. The GAZETTE first published the item a year ago in exactly the same phraseology. A new swindle is being worked by sharpers on unsuspecting farmers. Two men paint a sign on a farmer's fence and give him a few dollars to guarantee them that no one else will be permitted to paint signs over them. The farmer is asked to sign a receipt acknowledging the payment of the money, in order that they can return the same to their employer. The receipt which he signs turns out to be a promissory note for $100 or $200, as the case may be.

NOTICE.

I have bought out the Club Stable on Harrison St., near Hotel Avon, and will keep a Livery, Sale and Exchange Stable. The best of teams always on hand. Any one trusting their teams to my care may feel assured that they will have the best of attention.

New Machine Shops.

We have taken the foundry and machine shops formerly occupied by the late Wm. H. Wilson, at Wilson's Mill, North Washington street, Easton. We propose to get an outfit of entirely new tools, and will be better equipped for that class of work than we have ever been. In our absence any orders left with George M. Wilson will be promptly attended to. We ask a fair show of public patronage and are confident we shall be able to give entire satisfaction.

WM. H. WITHGOTT & CO.

Don't Study Long

where to go for a Piano or Organ. There is only one best place, that's at J. W. Wheatley's, Easton, Md., and if you learn all about the Weaver Organs and Bush & Gert's Piano. you will want them. 3-16-6t

Choice Flowers.

Fine Primroses, Cyclamens, Carnations, and a general assortment of fine green house plants always for sale. MRS. ARTHUR GREENMAN, Brooklets Ave. near Pennsylvania Railroad. 1-26-tf.

WILL SHOOT THE CHICKENS.

The Town Commissioners Pass An Ordinance Prohibiting Fowls TO Be Raised Out Side Of Pens.

The Town Commissioners met on Monday, and because of many complaints made took action on the annoyance of allowing chickens, or other fowl, to go at large.

The board passed an ordinance prohibiting such, and it is now hoped that the poultry raisers of Easton will heed this law. It is as follows:

Ordinance No. LXI of the town of Easton provides that it shall not be lawful for any person or persons to keep or raise within the limits of the town, except in pens or other enclosures, any chickens, fowls or ducks; and if any chicken, fowl or duck shall be found going at large within the limits of said town, it shall be lawful for the Bailiff to shoot, kill or destroy all and every such chicken, fowl or duck. Notice is hereby given that the undersigned has received instructions from the Commissioners to see that the above Ordinance is strictly enforced.

WM. GRACE, Bailiff.

Complaints have been made often by citizens of Easton against this nuisance, particularly those who grow vegetables or flowers, have been annoyed, as neighbor's chickens would scratch up the garden and ruin completely everything that is planted.

Talbot Teachers' Meeting.

The Teachers' Association met at Easton, Saturday, March 30th. It was called to order by Prof. Crouse at 10.30 o'clock a. m.

The first item upon the program was singing by the pupils of the Easton High School, Miss Welby presiding at the piano.

Miss Mary Saulsbury read a poem, "The Bridge," after which Miss Ellis Crouse read an essay upon "Primary Grade Work."

Prof. Chaplain followed with his lecture in course upon the "Two Theories of Education, The German and the Architectural." He was assisted by Miss Ewing, Miss Dean, Miss Sullivan, Miss Robinson and Miss Pratt.

In the study of peculiar children reports were made by Miss Shehan, Miss Robinson, Dr. Hardcastle and Mr. Jackson.

A "Model Lesson in Geography" was given by Miss Collins. It was discussed by Mr. Crouse and Prof. Chaplain.

Prof. Long gave a lecture in course from the History of Education upon the "Relation of Christianity to Education."

A committee, consisting of Mr. Turner, Dr. Hardcastle, Miss Gibson, Miss Caulk and Miss Bouldin, was appointed to draft resolutions expressing the regret of the Association at the departure of Professor Murdaugh and to forward a copy of them to him.

The following program was prepared by the executive committee;

Music, Directed by Miss Welby.
Paper, Vertical Writing, Mr. Tylor.
A lesson in Elementary Science,
Miss Robinson, Miss Gibson.
A Lesson in High Grade Elementary Science, Miss Welby.
Critics, Prof. Long, Miss Mellier,
Miss May Hardcastle.
Lecture, Prof. Chaplain.
History of Education, Prof. Long.

The Association adjourned to meet the last Friday in April. There were forty-seven teachers present

Durability of The Weaver Organ.

A regular agent says hard usage only improves them. Last week I played the first Weaver Organ I ever sold, nearly ten years ago, and find it good as new. I think the tone is even more rich and sweet if anything. The owner of the Organ has a large family and has given a number of them instructions on it, therefore the organ has been used very much since I sold it, and has never cost one cent for repairs.

H. W. DENISON,
Gebhert's, Pa., July 11, 1894.

That's the kind of an organ to buy. It is cheaper in the end than the low grade, low priced organs. If you want to know more about them ask J. W. WHEATLEY, Sole Agt.
Easton, Md.

