Oxford Items.

Misses Nellie R. and Ida V. Stevens spent the Easter holidays with friends in Baltimore and Washington.

The Junior Christian Endeavor Society of the M. P. Church held an "egg social" on Friday evening last in Parsons' Hall. Those having the management of the entertainment in hand were highly pleased with the net proceeds of the evening. The sum is to be utilized for the purchase of new music books for the society, which is under the very efficient superintendency of Miss Nannie I. Stevens, to whom the credit for the success of the latest entertainment is largely to be attributed.

Miss Virginia Bouldin, teacher of the Hillsborough school, spent the holidays at her home in Oxford.

Rev. Mr. Sparks, of Johns Hopkins University, spent the major portion of the holidays in Oxford, where he conducted Easter services in the P. E. Church.

Mr. and Mrs. E. T. Parsons, Mrs. Frank Miles, Mrs. Edwin Sinclair, Mrs. Lewis A. Leonard, and Messrs. Dawson. Nathaniel Leonard, James Leonard, Thomas Leonard, W. H. Myers, Jr., and N. Price Turner are some of the Oxfordians who have been spending a portion of the past week in Baltimore.

Rev. J. W. Balderston has been returned by the recent session of the M. P. Conference to his charge in Oxford, much to the delight of his church as well as the community in general.

Standard Cabinet.

A want has long been felt for a durable compact and handy Repository or CABINET in which to keep the flour, sugar, spices, bread, cakes, kitchen tools and all other principal articles used in cooking and seasoning the food that must be prepared for the family, three times a day for three hundred and sixty-five days in the year during their life, and have it located over the cook-table—that everything may be reached without the housewife or servant having to run from the table where she is at work to one corner of the kitchen or pantry for the flour, to another for the meal or rice, to another place for the oatmeal, grits or dried fruits, still another for the sugar, tea or coffee, or other places for the soda, spice, pepper or other seasonings, or hunting here and there for the coffee mill, scales, cake cutters, egg beaters or knives and spoons, and taking thousands of steps each day from the cook-table to different places where these articles are usually kept, and often, if not always, reaching to high shelves or stooping over flour bins, barrels or sacks, which is most injurious to the health of all women; or, if a servant is used in the kitchen, such a repository has been needed for the economy in saving her health and strength for other work, even if common humanity did not demand it; and to have the repository or Cabinet so constructed that it will keep the flour, meal, rice, oatmeal, dried fruits, bread, cakes, sugar, coffee, tea and all other kinds of ground spices perfectly air-tight and entirely free from dust, insects, flour worms, vermin, dampness, must, mildew, evaporation or waste.

We have had years of experience in house furnishing supplies, and our patrons have so often demanded such an article that we were convinced of its importance, and have spent more time, thought and money to invent, perfect and manufacture the Standard Cabinet to supply this want than has ever been spent before on any household article and the unprecedented patronage and endorsement it has already received has proven that we have what the public needed, and have made preparations regardless of expense to be able to manufacture it in the best and most artistic style possible, and still be able to sell it at a price that all can afford to pay. Every lady invited to call and see it.

NEVIUS & FRAMPTON,

Spring

Is the season for purifying, cleansing, and renewing. The accumulations of waste everywhere are being removed. Winter's icy grasp is broken and on all sides are indications of nature's returning life, renewed force, and awakening power.

Spring

Is the time for purifying the blood, cleansing the system and renewing the physical powers. Owing to close confinement, diminished perspiration and other causes, in the winter, impurities have not passed out of the system as they should but have accumulated in the blood.

Spring

Is therefore the best time to take Hood's Sarsaparilla, because the system is now most in need of medicine. That Hood's Sarsaparilla is the best blood purifier and Spring medicine is proved by its wonderful cures. A course of Hood's Sarsaparilla now may prevent great suffering later on.

The Aetna Life Insurance Co of Hartford, Conn.

The Ætna Life Insurance Company of Hartford, Conn., is one of those reliable companies whose experience has been such that it readily recommends itself as among the most desirable of the life companies in the field. The policies which the Ætna issues are of such a varied character as to give a wide choice to the prospective insurer, including as they do, ten, fifteen, twenty-five and thirty year endowments, renewable term, limited payment, and annual life policies.

The following examples are taken from the company's records and show the actual value of each policy to be issued:

No. 69945. $5,000 thirty year endowment. Issued in 1870 (due in 1900). Total premiums to date, $2,735.63. A paid-up policy due in four years would now be issued for $4,487. Cash dividend in 1896, $35.53; cash payment required, $59.12 (only about 40 per cent of the original premium).

No. 128041. $10,000 fifteen year endowment. Issued in 1880 (matured in 1895). Total premiums paid, less dividends, $7,331.82. The insured was furnished fifteen years' insurance for $10,000 under this policy without cost, and was given a net gain in return of $2,668.18—or $136.39 for each $100 paid out.

No. 54495. $5,000 renewable term. Originally issued in 1868. Total premiums paid in twenty-eight years, $1,675.52. Net value of paid-up policy entitled to, $831.90. Deduct this from cash paid leaves net cost for whole term, $843.62. Average cost per year, per $1,000, $6.02.

The Ætna has been in existence since 1820, and its present officers, many of whom have been with the company for many years, are men of marked ability and wise discretion, to which, in a large measure may be attributed the present success of the company.

Their annual statement is published in another column and it will be interesting and gratifying reading for the many patrons of the Company in this vicinity.

Don't Stop Tobacco.

HOW TO CURE YOURSELF WHILE USING IT.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the nervous system, as tobacco to an inveterate user becomes a stimulant that his system continually craves. "Baco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure. It is purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking "Baco-Curo." It will notify you when to stop. We give a written guarantee to cure permanently any case with three boxes, or refund the money with ten per cent. interest. "Baco-Curo" is not a substitute but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke.

Cured by Bacco-Curo and Gained Thirty Pounds.

From hundreds of testimonials, the originals of which are on file open to inspection, the following is presented:

Clayton, Nevada Co., Ark., Jan. 29, 1895

Eureka Chemical & Mfg. Co., La Crosse, Wis.—Gentlemen: For forty years I used tobacco in all its forms. For twenty-five years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit but couldn't. I took various remedies, among others "No-To-Bac," "The Indian Tobacco antidote," "Double Chloride of Gold," etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Baco Curo" and it has entirely cured me of the habit in all its forms, and I have increased thirty pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quire of paper upon my changed feelings and condition.

Yours respectfully, P. H. MARBURY,
Pastor C. P. Church, Clayton, Ark.
