GOV. LOWNDES delivered a strong inaugural address on Wednesday.

THE Talbot delegation is holding its own at Annapolis. Barber, Dodson and Hall were calculated to do that very thing was the reason of their election.

VOTING for Senator on joint ballot will commence in the House on Tuesday. After the scattering of a few preliminary votes there will be a "settling down to business."

It has been the case for a number of years, Mr. Robert B. Dixon, of Easton, is again re-elected by unanimous vote on last Monday a director of the Mutual Fire Insurance Co., of Montgomery county, Maryland. The election took place at Sandy Spring.

THE Legislature adjourned Thursday afternoon to meet again at 8 p. m. on Monday. This means a lull before the storm. In the meantime active work will take place at the Carrollton Hotel in Baltimore and elsewhere bearing on the Senatorial fight.

Too much depends upon the Republican party in this State for it to try any experiments. No one knows this better than Congressman Welington, and should show his profound respect for public sentiment, law, decency and loyalty to the party he represents by withdrawing his name at once from all consideration in the selection of Senator Gibson's successor.

THE Ledger predicts that Gov. Lowndes will be the next Vice President of the United States. That is equivalent to say that the Nation will go Republican. If the prognostication belonged entirely to the Ledger it would be a bad omen, for its predictions always fail, but since the whole country is assured that the next National victory will be a Republican one, the Ledger can well afford to echo the sentiment.

MR. E. T. TUBBS, of the Baltimore News has prepared a list of Governors of Maryland with elaborations that occupy two and one-half columns of close print. This is the most valuable compendium we have seen published. Of these, Talbot county has furnished Edward Lloyd, 1809; Samuel Stevens, 1822; Daniel Martin, 1829, reelected in 1831; Philip F. Thomas, 1847; Christopher Christian Cox, 1864.

See News Jan. 8., eighth page.

AFTER straining at a point to find some typographical errors or statements not sufficiently full in the last issue of the GAZETTE, the Ledger asks where we get our information, and adds:

"It may be that some evil-minded person has been imposing on it."

"As the judge said to the prisoner charged with drunkenness: 'It's a good thing for your wife you're not married,' so we r ust say its a good thing for those persons who read the GAZETTE to keep posted as to what is going on that there are not any of them."

In reply we say, perhaps we editors and entire force were "sick" and the paper went to press without the proof being read. Such a thing has happened more than once before—in Easton.

PRESIDENT BRUCE, of the Senate, announced his committees on Thursday afternoon. The general opinion is that the selection of Chairman and members of the various committees was fairly well done, though he could have been more generous with the Republicans in the matter of chairmanships. He only gave them two—Executive Nominations and the new Committee on Reform in the Civil Service. The Reassessment Committee has a majority of Republicans upon it—Messrs. Strobridge, Randall and Emory being upon it—though it has a Democratic chairman, because Mr. Bruce wished to place as much of the responsibility as possible on the Republican party on this subject.

Senator Tilghman, of Talbot, is a member of five committees, as follows: On Pensions, Chesapeake bay and tributaries, public buildings in Annapolis, amendments to Constitution and judicial proceedings.

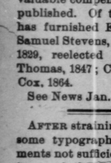

Speaker Mudd's committees are anxiously awaited. The tardiness of the speaker in this respect, possibly, is owing to the senatorial muddle and the strong anti-Wellington spirit which Mr. Mudd is known to foster.

Blood Poisoned

A Running Sore on the Ankle

Yields to the Blood-Purifying Powers of Hood's Sarsaparilla.

"I want to tell what Hood's Sarsaparilla has done for me. I am an old sea trader, some years since retired, 73 years of age. A little sore broke out on my ankle, and after some effort to cure it, grew considerably worse. Home doctors failed and different medicines and ointments did not give me any help. I endured untold suffering for four years, when I was persuaded by my friends to go to the hospital for treatment. I did so, but the surgeon in charge said they could do nothing for my case. The breaking out spread over my limb, ulcerating the flesh almost to the bone.

Mr. John Hurley, Fairmount, Mo.

