Two young Ladies of Easton on the Street in evening costume were heard to remark—

Now don't she look sick in that gee whiz of a gown? Her head looks as if she had worn her hair crosslegged since Sunday. My what a dunce I made of myself, did you notice me? I thought he was funning and I said yes, and that made the fourth plate of cream I got. Wonder if my skirt hangs like that thing's who just passed. If I thought it did I would tear it off and go home without one.

At that moment they turned the corner and the reporter went his way smiling out loud.

But to Halter a Horse, it Perplexed him.—Easton has a young man who knows Latin and Greek, who excellent English can read, write and speak. who can argue synthetics until one's head's weak, but to halter that horse it perplexed him.

The young lady alighted, tip-toe, and rebounded, he took hold of the halter and became so confounded that his pumping machine in his breast loudly sounded, and that additionally vexed him.

At last the steed that had just come to town was made to stand still by the awning post brown regaled in a head-stall *put on upsidedown*, looking frowns at the man who stood next him.— Exeunt lady and gent amid smiles from the boys.

Talbot Finances.—Some of the items of the expenses of Talbot county for the last fiscal year, as taken from the books in the office of the county commissioners, are as follows: Almshouse, $2,620; bridges and bridge lumber, $5,015.18; culverts on new roads, $2 063 52; constables $2,527.07; court expense, $11,981.90; collectors' commissions, $3,284.30; county commissioners' office, $2,455.22; elections, $1,522 71; ferries, $1,200; interest, $2 475.20; Maryland Hospital for the Insane, $1,350; jail, $549.65; magistrates, $1,160.56; orphans' court, $666.50; out pensions, $1,215; public roads, $10,324.11; schools, $20,000; register of wills, $497.19; registration, $899 50; sinking fund, $2,000; vaccination, $303.66.

Other smaller items aggregate $77,780.09. The assessed valuation of the property the last fiscal year was $9,283,190. The tax levy was 78 cents on the $100, which yielded $72,-408.88, which, if all collected, will leave a deficit of $5,371.21.

August Weather.—Hicks, the weather prognosticator, has this to say about weather for August: "A temporary abatement in heat after last storms in July, will be renewed on and about the 2d and 3d, with many threatening clouds. As we enter period 8th to 12th, look for about the *hottest spell* of the summer. Vulcan, Mercury, Venus, Moon, Saturn, all bear on the period. Hard storms, or phenomenal heat, changing suddenly to very cool, must result. The same conditions will exist for the reactionary days, 14th and 15th Stubborn heat, with much tendency to hard electric storms and heavy local rains, or 'water spouts,' are more than probable from 19th to 23d. Watch all heavy clouds. Cooler from 23rd to about 26th and 27th, at which time warmer with storms. Month ends warm, with storms starting in the West. Many earthquake indications in August."

Sam Jones.—This queer production of nature never had such wonderful popularity as he has to-day. From the Atlantic to the Pacific, he has been talked about—abused and maligned by some, praised and exalted by others. His sayings have passed in the current phrases of the day. No other man on the continent draws such tremendous crowds, or receives such big prices for his work as he. An Easton editor went to Baltimore to hear him when he was drawing thousands to the skating rink, on Biddle street, a few years ago, but returned saying he could not get within a square of the building. In Dr. Talmage's tabernacle in Brooklyn, five thousand people paid a dollar apiece to hear that wonderful intermingling of wit, humor and pathos called "Get There"—a lecture, the cream of his sayings and discourses. Jones is a *sui generis*. The most intellectual men have attempted to analyze his power, but have given it up. He will be in Easton on August 23d.

A Costume Party at Oxford.—One of the most delightful parties of the season took place at Eastford Hall on Friday evening of last week under the auspices of the guests of the hotel. There was a large attendance of youth and beauty from Easton, Cambridge and the surrounding counties. The idea of the party was for all over fifteen years of age to dress as children and all under fifteen to dress as old persons. This was carried out to the fullest extent. The costumes were inexpensive, but decidedly unique. The music was furnished by the St. Michaels Orchestra. The musical programme for the evening consisted of classic number from the old composers, by Mrs. E. J. Evans of Baltimore. As an encore she sang Lottie Gilsen's "Bow-Wow" song, which, with the "Cat," occasioned much amusement. Double quartette, consisting of Messrs. J. Q A. Sands, R. G. Joyce, Franklin Fisher, Fred. Boehme, E. J. Evans, W. K. Norris, W. H. Maguire and George Walter, rendered some songs that amused the entire party.

