Three Doctors in Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e. Theory) says is best is to be chosen in the last place. But if you can get *Dr. Inclination*, *Dr. Experience* add *Dr. Reason* to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take- Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. Death of Capt. Kirwan.

Captain John H. Kirwan, one of the bailiffs of the Superior Court of Baltimore, died on Thursday of last week, aged 74 years. The immediate cause of his death was stomach trouble. Capt. Kirwan was a native of Somerset county but was well known here from his connection in former years with the Maryland Steamboat Company. He was commander of the first steamers to run on the Choptank route, and successively commanded the Kent, Samuel J. Pentz and other steamers of the old company. Altogether he was on this route about 25 years. He retired from seafaring life and was appointed bailiff of the Superior Court 18 years ago.

ROYAL BLUE TRAINS.

Between Washington, Baltimore, Philadelphia and New York.

In September last, railway officials from London were sent to America, to get ideas on the railway passenger service of the leading lines in this country, and in their official report, which was printed in the London *Times* in January, it was stated that the "Royal Blue Line" series of magnificent passenger trains, running between New York, Philadelphia, Baltimore and Washington, lead the world for quick and exquisite train service.

The "Royal Blue Line" service consists of nine elegant passenger trains a day in each direction between the cities named above. They are the finest and fastest trains in the world. Their equipment was built especially for the service by the Pullman Company, and includes every modern convenience known for the comfort of passengers. The trains are vestibuled from end to end, and hauled by the strongest and fastest locomotives in the United States.

The exquisite day coaches of these trains are worthy of special note. They are beautifully upholstered, each containing a wash room and smoking compartment.

The parlor cars are the most palatial ever built, being fully seventy-three feet long. In addition to this service, three new parlor cars were added in April, and are the first of this kind ever run; they are richly upholstered and ornamented throughout in most beautiful designs. A ladies' retiring room is provided in one end of the car. This room, which is six feet square, is furnished with a beautiful dresser with large mirror and a number of drawers. On each side of it are upholstered corner seats. In another corner is a bookcase and stationary washstand. The room was designed for the especial comfort of ladies, who have always claimed men had the best of it when traveling. The usual smoking compartment, however, is at the opposite end of the car.

The dining cars are operated by the Baltimore & Ohio Railroad Company, and especial attention is given to the menu. Every delicacy is served in season, and the service is unsurpassed.

In addition to the already perfect service of the "Royal Blue Trains" mentioned above there will be put into service a "Royal Limited" train, which will leave New York at 1 P. M., making the run to Washington in FIVE HOURS. Returning, the "Royal Limited" will leave Washington at 3.00 P. M., arriving in New York at 8.10 P. M. The "Royal Blue Line" will then boast of three trains which will make this extraordinary fast time between Washington and New York, which has never been attained by any other line.

The "Royal Blue Trains" between Baltimore and Washington make the run in FORTY-FIVE MINUTES—the fastest regular service ever attained between the two cities.

The terminal at New York city is the most convenient for all points in Greater New York. Passengers can land from South Ferry (Whitehall Terminal), where, under the same roof, connection is made with the Elevated Lines of the Second, Third, Sixth and Ninth Avenues, and the Broadway, Lexington and Columbus Avenue Cables. All the Brooklyn ferries also start from this point, and by taking the "Royal Blue Line" to Whitehall Terminal, the passenger can reach almost any point in New York city or Brooklyn for a five-cent fare. 10-1-2t

The following lelter from Mr. N. M. Tabor, the well known Colorado millionaire is well worth your consideration:

Denver, Col., January 28, 1890.

GENTLEMEN:

In reply to your favor of the 25th asking for my estimate of the value of life insurance, I beg to say that I carry a large line for two reasons:

First, No man is infallible. Some misfortune that he cannot ward off may take from him his accumulated fortune, whether it be large or small; and a policy, such as I have, would afford a competence for old age.

Second, I consider that one dollar of cash to an estate in event of death will usually save two dollars to the estate.

Yours truly,
N. M. TABER.
