LEDGER LINES.

The *Ledger* is unusually sanguine over the sweeping victory the Democrats propose having at the coming election, and cites several "causes" that will bring about the result. The chief cause, if victory becomes theirs, it omits, but let that pass by as understood. First, it says substantially that all renegades and dissatisfied Democrats are willing to be lashed into line. Perhaps they may be driven as in times past, but that remains to be seen.

Again "The atmosphere of Democratic politics in Talbot no longer tolerates cutting, and the man or men who attempt it will simply be crushed and eliminated from politics."

This direct threat is aimed at one certain man and his followers, who have led the forces to "victory and honor" more than once.

"The Republican candidates do not have, and cannot expect the support of the republicans."

From whose brain jumped such a brilliant and perplexingly intricate statement? A veritable theorem, but lacks the *Quod erat demonstrandum*.

"The material interests of the county can only be observed by the election of the democratic ticket because a republican representation, in a Democratic Legislature, would cause our county to be utterly ignored by the Legislature."

What a statement to place before a reading and intelligent public! It is well known in all legislative bodies, where one party dominates solidly, that the interests of the people are lost sight of and that the time is invariably consumed in jealous strivings for preference and multitudinous bickerings. That the minority usually obtain the legislation they demand for their constituents at home by making alliances with the factions of the majority. What a slur at democracy! what a humiliating assertion to say that the members from other counties would be so tyranical and ignorant of the principles of government that they would not accord to any county the right to be heard, nor the right to demand the local measures it wants within its boarders! If that represents Democracy we have not so learned it, and if it be true, there are many honest democrats who would sever their party ties before they ate another meal, and among them are the very men you have on the ticket, Mr. *Ledger*.

"We desire all who are Democrats to line up with their party, and if there be any who feel sore or disappointed we invite them to join the procession while the light holds out to burn, and warn them that sore regret will be their only reward for foolish treachery."

There seems to be some doubt after all that the "sore or disappointed" will properly line up, and a cautionary admonition is caressingly given.

"The good ship Democracy is about to make another victorious cruise, if you would not be left upon the bleak and barren shores of spite and jealousy, get aboard."

The doubts set forth in preceeding paragraphs are dispelled by the one word "victorious" in this. So there is nothing left to do but to "Git on aboard chil-lern."

"VOTE as you pray" and pray for good men in office. You will see them arrayed at the head of this paper.

WHAT man in Amearica is not justly proud of the World's Fair, and who is it cannot rejoice with the projectors that it will pay far beyond the expectations, even from a financial point and infinitely beyond all calculation from a civilization standpoint.

WEDNESDAY papers announced the war in the Senate at an end and the eventual unconditional repeal of the silver purchase clause of the Sherman Act. The President's neck did not bend, and Hill fought hard for clotture rule. Even the Democrats begin to see that when a body of men try to impede business that something more than courtesy is required.

PUT on your spectacles and read the ticket at the head of this column, and then take a microscope and go down into the characters of each respective candidate. Diagnose him thoroughly, voter, and if he is found to be true as steel, honest as the day, and of judgment warranting you to trust him, vote for him in November. Do that much and honor yourself.

THE *Ledger* says, "The last time Talbot county was represented in both branches of the State Legislature by republicans, they had a law passed for Talbot and Dorchester counties, which gave Dorchester the right to fish in waters of Talbot county, and prohibited Talbot people from fishing in Dorchester county." But the Democratic members of Dorchester got at the hands of the majority what they wanted.

PARTIES from Horton, Kansas, propose to found a colony in Maryland in one of the tide water counties says the Baltimore *Sun*. There could be no more suitable county than Talbot where land is cheap and plentiful, and where all the necessities of life, including health, are found in profusion. Where the cost of living is reduced to the minimum and where the poorest enjoys the daily luxuries that tickle the palate of the New York millionaire. Let them come to Talbot, the doors are wide open and the welf stands not at the threshold.

IT is sometimes facetiously remarked, "as mean as a Democrat." but it is not intended as facetiousness when the *Ledger* makes him out meaner than he is.

WE have read considerable of what is termed good, sound Democratic doctrine from such papers as the New York *Sun*, the Baltimore *Sun*, and other standard sheets. But never yet heard nor read such doctrine as reported by the *Ledger* of this week. O, Democrats, if those are your principles, if the rock on which you stand is correctly portrayed in the several editorials of that paper, you are a pitiable set. We know they are not the sentiments of Senator Gibson, Col. Lloyd, Maj. Stewart, James M. Wooters, Hon. Ormond Hammond, and a hundred others we could name.

THIS is not a campaign of abuse. We have not one word to say against the gentlemen representing the tickets of either of the other parties. We have the highest respect for each individual and believe they one and all would try to do their duty if elected. The same with our representatives. As men and individuals they all stand on equal footing, but as representatives of a party, we uphold that the Republican principles advocated by the party in Talbot county will be better for the county at large and helpful to the state.

