School Supper.—Mrs. L. S. Fleckenstine, who lives on Dover Road conceived the idea of giving a supper in order to raise funds to repair the district school—so sadly needing it. A member of the Board of Commissioners thought he could get two dollars for every one she obtained and preparations were immediately made. The result was a big oyster supper Friday evening of last week and $35.00 net profit were realized. This is probably the first effort of the kind in the county to raise funds for a county school building, but the case was a desperate one and justified the effort. It is not necessary to say that a hundred or more young people from Easton and elsewhere had a sumptuous and grand time.

DEPARTMENT OF PEACE AND ARBITRATION.

BY MRS. H. WOOD.

The origin and growth of this important and interesting department of the W. C. T. U., is a subject of much interest to all lovers of the great Peace movement which is thrilling the heart of our world to-day. It is one of the strong links in the chain of brotherly love which is being forged to circle the world in unity and peace.

The day is now approaching, we believe when the earnest workers in every branch of the Peace organizations shall see grand results from their untiring labors, and Christ's words—"Blessed are the Peacemakers," shall sound sweetly to their ears,

The W. C. T. U., which has for its noble aim the uplifting of humanity and forwarding of every philanthropic object, added in 1887, to its numerous important lines of work that of the department of "Peace and Arbitration" and placed at its head as National Superintendent, Mrs. Hannah J. Bailey of Winthrop Center, Maine, who being a zealous worker in the temperance cause, and also in the Friends' Church, of which she is a member, had heart and principles fully enlisted in the cause from the start.

The first thing to be done toward organization of this new department of the W. C. T. U. was to make known clearly the object of the department work and principles to be taught by its workers.

Its object is to promote the principles of peace in the heart, home, church and the nations of the world.

Space will not permit the enumeration of the various modes of bringing forward their interesting labor of love as it is being done by its managers.

It is in reality the department of Love, and the prayers of its workers will be answered, the white banner shall float o'er this grand world of ours, the "swords shall be turned into ploughshares, and spears into pruning hooks." Love *shall* tread out the baleful fire of anger, and in its ashes plant the tree of Peace."

M. E. Church.—The Columbus Commemoration Services at the above named church last Sunday were very interesting. At the morning service the pastor delivered an appropriate sermon which was thoroughly enjoyed. The evening service was unique, there being three good adresses by leading members of the church. In addition to this the cho r rendered some splendid music which contributed largely to the enjoyment of the evening. The subject for tomorrow morning will be "The Heroism of Self-Sacrifice." The evening subject will be "The Temptation of Jesus." Special music. All invited.

Columbian Day.— Yesterday was clear and delightful. A program had been arranged for a proper celebration of Columbian day and was carried out as closely as possible.

At two o,clock the orders of Red Men and Hick's Post G. A. R. marched to the Easton High School building to escort the schools there assembled to the Hall.

Col. Roberts was chief marshal of ceremonies. At the Hall, Prof. Chaplain was made President and with the able assistance of the teachers with Prof Murdaugh acting as director the exercises followed.

The program was the chanting of the Lord's Prayer by the school, then an address by Reginald Mobray on the Importance of Free School System. A Chorus of America followed and a stirring address by Rev. C. D. Harris. John Jump delivered one of his inspiring addresses on Historical Reminiscences of the day adapted from Irving. Miss Laura Sullivan recited a beautiful poem of Sydney Lanier's upon Columbus, Miss Eugie Cook and Miss Ida Cox each recited beautifully appropriate selections. Percy Jump delivered a declamation in good style, and My Maryland followed in ringing chorus. Col. J. C. Mullikin was booked for an address, and he did not disappoint his audience. THE LAND OF SUNSHINE.

A Unique Country where the Skies are almost Never Clouded, while the air is Cool and Bracing, like Perpetual Spring.

As an anomalous southern resort, by reason of the fact that there one may escape summer heat no less than winter cold, New Mexico is rapidly becoming famous. Averaging through out the entire territory 5 600 feet in altitude above sea-level, and characterized by dry air which, unlike a humid atmosphere, is incapable of communicating heat, the temperature in midsummer remains at a delightfully comfortable degree through the day, and at night becomes invariably brisk and bracing. The sunshine is almost constant, yet the most violent out-of door exertion may be undertaken without fear of distressful consequences. Sunstroke or prostration are absolutely unknown there. It is an ideal land for a summer outing. Its climate is prescribed by reputable physicians as a specific for pulmonary complaints, and the medicinal Hot Springs at Las Vegas are noted for their curative virtues. The most sumptuous hotel in the west, the Montezuma, is located at these springs. Write to Jno. J. Byrne, 723 Monadnock Block, Chicago, for "The Land of Sunshine," an entertaining and profusely illustrated book descriptive of this region, the most picturesque and romantic in the United States.

Oregon, Washington and the Northwest Pacific Coast.

The constant demand of the traveling public to the far West for a comfortable and at the same time an economical mode of traveling, has led to the establishment of what is known as Pullman Colonist Sleepers.

These cars are built on the same general plan as the regular first class Pullman Sleeper, the only difference is that they are not upholstered.

They are furnished complete with good comfortable hair mattresses, warm blankets, snow white linen, curtains, plenty of towels, combs, brushes, etc., which secure to the occupant of a berth as much privacy as is to be had in first class sleepers. There are also separate toilet rooms for ladies and gentlemen, and smoking is absolutely prohibited. For full information send for Pullman Colonist Sleeper Leaflet. E. L. To Work the Australian Ballot Law.—Prepared by the Secretary of State, and issued under the Provisions contained in Chapter 538 of the Acts of the General Assembly of 1890, and the supplements thereto.