Church Notes—By the Bishop's request the Rev. A. R. Walker will have service and preach at St. Paul's church, Trappe, tomorrow morning, and Holy Trinity Church, Oxford, in the afternoon, at the usual hours.

The Bishop will officiate at the Cathedral, Easton.

CAROLINE DEPARTMENT.

Edited by Edward E. Rogers.

THE PRESTON CONCLAVE I. O. H.—HISTORY OF ITS CAREER.

It is gratifying, after a season of regret that Preston Conclave, No. 221, was ever instituted under the peculiar circumstances which will appear later on, to know that now our brotherhood is something more than a name. Nor can the embryo Conclave justly claim even a mediocre of the praise.

The dispensation to institute the Conclave over a year ago with a "less number than thirty members" resulted in the birth of a society which was premature to say the least, and it was only through the leniency of the Supreme body that it could claim an existence

During the past month an enervating spirit has been working in our midst and the effect is astonishingly apparent. From a membership of eight the Conclave has been increased to thirty, with more to follow: To Organizer J. H. Primrose is due all praise in this work, and to Supreme Organizer Jno. W. Cruett we extend our thanks and express admiration for his judgment in sending Bro. Primrose to us for our benefit. It was a gigantic task to bring order out of chaos in a field which had been partially canvassed resulting in a sickly Conclave which existed for more than a year with no appreciable effort for an increase of membership; and he richly deserves the thanks of every member of the Order for his work.

On the evening of July 28, 1893, a meeting was held at Preston, in the Academy building, for the purpose of re organizing Preston Conclave, No. 221. Not all of the applicants were present, but thirty were obligated and others are coming in. Addresses were made by Bros. Jno. W. Cruett of Baltimore, Alx. Hutson and Henry R. Lewis of Choptank Conclave, Denton. The officers elected were as follows:

P. Archon, R. J. Colston; Archon, J. H. Douglass; Provost, James Stevenson; Prelate, J. F. Lednum; Secretary, E. E. Rogers; Financier, J. T. Dennis; Treasurer, J. B. Fletcher; Inspector, W. T. Tuff; Warder, W. E. Hubbard; Sentinel, Jno. W. Henry; Medical Examiners, Drs. J. L. Noble and J. R. Phillips.

A very pleasant evening was spent, and everybody felt at its close like buckling on his armor and going to work for the Order.

A hall will be fitted up where the Conclave may feel at home, and where each and every member will take pleasure in coming to meet his brother Heptasoph.

Regatta at St. Michaels.—The St. Michaels correspondent to the Baltimore *Sun* of Thursday says: The Island Belle, the queen of Maryland's small boats, added another to her victories today by defeating all the canoes entered against her in the regatta of the people of St. Michaels, which had been postponed from yesterday. The Island Bride, the Belle's elder sister, which had been champion of the canoes until the Belle wrested away her honors, came in second. Both of these flyers are owned by Mr. E. L. Woodside, admiral of the Neptune Boat Club, of Baltimore, and they are sailed under the Neptune colors—the orange and black.

The Belle was sailed by Sid. Covington, of Tilghman's Island, who built both the Bella and the Bride, and the Bride was sailed by Jesse Dobson, keeper of the Neptune boat house. Another Covington boat, the Island Bird, only 27 feet long, won the race for canoes of the second class, beating such boats as the Dauntless, Vickers and Gertie, the last two being some inches over 30 feet in length. The interest in the race was greater than in any event of the kind that has taken place in Talbot of recent years, and the number of entries, both in the first and second classes, was greater than usual. The races were sailed under Chesapeake Bay Yacht Club rules.

Drowned.—Will Gates and Will Thomas, two young colored men, were crossing the Third Haven river from Oxford to Bellevue at an early hour Wednesday morning in a sail canoe. When nearly across the sail jibed and knocked Gates overboard and he was drowned before Thomas could reach him. The body was recovered in two hours. The matter was reported to Justice J. A. Robinson, who examined the body and inquired into the circumstances and decided that an inquest was not necessary.