WE were pleased this week to receive a call from Rev. T. Snowdon Thomas of the *Peninsula Methodist*, Wilmington. He had been on a visit in the lower part of the county and expressed surprise that we had such a fine country down here. Come again, brother, we have far more than we deserve in this part of the Lord's vineyard, notwithstanding we think we are good enough to deserve the best of everything.

THE mania for disease germs is reaching an acute stage. According to the microscope, there is nothing fit to eat or drink. The people who have the timerity to inhabit the earth, if they desire to manifest a faith in science, must die en masse.

THE Duke of Veragua doesn't seem to be suffering for the necessities of life. While his bankruptcy at Madrid amounts to nearly f. 5,000,000, and his Parisian creditors are loud and bitter in their complaint against him, letters from San Sebastian describe him as giving handsome entertainments in the beautiful villa, or rather chateau, which he possesses at that ultra fashionable and exceedingly expensive Spanish Newport.

THE Atlanta *Constitution* accuses the New York *World* of being undemocratic in denouncing the President for appointment of Van Alen, and the New York *World* accuses the *Constitution* of being undemocratic in denouncing the President for demanding unconditional repeal of the silver law. When such distinguished doctors disagre, it is useless to attempt to find out what democracy really is.

TEACHERS AND THE FAIR.

MR. EDITOR:—It is not only natural but commendable that intelligent and energetic teachers in our public schools should want to avail themselves of the opportunity to attend the World's Fair now that the ticket rates have been so much reduced, and the weather is so delightful. I say it is right that they should go to this the greatest opportunity the world has ever had of showing to man the progress of man.

But the manner in which some of the teachers have acted is not becoming their profession nor a proper regard for a business contract made with the Trustees and the County School Board. To leave a school with no competent nor authorized teacher without asking the consent of the trustees and be gone for ten days or more, I say is hardly the right thing and the one so doing it should be held strictly accountable. There is a right and a wrong to every move and it is the right of this that seems to me has been violated, not the fact that the teacher or teachers wanted to go to the Fair. Our schools are too precious to be treated as playthings. These remarks are not intended for offence, but to show the teachers who have violated their contracts and disregarded higher officials that the act is not the most commendable. PATRON.

WASHINGTON LETTER.

FROM OUR REGULAR CORRESPONDENT.

Washington, Oct. 28, 1893.

The mountain, represented in this case by the democratic Senatorial steering committee, which has been in labour, for lo, these many days and nights, greatly to the profit of certain venders of liquid refreshments, has brought forth the mouse, in the shape of a compromise silver bill. It is understood that the birth would never have have taken place if the skill of midwives Cleveland and Carlisle had not been made available. The baby is certainly not one that anybody has any reason to be proud of. It is lame, halt and blind, and can certainly never grow into anything useful or beneficial, either to its its progenitors or to the country.

The compromise bill, to get down to straight-forward English, provides that the repeal of the purchasing clause of the silver law shall take effect October 1, 1894, and that the silver purchase and the seigniorage now in the Treasury and to accrue from further purchases shall from time to time be coined (that is certainly indefinite enough to make future trouble,) and that all greenbacks and notes under $10, shall be retired and silver certificates or silver dollars (more indefiniteness) shall take their place. That is all. Not a word about issuing bonds nor any other method of increasing the rapidly diminishing gold reserve, which now amounts to only $81,000,000. This is the compromise that Mr. Cleveland had promised to sign, if it can be passed, and with the steering committee are compelling democratic Senators to pledge themselves in writing to support. This is the sum total of democratic financial ability. It will require the full democratic support to pass this compromise, as it is not expected that republican Senators will vote for it and the populist Senators are up in arms against it. While the republicans will probably not vote for the compromise, they will probably not do anything to prevent a vote being taken. If the democrats can stand this measure the republicans certainly can.

The ink should at least be allowed to get dry upon announcements of democratic retrenchment and reform before the alleged reforms are discarded by the democratic administration. The other day notice was served upon the republican who was executive officer of the U. S. Geogical Survey that Secretary Hoke Smith had come to the conclusion that the office was a sinecure and had abolished it, and it was duly telegraphed to all the democratic papers that a $3,000 sinecure had been abolished by the administration. Now closes the sequel, which will not be so widely circulated by the democratic press. It was the republican who held the alleged sinecure, who was abolished; the sinecure was left in order that it might be given to a Texas democrat endorsed by Senator Mills, who now practically controls all federal appointments from or in that state. So there was neither reform nor retrenchment in this move, which was just a plain spoilsman's change—a democrat in place of a republican; but it illustrates very strikingly one of the leading characteristics of the present administration.