I Was Almost Past Walking

and I could scarcely sleep on account of the severe pain. It was during the fifth year of my suffering that I decided to try Hood's Sarsaparilla. I took two bottles and could see improvement. I continued with the medicine, and shortly the sores entirely healed, and

I am Now Perfectly Well.

So Hood's Sarsaparilla, the wonderful purifying medicine. If it had not been for Hood's Sarsaparilla I do not believe I would now be alive. Today I am a hearty man for one of my age, and always speak highly of Hood's Sarsaparilla." JOHN HURLEY, Fairmount, Mo. Remember, Hood's Cures.

THE contest at Annopolis to select a successor of Hon. Chas. H. Gibson is becoming very spirited. Intense interest prevails and the situation is keenly watched and studied by the various aspirants for senational honors—while their numerous friends are active and untiring in the support of their respective favorite. For some days the situation has remained practically the same—but the interest has become intensified and will not abate until after a conclusion of the contest. The Eastern Shore maintains a strong front as against Wellington and his forces from Westen Maryland. If the gentlemen representing the Eastern Shore counties could unite on one of the candidates from this section of the State, it would be a big step towards retaining the Senatorship on this side of the Chesapeake. To bring this about has, up to the present, proved too much of a problem. But its solution is only a question of a of a few days at the most, as there will be a determined effort made to prevent a disruption of the party, which is sure to follw if the Eastern Shore Law is ignored. If this section of Maryland was wanting in its Senatorial timber, there might be some excuse or reason for the persistency which actuates some party leaders across the bay. But no such condition exists. Upon the contrary this side of the State is ably equiped with Senatorial material, and the brazen effort to defy law by law-makers—is an astounding proposition, and it will be a dangerous experiment for the political party that attempts it.

ENGLAND is preparing for war.

Just what this means is hard to tell, but the international situation is grave to say the least. America does not need to resort to warfare with any powers when enlightened arbitration is equal to any and all emergency. We can afford to spend many millions to prevent war, but two Christian nations in this nineteenth century cannot afford to even look toward the settlement of great questions by the shedding of blood, and the tearing down of property.

If the precious "Monroe Doctrine" cannot be maintained by buying off for cash a power that is usurping a few hundred square miles of doubtful territory it will be no more justifiable to expend a greater amount of money, and sacrifice innocent human beings to maintain the dignity and honor of the American flag. In this day "honor" has higher signification than in the days of chivalry when it could alone be satisfied by an exchange of hostilities.

It is the duty of every patriot American to do all in his power to prevent the stain of blood from further falling upon the emblazoned ensign of the country, and in doing so, even if we have grounds to think we have been wronged, we do the flag greater honor than by steeping it in the blood of a foreign foe.

From every standpoint we view the situation, war does not pay. By a combat with England and her allies, the commerce of the world would be checked, a breech would be opened which a generation could not heal, and we would be set back in point of progress at the beginning of the next century far behind what we are now. There is no telling what effect upon the world would be produced. Two nations professing christianity, whose missionaries of peace are sent to all quarters of the globe, engaged in mortal combat! What a picture! What a farce!

If the President and his Cabinet, his Ministers and his Court cannot avert war at this age of Christendom, they had better step down and out and let the women run the country.

UP TO DATE JOURNALISM.

The Preparations of a Great Newspaper to Report International Events.

The most important news centers of the world today are Cuba, where the revolution is steadily gaining ground; Venezuela, where preparations are being made to sturdily resist British aggressions; London, where the British views are submitted to the Venezuelan and South African disputes will first come to light, and Washington, where the Venezuelan Commission will begin its work and where Congress is wrestling with subjects of vital interest to all classes of American people.

In order to get the news from these great centers promptly and accurately "The Philadelphia Press" has established Julian Ralph in London; has started Col. George Nox McCain, of Gov. Hasting's staff, to Venezuela; has located William F. Mannix in Cuba and has strengthened its corps of special Washington correspondents. Every phase of events which will probably prove the most exciting of this decade will be fully reported and graphically illustrated. "The Press" is admittedly the leading newspaper of Philadelphia and one of the greatest of the national newspapers of the country. In this enterprise it leads all competitors.

Resolutions Of Thanks.

