No more winter—that is, we may know more before the month is out.

The book to which reference is most frequently made is the pocket-book.

People who like to be odd might find some pleasure in buying a pair of skates now.

Do not convert your old hat into a hen's nest until the season gets a trifle more advanced.

The other day a GAZETTE reporter saw a man carrying in wood and water for his wife to do washing, and he was attending to a fretful baby at the same time. This thought has since been Kiplingering in his mind: "The White Man's Burden."

An Irishman says he didn't come to this country for want. He had abundance of that at home.

There is hardly a farmer in the county but has one or more dogs and cats too numerous to mention.

A bachelor says that marriage may be a cure for love sickness, but the remedy is worse than the disease.

A man judges a man by the kind of cigar he smokes; a woman judges a cigar by the kind of man that smokes it.

We have learned to wait until the last minute before we write a weather item. The weather can fool us only part of the time.

There is generally only one worse fool than the woman that refuses a man twice, and that is the man that asks her twice.

A lady teacher out in one of the rural school districts inquired of the members of a bright class of juveniles if any of them could name the four seasons. Instantly the chubby hand of a five-year-old was raised, and promptly came the answer: "Pepper, salt, vinegar and mustard."

A candid old bachelor says that after all a woman's heart is the sweetest thing in the world; it's a perfect honey-comb—full of cells.

"I do not mean to reflect on you," said a coarse would-be wit to a man he had insulted. "No," was the reply, "you are not polished enough to reflect on anything."

There are two reasons why some people do not mind their own business—they have neither business nor mind.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D., "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles, It has cured me, and thank God, I am saved and am now a well and healthy woman." Trial bottles free at Dr. Councell's Drug Store. Regular size 50 cents and $1.00

A BEAUTIFUL GIFT

Presented to Tilghman's Island M. E. Sunday-School.

A memento most beautiful in composition and excellent for penmanship was presented to the Sunday-school of Tilghman's Island M. E. Church on a recent Sunday. The title of this beautiful gift is "Fifty Years Ago," and is the donation of Mr. R. T. Larrimore, formerly of Easton but now of Baltimore. It was presented to the school on Thursday following, read by Rev. W. W. Chaires. A very interesting talk was given by Messrs. James H. Cooper and Thos. W. Haddaway. The school tendered Mr. Larrimore a rising vote of thanks for his most beautiful gift. Music was rendered by Miss Ettie Gibson. The choir joined in singing "Sweet Sabbath School" and "Tarry by the Living Waters." The memento was placed in a prominent position on the wall of the Sabbath-school room. Mr. Larrimore was a scholar in this school fifty years ago, his teacher being the late Nicholas Cummings. We thank Mr. Larrimore again and again and pledge him our prayers that a gracious Providence may preserve his goings out and his comings in, and that His light upon his pathway may shine more and more unto the perfect day.

An Evidence of Prosperity

It is generally conceded by economists, who study the commercial situation of the country, that the great arteries of railway travel are a sure indication of its condition. A depression is commercial lines means abandoned business trips and the cancellation of pleasure travel, while a healthy condition of affairs means business trips and an increase of passengers on pleasure bent.

A good evidence that a business rivival has gone broadcast over this country is the "Lake Shore Limited," the star train of the Vanderbilt system, between New Yoak and Chicago, which is daily comfortably filled. With a view to taking the best possible care of its patrons, the New York Central has arranged to increase the equipment of this train by placing an additional standard sleeper on the trains leaving New York Chicago Tuesdays, Thursdays and Saturdays. To the regular traveler the appointments and comforts of this train are well known, but if you have never made a trip on it, you owe it to yourself to see and enjoy the advance made in comfort and luxury in modern railway travel. Remember the fare is no higher on this train, except between New York and Chicago, while the accommodations and service place this particular train conspiculously at the head of the list, when compared with other lines.—*Albany Jonrnal.*

Paradise Discovered.

The lecture of Rev. T. H. Lewis, D. D., President of Western Maryland College, on "Our New Paradise," delivered at Calvary M. P. Church, on Wednesday night of last week, was exceedingly interesting and instructive. The lecturer found this "land of pure delight" in Hawaii, and his word pictures of a people redeemed from savagery, in a land full of the ever-bloom of beauty and life, elicited many expressions of wonder and delight. The popular lecturer fairly won and fully deserved the generous congratulations proffered him.

The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. GLENDOWER—"*I can call spirits from the vasty deep.*"

HOTSPUR—"*Why, so can I, or so can any man.*

"*But will they come when you do call for them?*"—SHAKESPEARE.

How quickly Hotspur's wise and witty retort tears the tragic mantle in which Glendower stalks, and shows beneath the seer's robe, the motley of the mountebank. Most people would have taken the Welchman at his word, and called him seer, without noting the difference between to *call* and to *command*.

Certain points of comparison are suggested between Glendower's tragic claim and the comic claim made in some specious advertisements. "I am a woman, I know all about woman. I understand woman, and I can cure woman because I am a woman." The modern Mrs. Hotspur puts her finger right on the weak spot of that clamorous claim by saying: "Why if you can cure woman simply because you are a woman, then so can I and so can any woman." Which very plainly brings out the common sense fact that the cure of diseases does not depend upon being a *man* or being a *woman* but does depend upon being a trained and experienced *physician*.

There is, as far as is known, no qualified woman physician associated with any proprietary medicine firm. It is certain that there is no one, man or woman, who can show an experience or record equal to that of Dr. R. V. Pierce; more than thirty years of treatment of women's diseases with ninety-eight per cent. cured out of more than half-a-million women treated. Sick women can consult Dr. Pierce by letter absolutely free of charge. Every letter is held as strictly private and sacredly confidential. All answers are mailed securely sealed in perfectly plain envelopes. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription makes Weak Women Strong and Sick Women Well.

The Chances For Cheating

are probably greater and more frequent in the Canned Goods trade than in any other. The average matron knows very little about the grade of canned goods, and a grocer who is skilled in "substituting," as such cheating is called, will find ways of deceiving even those who have some knowledge of the trade.

We have started in the New Year with the intention of making a specialty of canned goods and now have these fine grades at low prices:

Salmon at 10, 15 and 20c.
Lobster, 30c. Corn 7c.
Tomatoes 8c. Pumpkin 5-10c.
Boston Baked Beans 10c.
Heinz Baked Beans with Tomatoe Sauce, 10, 15 and 20c.
California Cherries 25c.
" Peaches 25c.
Domestics 10c.
Bartlet Pears 10c.
