A VALUABLE PUBLICATION.

Pennsylvania Railroad 1898 Summer Excursion Route Book.

On June 1 the Passenger Department of the Pennsylvania Railroad Company will issue the 1898 edition of its Summer Excursion Route Book. This work is designed to provide the public with short descriptive notes of the principal Summer resorts of Eastern America, with the routes for reaching them, and the rates of fare. There are over four hundred resorts in the book to which rates are quoted and over fifteen hundred different routes or combinations of routes. It is compiled with the utmost care, and altogether is the most complete and comprehensive handbook of Summer travel ever offered to the public.

It is bound in a handsome and striking cover, in colors, and contains several maps, presenting the exact routes over which tickets are sold. It is also profusely illustrated with fine half-tone cuts of scenery at the various resorts and along the lines of the Pennsylvania Railroad.

On and after June 1 it may be procured at any Pennsylvania Railroad ticket office at the nominal price of 10 cents, or, upon application to the general office, Broad Street Station, by mail for twenty cents. t6-4

Are You One?

Very many people are of the opinion that the farther they go away from home to spend money the better bargain they get.

This is not good philosophy except, where the same or equal advantages are not to be had in the home market. If a dealer of Easton has something to offer for sale, and advertises to guarantee it equal to any other anywhere, and probably for reasons easily shown for less money, where is the sense or reason in going to the city to give your trade to a stranger who has no especial interest in you or your neighbors?

While there are many merchants and dealers here to whom this would apply, it is especially written in the interest of J. W. Wheatley, the reliable dealer in Pianos and Organs and all kinds of musical instruments. He has ventured beyond the point that any other dealer in Talbot has yet gone, and that is, to place in stock the very finest instruments to be found in the leading music stores of the country, New York not excepted. He should be encouraged, and if you are in the market for any kind of a musical instrument, you owe it to enterprising and reliable people at home, to trade with them.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a dyspeptic look; if your kidneys are affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alterative and Tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Ever bottle guaranteed. Sold at Dr, Councell's Drug Store. 50 cents per bottle.

A little boy asked for a bottle of 'get up in the morning as fast as you 'an," the druggist recognized a household word and gave him a bottle of those famous little pills for constipation, sick headache, liver and stomach troubles. Harry Roberts.

The $50.00 Keating is as good as money can buy. The noiseless double roller chain is one of the secrets of its easy running qualities. Call and examine it at Fred MacDonald's Bicycle Store. 2t

Valuable to Women.

Especially valuable to women is Browns' Iron Bitters. Backache vanishes, headache disappears, strength takes the place of weakness, and the glow of health readily comes to the pallid cheek when this wonderful remedy is taken. For sickly children or overworked men it has no equal. No home should be without this famous remedy. Browns' Iron Bitters is sold by all dealers.

A DELIGHTFUL EXCURSION.

The Social Cyclers of Easton Take a Trip "around the River."

The Social Cyclers met at the residence of Mr. W. P. Chaffinch last Wednesday at 12 o'clock. Mr. Steinheart, the photographer, was present and took the picture of the club; immediately after the club rode to Dover Bridge, took the steamer Joppa via Cambridge to Easton. The club is composed of some excellent musicians, and sang many patriotic songs during the afternoon. Prof. and Mrs. E. K. Morris and W. W. Spence played some fine selections on the violin, cornet and piano. At Cambridge the club attracted much attention wheeling through town, but a sudden shower hurried them to the boat. Capt. Corcoran and all the officers did all in their power for the enjoyment of the club, and served a sumptuous supper, consisting of all the delicacies of the season. Those composing the party were: Mr. and Mrs. W. P. Chaffinch, Mr. and Mrs. W. B. Patterson, Mr. and Mrs. J. A. Spence, Mr. and Mrs. J. J. Wright, Mr. and Mrs. H. Cook, Mr. and Mrs. E. Morris, Mrs. Lewis Whitehouse, Mr. and Mrs. W. S. Grace, Mr. and Mrs. W. W. Spence, Miss Carrie Garey, Miss Emily Thompson, James A. Leggott and Alfred Mason.

He Don't Want It.

We notice that the Eastern Shore press is frequentlp mentioning Senator A. L. Dryden, of this county, as a candidate for the Republican Congressional nomination in Somerset, but we are sure he is not a candidate. In fact we believe he prefers the renomination of Hon. Isaac A. Barber. Of course, if he was a candidate, Somerset would stand by him loyally, and use all honorable mens to secure his nomination, but we think we voice his sentiments when we say he does not desire the nomination, and would prefer his name be not mentioned in this connection. In looking over the Congressional district, judging from the utterances of the Republican press, there does not seem to be much objection to the renomination of the present incumbent, and there ought not to be any objection. Dr. Barber has represented the people fairly well and we believe "one good term deserves another." The Republicans ought to give him the nomination unanimously, and elect him by an increased majority,—Crisfield *Leader*.