WHEREAS; King's Creek M. E. Church has received a beautiful Communion service, a gift from Sister Alexine Hopkins, we the undersigned committee appointed by the Quarterly Conference respectfully submit these resolutions:

RESOLVED, That the gift is most highly appriciated by King's Creek Church. For the Church was greatly in need of such a Service, and because of its beauty and intrinsic value, then the Service being engraved with the name of our Sister as giver, it always will be a most suitable and welcome memorial of a family to whom this Church owes so much of its present prosperity.

RESOLVED that it is our prayer that our Heavenly Father who declares himself to be the God of the Widow and the Fatherless will so bless our Sister and Family and the members of this Church and Congregation that we may all at last be brought together in that blessed communion above that never shall have an end.

RESOLVED that we as a Church and Congregation tender to our Sister our sincere and heartfelt thanks for her generous gift and that a copy of these resolutions be published in the County and Conference Papers and spread on the Minutes of the Quarterly Conference and that a copy be sent to Sister Hopkins.

Late Literary News.

No one ever thought of introducing so expensive a feature as lithographic color work in the days when the leading magazines sold for $4.00 a year and 35 cents a copy. But times change and the magazines change with them. It has remained for The Cosmopolitan, sold at one dollar a year, to put in an extensive lithographic plant capable of printing 320,000 pages per day (one color). The January issue presents as a frontispiece a water-color drawing by Eric Pape, illustrating the last story by Robert Louis Stevenson, which has probably never been excelled even in the pages of the finest French periodicals. The cover of The Cosmopolitan is also changed, a drawing of page length by the famous Paris artist Rossi, in lithographic colors on white paper takes the place of the manilla back with its red stripe. Hereafter the cover is to be a fresh surprise each month.

PHILADELPHIA, January 6, 1896.

Six Hundred Thousand Pieces of Muslin Underwear

were prepared for the Seventeenth Half-Yearly Sale, and the helpfulness of this great distribution is practically bounded by the stock on hand. Forehandedness is the price of economy, and the sale so magnificently commenced is the fruit of months of planning. An expert in muslins, looking at the snowy piles, said he has given up trying to account for the values in Muslin Underwear given at Wanamaker's. It would be folly for the retail shopper to attempt to buy the materials and patterns for the money charged for daintily-made garments. *And there is no trash.* Such a movement is altogether beyond the reach of fair competition.

And this is but a single feature of January merchandising at Wanamaker's. There is fifteen acres of store besides the vast space devoted to Underwear—and not a drowsy corner in the building.

Just as much care taken to be sure that we have everything right for the little folks. Complete lists from such readiness would be tiresomely long. Take hints for lists. There is no other way but the seeing, for you distinguish the goods we tell of from the disappointing skimpy sorts with which the town is overstocked.

THE IMPROVED AMERICAN ROUND WASHER,

IT IS IMPORTANT

That every purchaser of a Washing Machine should note carefully the many points of superiority these washers have over others similarly designed.

WHY USE THIS MACHINE?

IT WORKS EASY, having good leverage and small grace.

IT WASHES CLEAN, having large rubbing surface over entire circumference and bottom, with no ends or corners into which small garments can drift and escape rubbing.

IT CANNOT WEAR OR TEAR THE CLOTHES OR PULL OFF BUTTONS, as the entire inside surface of the tub is smoothly corrugated.

IT REQUIRES ONE-THIRD LESS WATER than most washers, having no waste room in corners and ends to be filled with water.

ITS GREAT CAPACITY, holding from one-fourth to one-third more than other machines.

LEAKAGE IMPOSSIBLE, it being tightened as a wash tub, and requiring no caulking, which is the only remedy for leakage in most washers, and the large end being down, the hoops cannot drop off.

NO SLOPPING OF WATER OR ESCAPING OF STEAM, it having a tight cover enables the lady to do her washing on a carpeted floor, and protects her from the steaming rude, besides retaining the heat of the water, which is the secret of quick and easy cleansing of soiled garments.

CONVENIENT TO EMPTY AND RINSE, it standing without support when tipped onto an ordinary wooden pail.

WILL LAST A LIFE TIME, being made of the best yellow pine, thoroughly seasoned, and the inside wood work is made of the best white oak.
