**How Would You Like To LOSE 15 lbs. of FAT?**

How would you like to safely lose some of that ugly fat in a few weeks without risky drugs or inconvenience? How would you like to lose your double chin, bulging stomach and hips AND along with it regain your natural charm and attractiveness?  
Weigh yourself today. Get a bottle of Kruschen Salts (a famous English formula). Then every morning before breakfast take one half teaspoonful in a glass of water—eat wisely—cut out fatty meats, butter, cream and rich pastries—go light on white bread and potatoes.  
After 4 weeks weigh yourself again and just see if you haven't lost pounds of ugly fat and gained that "Kruschen Feeling" of greater vivacity, more energy and improved health that so often accompany fat reduction.  
**REFUSE IMITATIONS!** Demand and get only the genuine Kruschen (the famous English formula) plain or new effervescent, pleasant, sparkling. Bottle lasts 4 weeks and costs but a trifle. Any druggist.

*"Sweets"* have their place

**but not in beer**

People here have been quick to sense that Gunther's beer is drier... lighter... free from the after-taste of "sweet" type beers

Occasionally, folks take a special notion for "sweets." And until this craving is satisfied, they aren't happy.

Now "sweets" have their place... but not in beer. In fact, Gunther's adds extra hops to choice ingredients to protect the dry quality of Gunther's... bring out the beer-i-ness that real beer drinkers have long enjoyed in a glass of beer.

When you realize that more people buy drier, lighter Gunther's than any other beer in this part of the country...

When you consider that Gunther's is free from the after-taste of "sweet" type beers...

When experts pick DRY beer as their favorite beer again and again... it's time to smack your lips over a dry, clean, beer-y glass of Gunther's.

And remember, Gunther's doesn't cost you a penny more to enjoy than regular beer. Get some today. Unlike so many beers, it isn't "sweet" and it goes down... S-M-O-O-T-H!