1.—Any person desiring to vote must enter the voting room and give his name, and residence if requested, to one of the ballot clerks; if his name is found upon the list of registered voters, he must enter the space inside the rail; a ballot clerk shall then give him one ticket, to be marked with initials of the clerk before delivery to the voter,

2.—After receiving the ballot, the voter must retire alone to one of the voting compartments and prepare his ballot by marking in the margin a X at the right of and opposite the name or emblem of a party as a vote for all the group of candidates of that party; or make such X mark at the right of and opposite the name of the candidate or candidates of his choice for each office to be filled; or he can write the name of the candidate for each office to be filled in a blank space provided, and make a X opposite thereto. If the election be upon a question submitted to the vote of the people, the voter shall indicate his choice by making in the margin a X opposite the answer or vote he desires to give. A stamp with a X (cross) thereon will be provided for the use of the voter. In marking his ballot, a voter can use or copy any unofficial sample ballot to assist him in preparing his official ballot; but the sample ballot used must not be of the color or quality of paper of the official ballot; and the voter must make and deposit his ballot without undue delay. Before leaving the compartment the voter must fold his ballot without displaying the X marks, or in same way as when given him; he shall then hand the folded ballot to the judge of election. As soon as his vote is taken he must leave the polling-room, and cannot again enter the enclosed space.

3.—If the voter shall make his cross mark opposite a party emblem or name and also opposite one or more of the names of persons in any other column or group, then the vote so cast shall be regarded as given for all the candidates under such party emblem or name except the candidates under such party emblem or name, whose name or names is or are opposite the name or names so marked, and also for the candidate or candidates whose name or names is or are so marked.

4.—A voter must not go into any compartment occupied by another, or overlook or converse with any other voter while engaged in a compartment, nor can he occupy one for more than five minutes if others are waiting.

5.—No person shall take or remove any ballot from the polling place before the close of the polls. If a person spoils a ballot he may obtain others from the ballot clerks, one at a time, not exceeding three in all upon returning each spoiled one.

6.—A voter who is blind, or one who can not read, or who from physical disability is unable to mark his ballot, may apply to the two ballot clerks to assist him in marking the same. A voter of foreign birth who cannot speak English is allowed to bring to the rail one person who can speak English to assist the voter in properly stating and spelling his name and in establishing his residence, and to aid him in correctly understanding questions.

8,—A voter must not mark more names than there are persons to be elected; if he does, the ballot will not be counted.

8,—Any voter who shall allow his ballot to be seen, with an apparent intention of letting it be known how he is to vote, or places any distinguishing mark thereon, or any person who shall attempt to interfere with any voter inside the enclosed space, shall be fined not less than five dollars or more than one hundred dollars.

The Hill Murder Case—The Chestertown *Transcript* says, "We can state with truth, that not in twenty years has any event happened that has stirred the residents of this county up to as high a pitch of excitement; and now, on the eve of the approaching trials of the negroes charged with the foul and brutal murder, great is the interest manifested. The community is thoroughly aroused. Every day hundreds of residents from the country have driven into town to get the news in reference to it. It was at first whispered that Attorney-General John P. Poe would come to consult with the State officers, but it is now understood that he will not be here.

Lawyer Thomas C. Ruddell may come from Baltimore to defend some of the negroes. It is understood his fee is $600, and that the colored people of Kent and Queen Anne's county are making every effort to raise the amount. In addition to having solicitors canvassing among the white and colored residents of both counties, the colored people are holding fairs and oyster suppers. A considerable amount was raised at an oyster supper in Centreville several nights ago.

It seems to be the general impression, that the trial will not be removed, but will take place in Chestertown before the court. There is little talk of lynching, the people generally feeling that the law should be allowed to take its course.

The greatest sympathy is expressed on all sides for the family of the murdered physician. Especially is this feeling strongly entertained for the young widow, robbed of the love and protection of a fond husband so early in life, and the baby that will never know a father's love."

DIED.

DULIN.—At her home in Miles River Neck, on October 17th, 1892, Mrs. Mary E. Dulin, wife of Thomas H. Dulin, in the 35th year of her age. Funeral services were held at M. E. Church, Easton, Wednesday, 19th, and interment at Spring Hill Cemetery.

Dear mother, we cannot say farewell,
The parting is too hard to bear,
Thy little ones and all of those who dwell
Here below, so miss thy gentle care.

Thy voice, so silent, seems to speak
In saddened hearts so full of grief,
Thy very foot-fall, tottering—weak
Re-echoes. Oh there's no relief.

Thy work is done, sweet spirit, rest,
God alone knows when to call.
We'll try to bear this cross, for blest
Are all His chosen, after all.

A Watchmaker's Epitaph.

The following epitaph is reproduced from a tombstone in a Welsh cemetery:

Here lies in a horizontal position the outside case of George Rutleigh, watchmaker; whose abilities in that line were an honor to his profession. Integrity was the mainspring and prudence the regulator of all the actions of life. Human, honest, industrious, his hands never stopped until they had relieved distress. He had the art of disposing of his time in such a way that he never went wrong except when set a-going by persons who did not know his key, and even then was easily set right again. He departed this life Nov. 7, 1811, wound up in the hope of being taken in hand by his Maker, thoroughly cleaned, regulated and repaired and set a-going in the world to come.