Considerable surprise has been expressed by republicans that ten republican Senators should have voted to confirm the nomination of Van Allen to be ambassador to Italy, when by casting their votes against him they could have defeated the nomination, which pulled through on a vote of 39 to 22. The Republicans who voted to confirm the nomination were Cameron and Quay of Pa., Aldrich and Dixon of R. I.; Davis of Minn.; Frye of Me., Higgins of Del.; Jones of Neb.; McMillan of Mich., and Wolcott of Col., and democrats who voted against the confirmation were Hill of N. Y.; Martin of Kans.; Irby of S. C.; and Vance of N. C. The populists with the exception of Stewart of Neb., classed by others, but not by himself as a populist, voted against the confirmation.

The war department furnishes an interesting problem for the students of such things. Gen. Grant, a staunch Minnesota republican, is practically in charge of the department, having remained in the position of Asst. Sec. that he held under Harrison administration, and which he seems likely to hold as long as he is willing. Inasmuch as party politics play a smaller part in the War Department than in any of the executive departments of the government there is no reason why Gen. Grant should decline to remain because of his being a republican. The duties of Deputy President take up so much of Lamont's time that he has none to give to the business of the War Department, and it is probable that his reason lately given for not having appointed a democratic assistant is correct—his inability to get a democrat able to fill the chair of acting secretary who is willing to do it for the salary of assistant secretary, $4,000 a year.

Efforts are being made to secure an immediate adjournment of Congress when the silver question shall be disposed of.

YOUR FUTURE

IS IN YOUR OWN HAND.

Palmistry assumes to tell what the lines in your hand indicate. It will amuse you, if nothing more. The above diagram almost explains itself. The length of the LINE OF LIFE indicates probable age to which you will live. Each BRACELET gives you thirty years. Well-marked LINE OF HEAD denotes brain power; clear LINE OF FORTUNE, fame or riches. Both combined mean success in life; but you must keep up with modern ideas to win it. You will find plenty of these in Demorest's Family Magazine, so attractively presented that every member of the family is entertained. It is a dozen magazines in one. A CLEAR LINE OF HEART bespeaks tenderness; a straight LINE OF FATE, peaceful life; the reverse if crooked. A well-defined LINE OF HEALTH spares you doctors' bills; so will the health hints in Demorest's. No other magazine publishes so many stories to interest the home circle. You will be subject to extremes of high spirits or despondency if you have the GIRDLE OF VENUS well marked; keep up your spirits by having Demorest's Magazine to read. By subscribing to it for 1894 you will receive a gallery of exquisite works of art of great value, besides the superb premium picture, 17x22 inches, "I'm a Daisy!" which is almost a real baby, and equal to the original oil painting which cost $300; and you will have a magazine that cannot be equaled by any in the world for its beautiful illustrations and subject matter, that will keep you posted on all the topics of the day, and all the fads, and different items of interest about the household, besides furnishing interesting reading matter, both grave and gay, for the whole family; and while Demorest's is not a fashion magazine, its fashion pages are perfect, and you get with it, free of cost, all the patterns you wish to use during the year, and in any size you choose. Send in your subscription at once, only $2.00, and you will really get over $25.00 in value. Address the publisher, W. Jennings Demorest, 15 East 14th St., New York. If you are unacquainted with the Magazine, send for a specimen copy. A large QUADRANGLE means honesty; a large TRIANGLE, generosity; long FIRST DIVISION OF THUMB, strong will; LONG SECOND DIVISION, reasoning faculty. The MOUNT OF JUPITER betokens ambition; that of SATURN, prudence; the SUN, love of splendor; MARS, courage; MOON, imagination; VENUS, love of pleasure; and MERCURY, intelligence. Take our advice as above and you will be sure to possess the last and most valuable quality.

ATTENTION FARMERS.

WE ARE IN THE FIELD this season with the best and most complete assortment of Implements and Machinery ever offered on the Eastern Shore. First come Plows, and the "Bis-ll" leads them all in lightness of draft and best work in all conditions of land. Next comes the "Oliver" pattern plow manufactured by Bissell, which is, we claim, superior to any Oliver sold; this plow we have sold a great many of during the past and present seasons and can give a host of references supporting our claim. Lastly comes the "Advance," which is too well known to need any comments. Of the Harrows we are selling the complete line made by D. M. Osborne & Co., including Spring Tooth, Spike Tooth; and Disc—the Spring Tooth especially being the grandest thing of its kind ever put on the market. One of them last winter sold at a sale for $16 which was within $2 of what it cost originally, the bidding having commenced at $10.

In Corn Planters we have the U. S. Combined Check Row Corn Planter. This Planter uses a plunger direct from the check row rod to the rotary seed plates and does away with all the shakebar and center irons between the seed boxes. A single pin spring anchor is furnished with the U. and with their use the wire can be drawn the same tension at each end of the field, thereby insuring great accuracy in planting.

Our Sulky Cultivator is the "Akron," which is already at the top of the heap both as a cultivator and as a fallow worker.

We are still selling the Osborne Binders and Mowers, which are most reliable, and also the Empire Binders and Mowers, which are new to this section, but have more good points than any machine ever sold.

Farm Wagons—We are handling the "Jackson" and "Auburn." The Jackson is the old Webster ver. much improved and no one should think of buying a