Our better halves say they could not keep house without Chamberlains Cough Remedy It is used in more than half the homes in Leeds. Sims Bros., Leeds, Iowa. This shows the esteem in which that remedy is held where it has been sold for years and is well known. Mothers have learned that there is nothing so good for colds, croup and whooping cough, that it cures these ailments quickly and permanently, and that it is pleasant and safe for children to take. 25 and 50 cent bottles for sale by Harry Roberts, druggist, Easton: A. D. Harrison, St. Michaels.

A beautiful and well selected assortment of children's mull hats and bonnets are to be seen at Annie E. Rathell & Co. Limited, today.

The Ætna Life's Annual Statement.

There is a double satisfaction in preparing an annual statement when the results of a year's business meets the most sanguine expectations of the company's friends—as in the case of the Ætna Life's exhibit for the year 1894, printed in another column, to which we invite the attention of our readers and the numerous patrons of the company. Notwithstanding the general depression of every branch of industry, and the stringency of money, the Ætna Life has emerged from the crisis stronger in every particular than before. At the commencement of the year the management decided that it would to a considerable extent, restrict its efforts for new business, and thereby reduce expenses. While its receipts have been increased $217,601.59 during the year, its expenses have been reduced over the previous year $57,345.29.

The following advancements have been made during the past year: There has been an increase in premium receipts of $174,570.86; in interest receipts, $43,030.73; total income, $217,601.59; in surplus, $225,181.14; in assets, $1,784,213.54. There has also been a marked improvement in the accident department of the company's business. The Ætna Life's investments are, and have always been, of the choicest and most substantial character. Its business has been actively, yet conservatively, managed. Its securities have yielded a liberal rate of interest; its medical department has been carefully supervised, and every department of the company's affairs has received the careful attention of an executive officer—hence the unequaled favorable results it has given to its insured. Every person desiring insurance should examine the plans of this staunch and reliable company before insuring. Mr. Henry Shreve represents the company in this county.

CHANGES IN "ASHBY VILLA."

It Will Be A Magnificent Country Seat.

WILL BE GREATLY IMPROVED

The Rooms Are Being Frescoed Beautifully and Hot And Cold Water Placed In Them.—The Architecture Of The Mansion, Changed Somewhat. Lighted Throughout By Gas.—Its Owner.

Anything regarding "Ashby Villa" whether appearing in public print or merely talked of, is always eagerly sought by Talbot countians, and particularly the citizens of Easton. The romantic history of the place, its many rich and powerful owners, its magnificent grounds and palatial mansion, with its beautiful furniture and fittings, have long been the talk of many of our old citizens, who remember it in the days of its past glory.

The property was purchased last November by Mr. H. Balch, of New York, for $12,000 cash, who immediately began preparations to restore the place to its former grandeur and beauty. To this end many thousands of dollars are being spent, and day by day the house and grounds are assuming new shape and beauty.

The changes in the mansion are few in number but they are sufficient to almost entirely transform it. The cupalo, which from the distance, peeping through the trees, gave to the place its crowning beauty has been taken off, and in its stead is a little cap This alone changes the outward appearance of the house. All the rooms of the house are being frescoed by an expert, and are all of a different color. The rooms on the second floor are now almost completed and are perfect models of beauty. At the head of the grand stairway is a large ornamental window which can be seen on entering the front door.

Mr. Balch has spent much of his time at the Villa, personally superintending the improvements.

All the doors on the first floor are of heavy walnut, and the stair-way is the same.

The frescoing in the ball room is to be magnificent. The floor of this room is rosewood, and it is said has no equal in the county.

The house is to be lighted throughout with gas. a small machine some distance from the house supplying gas. New bathroom fixtures have been put in with hot and cold water throughout the house. A large wind mill furnishes the pumping power.

Several large and small out buildings have been built, and a general transformation made from the decay which it had fallen of late years.

When all the contemplated improvements have been made and the grounds put in perfect order, it will be the handsomest country place in the county and Mr. Balch is to be congratulated.

The history of the Villa, which is very romantic, has been told time and time again, but it never seems to lose its charms. Richard France, the lottery king of Maryland built the Villa, and in magnificence nothing in the county could rival it. There were winding walks and fountains, rich vases and marble statuary, glass houses and everything else that money could buy to make complete a gentleman's country seat.

Richard France afterwards failed and the Villa was sold to Henry May, of Baltimore, who kept up the reputation of the place for magnificence and wealth. Mr. May lost all his fortune about the close of the civil war and the Villa again was sold. It was bought by Addison Randall, who soon spent his fortune in high living, and he too was compelled to give up this beautiful place. He afterwards secured employment in a railroad office, and died a few years ago. Mr. Simon Brady next owned the Villa and lived there until last year, when he sold it to Dr. Nickerson, and the Doctor to its present owner, Mr. Balch.

It was said when Boss Tweed escaped he sought refuge here, and when it was known that his hiding place had been discovered he was carried away by night up Miles River.
