CONTAGIOUS DISEASES.

The Health Board of Talbot County Calls Attention to the Law.

The law in regard to the suppression of contagious diseases is published below by order of the County Health Board. It behooves every good citizen who is incerested in the welfare of this community, to assist in carrving out and enforcing the law. No cases of scarlet fever or other infectious diseases should be kept from the public. Every physician who connives at this is guilty of violating the law and will be dealt with accordingly.

SEC. 4. *And be it enacted*, That any person who, while suffering from any dangerous infectious disorder, wilfully exposes himself or herself, without proper precautions against spreading the said disorder in any street, public place, shop, inn or public conveyance, or enters any public conveyance without previously notifying the owner, conductor or driver thereof that he is so suffering, or being in charge of any person so suffering, so exposes such sufferer, or gives, lends, sells, transmits or exposes, without previous thorough disinfection, any bedding, clothing, rags or other things which have been exposed to infection from any such disorder shall be liable to a penalty not exceeding five hundred dollars, or imprisonment not exceeding twelve months, or both, in the discretion of a competent court.

SEC. 5. *And be it enacted*, That any person, parent or guardian or other party, who carelessly carry about children or others affected with infectious diseases, or who knowingly or wilfully introduce infectious persons into other persons' houses, or permit children under their care to attend any school, theatre, church or any public place where they will be brought in contact with others, shall be liable to a penalty not exceeding one hundred dollars for each and every offense.

SEC. 7. *And be it enacted*, That any person who knowingly lets for hire any house, room or part of a house in which any person has been suffering from any dangerous infectious disorder, without having such house, room or part of a house and all articles therein liable to retain infection disinfected to the satisfaction of a qualified medical practitioner, as testified by a certificate signed by him, shall be liable to a penalty not exceeding two hundred and fifty dollars; and any person letting for hire or showing for the purpose of letting for hire any house or part of a house or room, who, being questioned by any person negotiating for the hire of such house or part of a house or room as to the fact of there being or within six weeks previously having been therein, any person suffering from any dangerous infectious disorder, knowingly makes a false answer to such questions, shall be liable to a penalty not exceeding five hundred dollars, or to imprisonment for a period not exceeding twelve months.

Standard Cabinet.

A want has long been felt for a durable compact and handy Repository or CABINET, in which to keep the flour, sugar, spices, bread, cakes, kitchen tools and all other principal articles used in cooking and seasoning the food that must be prepared for the family, three times a day for three hundred and sixty-five days in the year during their life, and have it located over the cook-table—that everything may be reached without the housewife or servant having to run from the table where she is at work to one corner of the kitchen or pantry for the flour, to another for the meal or rice, to another place for the oatmeal, grits or dried fruits, still another for the sugar, tea or coffee, or other places for the soda, spice, pepper or other seasonings, or hunting here and there for the coffee mill, scales, cake cutters, egg beaters or knives and spoons, and taking thousands of steps each day from the cook-table to different places where these articles are usually kept, and often, if not always, reaching to high shelves or stooping over flour bins, barrels or sacks, which is most injurious to the health of all women; or, if a servant is used in the kitchen, such a repository has been needed for the economy in saving her health and strength for other work, even if common humanity did not demand it; and to have the repository or Cabinet so constructed that it will keep the flour, meal, rice, oatmeal, dried fruits, bread, cakes, sugar, coffee, tea and all other kinds of ground spices perfectly air-tight and entirely free from dust, insects, flour worms, vermin, dampness, must, mildew, evaporation or waste.

We have had years of experience in house furnishing supplies, and our patrons have so often demanded such an article that we were convinced of its importance, and have spent more time, thought and money to invent, perfect and manufacture the Standard Cabinet to supply this want than has ever been spent before on any household article and the unprecedented patronage and endorsement it has already received has proven that we have what the public needed, and have made preparations regardless of expense to be able to manufacture it in the best and most artistic style possible, and still be able to sell it at a price that all can afford to pay. Every lady invited to call and see it.

Sour

Stomach, sometimes called waterbrash, and burning pain, distress, nausea, dyspepsia, are cured by Hood's Sarsaparilla. This it accomplishes because with its wonderful power as a blood purifier, Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates an appetite, gives refreshing sleep, and raises the health tone. In cases of dyspepsia and indigestion it seems to have "a magic touch."

"For over 12 years I suffered from sour

Stomach

with severe pains across my shoulders, and great distress. I had violent nausea which would leave me very weak and faint, difficult to get my breath. These spells came oftener and more severe. I did not receive any lasting benefit from physicians, but found such happy effects from a trial of Hood's Sarsaparilla, that I took several bottles and mean to always keep it in the house. I am now able to do all my own work, which for six years I have been unable to do. My husband and son have also been greatly benefited by Hood's Sarsaparilla—for pains in the back, and after the grip. I gladly recommend this grand blood medicine." MRS. PETER BURBY, Leominster, Mass.

Don't Stop Tobacco.

HOW TO CURE YOURSELF WHILE USING IT.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the nervous system, as tobacco to an inveterate user becomes a stimulant that his system continually craves. "Baco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure. It is purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking "Baco-Curo." It will notify you when to stop. We give a written guarantee to cure permanently any case with three boxes, or refund the money with ten per cent. interest. "Baco-Curo" is not a substitute but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke.

Cured by Bacco-Curo and Gained Thirty Pounds.

From hundreds of testimonials, the originals of which are on file open to inspection, the following is presented:

Clayton, Nevada Co., Ark., Jan. 29, 1895

Eureka Chemical & Mfg. Co., La Crosse, Wis.—Gentlemen: For forty years I used tobacco in all its forms. For twenty-five years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit but couldn't. I took various remedies, among others "No-To-Bac," "The Indian Tobacco antidote," "Double Chloride of Gold," etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Baco Curo" and it has entirely cured me of the habit in all its forms, and I have increased thirty pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quire of paper upon my changed feelings and condition.

Yours respectfully, P. H. MARBURY, Pastor C. P. Church, Clayton, Ark.

Sold by all druggists at $1.00 per box; three boxes, (thirty days' treatment), $2.50 with iron-clad, written guarantee, or sent direct upon receipt of price. Send for booklet and proofs. Eureka Chemical & Mfg. Co., La Crosse, Wis., and Boston, Mass. 4-4-6m

Revolutionized Prices for Spring. Amazing—but Absolutely True

Great results demand bold strokes.

We must double our sales or cut down the work of thousands who look to us for it. Unless we sell twice as much, we've goods enough for the whole season. That's why

Prices just one-half—to double the sales.

We know it's unusual. We know it's unprofitable. We've gone all over that, and decided, with Spring just beginning, to

Break away from cut and dried methods by Selling for Half Price.

Whatever clothes you want for Spring, better buy now. Whatever clothes you want this Summer buy now. Whatever clothes you want next Winter buy now. It just comes to this:

Finest Overcoats worth $25.00 next October, are $12.50 now.
Finest Black Suits worth $30.00, to-day we sell for $15.00.
Spring Suits worth $12.00 go for $6.00; $8.75 ones $4.38.
Spring Overcoats worth $12.00 are $6.00; $7.50 ones $3.75.
Boys' Suits ought to bring $8.00, now $4.00; $4.00 ones $2.00
Men's Trousers by thousands at just half.

We only give a few prices out of many. The city is stirred up over our prices. Nothing has ever been done like it. We're clothing with Wanamaker & Brown's make of Clothing at prices that don't pay for the cloth and work.

SAME AS EVER

Notwithstanding the prices, we're paying Railroad Fare on purchases of moderate amount, as usual.
