Not to Be Trifled With.

(From Cincinnati Gazette.)

Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur ever year ushered in by a little injudicious exposure and seemingly trifling symptoms. Beyond this, there are today countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern and were therefore neglected.—When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effectual. 25 and 50 cent bottles for sale by H. Roberts, Easton: A. D. Harrison, St Michaels: J. F. Sisk, Cordova.

Our line of Dimities must not be overlooked as our styles are choice. Don't forget the date, Saturday, April 4th at Annie E. Rathell & Co. Lim.

Spring Medicine

Your blood in Spring is almost certain to be full of impurities—the accumulation of the winter months. Bad ventilation of sleeping rooms, impure air in dwellings, factories and shops, overeating, heavy, improper foods, failure of the kidneys and liver properly to do extra work thus thrust upon them, are the prime causes of this condition. It is of the utmost importance that you

Purify Your Blood

Now, as when warmer weather comes and the tonic effect of cold bracing air is gone, your weak, thin, impure blood will not furnish necessary strength. That tired feeling, loss of appetite, will open the way for serious disease, ruined health, or breaking out of humors and impurities. To make pure, rich, red blood Hood's Sarsaparilla stands unequalled. Thousands testify to its merits. Millions take it as their Spring Medicine. Get Hood's, because

Danger Signals

More than half the victims of consumption do not know they have it. Here is a list of symptoms by which consumption can certainly be detected:—

Cough, one or two slight efforts on rising, occurring during the day and frequently during the night.
Short breathing after exertion.
Tightness of the chest.
Quick pulse, especially noticeable in the evening and after a full meal.
Chilliness in the evening, followed by *Slight fever.*
Perspiration toward morning and *Pale face* and *languid* in the morning.
Loss of vitality.

If you have these symptoms, or any of them, do not delay. There are many preparations which claim to be cures, but **Dr. Acker's English Remedy** for Consumption has the highest endorsements, and has stood the test of years. It will arrest consumption in its earlier stages, and drive away the symptoms named. It is manufactured by the Acker Medicine Co., 16 and 18 Chambers St., New York, and sold by all reputable druggists.