Drowned at Ocean City.—Miss Mary Bowen of Philadelphia, aged sixteen years, was drowned in the surf at Ocean City last Monday while bathing. She was a guest of her cousin, Mr. Harvey L. Page, of Washington city, and in company with Mr. Page's daughter and a daughter of Dr. Carr went into the water about 11:30 o'clock in the morning, in front of Mr. Page's cottage, near the north end of the board walk. The three young ladies ran out of the cottage in advance of Mr. Page, who was to attend them. They were sporting in the water, while Mrs. Dr. Carr was walking on the beach observing them. Mrs. Carr heard a cry of distress coming from the young ladies and gave an alarm. Mr. Page rushed to the scene, but before he got to the beach Miss Carr swam ashore. He went into the water and reached his daughter, who was in a helpless condition. He struggled ashore with her and both fell exhausted on the beach. Miss Bowen had in the meanwhile disappeared. People congregated very rapidly. A hand chain was formed by gentlemen who went into the water and finally succeeded in finding the body of the young lady, which had been swept a considerable distance up the beach.

The body was brought ashore by Mr. Gustavus Ober, of Baltimore, and the captain of the life saving station. Dr. Alan P. Smith, of Baltimore, who was present, used every effort to resuscitate the unfortunate young lady, but without success. The remains were taken to Mr. Page's cottage and her father notified by telegraph. Experienced bathers state that the surf was unusually high, with a strong undertow at that part of the beach.

Miss Ella Dodds, of Winchester, Queen Anne's county, last week swallowed a scarfpin, making the sixth article not intended to enter the stomach, which she has swallowed; two pins, two needles and a lath nail, but no serious effects have been experienced.—*Transcript.*

Bridgeville officers are looking out for the persons who burned a bridge at that place on Tuesday night. The bridge was burned at both ends and is now in the water.

W. G. Smith, of the First election district of Caroline county, is announced as an independent candidate for sheriff of Caroline county. This makes five candidates by the name of Smith in the field. And not a good year for Smiths either.

The ten-year old son of Mr. Charles Collison of Tuckahoe Neck, was kicked to death at Chilton's camp. Drs. Malone and Sausbury were summoned and decided that the blow resulted in a fractured skull, which caused instant death.

Badly Kicked.—Wm. Todd's son, seven years old, near Royal Oak, was kicked in the face by a colt while at play in a pasture field and seriously hurt. The chin was so badly lacerated that it had to be stitched up by Dr. S. R. Trippe.

Half Rates to the World's Fair by the Pennsylvania Railroad.

In order to afford an opportunity to the public to visit the World's Fair, the Pennsylvania Railroad Co. has decided to run a series of popular excursions from New York, Philadelphia, and other eastern cities to Chicago. The round trip from Philadelphia is fixed at $18.25 and proportionate rates, a single fare for the round trip, will prevail from other stations.

The parties will be carried on special trains composed of the newest and best standard passenger coaches, containing all modern conveniences.

Persons residing at stations not located on the main line will take regular connecting trains to the nearest point of connection with the special train.

The special trains will leave Philadelphia 11.50 a. m., Lancaster 2.00 p. m., Harrisburg 3.25 p. m. and stopping at principal intermediate stations, arrive in Chicago 5.20 the next afternoon.

The first excursion is fixed for July 25th, others are fixed for July 31st, August 12 and 16. Another series to be run at the same rate and under the same conditions will be announced later. The return coupons of these tickets will be good within ten days, and will be accepted for passage only on trains leaving Chicago at 3.15 p. m. and 11.30 p. m.

—If you have wheat to grind, or leave on deposit for flour, take it to Geo. M. Wilson's Roller Flouring Mills, where it will be handled by a practical miller of 13 years experience, one who knows how to suit you.

Scott's "Sure Growth" fertilizers are high grade goods and are giving eminent satisfaction where used. I am now receiving orders for them and will be pleased to have buyers of fertilizers give them a trial.

Notwithstanding these opinions in favor of odd numbers, the number 13 is considered very ominous.
