# AFFAIRS OF OUR NATION.

REVIEWED BY OUR WASHINGTON CORRESPONDENT.

**A Mean Effort to Defame the American Dingley Tariff—Another Defeat for Arthur P. Gorman Predicted.**

Secretary Gage is paying especially close attention to the working of the Dingley tariff law, which he thinks one of the best the country has ever had and one which will rapidly grow in popularity as its manifold advantages become generally known. The actual administration of the tariff law is in the hands of Assistant Secretary Howell, who is an expert in the numerous complications which necessarily arise when a change is made in the tariff, but Secretary Gage is so much interested that he keeps in close touch with all tariff matters. Treasury officials say the new law is unusually free from the errors and contradictions which have made so much trouble for those who have been charged with the administration of previous tariff laws.

Mr. Samuel Dunham, a mining expert and statistician, connected with the U. S. Bureau of Labor, is now on his way to the Klondyke gold fields for the purpose of making an official investigation of the resources and conditions of the gold fields. He expects to get to Dawson City before cold weather stops travel and will spend the winter there. Upon Mr. Dunham's report, which will be made as early in next year as he can ascertain the necessary facts, much will depend. If he thinks gold as plentiful as it has been reported to be, there will be the wildest rush from the United States and Canada in the world's history. If, on the contrary, he reports the finds of gold to have been greatly exaggerated, and tells the other side of the story generally, the Alaskan gold excitement will die out as suddenly as it began.

Every Republican should be on watch for the tariff beats, and he should have no hesitation in exposing them wherever found. It is, of course, expected that the democratic free traders will duplicate the fight they made against the McKinley tariff and endeavor to make sentiment against protection by pushing up the prices on everything, but there is a worse class of tariff beats. Those traders who for no other reason than greed attempt to raise the prices on goods that will not be affected to any marked extent by the tariff. If you have any such in your vicinity, expose him and refuse to patronize him, and pursuade your neighbor to follow you in going to the dealer who is too honest to try to add to his profits by putting up prices on everything and charging it all to the tariff. It was just such men as they who brought about the hard times from which the country has now happily emerged. Show them up.

Neither the Republican National Committee nor the Congressional Committee will have anything to do with the management of the campaign in Maryland this year, but both will render aid in every possible way to the Republicans of that State. The Maryland Republicans are not disposed to boast, but having licked Boss Gorman out of his boots last year, they express confidence in their ability to repeat the whipping this year and to elect a majority of the legislature which will elect Gorman's successor in the Senate.

Owing to the election law which enables the democrats to do as they please in that State, the Virginia Republicans are not hopeful of accomplishing much this year, although they say there is no doubt of the State being Republican, if a fair count could be had.

### Lizards in His Stomach.

Howard Overly, a young farmer of Providence Pa., township, has been ailing for several months, and his case was a puzzle to the physicians. Dr. Frew of Paradise, who has lately been attending him, yesterday decided to give him an anthelmintic, and a few hours later Overly commenced to vomit with astonishing results.

There were 24 lizards, ranging in size from two to three and a half inches long, many of them dead, 40 lizard eggs and many worms thrown from his stomach. On the farm on which the latter resides is a large spring, from which he has been accustomed to drink for years by lying flat on his stomach, and it is supposed that he in that way swallowed the lizards or their eggs.

### Large Increase in Wages.

Leon Godchau, the owner of seven sugar plantations in Louisiana and the largest producer in the United States, has telegraphed to his manager to advance the wages of all field labor 16⅔ per cent. The consequence he says, of the passage of the Dingley Tariff bill.

The skilled labor employed in the sugar houses or refineries will get an increase in wages of from 20 to 30 per cent. as compared with last year.

## THE WONDERS OF SCIENCE.

**An Eminent New York Chemist and Scientist Makes a Free Offer to Our Readers.**

The distinguished New York chemist, T. A. Slocum, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchial, throat, lung and chest diseases, stubborn coughs, catarrhal affections, general decline and weakness, loss of flesh, and all conditions of wasting away, will send THREE FREE BOTTLES (all different) of his New Discoveries to any afflicted reader of the Easton GAZETTE writing for them.

His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to suffering humanity to donate a trial of his infallible cure.

Science daily develops new wonders, and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertion that lung troubles and consumption are curable in any climate is proven by "heartfelt letters of gratitude," filed in his American and European laboratories in thousands from those cured in all parts of the world.

Medical experts concede that bronchial, chest and lung troubles lead to Consumption, which, uninterrupted means speedy and certain death.

Simply write to T. A. Slocum, M. C., 98 Pine street, New York, giving postoffice and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage to his generous proposition.

## YELLOWSTONE PARK.

**A Complete Tour via the Pennsylvania Railroad.**

The Yellowstone National Park is unquestionably the most interesting region on the globe, for within it is displayed the greatest collection of nature's manifold wonders. Indeed, this mountain-bound plateau, high up on the summit of the everlasting Rockies, is a veritable playground for the world's giant forces. To stand and gaze upon them in all their marvelous manifestations, the great geyser upheavals, the fierce steam blasts, the terrible leap of the river, and the awful canyon, is a revelation, an experience to be had at no other point on earth.

The personally-conducted tour of the Pennsylvania Railroad Company, which leaves New York on September 2, affords the most satisfactory means of visiting this wonderland and view ing its marvelous features. Tourists will travel by special train of Pullman smoking, dining, sleeping and observation cars in each direction. Eight days will be spent in the Park. Stops will be also be made returning at St. Paul and Chicago. The round-trip rate, $235 from New York, Philadelphia, Baltimore and Washington. $230 from Pittsburg, covers all necessary expenses.

For detailed itineraries and full information apply to ticket agents, Tourist Agent, 1196 Broadway, New York, or address Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia.

### It Deserves To.

We fear, we very much fear, that Mr. Gorman's convention has forfeited the respect of the Hon. William Jennings Bryan.—*Baltimore News.*

### Poor Old Kansas!

Poor old Kansas! Only 60,000,000 bushels of wheat this year, and the price only up about 21 cents per bushel more than last year. But Bryan and the Populists tell the people "there can be no prosperity under Republican rule."—*Chicago Inter-Ocean.*

### Too Bad!

There was another tumble in silver yesterday, while wheat continues to wend its way peacefully up and up into a class all by itself. This action of two boon companions in deserting each other just at a time when Popocrat and Populist platforms were going to use them to point a moral deserves the severest condemnation.

It is always gratifying to receive testimonials for Chamberlain's Colic, Cholera and Diarrhoea Remedy, and when the endorsement is from a physician it is especially so. "There is no more satisfactory or efficacious remedy than Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Dr. R. E. Robey, physician and pharmacist, of Olney, Mo.; and as he has used the Remedy in his own family for six years, he should certainly know. For sale by Harry Roberts, Druggist, Easton.

In the devolopment of the Southern Railway nearly thirty roads have been merged into one, and now there is no other railroad in the country operated under a single charter which has so great a mileage.