The Best Remedy for Rheumatism.

From the Fairhaven (N. Y.) Register.

Mr. James Rowland of this village states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that shewas nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and, instead of going for the physician, he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. The 25 and 50 cent sizes for sale by Harry Roberts druggist.

General Lee's Last Experience in Cuba.

General Fitzhugh Lee, since returning from Havana, has written an article for the June number of McClure's Magazine, giving a general review of recent Spanish rule in Cuba as it presented itself to him in his own observations, experiences, and impressions and in his official labors as Consul-General at Havana. The article will be very fully illustrated from special photographs, most of them hitherto unpublished.

It is a great leap from the old-fashioned doses of blue-mass and nauseous physics to the pleasant little pills known as DeWitt's Little Early Risers. They cure constipation, sick headache and biliousness. Harry Roberts.

Prof. A. C. Leaverton, of the Easton High School, left on Friday and accept a position at Staten Island, N. Y., as draughtsman for shipbuilding concern.

It Wouldn't "Dew."

Wilson Hobart, a patriotic little boy of Kansas, handed to Miss Kirk, a teacher in one of the public schools the lines written by Kansas' war poet, Eugene F. Ware, on receipt of the American victory in Manila Bay. Young Hobart wanted to recite them before the school. They are as follows:

O dewey was the morning
Upon the first of May,
And Dewey was the Admiral
Down in Manila Bay.
And dewey were the Regent's eyes,
Them orbs of Royal blue;
And dewey feel discouraged
I dew not think we dew.

When Miss Kirk read the verses she scornfully rebuked the pupil and said:

"Do you suppose I would allow you to recite that thing?"

There is talk of calling the attention of the Topeka School Board to Miss Kirk.—*Ex.*

A Delicate Point of Law.

The Chestertown *Transcript* says: "A question of law has presented itself in a recent sale of sheep. A gentleman purchased a flock of sheep last week, supposing that he had bought the sheep, wool and all just as they were at the time of the bargain. Nothing was said, however, relative to this matter, and when the purchaser sent for his sheep they were sent, the wool having been sheared from them. The buyer contends that the wool was bought with the sheep, and has notified the seller not to dispose of the wool."

A Prohibition Victory.

A spirited election was held at Cambridge last Tuesday to decide the question as to whether the present prohibitory liquor licence should be maintained, or whether a high license system should be substituted therefor. The result was a victory for the "drys" by a majority of 90 in a total vote cast of 962. Great crowds surged about the polls all day, and active electioneering methods were adopted by both sides. The "drys" for two weeks past had been holding mass meetings, while the "wets" pursued the still hunt tactics. The ministers of the various churches took the leading part in the fight. This same question was voted upon in May, 1894, when, in a total vote of 550, the "drys" secured a majority of 136. This election will probably put the question at rest for many years.

Survival of the Fittest.

Forty-four years ago seventy-two lads entered the Naval Academy together. They had been carefully selected from the thirty-one States of the Union as yonng men fitted for a naval career and ambitious of its honors. Before the termination of the four years' course at the academy forty-nine of these novitiate officers had resigned and one had been dismissed. Only twenty-two of the class remained to graduate and receive their first commissions as officers of the navy. Soon after six others resigned, and before they had advanced a single grade in rank. One resigned later on, two were killed in battle and three others died. When our war with Spain opened only seven of these officers remained in the navy, and two of these—Allen V. Reed and Joshua Bishop—were and still are on the retired list of the navy. The five officers on the active list are Commodore John A. Howell, the inventor of the torpedo that bears his name, and now commanding the Northern Patrol Squadron; Commodore Henry L. Howison, Commodore Albert Kautz, Commodore Norman H. Farquhar and Admiral George Dewey. By such process of evolution and selection it is that we obtain our heroes. The foundation for the victory at Manila was laid in the section room at the academy; in the experience gained in lonely watches at sea; in the crash of battle at New Orleans under Farragut, and in the sincere discharge of the multifarious duties of the faithful officer during long and weary years. It is only thus such results can be obtained; yet there are men foolish enough to imagiue that we need no preparation for war, or, at least, who talk and legislate as if they so believed.

It's "The Best on Earth."

That is what Edwards & Parker, merchants of Plains, Ga., say of Chamberlain's Pain Balm, for rheumatism, lame back, deep seated and muscular pains. Sold by Harry Roberts, Druggist.
